Subject: Repatriated military from the BALKANS - S. ANDREA clearing station. -

TS/G/81/2

Gen. MANNERINI informs us that pack troops are being sorted out among military troops repatriated from the BALKANS and being sent to destination. -

He further reports that climatological conditions and the atmosphere prevailing in the camp would suggest the advisability of hastening evacuation from the camp of said military.

We would consequently request you to approach the local Allied authorities to assist in this evacuation by granting more frequent & ample means of transport to enable evacuation from the S ANDREA camp to be carried out

conditions and the atmosphere prevailing in the camp would suggest the advisability of hastening evacuation from the camp of said military.

We would consequently request you to approach the local Allied authorities to assist us this evacuation by granting more frequent & ample means of transport to enable evacuation from the SANDREA camp to be carried out with all speed.

Il Generale MANNERINI comunica che stanno procedendo le operazioni di cernita e avviamento a destinazione dei salmeristi tratti dai reduci della Balcania.

Comunica, inoltre, che le condizioni climatiche e quelle ambientali del campo consigliano un acceleramento del deflusso dei rimpatriati del campo stesso.

In relazione a quanto sopra si prega codesta Missione di voler interessare le Autorità Alleate locali perché, ad operazioni di avviamento salmeristi ultimate, siano concessi più frequenti e più numerosi mezzi di trasporto per sfollare rapidamente il campo di Sant'Andrea.

1. It will be necessary for men who went on leave, and whose ultimate destination was PIEDIMONTE DA LIFE, to be told to go to TEANO instead.

2. The first batch left on 17 Nov. It is presumed that TEANO will be ready by 17 Dec. Will you please confirm that I shall be in order to instruct Italian Army Camp Commandant to tell all people who are on leave (then PIEDIMONTE) to report to TEANO instead.

3. If it is not ready, he may presumably tell them to remain on leave until it is.

Declassified E.O. 12356 Section 3.3/NND No. 783020

Report on "B Compound" [illegible] Camp

Italian Surrendered

1. The Camp first received personnel on 11 Nov 44, since when 11[illegible]72 have been taken in, 5[illegible]13 have passed out of the Camp and [illegible]2 have been sent to Hospital.

It is considered that in view of the fact that more Italian Surrendered are likely to be received into the Camp, a report at this stage may assist in obviating past errors.

2. It is considered that it is a wrong policy that these personnel should be accepted as Italian soldiers or civilians, ref Italian Ministry of War letter of 9 Nov 44.

Up to the present, under these terms, it has been impossible to obtain disciplins necessary for

(a) Security
(b) Hygiene and Sanitation
(c) Prevention of pilfering and wilful damage to British and Italian equipment

The above statement is endorsed by the following:-

Lt. W BRAZIL O.C. 410 Port Secy Sec
MAJOR DAVIS O.C. 771 M.E. Coy
CAPT. STRASCHUM Medical Officer to "B" Compound.

3. Security:- It has been emphasized by the Interrogation Committee that personnel who have been screened must not come into contact with personnel who have not been screened. In order to provide for this a separate compound was prepared for screened personnel which arrangement greatly complicated the organisation and control of compound equipment and the issue of rations.

In spite of this precaution the following occur:-

(i) Guards converse freely with all personnel screened and unscreened

1564

(ii) Personnel pass freely from one compound to another. It is agreed that wire by itself will not prevent a man passing from one side to the other. In daylight this

up to the present, under these terms, it has been impossible to obtain discipline necessary for

(a) Security
(b) Hygiene and Sanitation
(c) Prevention of pilfering and wilful damage to British and Italian equipment

The above statement is endorsed by the following:-

Lt. R BRAZIL O.C. 410 Port Secy Sec
MAJOR DAVIS O.C. 771 P.S. Coy
CAPT. STRASCHUN Medical Officer to "B" Compound.

3. Security:- It has been emphasised by the Interrogation Committee that personnel who have been screened must not come into contact with personnel who have not been screened. In order to provide for this a separate compound was prepared for screened personnel which arrangement greatly complicated the organisation and control of compound equipment and the issue of rations.

In spite of this precaution the following occur:-

(i) Guards converse freely with all personnel 1564
screened and unscreened

(ii) Personnel pass freely from one compound to another. It is agreed that wire by itself will not prevent a man passing from one side to the other. In daylight this has been obviated to some extent by making a punishment compound. At night personnel pass freely to and fro. No instances have occured of a guard preventing or reporting personnel.

(iii) Personnel pass freely to the outside of the Camp. Guns may be observed in numerous cases where the wire has been forced back. In some cases personnel leave the Camp and return the next day.

(iv) Civilians are constantly in the vicinity of the Camp.

In spite of repeated instructions to the guards

1:

Declassified E.O. 12356 Section 3.3/NND No. 787920

Declassified E.O. 12356 Section 3.3/NND No. 787120

and the introduction of a mess system, the guards appear incapable or unwilling to prevent civilians conversing with personnel inside the camp.

Cases have occured of personnel carrying equipment including two bivouacs tents, over the wire to civilians.

From the above it will be apparent that a curity of any kind is impossible with Italian guards. Efforts to improve matters by introducing additional guards have produced a negative result.

To some extent the position is aggravated by the fact that :-

(a) The existing lighting generator is not capable of lighting more than one quarter of the camp's lamps

(b) The external wiring of the camp is incomplete.

c. Hygiene and Sanitation-

(a) The construction of the latrine would appear to leave much to be desired for the following reasons:-

(i) It is impossible to sit on the seats

(ii) It is very uncomfortable and unhygienic to operate standing on the seats

(iii) The construction is not easy to keep clean

(iv) No provision is made for a drain for water used to flush the latrines

(v) The number of latrines (30) is considered insufficient for the personnel concerned (1000)

~~(vi)~~

(b) The organisation of working parties by the Italians for clearing and cleaning latrines is not satisfactory, due to (i) Their general unwillingness to keep themselves or the camp clean

(ii) The lack of command on the part of the average officer or N.C.O.

(c) Disposal of refuse: Urine and wet swill, straining, is emptied into the main drain. This frequently gets blocked with tins, sacks, coal, macaroni, and has had to be cleared by the R.E's on six consecutive days. On two occasions the mine has had to be broken to clear the stoppage.

163

(iv) No provision is made for a drain for water used to flush the latrines

(v) The number of latrines (50) is considered insufficient for the personnel concerned (1000)

(vi)

(b) The organisation of working parties by the Italians for cleaning and cleaning latrines is not satisfactory, due to (i) Their general unwillingness to keep themselves or the camp clean

(ii) The lack of command on the part of the average officer or N.C.O.

(c) Disposal of refuse: Urine and wet swill stream is emptied into the main drain. This has constantly blocked with tins, sacks, coal, macaroni, and has had to be cleared by the P.W's on six consecutive days. On two occasions the mine has had to be broken to clear the stoppage.

5. Pilfering and Damage to Equipment:

This has consisted of the following:-

(i) Disposal of tents and blankets to civilians outside the wire . Two men have been caught doing this.

(ii) Stealing clothing during sorting in the Camp and at the Italian Supply Depot at [illegible]. In one case, of a party of 12, including eight, every man had one or more battle dress blouses below his own dress. The Captain in charge was fully aware of this and had taken no action.

(iii) Destruction of tent poles and pegs by using them for firewood. 200 extra poles have had to be used to keep the tents up.

(iv) Use of stakes holding down the inside wire fence, for firewood: this is universal in all compounds.

(v) Burning straw issued to fill palliasses

(vi) Destruction of washing racks by standing on them for meetings, etc.,

(vii) Ruining tents by threading wire through the sides to pull them outwards, and burning holes in them by having fires or candles inside.

Declassified E.O. 12356 Section 3.3/NND No. 783920

Declassified E.O. 12356 Section 3.3/NND No. 787120

Conclusion:- It is considered that it would be more satisfactory if these personnel were treated as P.W. until they leave the Camp, when the above difficulties would be overcome.

It is not considered that Colonels GALLIANI or DE [illegible]THIS can be held responsible for the present situation, and they have endeavoured to bring about law and order with little or no assistance from the large Italian staff at the Camp.

SUBJECT: Recruiting of conductors for the 5th. Army.

COMANDO PRESIDIO MILITARE R. ESERCITO TARANTO

With reference to Folio TLO/19 dated the 1st. instant.

1°) - The number of volunteers for REPARTI SALMERIA to be allocated to the "PACK TRANSPORT COYS" of the 5th. Army is notably inferior to the number of 1919 conductors requested, beside the 200 to be sent to ASTRONI.
This has already been verbally stated to Captain Crawford and to Major Seyd, explaining that no improved results are obtained in spite of persuasion effected among the repatriated, and the conveniences of the economical advantages pointed out to them.

2°) - Not reaching the number required, I had taken steps to select military personnel already trained, or those who are farmers or of similar occupation.

3°) - As it has already been suggested to me by Major Seyd, this morning the 4th. instant, I was preparing to muster those choosen in a separate camp to distribute subsequently the necessary equipment and a special cooked meal. But, immediately after the muster, the soldiers who had come from "CAMPO A", - and particularly the SICILIANS - represented in a repeated way that this method of obligatory allocation is not to their liking, as they are repatriates having arrived to the camp a month ago, not yet sent on leave, without news of their families of which they do not know their faith nor do they know whether their houses are

4°) - Considering the above, I maintain that obligatory recruiting will not reach the scope suggested by the British Command though this was backed by my Officers and self.
Therefore, please let me know if I must continue with this recruiting or whether the number of volunteers is sufficient (this is subject to increase) :-

1. With further reference to my T10/19 dated 14 Nov 44, para 3, and to my conversation with you yesterday, as to keeping check on the whereabouts of patients in hospitals:-

a) Patients who enter hospitals direct from ships: you are requested to instruct all hospitals concerned to render a list to you of all patients who so enter, with the date of entry, and from what ship.

b) Patients who go to hospital from Camp: you are requested to record names of all men, date of leaving, and name of hospital to which despatched: dispatch will be recorded in column 3 of the proforma.

c) All patients: when discharged from hospital, all patients must be sent back to the Camp: their return will be recorded in column two, and column one will shew from which hospital they have come. They can then take their turn for despatch in the normal way. It is emphasised that no-one will leave a hospital except to return to the Camp.

d) When a man is sent from one hospital to another: all hospitals must be requested to notify you of such a transfer.

2. If all the above instructions are carried out, you will then be able to keep in your office a list of all hospitals and the patients therein who should be returning to your Camp.

3. Personnel in "A" Camp: In order properly to record the destination of all personnel from the columns A OR BOTH, you are requested, prior to despatch of any of these persons, to take them on the Camp strength (one never only) in columns one and two, and record their despatch as if they had always been in Camp "B".

4. Personnel in "A" Camp: In order properly to record the destination of all personnel from the Belsens & GRAZIANI, you are requested, prior to despatch of any of these persons, to take them on the Camp strength (on paper only) in columns one and two, and record their despatch as if they had always been in Camp "B".

5. Lt.Col. [redacted] was requested on 24 Nov to furnish a written report on the conduct of Major VATTANI, Capt.GREGORIO and Lt.MARINO: will you please hasten this report, which is needed by my H.Q.. Please state therein the reasons for your reporting them to me as inefficient, and state whether you still wish them to be substituted, or whether you wish to retain them.

Subject:- Italian Repatriates-St. Andrews Camp.

Liaison Officer
Land Forces Sub Comm. A.C.(MMIA)
c/o HQ 5th Area
TLO/19

To: HQ 5th Area

1. It appears that a misapprehension has arisen that the Italian Army Authorities in the Camp are being unnecessarily slow in documentation, with resultant delay in despatch of personnel.

2. It is pointed out that the Italian Staff have up to yesterday been working under great difficulty, with little or no light at all.

3. Notwithstanding this, the position at midday was that there were 617 persons documented and ready to leave, but Movements had no transportation available for them.

4. You are asked to appreciate that this Office has done, and will continue to do, all in its power to expedite the Italian Army to despatch personnel from the Camp.

Lt/Col. Lawford.
Capt. R.A.S.C.
Senior Liaison Officer - TARANTO.
