the Comune of Monterano.

With reference to the above vehicle, we wish to inform you, that to be able to put this Peugeot truck (which has been loaned to the Comune of Canale Monterano by the Allied Command, for public utility services) into complete working order, and consequently to bring it into use, it is vitally necessary to have issued six tyres, complete with inner tubes - size 6.50mmx 20 - because the four at present carried are unserviceable.

We are writing therefore, in order that your office, should it wish, may arrange for such an issue.

At the same time, we beg you to inform us, for approximately how much longer the Comune may keep the ~~xxxx~~ vehicle, in order that we may decide whether or not to lay out the expenditure (by no means light) for the necessary repairs.

Ref. : 5507
Date : June 26, 1945

Gen. Oreste Moricca, who is at the disposal of this command for special duties, very often has to go outside of Rome in order to carry out inspections and investigations in all of this Command's territory (Lazio, Umbria, Abruzzi).

This Command's small availabilities do not permit it to place at his disposal, even temporarily, an efficient car which is sure to complete the round trip.

In the interest of the service, he has placed his private car at our disposal: however, it lacks tires.

In the exclusive interest of the service, therefore, we request MMIA to authorize the purchase and use of tires belonging to the Armed Forces.

Oggetto:

Il Gen. Oreste Moricca, in s.p.e., a disposizione di questo Comando per incarichi speciali, deve spesso recarsi fuori Roma, dovendo compiere ispezioni e inchieste in tutto il territorio di questo Comando (Lazio-Umbria-Tirreno).

Le scarse disponibilità di questo Comando non consentono di mettere a sua disposizione, neppure saltuariamente, un'auto-vettura efficiente che dia sicurezza di compiere il viaggio d'andata e ritorno.

Egli, nell'interesse del servizio, ha messo a disposizione la sua autovettura privata, priva però di gomme.

Si chiede perciò a codesta Sub-Commission, nell'esclusivo interesse del servizio, l'autorizzazione all'acquisto e uso di gomme di proprietà delle Forze A.A.

1. Reference conversation of to-day's date (Maj. Taylor-Maj. Cowper) the Italian Regional Commissioner for Food in Sardinia, Dr. Arrighi, reports that Col. Albert of M.M.I.A. in Cagliari has sequestered a number of tires which were being improperly used by civilians.

2. Dr. Arrighi has requested that 5 of these tires (600 x 16) and 5 inner tubes should be allotted to him from this source.

3. The Italian Regional Commissioners for Food have an extremely onerous and important job and it is essential for their efficiency that they should have adequate means of transport.

Requisition of 6 types and 1 outer tube

Property of EBOLI FRANCESCO.

1) The "INDUSTRIA BOSCHIVA & LEGNAMI" EBOLI FRANCESCO firm of CAROLI (AQUILA) had 6 types and 1 outer tube requisitioned from them in sept 44

2) Later on the firm requested the restitution of same as they preferred this to ^{the laid down} payment of requisition indemnity, ~~for~~ as not to ~~for the~~ have to meet, ^{at the moment,} ~~recharge~~ expenses for the ~~requisition~~ ^{repurchase} of those articles

3)- We are dealing with a firm ^{under contract} ~~contractor~~ for the supply of fire wood to the armed forces stationed in Rome; this they have to do with limited means of transport having suffered considerable damages during the Nazi-fascist occupation

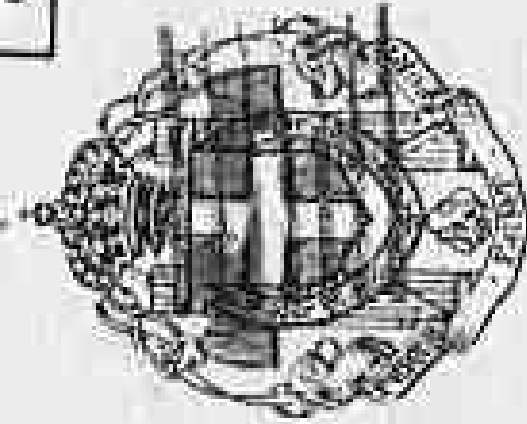

4) in view of this above we suggest that, if you have no objections, the EBOLI firm be given the 6 types and one outer tube, taking those from the stock of types in ^{mediocre} ~~poor~~ condition available at the Spares parts central depot

2. Stocks of the necessary size required by 561 Mine Clearance Company are at present being transferred to N° 1 Repairs Unit, ROME.
3. We will advise you when they arrive and you should advise 231 Div to arrange for the unit to collect from N°1 Repairs Unit as a concession in this special case.
4. The request at present is for 14 tyres for the two lorries. This would mean that every tyre on both vehicles is at present unserviceable. Stocks of tyres are extremely small and we are anxious to make the best use by issuing only those necessary to keep vehicles on the road. Will you get 231 Div to check that 14 tyres are required to put these vehicles on the road and if not, just to draw the required quantity.

3. Major Papineau advised that he was making an inventory of Italian Army Tyres and if we furnished a list of sizes needed, some could probably be made available, hence the letter Pet/30/E/9 dated 3 February 45 was written.
4. C.I.P. is the sole POL distributing agency for the Italian Civil and Military in Italy and needs tyres. ~~Few~~ have been forthcoming from Allied Military stocks and no source is being overlooked to secure tyres for them.

Il sottoscritto Col. Med. Ferri Dr. Guido, Direttore di Sanita Militare del Comando Territoriale di Napoli, essendo proprietario di una vettura Fiat 1500 - targata FI - 19678, le cui gomme furono a suo tempo requisite di autorita, chiede a questo Ministero l'assegnazione di 5 copertoni e 6 camere d'aria delle misure 5, 5 x 15.

La presente richiesta di cui e a cognizione la M.M.I.A. di Roma e motivata dal fatto che lo scrivente e sprovvisto di macchina di servizio, mentre la necessita di ispezionare di continuo i numerosi Stabilimenti Sanitari dislocati nella vasta zona di giurisdizione del Comando Territoriale di Napoli. A tal fine e attualmente costretto a servizi di una autoambulanza concessagli dal Comando Alleato, cioe di un automezzo pesante e che consuma molto carburante, mentre se otterra la richiesta gommatrice per la propria macchina potra servirsi di questa per le esigenze del suo ufficio, con notevole risparmio di carburante e maggior sollecitudine nell'espletamento del servizio.

R-O-M-E

The undersigned, Col. Guido Ferri, Director of Military Sanitation of Territorial Command of Naples, being proprietor of a car Fiat 1500, targa FI 19678, the tyres of which were authentically requisitioned at the time, asks your Ministry the assignment of 5 tyres and 6 tubes, size 5, 5 x 15.

The present request, which is known by MMIA of Rome is forwarded because the undersigned does not have a car for carrying on his duties. The necessity of continually inspecting the many Sanitary Institutions located in the large zone is dependent upon Territorial Command of Naples.

For this purpose he must use an ambulance granted by Allied Command, that is of a heavy truck which consumes much petrol, while, if the requisitioned tyres for above car will be granted, he will use them for the necessities of his office, with a remarkable saving of petrol and a more rapidity in filling his duty.

(Guido Ferri)
