In addition, we must proceed with the recovery of all the other vehicles in possession of civilians and "frozen" by your H.Q.

The trucks recovered, must be assembled in groups, at Florence, and must be accompanied by their respective holders and by the officer of the District H.Q., in order that the Commission may compile the necessary reports and pay the eventual indemnities.

We take this opportunity of reminding you of the instructions already issued, concerning the state of efficiency of the trucks, and of the prohibition, on the part of the civilians, to remove any part whatever, or the tyres, from the said vehicles.

We beg you to acknowledge receipt. 5392

Subject : Withdrawal of Trucks.

97

The Allied Authorities (MMIA) are controlling and collaborating in the carrying out of the recovery of M.T. materials belonging to the Military Administration, in order that the matter should be completed in the shortest time possible; therefore, the District H.Q.'s must consider themselves fully authorised to carry out recovery of the vehicles taken from the Italian Army, whether legally or not.

The enclosed letter was received by this Directorate on the 1st September, from which we learn that, regarding the recovery in subject, no respite will be granted.

This understood, and taking into account that, owing to the difference in locations, the recovery, "en bloc" of the trucks in circulation cannot be made, we shall have to proceed with this gradually, but in any case, the recovery of the trucks in circulation must be completed by the dates shown in this letter.

Your H.Q. must, for the present keep to the following programme, unless alterations are made by MMIA.

Immediate Withdrawal.

1. Reference conversation (Major Bailey-Capt Nelson), it is confirmed that the AFHQ letter ref Q4126 T dated 26 Nov 45 authorises the issue of MT Spares to the Italian Divisions.

2. It would be appreciated, if, in view of the above, the following Tool Kits now available due to disbandment of REME Units, could be allocated to the LEGNANO MG Wksps.

| | Quantity Read |
|---|---|
| Tool Kits V.M. A & B Vehs (Basic & Supplementary). Part Nos. F.A. 20221 & FA 20222. Schedule Nos 960/1 & 961/1. | 53 |
| Tool Kits Electricians M.T. & C.S. (Basic & Supplementary) Schedule Nos. 594/1 & 595/1 | 14 |

3. Due to past scarcity of above equipment, we have been unable to obtain these for the LEGNANO Division and the obtainment from the above source would result in a increase in efficiency of Div Wksps and would put them in a more favourable position for the time when they will be leaving British supplies and administration.

4. There are still appreciable deficiencies in 1098 Equts of all Wksps, particularly in view of the fact that some of these 1098s were revised recently and the whole question of 1098 Equts is being taken up separately with [illegible].

- Lorry Fiat 626 (not completely)
- Motors ,complete
- Tyres
- Spare material
- ~~Mxxxxxx~~ Army and Wolsit bicycles

A/m cards are up to date only ~~concerning~~ for tyres, complete motors and bicycles. 5274

The documents concerning stock movements are the ~~sendent forms~~ issue & receipt vouchers which are not recorded owing to the lack of ~~records~~ Registers mod.1022 and 547 for the various units.

Furthermore there is a considerable quantity of ~~xxxxxxx~~ packed material which ~~xxxxxxxxx~~ has been stocked in the Stores for a long time and which ~~xxxxxxxxxxxxx~~ has not yet been divided according to sending units and ~~time~~ date of arrival.

In order to control the movement of materials I have issued the following instructions:

I) All ~~indent forms~~ true vouchers will be signed by the officer i/c who will issue materials ~~according~~ according to their availability in the Stores.

2) Each evening, NCOs 2nd in command will hand over to the office concerned, at closing time the documents referring to movements of stock of the day for ~~recording~~ registration on the cards and ~~records~~. registers

3) Formation of a squad under command of an officer to open boxes and distribute materials among the various Stores.

~~EPILOGUE~~ Summary etc.

In order to carry out a/m works we need time and personnel.

The inventory alone will require a long time because it is not possible to close the Stores when it is being compiled and therefore it should be completed during normal Stores operations of receipt & issue of materials,

The setting up of records and cards will also take a long time owing to the ~~xxxx~~ considerable quantity of different items.

It will also be difficult to arrange materials in the premises.

OGGETTO - Funzionamento Magazzino Centrale Parti di Ricambio.

AL MINISTERO DELLA GUERRA
Direz. Gen. Art. e Motorizzazione - Div. Motoriz.-Sez. 1°
e per conoscenza:
AL MAGG. TAYLOR della M.M.I.A.

SITUAZIONE ATTUALE DEL MAGAZZINO:

L'Amministrazione del Magazzino è regolata attualmente da schedine in duplice copia (una per l'Ufficio e una per il Magazzino) non aggiornate in base ai continui movimenti e relative soltanto ai seguenti tipi di parti di ricambio:

- "Isotta Fraschini" D/80
- Trattore P6/30
- Autocarro "Fiat" 626 (solo in parte)
- Complessivi motori
- Gommature
- Materiale di consumo
- Biciclette Wolsit e militari

Solo per gommature, complessivi motori e biciclette tali schedine sono aggiornate.

Documenti relativi ai movimenti del magazzino sono i buoni di prelevamento e di versamento che non sono però registrati per mancanza assoluta dei regolamentari registri Mod. I022 e mod. 547 per i vari reparti.

Esiste inoltre una enorme quantità di materiale ancora incassato giacente già da vario tempo nei locali e non suddiviso secondo gli Enti mittenti e le date del loro arrivo.

ORGANIZZAZIONE PER LA SISTEMAZIONE DEL MAGAZZINO.

Per addivenire ad una definitiva sistemazione sia del materiale che della parte contabile è mio intendimento procedere nel seguente modo:

I°) - Nominare un sottufficiale di carriera sottoconsegnatario per ogni Magazzino.

2°) - Procedere all'inventario.

3°) - Partendo dai dati dell'inventario, compilare le schedine

SITUAZIONE ATTUALE DEL MAGAZZINO:

L'Amministrazione del Magazzino è regolata attualmente da schedine in duplice copia (una per l'Ufficio e una per il Magazzino) non aggiornate in base ai continui movimenti e relative soltanto ai seguenti tipi di parti di ricambio:

- "Motta Praschini " D/80
- Trattore PC/30
- Autocarro "Fiat" 626 (solo in parte)
- Complessivi motori
- Gommature

Esiste inoltre una enorme quantità di materiale ancora incassato giacente già da vario tempo nei locali e non suddiviso secondo gli Enti mittenti e le date del loro arrivo.

ORGANIZZAZIONE PER LA SISTEMAZIONE DEL MAGAZZINO.

Per addivenire ad una definitiva sistemazione sia del materiale che della parte contabile è mio intendimento procedere nel seguente modo:

I°) - Nominare un sottufficiale di carriera sottoconsegnatario per ogni Magazzino.

2°) - Procedere all'inventario.

3°) - Partendo dai dati dell'inventario, compilare le schedine in duplice copia per tutto il materiale, da tenere sempre aggiornate.

4°) - Ripristinare i registri I022 e 547 relativo ai vari Reparti.

5°) - Fornire i magazzini del prescritto Registro di Magazzino Mod. I597.

CONTROLLO DEI MOVIMENTI DEL MAT RIALE.

Per effettuare un continuo controllo sui movimenti di materiale ho disposto quanto segue:

./. ./.

Declassified E.O. 12065 Section 3-402/NNDC NO. T85020

I°) - Tutti i buoni di prelevamento saranno vistati dal Consegnatario il quale stabilirà, in base alle disponibilità del Magazzino, quanto sarà possibile distribuire.

2°) - Ogni sera a chiusura di magazzino i sottoconsegnatari presenteranno all'ufficio addetto i documenti relativi ai movimenti della giornata per la loro registrazione sulle schede e sui registri.

3°) Costituzione di una squadra al comando di un Ufficiale per l'apertura colli e lo smistamento dei materiali nei diversi magazzini.

CONCLUSIONE.

Per eseguire i suesposti lavori occorre tempo e personale. Il solo inventario occuperà un lungo periodo poichè non è possibile chiudere i magazzini durante la sua compilazione e deve quindi essere eseguito mentre procede il lavoro di introduzione e di versamento.

L'impianto dei registri e delle schedine, a causa dell'enorme quantità di voci, si presenta pure un lavoro di lunga durata.

La sistemazione dei materiali nei locali sarà pure lunga e laboriosa perchè occorre attrezzare detti locali di scaffalature, procedere a lavori di riattamento e smistare l'enorme numero di materiale tutt'ora incassato.

Pertanto, per tutto quanto sopra citato non sarà possibile procedere al cambio delle consegne tra i consegnatari entro i tre mesi stabiliti.

Occorre inoltre che codesta Direzione Generale soddisfi con cortese sollecitudine alle richieste di personale militare, civile e di lavori di riattamento dei locali già segnalati rispettivamente con i fogli n° I373/MC e I386/MC del 27/8/1945.

Subject: Request for assignment of brakes.

As it is certainly known to you, this Organization owns several mobile theatres, which are being used to give performances to the Italian Armed Forces.

Now, further to contacts with competent technicians, ~~It has resulted~~ it appears that the type of brakes on the a/m mobile theatre trailers is out of date and it cannot be ~~fitted on~~ adapted to those of the new type of vehicles held by the Italian Army. It is therefore necessary to have the type of brakes in question replaced.

Since, (according to notification made by the M of W) we know that you have availabilities of such material which is suitable to replace the a/m brakes, we most ernestly beg you to assign a complete set of these which could be taken from u/s trailers held at the ~~Inf~~. ex ~~Ippodromo del~~ Parioli. race course,

Awaiting a favourable reply, and thanking you in anticipation;

Your help is greatly appreciated, and it is hoped that you will do all that is possible to enable the unit to keep its vehicles on the road. Any advice that you can give us as to the methods by which the stores, etc., that they require should be obtained, would be of considerable assistance.

294 Autoreparo Leggero are operating under exceptionally bad conditions, and have rendered excellent service, in spite of the handicap of snow, bad roads and lack of equipment.

Said materials are vitally needed by the company for the repair of 4 Fiat 18 BL needed for the hauling of wheat, flour and alimentary paste.

In view of the fact that the company in question performs also more important services, such as rationing, and that the material applied for - available at the Parioli Park - is obsolete and not suitable for current M.T. models, this office is in favor of complying with the request. I) In the list of vehicles which are to be handed over to the Branch of Reconstruction of Religous Buildings damaged on acount of the war, forwarded with covering letter No I5352 dated 24/7/45, three trucks I8/BL class 2x3, have been included. Although these trucks cannot be used by the army because they are a very old make, they can still be used by civilians.

2) Two lorries Fiat I8/BL, class 4, from which spare parts ~~xxxxxxxxxxxx~~ requested by the firm CERERE( MILL~~X~~ BAKERY) could be obtained, are s-till parked at the Ineficient Vehicle Park, Parioli .

3) The request is justified by the special work carried out by the requesting Firm who also supply foodstuffs for the City of Rome.

1 - Nella lista degli automezzi da cedere all'Ente Ricostruzioni Edifici Ecclesiastici devastati dalla guerra, trasmessa con foglio 15352 in data 24 luglio c.a., sono compresi 3 autocarri 18/BL della 2^ e 3^ classe, che pur non essendo utilizzabili per l'esercito perché di tipo molto antiquato, possono ancora trovare impiego presso i civili.

2 - Al Parco Autoguasti dei Parioli giacciono ancora 2 autocarri Fiat 18/BL di 4^ classe, dai quali potrebbero trarsi i materiali richiesti dalla Società An. CERERE - Molino e Pastificio.

3 - La richiesta é motivata dalla particolare attività esercitata dalla Società richiedente, inoltre al rifornimento alimentare della città di Roma.-

No. 4170/AUT

APO 777/A, 19 July 1945

SUBJECT: Release of Spare Parts for High Commissioner.

TO : MMIA (Col Albert) - CAGLIARI

1. The High Commissioner's office has requested release of below mentioned spare parts needed to repair a Spa 26.6/16 ambulance of the Cagliari civilian hospital.

2. The spares requested are:

1 right rear half-shaft
1 planetary gear
8 brake linings
6 clutch disks (male)
6 clutch disks (female)
1 set pistol rings.

3. Considering that the above mentioned spares are available in military stores and cannot be used by the Italian Army, request that they be released.

4. If MMIA should authorize this release, the Italian Army will not lose time, nor employ personnel because the withdrawal will be taken care of by High Commissioner representatives.

SUBJECT: Efficient Italian Army Transport and Repair facilities.

TO : MIA

Reference MIA letter dated 22 June.

Forwarded herewith (Appendix A) list of materials and tires requested from the Ministry with letter 3714/AUT dated 16 June.

Your office has already been informed about this material with letter 3881/AUT dated 15 June.

From the 14 Repair Unit returns regarding the tires and tubes recovered from the inefficient vehicle parks (Appendix B), those most needed are not available except 5 tires and 5 tubes size 210 x 20 and 3 tires and 5 tubes size 270 x 20, I again request you to have MIA back approval for assignment of material and equipment requested.

I am informing you that over 570 tires and 510 tubes, of various sizes, were recovered but are unserviceable.

Subject : Transfer of spare parts Breda Tractors -

1. Further to our 6560/03070 dated 24 Mar 45, subject "Transfer of Breda Tractors to the Ministry of Transport".

2. The Ministry of Transport, State Railways Dept., requested by letter dated 18 April that we take up this matter again with your Sub-Commission. They are going to repair a certain number of their Breda Tractor at present out of operation, in order to improve the difficult transport situation.

3. They request that the transfer be limited to the following spare parts, to be recovered from tractors of the same model at present located in Parioli broken vehicles Camp :

| | |
|---|---|
| Tyres ("semipneumatici") | 20 each |
| Motor cylinder heads with valves | 5 " |

It would appear these spares will therefore not be worth shipping to the mainland.

Ref. No. 6096/01432
Date : March 16, 1945

Subject : Spare parts.

In accordance with the understanding between Maj. Heggie of the Medical Division of MMiA and the Directorate General of the Italian Army Medical Service, concerning the conversion of a surgical motor Van into a dental motor ambulance, said Directorate General requested the following spare parts :

1 magneto with brackets and fixing bands with lock
1 set of ignition wires
2 glasses for headlights - front.
4 bulbs ( 2 large and 2 small)
2 bulb sockets, large
1 bulb for dashboard — leather or imitation leather for seat and back

Since the conversion into a dental motor ambulance is not the work of a motorcar mechanic, but, ~~these~~, on the other hand, the utilization of the required parts may, for all practical purposes, be regarded as an ordinary maintenance job rather than one of repair, your Sub-Commission is kindly requested to authorize the withdrawal of these parts at the Central Spare Parts Warehouse of the 1st Repair Unit.

- Ufficio Medico -

La Direzione Generale di Sanità Militare, in seguito ad accordi presi con l'Ufficio Sanitario della (M.M.I.A.), Magg.Heggie, per la trasformazione di un autofurgone chirurgico in autoambulanza odontoiatrica, ha richiesto le seguenti parti di ricambio:-

- n° 1 magnete con fascie di sostegno ed attacco con scatto;
- n° 1 gruppo di fili per accensione;
- n° 2 cristalli per fari anteriori;
- n° 4 lampadine(due piccole e due grandi);
- n° 2 portalampade grandi;
- n° 1 lampadina per cruscotto - copertura in pelle di pegamoide del sedile e spalliera.-

Poiché l'operazione di trasformazione in autoambulanza odontoiatrica non rientra nel campo automobilistico, ma d'altra parte l'applicazione delle parti richieste può correntemente considerarsi un'operazione di manutenzione ordinaria e non di riparazione, si prega codesta Sottocommissione volerne autorizzare il prelevamento presso il magazzino Centrale parti di ricambio del 1° Reparto Riparazioni.-

Subject - Spare parts for Italian vehs

1. Ref conversation 4 Nov 44 with Major PAPINEAU.

2. In order to draw stores and at the same time train this gp, it is essential that Italian vehs should be kept on the road until G 1098 vehs are issued.

3. A number of repairable vehs are off the road because of lack of spare parts which were all withdrawn by Ministry of War.

4. In view of urgency a rep from this HQ is proceeding to Rome and will report to you to obtain authority to draw. He will have a list of most urgent requirements.

1. It is reported by MMIA LO Folgore that all the Spare Parts for Italian military vehicles formerly held by CIL. have now been removed to Rome.

2. It is stated that this is seriously obstructing the maintenance of Folgore Italian vehicles in the interim period before British vehicles are supplied.

3. In order to avoid any serious dislocation as a result, please invite a representative from Direzione Automobilistica Folgore Division to visit you in Rome to decide what Spares are essentially needed by the Division and arrange for their provision.

4. Please report compliance to this HQ.

Subject - Spare Parts Italian Vehs

1. A considerable supply of Italian spare parts were held by CIL and we had arranged for division between the two gps when the Ministry of War intervened and hadd whole supply moved to Rome.
2. As this makes it almost impossible to maintain our Italian vehs may action be taken to have these stores returned. It may be some time before new Br vehs are issued.
3. May reply slso be given to my verbal request the OC Wksp be authorised to draw spares urgently needed from It Wksp Calabria.

1. Questo Ministero a suo tempo ha esaminato attentamente le richieste oggetto delle lettere di cui sopra e si è interessato presso l'Ispettorato del Servizio Ippico e Veterinario della Sede allo scopo di conoscere l'ubicazione del reparto richiedente e del suo Comandante, Col.Barbini.-

2. L'interessamento aveva lo scopo di poter ottenere maggiori chiarimenti circa la natura delle richieste e cioè il particolare tipo di ruote da montare sull'autovettura "Ardita" e sul rimorchio, del quale non ne era stato segnalato neanche il tipo di costruzione.- 5186

3. Malgrado le ricerche effettuate, dato che l'812° Deposito Base Rimonta è al seguito di un Comando Alleato, non è stato possibile rintracciare la località di indirizzo.-

4. Pertanto, in previsione di una superficiale competenza in materia automobilistica del reparto richiedente, (dimostrato in effetti dal tipo della richiesta, in quanto le ruote vengono individuate mediante indicazioni che differiscono sostanzialmente dalle sole misure delle gomme che le stesse montano), questo Ministero è venuto nella determinazione di assegnare soltanto le gommature delle misure segnalate da codesta Sottocommissione.-

5. Qualora si potessero ottenere i necessari chiarimenti, questo Ministero sarebbe in grado di definire al completo la questione.-

Re size of wheels and tyres, Col. Barbieri states that size 5.50 X 17 or 5.25 X 17 would do. The make of the car is Ardita.

There is also an excellent Trailer here in good condition minus wheels. This could be used to very great advantage both by the Italian Remount Services and us, the size is 700 x 20.

I would esteem it a great kindness if you could help in this matter. M.T. here is so very scarce, and if I could get this Trailer on the road it would assure a great saving.

Subj.: Motor car wheels 400x19.
Date : October 3rd.,1944

1) In order to put a number of FIAT 500 (TOPOLINO) on the road, 100 pressed steel wheels 400x19 as used by the Italian Army "Balilla" are required . The difficulty is tyres but with 400x19 wheels, 3.25x19 British motor tyres can be fitted.
2) The Ministry of War has already been contacted and release orders for 4 wheels from MASAGNE and 5 wheels from NAPLES received but these quantities are quite insufficient.
3) May representations be made to the Ministry of War for the release of additional wheels to make the number up to 100. It is believed that the Italian Army has these wheels available.
4) May the matter be treated as urgent, please.
