Reference MMLA A 1258 of 23 August 45.

1. Reinforcements for Mine Clearance Companies are not now available from 23 Engineer Combat Bn. as this unit has been assigned another task.
2. 561, 562, 563 and 564 Mine Clearance Companies will therefore be brought up to W.E. with reinforcements from IRTC, CESANO. Selected personnel from surpluses with Administrative Divisions may, if necessary, be sent to CESANO for this purpose.
3. Reinforcements selected for this task, if not already trained, will be given a ten-day course at CESANO before posting.
4. Rail movement of these reinforcements will be requested by MMLA for the period 17-24 September. You are requested to inform MMLA of numbers and destinations before 6 September.
5. It is realised that this means a considerable delay before personnel are effectively employed with the companies. You will therefore instruct the local Adm Divs to post immediately any suitable men now at their disposal to these companies. Such postings will of course count against the numbers to be sent from IRTC, CESANO.
6. Further reinforcements for the companies will be provided in the future from IRTC, CESANO. You will make arrangements for trained men always to be available to meet the wastage anticipated.

The Italian OR strength have been diminished considerably since the Armistice, owing to the large number of discharges.

No. 4 Italian Pack Tpt Coy. left this Area recently and their mules were divided between Nos. 3, 7 & 250 Coys.

It would therefore be appreciated if 300 re-inforcements, 100 per Coy. in this Area, could be found as soon as possible.

TO : WAR MINISTRY.

1. The demobilization programme has brought about a larger demand for reinforcements for service units than can at present be met from B.R.Ds.
2. It has therefore been decided that RTC IOP will, if necessary, provide reinforcements for BR-ITI service units as well as combat units.
3. With the exception of skilled specialists, reinforcements at RTC IOP will be considered ready for posting on completion of 7 weeks training: this period may later have to be reduced.
4. The procedure for the supply of reinforcements from RTC IOP to BR-ITI Service Units will be as follows :-
 - (a) On receipt of each fortnightly demand from the appropriate Div, the B.R.D. will supply reinforcements as far as possible.
 - (b) The B.R.D. will then despatch to RTC IOP OBSANO, copy to this HQ., full details (showing trades, units, destinations, etc.) of all demands which it has been unable to meet.
 - (c) RTC IOP will allot reinforcements against these demands, and will bid to this H.Q. for movement as necessary.
 - (d) When allotment of priorities is necessary ²⁴³³ will apply to this H.Q.
