Ref. 13710/00879

Date 3 July 45

Subject Mobile Field Surgery Unit

- 1) From enquiries carried out, it has been ascertained that the mobile surgery vehicle to be transformed into a mobile dental vehicle was the Ceirano 50 CM. type, and had been entrusted to the firm Rffaele Ranieri, Rome, who specialise in this kind of work.
- 2) The progress of the work at the date of the letter to which we reply was at very advanced stage and it would not have been convenient to suspend this in order to reduce this to a transport vehicle, taking into consideration that this type of vehicle is out of date with limited service and semipneumatic tyres.
- 3 The vehicle transformation was completed at the beginning of the month and the mobile dental vehicle has been taken on charge by the the Mil. Hos. Mobilization stores, Rome.

 OGGETTO: *reparto chirurgico mobile da campo.* *ROMA*

- 1 - Dalle ricerche eseguite è risultato che l'autofurgone chirurgico da campo da trasformarsi in centro mobile odontoiatrico, era del tipo Ceirano 50 C.M. ed era stato affidato alla ditta Raffaele Ranieri di Roma specializzata in lavori del genere.-
- 2 - Lo stato dei lavori di trasformazione alla data del foglio al quale si risponde, era molto avanzata e non sarebbe stato conveniente sospenderlo per ridurre il veicolo ad autocarro da trasporto, anche in considerazione che trattasi di un mezzo di tipo antiquato con limitate prestazioni e gommatura semipneumatica.-
- 3 - La trasformazione dell'automezzo è stata ultimata ai primi del c.m. e l'autofurgone odontoiatrico è stato assunto in carico dal magazzino mobilitazione dell'ospedale militare di Roma.-

1. A Box type six ton Lorry, which had been a mobile Field Surgical Unit with Cremona Gruppi, was sent to Rome on orders of the Ministry of War during April.
2. This was originally intended for conversion to a Mobile Dental Centre. It is doubtful whether it will now be required for this purpose, and should be converted to a load carrier instead.
3. Can you inform us of the present whereabouts of this vehicle?
