Ref: SEME/21.

22 Feb 45.

Reference your signal SS 608 dated 29 Jan 45 and further to my even number dated 21 Jan 45.

1. It was arranged in the a/q letters for Courses to be conducted at this School for Italian military personnel for Vehicle Mechanics for periods of four weeks and for Gun Fitters for periods of two weeks.
2. The Course for Gun Fitters finished on 17 Feb 45, and the personnel are still awaiting collection.
Furthermore, no other candidates arrived to continue the courses. It was agreed that these courses would run concurrently. It is pointed out that this failure to collect personnel or send others to continue the courses seriously affects the programmes laid down for this School.
3. The present course for Vehicle Mechanics will be completed on 3 Mar 45, and the personnel will be available for collection on 4 Mar 45.
A further course is being prepared to carry on and commence on 5 Mar 45: Students to arrive on 4 Mar 45.
If it is the intention to continue these courses, will you please arrange for the transportation of personnel on this date.
4. Arrangements for courses for Gun Fitters have been made, and can be continued, to commence at fortnightly intervals on any Monday.
5. Will you please notify this School in advance of any arrangements you may make.

I should be grateful if arrangements could be made to send those soldiers who are to be Gun Fitters on the permanent establishment of the Depot on a RESE course as soon as possible. The equipment should have already arrived and is fortunately for Drill Purposes only. It will however be necessary to have trained Gun Fitters before the firing equipment arrives.

G-2 Training

Subject : Training of Intelligence Personnel in the new Italian Group.

L. The following are the salient conclusions reached in my interview with Colonel Pilsley of M.M.I.A.

(a) Intelligence courses organized by the body recently known as S.I.M. are not suitable for intelligence officers in the field and cannot be considered in any way a substitute for the specialized training which these officers require.

There is nothing useful to be gained by attempting to combine or even co-ordinate instruction by S.I.M. with any training which may be organized within 15 Army Group for intelligence personnel in the Group.

Accordingly M.M.I.A. will guide S.I.M. not to attempt to give any wider instruction than that likely to be required by the sort of personnel that they themselves operate nor to attempt to extend their clientele to intelligence personnel in Italian field units.

(b) The need for training intelligence personnel already in the Group and also personnel suitable for ultimate intelligence employment in the Group was recognized.

It was explained that a beginning has already been made and that 15 Army Group, through 8 Army, are prepared to organize this.

M.M.I.A. considered that distance and transport difficulties made the AFHQ G-2 Training School a not altogether suitable place for any courses which it may later be desirable to organize. An Italian "Albergo" is however being set up near 20,000 and 15 Army

1. The following are the salient conclusions reached in my interview with Colonel Pidalety of M.M.I.A.:

(a) Intelligence courses organized by the body recently known as S.I.M. are not suitable for intelligence officers in the field and cannot be considered in any way a substitute for the specialized training which these officers require.

There is nothing useful to be gained by attempting to combine or even co-ordinate instruction by S.I.M. with any training which may be organized within 15 Army Group for intelligence personnel in the Gruppi.

M.M.I.A. considered that distance and transport difficulties made the AFHQ G-2 Training School a not altogether suitable place for any courses which it may later be desirable to organize. An Italian "Aldershot" is however being set up near MADDONA and M.M.I.A. are prepared to arrange accommodation and all administrative requirements provided that advance information regarding numbers, dates and so on is given through the office of D.M.I. (Brigadier Kendal) M.M.I.A.

D.M.T. "Ington" AFHQ.
Instructors and any special material will of course have to be found for such purposes and G-2 AFHQ are prepared to arrange for the 8 Army training team to be reinforced from the G-2 Training School provided that dates can be settled in advance.

(c) Regarding proposed changes in present Italian intelligence appointments M.M.I.A. were ready, on my confirming the need, to put up to the War Ministry the desirability of changing the G.S.C. III I of the Cremona Group.

Done.

CONFIDENTIAL
CONFIDENTIAL

They do however point out that it is desirable in such cases, if possible, to settle such matters direct with the Gruppo Commander. This is more palatable to Italian susceptibilities. M.M.I.A. will nevertheless intervene with the War Ministry in the case of any genuine difficulty.

2. At our recent conversation at 3 Army (Brig. Hirsch - Lt. Col. Prater - Col. Hitchens) I think possibly that we did not give enough consideration to the desirability of building up some sort of a trained Italian reserve for replacement purposes.

The facilities offered by M.M.I.A. would make it possible periodically to hold a course at BRAGUANO.

Under these circumstances you may feel it is not desirable to post Captain Cottlieb to one of the Gruppi but for us to endeavour to hold him for a while on the AFHQ pool so that he can continue a certain amount of training after the last Gruppo has got into the line. Please let me have your views on this.

Colonel Fildesley considers that the standard of the Mantova and Folgore Gruppi should be higher from most points of view than that of Cremona or even Friuli.

Only five Gruppi are being organised - Cremona, Friuli, Legnano, Folgore and Mantova.

EXTRACT FROM AFHQ D/O LETTER CBI/CI/71 DATED

22 DEC. 1944

" With regard to Intelligence for the Italian groups, a good deal depends on whether SD make an opening for an I officer. Actually I think that on that level the requisite bodies could be found. Many regimental officers have been through the course here and are capable of dealing with 'I' on a Brigade level though knowledge of Italian is a limitation. I think I misled you if you thought the Training School could lay on a travelling tour! What I did say - and have already got Major Brid to agree to this - was that we could arrange a brief course at short notice in basic 'I' principles for Italian IO's, who would presumably be English-speaking, or even for prospective Italian IO's if capable of understanding English. Italian speakers would require interpretation and this would make the whole thing very cumbersome. "

MEMO

lin
It is this year
for am
7/12
1. It is anticipated that Italian military personnel may experience certain difficulty in the handling of British type rations and cooking equipment now being issued to Italian Combat Groups.

2. It is suggested therefore that one Italian officer and one Italian NCO should be appointed from each Italian Combat Group to act as Formation Catering Advisor and Supervising Travelling Instructor respectively.

3. If you agree to this proposal arrangements will be made for these personnel to be given a short course of instruction at the Army Catering Corps Training Centre.

4. It is considered that it would be essential for the NCOs to be cooks and it would be preferable if the officers had some previous experience in civil and military catering. *2274*

1. 3 Officers and 46 O.R's from MANTOVA Division and 4 Officers and 56 O.R's from PISANO Division commenced training for O.F.P. duties on 8/11/44.
2. Results on this course have not been good, MANTOVA Division were found to be very short of Drivers for training as Driver/Storemen. (My TE/M/ 61 of 15 Nov. 44 refers). The 20 Drivers referred to in your T.P.M. SS 289 of Nov. 9th have not arrived. PISANO Division were able to supply Drivers but the majority of them were not suitable for Storemen duties.
3. The second halves of the MANTOVA, 3 Officers and 46 O.R's and PISANO, 3 Officers and 56 O.R's, Gruppi di Combattimento arrived at this Establishment on 25 November 44. Preliminary testing of the personnel show that it will not be possible to complete the O.F.P's without re-inforcements as shown on attached list, telephone conversation Col Wilsley - Lt.Col. Scott refers.

4. It would be appreciated if these re-inforcements could be sent to this Establishment as soon as possible and a signal sent regarding the E.T.A.
5. A full report will be rendered on completion of the training of these two groups.
