BOL/3/G, 2 Dec 45.

Liaison Report for week ending 1 Dec 45.

1. General.

W.e.f. 1 Dec reports of this type will be discontinued and reports and returns as laid down in MMIA Directive No 2 will be rendered monthly from this office.

On 27 and 28 Nov I visited Ancopa, calling on 216 (Special) and 61 Areas. Orders have just been received by 61 Area for the formation of 712 Adm Regt. Hitherto 716 Adm Regt has been looking after the BR-ITI troops in Ancona area.

2. 'G' Points.

No 6 Territorial Command is ready to receive 507 Gd Bn in Modena as soon as 2 District moves it.

Disbandments: 2 GT Coy is getting rid of its remaining vehs; 1 GT Coy, which I visited, is still waiting for disposal instructions from 216 Area (I am pressing this matter); Rly Engrs are in process of converting into the two new authorised Coys; 252 Pack Tpt Gp is still in Bologna area, waiting for orders for movement of 266, 267 & 268 Coys, and for disbandment of HQ and 269 Coy, an order from M of W has finally closed the remains of 209 Div, and 717 Regt has the job of clearing it up.

3. 'Q' Points.

I inspected 76 Food Depot at Ancona. It appears very satisfactory, the rations well stacked in a clean and airy shed, a close copy of the British system.

801 Transit Camp, which I visited, is very badly accommodated. See my BOL/6/G of 2 Dec.
