3. Ref para 2(a). The actual strength of the Royal Household as shown in your list F need NOT be changed. **1102**

4. Ref para 2(b). The strength of the S.M.G. is perforce reduced: it is suggested that this decrease in military personnel may be made up by increased employment of civilians.

5. Ref para 2(c). A decrease of 231 has been made in the strength of the Ministry. It should be noted that the sections of the Ministry in your para C are NOT included in Category 1 A, but in the various other sub-categories of Category 1. It is suggested that the savings of 231 personnel can be made by the decrease or complete dissolution of the following sub-sections:-

Further decreases in Military personnel may be made in your para
X by the substitution of civilians for military personnel em-
ployed as batmen.

NOTE: (1) ALL the Personnel of the Supreme Tribunal will be included in the
ceiling of Military Tribunals (my para 2(g)).

6. Ref para 2(d). The S.M.R.E. is NOT considered by this HQ to in-
clude the Artillery Inspectorate, who will be carried on the Artillery cell-
ing. Further reductions will have to be gone into, and a revised WE sub-
mitted to this HQ based on the above figures.

7. Ref para 2(e). This is the fixed ceiling for all ranks of I.A.I.
for Central Organisations.

8. Ref para 2(f). This establishment is to include 250 cadets.

9. Ref para 2(g). This is to include personnel (all ranks) of the

NOTE: (1.) All the Personnel of the Supreme Tribunal will be included in the ceiling of Military Tribunals (my para 2(s)).

6. Ref para 2(a). The S.M.R.E. is NOT considered by this HQ to include the Artillery Inspectorate, who will be carried on the Artillery ceiling. Further reductions will have to be gone into, and a revised WE submitted to this HQ based on the above figures.

7. Ref para 2(e). This is the fixed ceiling for all ranks of I.A.I. for Central Organisations.

8. Ref para 2(f). This establishment is to include 250 nadists.

9. Ref para 2(c). This is to include personnel (all ranks) of the Supreme Tribunal.

10. Ref para 2(h). This is self explanatory.

11. If the reduction in personnel mentioned in this letter seriously impedes the work of the War Ministry or S.M.R.E., this HQ will consider authorising a certain use to be made of Category 6(c) (Reinforcements) on the ceiling of which some of these personnel may be held.

Please inform this HQ of your suggestions in this matter.

12. CMPSA and CERSETI not so far mentioned in this letter, will be held against Category 6(c) (Reinforcements), under the designation Centro Raccolto, and will be reduced 150 all ranks for both. This figure is also to include the five Screening agencies of 15 all ranks each now authorised.

13. Please submit new establishments, where necessary, for the formations shown in para 2.

14. For your information, Category 1 (ceiling 27,000) is subdivided as follows:-

Cat 1 A	Central Organisations	2512	(vide para 1-13 above)
Cat 1 B	Territorial Organisations	2268	(vide para 15 below)
Cat 1 C	Services	23290	

15. Category 1 B, Territorial Organisations, contains the formations authorised in this HQ letter IS/G/12 of 26 Dec 44.

SUBJECT:- W.E. Gruppo di Combattimento - Vehicles

52 British Liaison Unit.
CMF.
11 Feb 45

To:- Land Forces Sub Comm AC
(MMIA)

AQ/1/136

It is considered that an increase should be made in the vehicle establishment of the Medical branch of the Gruppo by the addition of two Water trucks.

The present medical establishment of Water trucks is two, both of which are allotted to the Sezione di Sanita - one to each section. These two trucks supply 14 Officers and 237 O.Rs in addition to patients. There are also two field hospitals in the Gruppo each with a staff of 6 Officers and 44 O.Rs designed to deal with 50 patients each. No Water truck is on the establishment of these field hospitals.

It is obvious that the hospitals cannot function without adequate water. Equally the water trucks of the Sezione di Sanita are fully employed with their own unit which in action will be widely separated from the field hospitals. To meet the situation at present the Gruppo has withdrawn two Water trucks from other units, one for each hospital, but this can only be regarded as a temporary measure while the Gruppo is in a training area.

It is considered essential that the Vehicle establishment of each field hospital be increased by the addition of one 15 cwt 4x2 Water truck. May the necessary action please be taken for this to be done. It is considered that, if possible, the increase should be made before the Gruppo moves forward.

War Ministry

1. Attached at Appendix "A" is a copy of a proposal submitted by HQ Eighth Army for a War Establishment for the BRIGATA MAJILIA upon which AMHQ have asked for our comments.

2. This HQ is agreeable to the proposal but in comparing this proposed War Establishment with that of an Infantry Battalion for an Italian Combat Group (NA/526/1), which is similar in organisation and strength, it is noted that certain equivalent appointments are graded higher in the proposals for the BRIGATA MAJILIA. Examples are as follows :-

Serial	Appointment	Combat Group	MAJILIA	Remarks
(a)	(b)	(c)	(d)	(e)
1.	Br 2nd i/c	Nil	Major	
2.	Adjutant	Capt or Subaltern	Capt	
3.	Coq Commander	Capt	Major	
4.	Coq 2nd i/c	Nil	Subaltern	

3. You may feel that such discrepancy in grading are not desirable.

4. Your early comments, ^{very early} ~~if appropriate~~, in the form of specific amendments on the proposed War Establishment, with particular reference to the point referred to in para 2 above, are requested.

Figure 1 consists of two parts, (a) and (b), illustrating a 1D chain of particles. Part (a) shows a chain of particles with positions $x_1, x_2, \dots, x_N$ and a central particle at x_0 . Part (b) shows a chain of particles with positions $x_1, x_2, \dots, x_N$ and a central particle at x_0 , with a dashed line indicating a boundary or interface.

2. It is necessary for these personnel to be at the Reinforcement Training Centre in the initial stages and possibly for a period of two to three months. In order to help with the organization of the Engineer Training Centre.

It is very probable that they can be dispensed with then. Since these personnel will be there for this period it is felt that they should be included in the RE.

3. Reasons for the Proposal.

The functions of the Training Increment will be to supervise training carried out at the Italian Rif Training Centre, to ensure that a high standard of training is maintained throughout their areas of the services.

The Increment will be located at the Rif Centre and will come under the command of Col i/c Training Unit.

The numbers of rifts, students and instructors at the Rif Centre will be as follows:-

| | | | | | |
|---------------------|------|------|----------|--------------|---------|
| Instructors | Arty | Inf | Engineer | Signal | Provost |
| Reinforcements | 67 | 150 | 48 | 60 | 7 |
| Students at Schools | 800 | 5200 | 550 | 200 | 100 |
| | | 500 | 280 | 160 | - |
| | | | | plus Inf | |
| | | | | Arty R, Sign | |

It is considered that this supervision is essential in the opening stages of the Centre, but may well be dispensed with later on.

At the moment it is urgent that the personnel be assembled to help in the organization of the Centre.
