With reference to Land Forces Sub Committee (S.M.I.A.) Discharge
N.2 dated 15th Nov 45 the following notes on Ordnance procedure are issued:
For guidance:

1. Type B.L.U.'s requiring technical information or advice on and
matters should obtain same from the Ordnance Officer on Ordnance of the
parent B.L.U.

At present an Ordnance Officer is on the strength of a Type "A"
B.L.U. and it is hoped that an Ordnance Officer will be attached in the near
future to No. 1, 3 and 6 B.L.U.'s.

2. Ordnance and/or equipment reports are maintained under the authority
of War at the present time in accordance with the instructions issued by the
Ordnance Officer on 11th Nov 45. It is hoped that the Ordnance Officer
on the parent B.L.U. will be able to advise on the B.L.U. and the Ordnance Officer
on the parent B.L.U. will be able to advise on the B.L.U.

3. The Ordnance Officer on B.L.U. will assist in an advisory capacity in:
(a) Selection of sites for dumps;
(b) Method of storing different types of stores;
(c) Repair;
(d) Maintenance;
(e) Accounting;

and in introducing a simple "Dan" System, so that each Ordnance Officer
may be readily identifiable by name in all Ordnance and B.L.U.

4. It should at all times be remembered that the B.L.U. is the
Ordnance Officer's Command in order to be able to advise on all the matters in the
discharge of certain items from time to time on Ordnance and B.L.U. in the
interests of economy and the health of the Ordnance Officer on a B.L.U.

Any enquiry to Ordnance Officer on B.L.U. should be made to the Ordnance Officer on B.L.U.
Discharge and it is necessary to be able to identify Ordnance Officer on B.L.U.
Territorial Installation attached.

Declassified E.O. 12356 Section 3.3/NND No. 785020

At present an Ordnance Officer in the strength of 10 types will be based at an Ordnance Officer will be attached in the near future to Nos. 1, 3 and 6 B.I.C.'s.

2. Clothing and/or equipment Depot are maintained under the Ministry of War at the places shown in Appendix 'A' and these should be visited by the Ordnance Officer in O.W.O. of the B.I.C. and published reports on the position at regular intervals submitted to ADOS Base.

3. The Ordnance Officer or O.W.O. will assist in an advisory capacity in:

- (a) - Selection of sites for dumps;
- (b) - Method of storing different types of stores;
- (c) - Repairing;
- (d) - Maintenance;
- (e) - Accounting;

and in introducing a simple 'Chain of Command' System, in that each article should be readily identifiable by name in both English and Italian.

4. He should at all times be conversant with the R.P.O. of Units in the Territorial Command in order to be able to advise on their the movement or removal of certain items from time to time in accordance with the interests of economy and the needs of the Italian Army as a whole.

Any visiting to 'forward' stores in Italy or the Desert will be 5115 discouraged and it is necessary to specify to examples through to the action of the Territorial Headquarters concerned.

5. In matters of policy or change of system H.Q. M.I.D. will normally be kept informed, the Ordnance Officer, or O.W.O. reporting in the form of letters to ADOS Base, M.I.D.

6. The position regarding the supply of spares for British R.E. and other Warlike stores is at present being investigated.

For the time being, the system ruling prior to Nov 1944 will remain in force. It is suggested that the files will now be in the Italian hands in the way of a full clearance of stores. It is the intention that these will be passed at NO. 1144, Special Depot at Bologna.

Further instructions on this matter will be issued when the necessary has been completed.

7. Spares for Italian M.F. are handled by the Repairs organization of the Italian Army. Stocks are held at No. 3 M.F. Spares Depot at Piacenza and No. 8 M.F. Spares Depot Rome. Issues are made to Repairs Units only, against fortnightly demands made by them through their Territorial Repairs Director.

8. Spares for Italian Army M.F. are in very short supply. Issues are controlled by the War Ministry and effected only through Repairs Units.

9. The question of spares has also been raised in R.F.M.M. Directive No. 1, para 4, and close liaison with E.M.E's on this subject will be necessary.

Subject Spares Grant.

The Telecommunications Min., has requested on behalf of MARESPB (special line maintenance service for the Allies) with HQ at Ancona, a grant of spares for truck 626 Fiat to be drawn from wrecks stored at the Damaged Car Park, Macerata.

Owing to the fact that it deals with spares concerning trucks largely in use with the Italian Army, we ask the authorisation of the grant - at least in part - of the amount requested, considering the important communications service for the Allied Army that is being carried out by the M.A.R.E.S.P.E.

Il Ministero delle Telecomunicazioni, ha richiesto per conto della MARESPER (Servizio manutenzione reti speciali per gli Alleati) con sede ad Ancona, la cessione dei ricambi per autotreno Fiat 626 da trasferire ai relitti giacenti presso il parco autoguai di Macerata.

Pur trattandosi di ricambi relativi ad autotreno largamente in uso nel R.E., questo Ministero chiede l'autorizzazione della cessione - almeno in parte - di quanto richiesto, nella considerazione dell'importanza del servizio per i collegamenti per l'Esercito Alleato che svolge la M.A.R.E.S.P.E.

Subject : Supply of Materials.

1.- In circular No. 13700/DM dtd 2 July 45 -not issued to some of the Directorates addressed above, because they are of recent formation-, this Ministry stabilised the procedure for the supplying of MT materials by the Supply Office of Turin, which in that city, represents this Directorate General. In the said circular, procedure was laid down for requests, indications of requirements, supply, and transportation of the materials from the Supply Office to the Central Spares Stores, Rome.

2.- Because, since then, the supply ^{to} and reception of materials by the MT Spares Stores, has got off to a good start, we order herewith, the following variations on the instructions contained in the above-mentioned circular:

3.- The MT Repair Directorates will forward directly to the MT Spares Stores, in duplicate, the requests for spares, expendable stores, and tools and equipment for the various units under command (⁵⁴⁴⁸ Repair Units - Light Workshops) according to the following partitioning:-

- a) The Repair Directorates of Turin-Genoa-Milan-Bolzano : to the 3rd MT Spares Stores, Milan;
- b) The Repair Directorates of Florence-Bologna-Udine : to the 6th MT Spares Stores, Bologna;
- c) The Repair Directorates of Rome-Bari-Naples-Palermo : to the 8th MT Spares Stores.

4.- The MT Spares Stores, after having distributed the material available will forward to this Ministry

2.- Because, since then, the supply ^{to} and reception of materials by the MT Spares Stores, has got off to a good start, we order herewith, the following variations on the instructions contained in the above-mentioned circular:

- c) The Repair Directorates of Rome-Bari-Naples-Palermo : to the 8th MT Spares Stores.

4.- The MT Spares Stores, after having distributed the material available will forward to this Ministry, one copy of the requests as per para. 3, ^{separately} ~~indicating~~ indicating whether quantities ^{so} required are to satisfy entirely the demands, or to form a stock of spares at the stores.

5.- This Ministry, in possession of the details mentioned in the above paragraph, will then approach the Supply Office in order to arrange for supply of the materials and their packing into distinct bales for the individual units, and the forwarding of the said bales to their destinations.

6.- The forwarding of the bales to the individual units may be made through the MT Spares Stores, or also directly to the said units, according to what is most convenient.

Declassified E.O. 12356 Section 3.3/NND No. 785020

7.- The repair Directorate and the M.T. Spares Stores in forwarding the request for materials, respectively to be withdrawn and to be supplied must not repeat the said requests, since both the stores and the supply offices will hold in evidence the lists inexhausted until they are completely satisfied.-

8.- We wish to point out that requests should be limited to the indispensable items, and to facilitate the work of the units under command should comply with instructions issued in Circular MOW 21/8/45.-

 Actually working at the Central 'Spares' Depot, are
 10 carpenters. We do not think it advisable to increase
 this number, as extra joiners would not be required on
 the premises.

2-II To facilitate the functioning of the Central Depot, requests
 have been made to the Engineer Gen., Dir., for 200 mtrs.
 of shelf cases, multi-shelved, (letter 1986/03867 dated 9/4/45).

2-III The Fiat Society has put two specialist storemen, at
 our disposal.

2-IV In order to employ a large number of workers, in
 the sorting out of the materials, 35 instruction pamphlets,
 and 107 catalogues of spare parts, have been consigned to
 the Central Depot, (letter 1954/21 dated 16/4/45)

1. Further to our letter ST/1515 dated 4 Apr 49, detailing the amounts of tyres and spare parts due in to the Central MT Spare Parts Depot, and pointing out that adequate arrangements will have to be made for the reception of these stores.
2. Following telephone conversation (Col Balensine - Major Taylor) the unpacking of stores is being seriously hindered at present owing to the following requirements:-
  - (i) 8 or 10 carpenters are required immediately to construct the necessary racking in which to bin the stores. Please take the necessary steps immediately to obtain these from the Genio or from civilian sources.
  - (ii) in order to assist this can racking ready-made be obtained from the Genio.
  - (iii) More trained storemen are required to identify the parts.
  - (iv) Further copies of Makers Catalogues are required in order to allow more men to work at one time.
3. Please treat these requirements as extremely URGENT in view of the importance of unpacking stores as soon as received ready for the demands from Repairs Units.
4. It is also likely that more timber will be required in the near future. Can you give the necessary authority for this to be bought?

L.L. RENDICONTI SUL SOPRALUOGO RIFERITO ALLA  
CASERMA AMIONE PER LA COSTITUZIONE DEL MAGAZZINO  
CENTRALE RICAMBI AUTO.-

Come da ordine ricevuto dal Ministero della Guerra, nel pomeriggio di ieri 28 corr., ho effettuato unitamente a due ufficiali alleati (Magg. Papineau ed un capitano inglese) un sopralluogo alla caserma Amione in via Momentsa, dove ha sede l'Autoreparto Ministero della Guerra, per individuare dei locali adatti per la costituzione di un Magazzino centrale ricambi auto, il cui materiale, si prevede che sarà oltre le 600 tonnellate.-

Visitati i locali, e considerate le esigenze dell'Autoreparto Ministero della Guerra, si è stabilito anche d'accordo col Comandante dell'Autoreparto stesso, che il Magazzino di che trattasi potrà essere sistemato in una costruzione isolata attualmente adibita ad autorimessa, composta di un piano terra avente un'area di circa m2 800 e di un piano sopraelevato di circa 600 m2. Tali locali hanno bisogno di alcuni lavori di adattamento e riparazioni varie, precisamente:

- 1) Costruzione di scaffalature per sistemare materiali, suddivisi per tipo di macchine e specie;
- 2) Riparazione degli infissi con messa in opera di vetri. Nel piano terra sarebbe opportuno ingrandire le invetriate onde avere maggiore illuminazione;
- 3) Revisione dell'impianto elettrico. Esistono soltanto 1 fili; mancano porta lampade, interruttori, lampade ecc.
- 4) Riparazioni delle porte che conducono al piano sopraelevato e costruzione di qualche divisorio.

Si precisa altresì che l'accesso al locale terreno è costituito da 5 porte con chiusura a serranda le quali, ad eccezione di una d'ingresso, potrebbero venire chiuse definitivamente anche per avere maggiore garanzia di sicurezza.

le costituzione di due magazzini, facenti capo ad un unico consegnatario, come risulta dall'allegato grafico dell'organico del Magazzino Centrale.

Nel caso fosse necessario avere un maggiore spazio, si potrebbe utilizzare un locale terreno della palazzina Comando, che ha un'area di circa m<sup>2</sup> 150 adiacente al locale sopradescritto. Eventualmente in tali locali si potrebbero impiantare gli uffici del Consegretario.

Per l'alloggio del personale addetto al Magazzino si potrebbero usare delle stanze al 3° e 4° piano della palazzina Comando attualmente vuote. Come pure per il vitto potrebbe provvedere la cucina dell'Autorisorto Ministero della Guerra.

1. It is the intention that in the course a central motor transport depot for the Italian Army road transport in liberated Italy will be established in Rome.
2. Proposals for the organization of such a depot will be tabled in the near future.
3. In the meantime it is necessary to make immediate arrangements to receive the spares now arriving in Rome from Sicily via Naples.
4. For this purpose a visit was made by officers of this HQ accompanied by Capt LAMARCA of 8 Centre to Cassano Andeno Via Mantova on 23 Dec 44, (where contact was made with Lt. GIANLUIGI 2 4/6 Autodivisone Mista della Guerra).
5. As a result of this visit it has been decided:-
  - (a) that a detachment under command Capt LAMARCA (or other officer if War Ministry should so decide) of 8 Centre will forthwith be transferred to Cassano Andeno to function as an HQ Spares depot
  - (b) the force of this detachment will be determined in relation to the number that Divisional Motorization considers can at present be spared from other duties of 8 Centre
  - (c) the personnel will be given sleeping quarters on the second floor of the building where Autodivisone Mista della Guerra is already located
  - (d) the personnel will be fed from the existing Autodivisone Mista della Guerra (which is capable of large increases in the number of meals to be served in the dining room not at present in use)
  - (e) the building to be used for warehousing M.T. spares will be the two-storey hangar indicated to Capt LAMARCA and which he confirmed will be fully suitable for the purpose
  - (f) the work necessary to prepare the warehouse will begin on 2 Jan 45

4. For this purpose a visit was made of officers of this HQ accompanied by Capt LAZZARINI of 3 Centre to Caserma Aulone Via Fiorentina on 23 Dec 44 (where contact was made with Lt. CERRI 2 4/0 Autodoppello Ministero della Guerra).
5. As a result of this visit it has been decided:
  - (a) that a detachment under command Capt LAZZARINI (or other officer if War Ministry should so decide) of 3 Centre will forthwith be transferred to Caserma Aulone to function as an HQ Sporus depot
  - (b) the force of this detachment will be determined in relation to the number that Intervento Motorizzazioni considers can at present be spared from other duties of 3 Centre
  - (c) the personnel will be given sleeping quarters on the second third floor of the building where Autodoppello Ministero Guerra is already located
  - (d) the personnel will be fed from the existing Autodoppello kitchen (which is capable of large increase in the number of meals to be handled in the dining room not at present in use)
  - (e) the building to be used for storing M.T. spares will be the temporary hangar indicated to Capt LAZZARINI and which be continued will be fully suitable for the purpose
  - (f) the work necessary to prepare the warehouse will begin on 2 Jan 45
  - (g) the cases spares already arrived at 3 Centre will be transferred forthwith to the new location in vehicles to be provided by 3 Centre
  - (h) spares arriving in future from Naples will be routed directly to the Aulone Depot under arrangements by this HQ.
6. Even the nucleus organization then created the permanent Depot referred to in para 4 above will be eventually evolved as part of an overall scheme for the reorganization of your M.T. services within the approved ceilings to be considered with you in the near future.
7. In the meantime on receipt of this letter would you please arrange for orders in accordance with foregoing paragraph 5 to be issued to the Intervento Motorizzazioni.

Part No. Designation.

SX/46ZNV/3649. CARBURETTOR, Solex type 46ZNV/3649. Schedule SX/Carb/3649.

The schedules appear at the back of the vocabulary in numerical order but only those schedules applicable to the appropriate M.T. Section are included in the back of that Section, i.e., proprietary schedules for carburettors will only be included in the vocabulary for Section LV6.M.T.12., those for lamps will appear only in the vocabulary for Section LV6.M.T.3 and so on. If a particular schedule is needed reference must therefore be made to the section of the vocabulary in which the particular assembly is provided, held and issued.

If a particular proprietary parts list is required and it cannot otherwise be traced, obtain a pencil rubbing of the particulars of the name plate or stampings on the assembly, and demand the appropriate parts list from the R.O.C.

- LV6.M.T.11. Non-skid Chains and Towing Ropes, Driving Chains.
- LV6.M.T.12. Carburettors, Petrol Filters, Air Cleaners Filters, Autovac and Fuel Pump.

1. On 8 Dec 44 Major Bell, Capt Roberts and I visited the 27th Air Reconnaissance Squadron in connection with the transfer of the Military Liaison Mission to 270 Division.
2. This visit incidentally brought to light the existence of substantial provisions and pending ground all the property of the Italian Army as the mission moved (draft plan attached to Folio 7/329 (May 4) in File 8/40 November).
3. On the date of our visit the American Station at 270 Division (RAC) was starting to move into quarters located not far from the main.
4. I contacted Noel Webster (Major Lottman) on this matter on 9 Dec 44. He stated the matter to be closed. He later informed me that one American soldier (A) who he stated was once seen dead of a lightning accident between 270 and the Italian Government on road outside mission had convinced the government of war necessities and provided to the Italian Government to the army of the British, who converted into these Italian army personnel.
5. I requested General MURPHY to investigate the position previously in the War Intelligence to see how far it agreed in with Major Lottman's account. As a result he sent me to see on 12 Dec 44. He stated that the Italian Liaison Mission was conducting radio work in the area of the mission. He stated that the mission was being moved from 270 to 270 Division (RAC) on 13 Dec 44.
6. The Italian Liaison Mission was previously in order concerning of.
7. (a) a request dated 28 Nov 44 by the 27th Air Reconnaissance Squadron of 270 Division to Ministry of War for the transfer of the proposed transfer of personnel.
8. (b) Conference dated 8 Dec 44 of the mission by the Ministry of War.
9. (c) This matter was also to be treated on the matter, the report of 27 to 270 would be that we received the Italian units mentioned in the attached to the mission.

Riferimento lettera n.20371 della Presidenza del Consiglio  
allegata in copia.-

Questo Ministero non ha nulla in contrario a cedere i locali  
richiesti; ritiene però che nell'interesse di entrambi i reparti  
sia opportuno addivenire alla separazione dei fabbricati.-

A tale scopo sarà necessario fare:

- costruire un muro divisorio (come da andamento segnato sulla pianta  
allegata);
- trasferire la cucina, sistemata nel piano terra del Padiglione  
servizi B; alla casermetta autodrappello, o a farne costruire u-  
na nuova nella casermetta predetta, lasciando quella del Padi-  
glione B a disposizione del reparto alleato.-

Si prega voler esprimere il proprio parere in merito.-

Nel caso codesta sottocommissione confermi la richiesta questo  
Ministero interesserà il Comando Militare Lazio-Umbria e Abruzzi  
per l'esecuzione di un sopraluogo con i rappresentanti dei reparti  
interessati per definire la sistemazione ed i conseguenti lavori da  
eseguire.-

SUBJECT : Automotive Spare Parts  
for Italian make autotransport

FROM : Industry Sub-Commission.

1. We were informed by the Rome Representative of the Fiat Automobile Company that his Company had supplied to the Fascist Government and the Italian Army before their collapse and surrender many millions dollars worth of automobile spare parts. These parts were then shipped to the military warehouses in North Africa, Sicily, Sardinia etc.

2. This Sub-Commission which is charged of finding means for the manufacture of automotive spare parts for the re-habilitation of the Italian civilian autotransport wonders whether the above mentioned stocks of spare parts are still in existence and are still held by the Army as a part of war bounty.

3. In the affirmative case this Sub-Commission would appreciate your suggestions as to the steps to be taken for the release of these stocks for the re-habilitation of the civilian autotransport and thus far relieving the military motor transport from hauling non-military cargoes.

R O M A

\*\*\*\*\*  
Le Autorità Militari Alleate hanno compiuto un'ispezione con intervento del nostro rappresentante del Real Estate Board del Comando Alleato di Roma, alla Caserma sita in Via Nomentana 276/A ora parzialmente occupata dall'Autodreppello di codesto Ministero, allo scopo di vedere se sia possibile sistemarvi una piccola unità Alleata (circa 60 militari) e un'officina di riparazioni meccaniche.

Dall'ispezione è risultato che sono attualmente inutilizzati la rimessa e il piccolo edificio indicati in rosso nell'unitp piano: la prima perché con serrande danneggiate e il secondo perché privo di porte e finestre. Le Autorità Alleate, che li ritengono adatti ai loro bisogni, provvederebbero a farvi tutte le riparazioni necessarie e ad istituire un servizio di vigilanza, il che varrebbe a mettere un fermo ai furti di materiale che attualmente si verificherebbe nel recinto stesso della caserma, a detta dell'ufficiale di servizio.

Si prega codesto On. Ministero di voler, ove quanto precede corrisponda a verità, dare disposizioni alle competenti Autorità perché i locali di cui trattasi siano lasciati a disposizione degli Alleati, dandone conferma a questa Presidenza.
