ALLIED FORCE HEADQUARTERS  
APO 512.

HMF/vp

Hand Forces  
S/L

AG 4/079 - 0

1 July 1945

SUBJECT: Abbreviations of Unit Designations.

TO: All Concerned.

G(SD)

6/94

3/7

1. Letter, this headquarters, file and subject as above, dated 28 December 1944, and amendment thereto, dated 24 March 1945, are rescinded. Either the full designation of a unit or an authorized abbreviation, as listed below, will be used in the heading and texts of messages to be transmitted by electrical means.

2. Reference is made to AFHQ Signal Instructions, Item 2, Section V, subject: "Submarine Cable Communications", for listing of authorized telegraphic addresses. A telegraphic address is a short meaningless word assigned currently to a civil, diplomatic, or political agency only, for use in routing traffic via commercial communication channels; whereas an authorized abbreviation is used by a military organization in lieu of the full official designation in the text of a message or in the heading when routing is in plain language by secure signal channels.

3. The list of authorized abbreviations below is not intended to include all headquarters and units in the theater. It has been restricted to those to which traffic is particularly heavy and whose designation lends itself to an intelligible abbreviation. The list must be kept short enough to permit complete familiarity by all personnel who must use it. Therefore, additions to the list will be kept to a minimum.

4. The list of abbreviations authorized to date is as follows:

ABBREVIATION

UNIT

|                  |            |                                                |

COPY INCOMING SIGNAL

FROM: MMIA LO TURIN 181800 B  
TO : H.Q. MMIA  
INFO: MMIA LO DISTWO  
REF : NMT/1

*151 Sub Area*  
*File 89 clear*  
*151 to answer.*

FROM CLARK (.)

MY ADDRESS FOR ALL OFFICIAL MAIL AND  
SIGNALS AS ABOVE

*See F. 89.*

SD DISTRIBUTION:

Action: G/94

*Capt. Clark*  
*Signal Clerk*

ju 19 June 45

*that we intend to use 151 SA unless he says not*  
G. I. Sigs feel we should tell Clark to arrange for signals in  
in the normal way through local Br HQ - they don't  
want to guarantee "MMIA LO TURIN". We have  
"MMIA LO Florence City Bond" as the nearest  
approach. *B*

*I agree. Actually mail goes on from*  
151 SA, to DISTWO. Since he signed us

151 S.A. H.H.

(note normal mode of address would

be: *Signal 151 Sub Area for MMIA*  
*Mail to MMIA % 151 Sub Area*)

*Remarks re-copied by G. Branch 19/6/45.*

15 May 1945

AIR COURIER SERVICE TO NORTH ITALY.

1. Effective 15 May 1945 an Air Courier Service to cover the North of Italy will operate to the following points:

- BOLOGNA - for Emilia Region and 3340 5th Army
- TRAVISO - for Venetia Region
- VERONA - for 5th Army AGC
- MIAN - Lomato Air-drome for Lombardia Region
- TURIN - for Piemonte Region
- GENOVA - for Liguria Region

} Not in operation at present.  
Commissioners please report to this Headquarters the names of air-dromes suitable at their respective Headquarters.

2. This service will operate with Italian Air Force planes, Type A.M. 79, payload 7 passengers, plus 800 lbs. of freight, or 2,000 lbs. of freight with-out passengers, and 8.5. 62, payload 20 passengers and 2,000 lbs. of freight.

3. Bookings from HQS will be carried out by the Dispatch Officer, Headquarters the Captain's Section, at this Headquarters. Intermediate bookings will be accepted by possession of travel orders made out as follows: "Travels by Italian Military Aircraft is authorized." Such orders must be issued with the authority of the Regional Commissioner, DECAO or 3340 concerned. Two copies will be handed to the Captain of the plane for during the flight and his instructions must be carried out at all times. On no account is smoking permitted in or near the planes. One day's rations will be carried by each passenger. Regional Commissioners, etc. are requested to make the necessary arrangements to meet the planes at the airfields as mentioned above, in accordance with underrated schedules.

4. Commencing Tuesday, 15 May, with Schedule 'A', the service will continue, weather permitting, with Schedules 'A', and 'B' on alternate days.

Schedule 'A'.

Arrive.

Depart.

394 (Continued)

Commissioners please report to this Headquarters the names of airplanes suitable at their respective Headquarters.

2. This service will operate with Italian Air Force planes, Type S.M. 79, payload 7 passengers, plus 800 lbs. of freight, or 2,000 lbs. of freight with-out passengers, and A.M. 82, payload 20 passengers and 2,000 lbs. of freight.

3. Bookings from Rome will be carried out by the Dispatch Officer, Headquarters Commandant's Section, at this Headquarters. Intermediate bookings will be accepted by the Captain of the plane, subject to space being available. All passengers must be in possession of travel orders made out as follows: "Travel by Italian Military Aircraft is authorized." Such orders must be issued with the authority of the Regional Commissioner, DOUAD or 8340 concerned. Two copies will be handed to the Captain of the plane for intermediate bookings. Passengers will be under the orders of the Captain of the plane during the flight and his instructions must be carried out at all times. On no account is smoking permitted in or near the planes. One day's rations will be carried by each passenger. Regional Commissioners, etc. are requested to make the necessary arrangements to meet the planes at the airfields as mentioned above, in accordance with undernoted schedules.

4. Commencing Tuesday, 15 May, with Schedule 'A', the service will continue, weather permitting, with Schedules 'A' and 'B' on alternate days.

#### Schedule 'A'.

AG 312.4/079-0

28 December 1944

SUBJECT: Abbreviations of Unit Designations.

TO : All Concerned.

1. Allied Force Headquarters letter, file and subject as above, dated 16 October 1944, and amendments thereto, dated 3 November and 24 November 1944, are rescinded. The use of non-secret short title unit designations has been discontinued. Either the full designation or an authorized abbreviation, as listed below, will be used in the heading and texts of messages to be transmitted by electrical means as well as in correspondence.

2. Reference is made to AFHQ Signal Instructions, Item 2, Section V, subject: "Submarine Cable Communications", for listing of authorized telegraphic addresses. A telegraphic address is a short meaningless word assigned currently to a civil, diplomatic, or political agency only, for use in routing traffic via commercial communication channels; whereas an authorized abbreviation is used by a military organization in lieu of the full official designation in the text of a message or in the heading when routing is in plain language by secure signal channels.

3. The list of authorized abbreviations below is not intended to include all headquarters and units in the theater. It has been restricted to those to which traffic is particularly heavy and whose designation lends itself to an intelligible abbreviation. The list must be kept short enough to permit complete familiarity by all personnel who must use it. Therefore, additions to the list will be kept to the minimum.

4. The list of abbreviations authorized to date is as follows:

Subject: Outgoing Messages.

To : See Distribution.

1. Recent analyses of signal traffic handled by Rome Area Allied Command Message Center show that the proportion of messages franked with a degree of priority is now 49%, as compared with 31.2% at the end of July. Investigation of these priority messages indicates that the rules governing the use of signal priorities are not understood by all officers in this area, since many cases of flagrant abuse have been brought to light.

2. The value of signal priorities is completely lost unless they are used with discretion and with full understanding of the consequences of misuse.

3. The following notes have been prepared for the guidance of all officers originating signal messages.

a. General

Any officer may originate a message for transmission by signal. It will be accepted by the Message Center, providing it conforms to the existing rules of procedure and is signed by the originator, who is responsible that it is sufficiently urgent to justify despatch by telegraph or wireless. Where this urgency is not justified, the message should be sent either by BIS or through the APO.

b. Priority

Messages are cleared by the Message Center in the order in which they are handed in, unless a special degree of priority is indicated by the originator. Messages will be classified in accordance with their relative urgency, as follows:-

- |     |                              |                   |
|-----|------------------------------|-------------------|
| (1) | a. Most immediate (Er)       | No US Equivalent  |
|     | b. Emergency operations (Er) | Urgent (US)       |
| (2) | Immediate (Er)               | Ops priority (US) |
| (3) | Important (Er)               | Priority (US)     |
| (4) | Other official messages      | Routine (US)      |

Precedence for messages despatched in this way will be according to the time of receipt by Signals.

Messages originated by Staff Sections of Headquarters Rome Area Allied Command will bear US degrees of priority.

c. Most immediate

Only a commander-in-chief, or his chief general staff officer, will frank a message in this way. It will be reserved for occasions of vital urgency; it gives absolute priority of despatch, not only on Army signal

R-E-S-T-R-I-C-T-E-D

systems but on those of the Allied Navies and Air Forces, and also on those controlled by the civil administration.

d. Emergency ops (Urgent)

This indication will be used only for messages of the utmost importance, having a direct bearing on operations. To be used by commanding generals, and such senior officers as may be designated.

e. Immediate (Ops priority)

The use of this indication will be limited to messages the speed of which is of special importance, as otherwise its purpose will be defeated. Unit and formation commanders not below the rank of Lt Colonel, and Grade I Staff Officers, may frank messages with this degree of priority. In urgent cases any officer may frank a message as "Immediate", but if asked to do so he will be held responsible that the urgency is sufficient to justify his action.

f. Important (Priority)

This indication will be used for those messages which require priority above ordinary official messages. Unit and Company Commanders, Adjutants and Staff Officers, may frank messages with this degree of priority.

In the event of operational emergency any officer may claim priority, provided that he can justify his action when called upon to do so by higher authority.

g. Multiple Address Messages

When preparing multiple address messages, the originator will consider each address as a separate message, and will allot priorities accordingly.

Where only one degree of priority is shown on a multiple address message, this priority will be given only to the action copies; information copies being sent routine.

The following example shows the correct method of franking multiple address messages:-

|              |                                            |
|--------------|--------------------------------------------|
| FROM:        | Rome Area.                                 |
| TO (Action): | (1) AFHQ, (2) PBS, (3) MBS.                |
| (Info) :     | (4) Disthree, (5) MOVIT, (6) IBS, (7) ABS. |

TEXT OF MESSAGE

Originator's instruction  
and degree of priority:

Immediate to (1).  
Important to (2) and (3).  
Routine to (4) - (7).

Unit and formation commanders will ensure that the attention of all officers under their command is drawn to this instruction.

Subject: Outgoing Messages.

To : See Distribution.

1. During the past few weeks several messages have been handed in to RAAC Signal Office bearing the degree of priority "Urgent", even though the contents of the messages have dealt with strictly administrative matters. The British equivalent of "Urgent" is "Emergency Ops"; this indication is only used for messages of a highly important nature having direct bearing on operations, and any misuse of this priority can only result in an increased delay in messages which are really of a very important and operational nature.

2. The following table shows the equivalent US and British degrees of priority, and every care will be taken to ensure that the appropriate indication is used. Only the following will be used.

| <u>British</u> | <u>US</u>    |
|----------------|--------------|
| Important      | Priority     |
| Immediate      | Ops Priority |
| Emergency Ops  | Urgent       |
| Most Immediate | Ops Urgent   |

3. In addition to the above equivalents, there is a further US priority "Routine", which is below "Priority" in precedence. Unless messages are specifically marked for a higher precedence they will be handled as "Routine".

By command of Brigadier General BROWN:

J. E. Cheek  
I. E. CHEEK  
Captain AGD  
Adjutant General

Field Marshal ALEXANDER assumed command in the Mediterranean theatre at 0900 hrs 12 Dec 1944 on the departure of General WILSON for United Kingdom.

With effect from 1200 hrs Saturday, 16 Dec, 1944, Lt General Mark CLARK will assume command of 5th and 8th Armies with the title of Commanding General, 15 Army Group.

At the same time, Headquarters, Allied Armies in Italy will become Headquarters, 15 Army Group.

Consequential changes in administrative organization will be put into effect a few days later. Separate instructions follow.

Number 1 District will be temporarily under command of commanding General, 15 Army Group pending issue of instructions mentioned in para 4 above.

-----

1. The instructions in this Branch letter 1904/9/G(SM) dated 25 Jul 44 are cancelled.
2. The functions of air formation Headquarters in this theatre are as follows:-
  - (a) DAF are responsible for air operations on the front of Fifth and Eighth Armies. All administrative matters for the units under their control, which are the concern of or affect Fifth or Eighth Armies, are dealt with direct between DAF (Rear) and the Army concerned.
  - (b) HQ MATAF controls DAF operationally but has no administrative link with DAF except on matters of major policy.
  - (c) HQ TAF (ITALY) is a branch of MATAF established to fulfil the function of MATAF so far as operations in ITALY are concerned.
3. The following channels of communication will accordingly be used:-
  - (a) Administrative matters formerly referred to HQ MATAF will in future be referred to HQ TAF (ITALY) CMAF (Signals TAF (ITALY)).
  - (b) Where the subject concerns DAF only, it will be referred direct to HQ DAF (Rear).
4. HQ TAF (ITALY) - telephone number TAF 27 through Advanced Filpot - will be pleased to advise any Branch as to the correct channels of communication on any administrative matter affecting British or US Air Forces.

T.O.R.

NOTES

1. Remember at all times that the telephone is not SECRET.
2. The number of long distance telephone circuits is severely restricted — be brief and clear.
3. Do not use the telephone if you can send a message. Do not send a message if you can send a letter.
4. Long distance calls may be booked with the operator. Having booked a call and you are called away, arrange for the call to be taken or cancel the booking.
5. On no occasion should the operator be held in conversation. Address enquiries or complaints to the Supervisor or Signalmaster who will take the necessary action.
6. Priority calls may be made as follows:
  - (a) « CLEAR THE LINE » by officers entitled to frank « MOST IMMEDIATE » messages.
  - (b) « CLEAR THE LINE EMERGENCY AIR » by the A.O.C., A.O.A., and S.A.S.O.Both (a) and (b) are of equal priority and neither will be cleared in favour of the other.
- (c) « PRIORITY » by officers entitled to frank « IMMEDIATE » messages.
7. In the event of operational necessity any officer may claim priority provided that he can justify his action when called upon to do so by a higher authority. Such special calls should be arranged through the Signalmaster.
8. Use the directory and ask for extension numbers whenever possible.
9. The telephone exchange name is FILPOT.

### INFORMATION

1. Any amendments concerning this directory, requests for new extensions, or the ceasing of existing extensions, should be addressed in writing to «X» Branch.
2. Faults on extensions should be reported to the Supervisor.
3. The switchboard now in use is of a new type intended to give better service. The attention of the operator is called by lifting the receiver from the cradle switch. The attention of the operator can be recalled by actuating the cradle switch slowly. When the call is terminated, please take care to see that the receiver is replaced on the switch to give the necessary «clear down» signal to the operator.

AG 312.4-1 SIG-AGM

29 February 1944

SUBJECT: Non-Secret Short Title Unit Designations.

TO : All Concerned.

Letter this headquarters, dated 9 January 1944, subject and file as above, is rescinded and the following substituted therefor:

1. The following non-secret short titles are approved for use in this Theater. These short titles are not secret code words for units, but are merely to be used for brevity in place of the full name of the organization when messages are transmitted by electrical means.

2. For uniformity and to avoid confusion, no other non-secret abbreviations or short titles will be used. The short title is to be used in the text of the message in place of the whole name of a unit or installation and are not to be used in addressing official correspondence. All new short title names or changes in non-secret short titles will be approved and announced by this headquarters.

3. For convenience, the list of Short Title Unit Designations is in two parts; Part I being the units or organizations listed alphabetically and Part II being the Short Title Unit Designations listed alphabetically.

PART I

| <u>UNIT</u>                                     | <u>NON-SECRET<br/>SHORT TITLE UNIT DESIGNATION</u> |

SUBJECT: Changes in AR 380-5 Affecting Security Classifications.

TO : All Concerned.

1. The Combined Chiefs of Staff have approved an agreement made between the American and British Services on the definition, classification, and handling of matters to be safeguarded. Procedures, names, definitions, and handling hereinafter set forth are to be put in effect by all War Department Offices and United States Army Headquarters at 0001Z, 15 March 1944.
2. Instructions to the same effect are being issued for the same effective date to the United States Navy and to the British Armed Forces.
3. It is contemplated that a complete revision of Army Regulations 380-5, embodying all the details of the agreement, will be printed and distributed by the War Department on or about 1 April 1944.
4. From 15 March 1944 to date of receipt of AR 380-5 revision, the policy hereinafter outlined will be followed by all concerned. No change in the classification of existing documents is necessitated by this agreement.

COMBINED SECURITY CLASSIFICATIONS AGREEMENT

5. Need for Classification. - To safeguard official matter, it must be examined and graded into categories so that it may be recognized and accorded proper handling. To grade matter accurately and uniformly, the following general policy and definitions have been agreed upon by the Combined Chiefs of Staff to become effective 15 March 1944. The detailed instructions based thereon will be issued by the several services concerned not later than 1 April 1944.

6. Definitions. - For the purpose of agreement, the following definitions apply:

- a. Documents - Any form of recorded information.
- b. Material - Any article, substance, or apparatus.
- c. Handling - Care in transmission and custody.
- d. Distribution - Extent of actual or authorized issue of specific matter.
- e. Cryptographic System - Code and/or cipher and instructions therefor.

Ltr, Hq Natouan, AG 380.01/435 -O,  
dtd 2 March 1944, (cont'd).

f. Registered Matter (Document) - Any classified document or device registered usually by number and periodically accounted for.

g. Order of Battle - Important dispositions of our forces with the identities of the units and formations composing those forces in or adjacent to operational theaters.

h. Munitions of War - Any item used for war.

7. Categories. - Official matter requiring classification shall be examined and graded under one of the following categories:

- a. Top Secret (Signal abbreviation TOPSEC)
- b. Secret
- c. Confidential
- d. Restricted

8. The United States regards TOP SECRET as a subdivision of SECRET. On the other hand, the British regard TOP SECRET as a distinct category. Although this difference of view is recognized, it is immaterial to this agreement under which working uniformity is obtained by the adoption of agreed definitions, examples, and rules of treatment, for the handling of all classified matter.

9. Providing the following definitions and rules for handling are mutually accepted and rigorously implemented, the difficulties can be overcome.

10. Top Secret. - Certain secret documents, information, and material, the security aspect of which is paramount, and whose unauthorized disclosure would cause exceptionally grave damage to the nation shall be classified TOP SECRET.

11. The following are some examples of matter which will normally be graded TOP SECRET:

- a. Plans or particulars of future major or special operations.
- b. Particulars of important dispositions or impending moves of our forces or convoys in connection with a. above.
- c. Very important political documents dealing with such matters as negotiations for alliances and the like.
- d. Information of the methods used or success obtained by our Intelligence Services and Counter-Intelligence Services or which would imperil secret agents.

dtd 2 March 1944, (cont'd).

e. Critical information of new and important munitions of war, including approved scientific and technical developments.

f. Important particulars of cryptography and cryptanalysis.

12. Secret. - Documents, information, or material, the unauthorized disclosure of which would endanger the national security, cause serious injury to the interests or prestige of the nation, or any governmental activity thereof, or would be of great advantage to a foreign nation shall be classified SECRET.

13. The following are some examples of matter which will normally be graded SECRET:

- a. Particulars of operations in progress.
- b. Plans or particulars of operations not included under TOP SECRET.
- c. Instructions regarding the employment of important new munitions of war.
- d. Order of battle information and locations and moves affecting the order of battle.
- e. Knowledge of enemy materiel and procedure, the value of which depends upon the enemy not knowing that we possess it.
- f. Vital military information on important defenses.
- g. Certain reports of operations containing information of vital interest to the enemy.
- h. Adverse reports on general morale affecting major operations.
- i. Important improvements to existing munitions of war until accepted for service.
- j. Photographs of vulnerable points or vital installations under our control.
- k. Certain development projects.
- l. Important cryptographic devices unless assigned to a lower category.

14. Confidential. - Documents, information, or material, the unauthorized disclosure of which, while not endangering the national security, would be prejudicial to the interests or prestige of the nation, any governmental activity, an individual, or would cause administrative embarrassment, or difficulty, or be of advantage to a foreign nation shall be classified CONFIDENTIAL.

Ltr, Hq Natouan, AG 380.01/435 -O,  
dtd 2 March 1944, (cont'd).

15. The following are some examples of matter which normally will be graded CONFIDENTIAL:

- a. Matters, investigations, and documents of a personal and disciplinary nature, the knowledge of which it is desirable to safeguard for administrative reasons.
- b. Routine operational and battle reports which do not contain information of vital interest to the enemy.
- c. Routine Intelligence reports.
- d. General military radio frequency allocations.
- e. Military call signs, unless so collected together that they reveal the order of battle.
- f. Meteorological information of designated areas.
- g. Unit movements of non-operational significance in area within or adjacent to operational theaters.
- h. Certain technical documents and manuals used for training, maintenance and inspection of important new munitions of war.
- i. General tactical lessons learned as a result of operations.
- j. Aerial photographs of territories under our control in or adjacent to operational theaters.

16. Restricted. - Documents, information, or materiel (other than TOP SECRET, SECRET, or CONFIDENTIAL) which should not be published or communicated to anyone except for official purposes shall be classified RESTRICTED.

17. The following are some examples of matter which will normally be graded RESTRICTED:

- a. Information of moves of non-operational significance in areas remote from theaters of war.
- b. Training and technical documents for official use only or not intended for release to the public.
- c. Certain routine documents relating to supply and procurement.
- d. Aerial photographs of territories under our control remote from operational theaters.

Ltr, Hq Natouse, AG 380.01/435 -0  
dts 2 March 1944, (cont'd).

c. Photographs of enemy, enemy occupied or dominated areas except those which reveal secret sources.

f. Strength returns of units remote from operational theaters.

GENERAL PRINCIPLES

18. Grading. a. The designation of persons responsible for grading and regrading will be a function of the proper authorities.

b. Each document should be graded according to its own content and not necessarily according to its relationship to another document. This also applies to extracts from graded documents.

c. The grading of a file or group of physically connected documents shall be that of the highest graded document therein.

19. Regrading. - It is the obligation of all authorities to keep classified matter constantly under review and to downgrade it as soon as conditions permit.

20. Transmission of Certain Messages by Electrical Means. - Messages which have been transmitted or are to be transmitted in a high grade cryptographic system of one nation will not be relayed or transmitted by the other nation between point of origin and destination by electrical means in clear language or unapproved "scrambler" system, or low-grade cryptographic system.

21. Handling (Treatment). - No person is entitled solely by virtue of his rank or position to acknowledge possession of classified matter. Such matter is entrusted only to those individuals whose official duties require such knowledge or possession.

22. SECRET. - Secret matter will be handled in accordance with the following rules:

a. The highest grade cryptographic systems available will be used for the transmission of secret messages.

b. Secret documents will be transmitted only by officially designated courier in double sealed envelopes, the inner one being marked SECRET, and will be opened only by the addressee or his authorized representative. Where officially designated courier service is not available, secret documents may be transmitted by registered mail service or mail service superior to registered mail service, if the service is completely within national control.

c. Transmission and custody of these documents and material will normally be covered by a receipt system and registered documents and material periodically accounted for. It is mandatory that registered documents be covered by a receipt system.

d. Secret messages will not be transmitted by electrical means in the clear, except over approved circuits and providing the rule in paragraph 20 is not violated.

NOTES: (1) An approved circuit is a circuit approved by the Theater Commander

U. S. RESTRICTED  
(Equals British Restricted)

dtd 2 March 1944, (cont'd).

or the British Services "Defense Teleprinter Network" in the  
United Kingdom.

- (2) This item will not appear in United States regulations on  
cryptographic security. It will be released immediately to  
responsible commanders in special letters of instruction.

c. It is the responsibility of the commissioned officer or equivalent  
civilian holding custody of secret documents to insure that all security precau-  
tions are taken to guard such documents at all times.

23. TOP SECRET. - Top Secret matter will be handled in accordance with the  
above rules with additional safeguards as follows:

- a. Under no circumstances will such matter be transmitted by registered  
mail.
- b. Under no circumstances will messages so graded be transmitted by  
electrical means in the clear.
- c. It is mandatory that transmission and custody of such matter be  
covered by a receipt system.
- d. TOP SECRET documents will be handled only <sup>by</sup> persons specifically desig-  
nated and may not be disclosed to any person solely by virtue of his rank or office.

24. CONFIDENTIAL. - Confidential matter will be handled in accordance with  
the following rules:

- a. CONFIDENTIAL documents, except registered, will be transmitted by  
approved official means. Registered confidential documents will be handled in the  
same manner as registered secret documents.
- b. It is the responsibility of the commissioned officer or equivalent  
official holding custody of CONFIDENTIAL documents to insure that proper appropriate  
security precautions are taken at all times.

25. RESTRICTED. - Restricted matter will be handled in accordance with the  
following rules:

- a. Restricted documents will be transmitted by such approved channels  
as will provide a reasonable degree of security.
- b. Registered restricted documents will be transmitted to and from  
foreign countries in the same manner as registered secret documents.

SECRET

HQ 2 District GEF

2106 G

Dec 42

1 The attached Distribution List is forwarded to you for ready reference and assistance in addressing correspondence and signals.

2 Its objects are:-

- To bring to the eye easily all who may be concerned in the matter in question.
- To shorten the labour of writing out addresses in full on drafts - the serial numbers are used, and the typists have a corresponding list to work off.

3 It will be understood that this list has no official significance, it is only to help. For instance WMIA are included in List 1, NOT because they are under cond, but because they will, in G, usually be a direct addressee.

4 It will be appreciated if others will help to keep this list up to date.

5 It will be noted that, as this is prepared for G's own use, G is NOT included on our INTERNAL lists, and it is requested that this is borne in mind in other branches' distributions.

SUBJECT :- (a) Telegraphic Addresses.  
(b) Signal Addresses.  
(c) Telephone Code Names.

CONFIDENTIAL

H.Q. 15 Army Group,  
C.M.F.

18/11/43 (304).

1. In order to clear up confusion which has arisen as to the correct use of the above addresses and names, a definition and explanation of use of each type are contained in the following paragraphs. The instructions included will be strictly followed by all concerned.

2. Telegraphic Addresses.

(a) There are War-Secret addresses registered with Civilian Cable and Wireless Commission, for use over their communication channels. They are registered only for addresses for which communications may have to be transmitted over civilian channels.

(b) As telegraphic addresses are used only by intercommunication personnel, they are not fitted to organizations or Signal messages.

(c) Applications for a War-Secret address will be submitted to this H.Q. The application will contain a suggested address, not over 15 nor less than 6 letters in length, followed by the geographical location.

(d) Registration of an approved address with civilian agencies will be carried out by A.M.H.Q. and the date on which it may be taken into use will be notified to the Signal authorities concerned.

(e) When a War-Secret address location and cannot be served by the existing telegraphic address, an application will be made requesting cancellation of the address and the registration of a new one.

3. Signal Addresses.

(a) A Signal address is War-Secret and consists of a simple code word, usually bearing correspondence in formulation or spelling to the full title of the H.Q. It is an abbreviated address for use by originators of Signal messages in place of the full title, where the latter is lengthy or confusing.

(b) Appendix 10 shows existing signal addresses which have been authorized by A.M.H.Q. References to the Appendix will be notified as they occur.

(c) Signal addresses will not in any circumstances be used in lieu of Army-Secret code words allotted for a special purpose to corresponding H.Q. or units.

(d) Signal addresses will, on the title implied, be used only on Signal messages. No abbreviations other than those authorized will be used for the H.Q. concerned.

(e) Application for allotment of a Signal address will be made to this H.Q. and will contain a suggested address.

4. Telephone Code Names.

mitted over civilian channels.

(b) As telegraphic addresses are used only by intercommunication personnel, they are not a threat to originators of Signal messages.

(c) Applications for a suggested address will be submitted to this H.Q. The application will contain a suggested address, not over 15 nor less than 6 letters in length, followed by the geographical location.

(d) Registration of an approved address with civilian agencies will be carried out by H.Q. and the date on which it may be taken into use will be notified to the appropriate authorities concerned.

(e) When a H.Q. changes location and cannot be served by the existing address and the registration will be made requesting cancellation of the address and the registration of a new one.

### 3. Signal Addresses

(a) A Signal address is non-secret and consists of a simple code word, usually bearing some relation in formulation or spelling to the full title of the H.Q. It is an abbreviated address for use by originators of Signal messages in place of the full title, where the latter is lengthy or confusing.

(b) Appendix A shows existing signal addresses which have been authorized by H.Q. Applications for the Appendix will be notified as they occur.

(c) Signal addresses will not in any circumstances be used in lieu of Army secret code words allocated for a special purpose to corresponding H.Q. or units.

(d) Signal addresses will, as the title implied, be used only on Signal messages. No abbreviations other than those authorized will be used for this H.Q. and will contain a suggested address.

(e) Applications for allotment of a Signal address will be made to this H.Q. and will contain a suggested address.

### 4. Telephone Communications

(a) These are allocated to the Main H.Q. and installations, down to American formations.

(b) They are non-secret and intended only for use in telephone communication, to facilitate routing of calls by exchange operators. (When the telephone code word is used as the Signal address, it may, of course, be used for both purposes.)

(c) In no circumstances may a telephone code word be used as an identification of a H.Q. or unit over radio communications.

(d) Symbols are shown the current telephone code words of Main H.Q. and installations. These will be issued as they occur.

5. Surplus code words are allocated for distribution to all Branches and Signal units at your H.Q. Requests, as required, will be made for the use of junior formations.

12 Dec 45.

1. Herewith one copy of AFHQ Signal Instruction No 92 dealing with Telegraphic Addresses.

T.O.O. 1630 A.

GSAP/RHF

*Aggett*  
Colonel,  
Chief Signal Officer.

ALLIED FORCE HEADQUARTERS

20 November 1943

SIGNAL INSTRUCTION)

HUNTER 92 )

Subject: Registered Telegraphic Addresses.

1. This Signal Instruction is effective 200001Z November 1943.

2. a. Registered Telegraphic Addresses (commonly referred to as Cable or Telegraphic Addresses) are for use where civil communication agencies are employed in handling military messages.

b. This type of address is a short form of delivery instructions for use via civil communication channels, in order to reduce the cost of the message and to establish the location of the headquarters with the civil agencies.

c. Registered Telegraphic Addresses are used by the civil and military communication agencies in handling military messages by commercial channels and are not intended for use within the text of military messages as reference to certain headquarters.

d. Registered Telegraphic Addresses have NO SECURITY.

3. a. Application for a Registered Telegraphic Address in this theater will be submitted to this Headquarters. This application will contain a suggested word, not over 15 letters in length nor less than 6 letters, followed by the geographical location.

b. The word will be submitted to the Interservice Signal Board, London, to prevent duplication and for approval.

c. Upon receipt of the approval, the commercial agencies will be notified by this Headquarters, after which the Registered Telegraphic Address may be used.

4. When a military headquarters changes location and cannot be served by its Registered Telegraphic Address, cancellation should be requested and a new Registered Telegraphic Address applied for, as outlined in paragraph 3.

1 8 1 2

Declassified E.O. 12356 Section 3.3/NND No. 785020

5. The most widely used Military Registered Telegraphic Addresses in this theater are attached as Appendix "A".

By command of General EISMOWER:

W. D. SMITH  
Major General, General Staff Corps  
Chief of Staff
