of 4 NOV.

1. Attached is the syllabus for the Regimental Signalling Course, which it is proposed to start on 18 November at NOCERA INFERIORE.

The syllabus has been produced by combining the existing Infantry and Artillery Signals courses. Certain changes have, however, been made, i.e., more time has been allotted to Line Laying and Morse Instruction, and the Wireless Sets Nos. 11 and 21 have been included in the syllabus. The duration of the course will be three weeks.

2. It is requested that another course for Signals personnel from the Genio Bn be commenced on 18 November at the School, the syllabus of this course to be similar to the one at present running.

3. The position as regards courses for Instrument Mechanics will be investigated by Capt. Pilkington when he visits the School in the near future. It is essential that the training of Instrument Mechanics is continued, as in view of the large quantity of wireless within a Group the finding and training of Instrument Mechanics must be given a high priority.

4. Allocation of vacancies in these courses will be as under:-

(a) Signals Course (Genio)

20 students from LEGNANO

20 students from FOLCORE

(b) Regimental Signalling Course

20 Infantry personnel and 20 Artillery personnel from LEGNANO

20 Infantry personnel and 20 Artillery personnel from FOLCORE

Subject: Report on Practical Sanitation Course at
C.M.T.C.

The first course on practical sanitation for the Italian Army has been carried out at the School of Hygiene C.M.T.C. from 9.5.48 to 16.10.48.

Two squads of 14 men each, belonging to Cremona & Friuli Divisions, have attended the course.

Each squad was trained by a Med Officer.

Object of the Course

The object of the course was to instruct, W.E. men & men, on hygiene action to be taken in units in the field, to prevent the starting and spreading of diseases.

As it has been lectured by Lt. Col. Westlake, Commandant of the British Hygiene School, at the beginning of the course, that soldiers must fight and should not be admitted in hospitals and be mentioned as well that casualties in wars are greater due to diseases than wounds.

The programme of the course

Due to the necessity of having mainly practice in this course, the programme comprised 9 lectures and a number of exercises and practical illustrations, repetitions and general repetitions. The following subjects have been treated:

P.T.O.

A number of puppets have completed the demonstrations and illustrations of simple subjects.

The pupils were very keen in learning and considering their minor education (3rd C.S. elementary class) the result was great.

This was noted especially on the grounds near they had to improve. Following the construction of a model camp latrine, with automatic opening and closing, completed by one of the "Gnomes" segment, the British instructors of the school have added to list of the used. Officers training the squads, to improve them where such constructions are completed in order to experiment and put into practice the results.

Results of the Course - Examinations confirmed the excellent results obtained by the pupils attending the course.

The Commandant of C.M.C. Hygiene School, Officers and NCOs instructors, have several times expressed their satisfaction in the results obtained on this first course, affirming that the Chinese pupils have been more keen than any other nationality pupils, not excluding British pupils.

To confirm the above statement a copy of the lecture by Lt. Col. Montague (M.O.) is enclosed.

Remarks - According to what has been stated above and stated by the Commandant of the school, it is understandable that these instructors, that had just left the school and those that will be found during the next two courses, be given the maximum assistance by staff

Results of the Course - Examinations confirmed the excellent results obtained by the pupils attending the course.

The Commandant of C.M.C. Higgins School, Officers and NCOs instructors, have several times expressed their satisfaction in the results obtained on this first course, affirming that the students pupils have been more keen than any other nationality pupils, not excluding British pupils.

To confirm the above statement a copy of the lecture by Lt. Col. Montague (M.O.) is enclosed.

Remarks: According to what has been several times undertaken by the Commandant of the school, it is indispensable that these instructors, that had just left the school and those that will be formed during the next two courses, be given the maximum assistance by senior commanders in order that they may be able to teach what they have learnt, which is of great importance because it assists in the physical fitness of the soldiers and helps to give a high moral and fighting spirit.

Practical Sanitation, Course No. 1 (Hohen Army).

Closing Lecture by Lt. Col. Mordue, Commandant,
CPTC Hygiene School.

I cannot let you go without leaving a
last word with you.

The first time I lectured you, I told you
that you had come to learn how to avoid
diseases and to wear your units how to avoid
their spreading when this could be made possible.

It is born in mind, however, that you
worked hard and obtained benefit of that course.
Now it is up to your commanders to assist you in
order that you may carry out your duties and help
the unit in preventing diseases.

Do not believe that you have a
complete knowledge in that line. You must continue
your studies, learn and never give up in the event
you face a problem of difficult solution. In the
field, you are always requested to improve
intelligently and always try to obtain better
results, even in difficult weather conditions, stress
and work, etc.

I have the pleasure to thank you all
personally and on behalf of the instructors, for the
interest and collaboration shown during this week.
I also appreciate the work done by your interpreters.
They too had contributed largely to the success of

I am sure that your time was not wasted and the results is a benefit for your unit as well as for your relations with the colored armies.

OGGETTO: Relazione sul Corso di Misure Sanitarie Pratiche presso il
C.M.T.C.

Dal 9 al 14 c.m. è stato tenuto presso il C.M.T.C. il primo Corso per l'Esercito Italiano sulle Misure Sanitarie Pratiche, a cura della Scuola di Igiene di detto C.M.T.C.

Al Corso hanno partecipato due squadre di allievi, di 14 uomini ciascuna, appartenenti ai Gruppi di Combattimento "Vremona" e "Friuli".

Un ufficiale medico accompagnava ciascuna squadra.

SCORO DEL CORSO - fornire un minimo di cognizioni pratiche a sottufficiali, graduati e militari di truppa sui provvedimenti igienici da prendersi presso reparti in campagna, allo scopo di prevenire l'insorgere ed il diffondersi di malattie infettive ed epidemiche.

Ciò - come ha sottolineato nel suo indirizzo di apertura il T. Col. Medico Martine, Comandante la Scuola Inglese di Igiene, - perché i soldati debbono combattere e non essere ricoverati in ospedale e, perché in ogni guerra, il numero delle perdite a causa di malattie supera notevolmente quello delle perdite in seguito a ferite.

ANDAMENTO DEL CORSO - Il programma, dato il carattere essenzialmente pratico del corso, è consistito in nove lezioni in aula e in numero se esercitazioni ed illustrazioni pratiche, ripetizioni e ripetizioni generali.

Gli argomenti trattati sono stati:

- 1) Il soldato e le malattie;
- 2) La mosca e le malattie che essa diffonde;
- 3) Eliminazione degli escrementi;
- 4) Smaltimento dei rifiuti;
- 5) Eliminazione delle acque di rifiuto;
- 6) Il pidocchio e le malattie che esso diffonde;
- 7) Manutenzione delle installazioni sanitarie in campagna;
- 8) Diffusione delle malattie dagli escrementi;
- 9) Igiene personale ed efficienza fisica del soldato.

Alcune proiezioni hanno completato l'esposizione e l'illustrazione dei singoli argomenti.

Al Corso hanno partecipato due squadre di allievi, di 14 uomini ciascuna, appartenenti ai Gruppi di Combattimento "Vranona" e "Friuli".

Un ufficiale medico accompagnava ciascuna squadra.

SCOPO DEL CORSO - fornire un minimo di cognizioni pratiche a sottufficiali, gradinati e militari di trupa sui provvedimenti igienici da prendersi presso reparti in campagna, allo scopo di prevenire l'insorgere ed il diffondersi di malattie infettive, epidemiche.

Ciò - come ha sottolineato nel suo indirizzo di apertura il Col. Medico Martins, Comandante la Scuola Inglese di Igiene, - perché i soldati debbono combattere e non essere ricoverati in ospedale, perché in ogni guerra, il numero delle perdite a causa di malattie supera notevolmente quello delle perdite in seguito a ferite.

ANDAMENTO DEL CORSO - Il programma, dato il carattere essenzialmente pratico del corso, è consistito in nove lezioni in aula e in numerose esercitazioni ed illustrazioni pratiche, ripetizioni e ripetizioni generali.

Gli argomenti trattati sono stati:

- 7) Manutenzione delle installazioni sanitarie in campagna;
- 8) Diffusione delle malattie dagli escrementi;
- 9) Igiene personale ed efficienza fisica del soldato.

Alcune proiezioni hanno completato l'esposizione e l'illustrazione dei singoli argomenti.

Gli allievi hanno seguito con crescente interesse lo svolgersi delle lezioni, e, malgrado il livello medio culturale della massa piuttosto basso, (3a, 5a classe elementare), con ottimo profitto.

Interesse e profitto ed sono rilevati specialmente nel campo delle improvvisazioni con materiali di circostanza; in proprio eito, in seguito alla costruzione di un modellino di latrina da campo ad apertura e chiusura automatiche, effettuata da uno dei componenti la squadra del G.O. "Grenone", i dirigenti della Scuola inglese hanno chiesto ai due ufficiali medici accompagnatori delle squadre di essere informati ed i qual volta iniziative del genere siano realizzate, onde poterne sperimentare ed applicare i risultati.

RISULTATI DEL CORSO - Gli esami hanno confermato l'ottimo profitto che gli allievi hanno tratto dal corso.

Il Comandante la Scuola d'Igiene del C.M.I.O. gli ufficiali ed i sottufficiali istruttori hanno ripetutamente espresso la loro viva soddisfazione per i risultati di questo primo corso per gli italiani, i quali, secondo le loro espressioni, hanno dimostrato nello apprendere migliori attitudini degli allievi di altre nazionalità, non esclusi gli stemoni inglesi.

A conferma di quanto sopra, si allega copia dell'indirizzo di salvezza del Ten. Col. Medico Martine.

OSSERVAZIONI - Secondo quanto è stato ripetutamente sottolineato da parte del Comandante e degli istruttori della Scuola inglese, indispensabile che gli istruttori ed i pratici usciti dal primo corso di Benevento e quelli che ne usciranno nei prossimi due corsi, possano rispettivamente divulgare ed applicare quanto appreso, e, pertanto, che sia loro accordata la massima assistenza da parte dei Comandi di reparti e di Unità nello svolgimento del loro compito di altissima importanza, in quanto, provvedendo al benessere fisico del soldato contribuisce largamente a tenerne alto il morale e lo spirito combattivo.

CORSO SULLE MISURE SANITARIE PRATICHE N. 1 (ESERCITO ITALIANO)

Indirizzo di chiusura del Ten. Col. Martine, Comandante la Scuola di Igiene del C.M.F.C.

Non posso lasciarvi andar via senza rivolgermi a voi ancora una volta?

La prima volta che vi ho parlato, vi dissi che eravate venuti qui per apprendere i metodi di prevenzione delle malattie per mettere le vostre formazioni in condizioni di evitare spreco di potenziale umano, in seguito a malattie che possono essere evitate.

Ritengo che voi abbiate lavorato intensamente e che abbiate tratto profitto dalla istruzione ricevuta. Tocca adesso ai vostri comandanti di darvi la possibilità di tradurre in pratica le vostre cognizioni ed a voi di dare la vostra opera a tutte le formazioni delle vostre unità per la prevenzione delle malattie.

Non crediate di sapere tutto ciò che deve essere conosciuto in materia di misure sanitarie in campagna. Dovrete continuare i vostri studi, apprendere a provvedere da voi stessi e non cedere mai, se vi troverete di fronte a problemi di difficile soluzione. Al campo si richiedono sempre intelligenti improvvisazioni, perché ci si deve sforzare sempre di ottenere i migliori risultati, anche in caso di gravi difficoltà di clima, materiale e lavoro, ecc.

Ho infine il piacere di ringraziare voi, personalmente ed attraverso i miei insegnanti, per l'interesse e la collaborazione che avete dimostrato durante questa settimana. Desidero inoltre sottolineare il mio apprezzamento per il lavoro fatto dai vostri interpreti. Essi hanno avuto ed in non piccola misura la loro parte nel successo riportato da questo corso.

Ho fiducia che il tempo di ciascuno sia stato bene speso e che ne risulti un beneficio sia nei confronti del vostro esercito, che nei vostri rapporti con gli eserciti alleati.

Avanti e buona fortuna!

Copy to HQ MIA.

RASC Trg Dep.
TD/TS/68.
24 Oct 44.

A report on the above course which terminated on 20 Oct 44 is submitted herewith.

(a) Officers Course.

- (i) This course was not as satisfactory as the previous course, the Officers not showing as much enthusiasm or keenness although their apparent lack of attentiveness was to a certain extent deceptive.
- (ii) The Officers comprising this course included neither the OC nor the Supply Officer of the Sp Pl and it is hoped that these two Officers may be able to attend a later course as it is considered that the young Officers who attended the course will need considerable supervision by an older Comd to ensure efficient training of the unit.
- (iii) The 2 i/c Capt Corvini was not outstanding but seems to have grasped the main essentials without retaining the detailed application of the principles.
- (iv) 2/Lt Chiesa showed more than average intelligence and this Officer was undoubtedly the best on the course. 2/Lt Bedini also showed promise. Unfortunately Lt Tamburini missed the last two days due to sickness.
- (v) Although this report is not wholly favourable it is stressed that the Officers may have taken in more than they seemed to and in fact some of the answers to snap questions were quite satisfactory.

(b) NCOs Course.

- (i) This was a successful course and the interest shown by the students increased as the course proceeded.
- (ii) As with the previous courses it is difficult after such a short course, to submit individual reports in detail but the following table may prove helpful as it shows which of the students were outstanding and also which of them are able to drive.

It will facilitate the instruction of 2nd, 3rd and any subsequent courses if S. Ten. BOUET Rodolfo, S.M.R.E. be appointed again as Interpreter. His knowledge of the English language is excellent, and though not a Medical Officer proved vastly superior to the Medical Officer Interpreter - Ten. BERNARDI Giuseppe, S.M.R.E., who tried hard, but has not the knowledge of English to qualify him as an Interpreter.

Continuity when dealing with a technical subject is absolutely necessary and as S. Ten. BOUET has been through a complete course doing the work of two interpreters, and has the experience of this school's method of instruction, I ask that strong representations be made to DMT that he be detailed.

1. 4 Officers and 54 ORs from LEGNANO Division and 3 Officers and 56 ORs from FOLGORE Division commenced training for OFF Duties on 27/9/44.
2. Clerks and Storemen have received training in their duties in an OFF and W/Shops Stores Section. The practical scheme carried out during the last 2 days of the course was quite successful. Personnel for Divisional Dump received special lectures in addition to the Clerks and Storemen Course. All HQ Storemen stated they were able to drive but 7 from LEGNANO Division failed the driving test and will have to be replaced from the other half of the Division which arrived here on 14/10/44.
3. Drivers IC, Storemen/Drivers and Motor-Cyclists received instruction in maintenance of their vehicles. All Officers and Drivers received instruction in Road Movements and Convoy Work.
4. Provisional allocation of personnel against the W.E. was made but will have to be re-viewed when the training of the second half of these OFFs has been completed.
5. The course dispersed on 14/10/44 and has been replaced by the second halves of the LEGNANO and FOLGORE Gruppi di Combattimento OFF.

1. It is desired to have a course for 2 Officers and 50 OR's of the Mechanical Engineer's Platoon of both MANTOVA and PIGNO Groups on the lines of those held for the first four groups.

2. It is understood that No 1 ABW could not run a course on the date proposed (28 October - 11 November) owing to reorganisation. Is it possible, therefore, for both courses to be held at 12 ABW, one from 28 October - 11 November, the second from 13 November to 2 December?

1. I find that my commitments on the Ammunition Wing will allow me to undertake the training of the MANTOVA and PICENA Groups concurrently.
2. Will you please arrange for them to report on 18 November to commence training on 20 November. The course will last until 9 December.
3. The Ammunition Wing will probably have moved to a new location at 16 B.A.D. by then but I will keep you in touch.

REPORT ON THE SECOND OF THE COURSES FOR ITALIAN OFFICERS AND NCOs.

OFFICERS.

1. The Officers on this course were of a different class to those on the preceding one, being smarter in appearance and showing intelligent attentiveness during the Lectures and Demonstrations.
2. The OC of the Company Lt Col Valentine was persistent in asking questions about any point on which he was not absolutely clear and by repetitions of the general principles finished the course with a good knowledge of all the main subjects dealt with during the course. It is considered that this Officer being a man of forceful personality will be invaluable in the efficient training of his unit.
3. The 2IC Captain Althamescorulo although of quieter disposition was quick to grasp the fundamental principles of replenishment and should be of assistance to his Company Commander in training the unit.

N.C.O.s.

1. This course contained much good material for training the men being of a very good type.
2. Almost without exception they showed keenness and interest in the course, and the questions put to the Instructors were sensible and relevant. Generally speaking satisfactory progress was made during the short period of the course.
3. It is difficult to submit individual reports in detail after such a short course but the following may be mentioned.
 - (a) Sjt Cimbrì Umberto proved the most capable NCO on the course.
 - (b) Sjt Major Duongiorno Angelo proved to be a good Motorcyclist.
 - (c) The following also did well on the course.
Sjt Major Farino Antonio.
Cpl Dalla Maestra Angelo.

H.C.O. 5.

1. This course contained much good material for training the men being of a very good type.
2. Almost without exception they showed keenness and interest in the course, and the questions put to the instructors were sensible and relevant. Generally speaking satisfactory progress was made during the short period of the course.
3. It is difficult to submit individual reports in detail after such a short course but the following may be mentioned.
 - (a) Sjt Ciebri Umberto proved the most capable NCO on the course.
 - (b) Sjt Major Buongiorno Angelo proved to be a good Motorcyclist.
 - (c) The following also did well on the course.

Sjt Major Farino Antonio.

Ref visit Major HEGGIE and your S/9/29/10 dated 29 Sep 44.

1. Courses in Military Hygiene for personnel of the Italian Combat Groups have been arranged at the School of Hygiene CMTC, as follows :-

Course 1 - 9 to 14 Oct. Course 2 - 30 Oct to 4 Nov. Course 3 - 13 to 18 Nov.

2. Each course will be for two officers and 28 ORs. Students will assemble the day before the first day of the course, i.e., Course 1 - 8 Oct, course 2 - 29 Oct, course 3 - 12 Nov.

3. It is understood that arrangements are already in hand regarding the attaching of interpreters to the School of Hygiene.

4. It is regretted that Course No. 2 could not be run on the dates you suggested. These dates had to be altered in order to fit in with existing courses at the School.

Further to this Directorate's DMT/113/5/MT.2 dated 2 May and 10 Jun 44 (not to all).

1. Attached at Appendix "A" is a list showing the correct nomenclature for all types of ammunition and explosives normally held in this theatre. Please use these designations when making requests for trg ammunition.
2. Certain natures of ammunition are N/A for training purposes, or are in short supply and the fact that they are included at Appendix "A" does not necessarily mean that they are available for issue to training establishments.
3. Demands for special releases of ammunition will NOT normally be met by "Q" Maint JWHQ. The majority of these are for ammunition which with a certain amount of foresight, could have been included in the normal monthly demand.
4. All requirements for training ammunition for one month will reach this Directorate by 15th of the preceding month.
