1. The Directorate of Military Training, AFHQ, is arranging two courses of two days duration at the school of Hygiene, BENEVENTO, for senior Italian regimental officers (major and upwards). These courses are designed to give senior Italian regimental officers an opportunity, without much loss of time, of seeing for themselves the importance and particular problems of hygiene and field sanitation so that they may direct the work of junior officers who have already attended the full course at BENEVENTO or who will attend the Hygiene Wing of the Instructors School MANZIANA.

2. There will be ten vacancies on each course. The RTC ICF, CESSANO, have agreed to accept five vacancies on each course. Will you please confirm this with the RTC and also sub-allot the remaining five vacancies on both courses to the GARIBOLDI Regt, 802, 803 and 804 Base Reinforcement Depot and issue the necessary orders for the officers to attend the courses.

3. The first course will be held 8 and 9 May and the second course probably in the week commencing 28 May. Further details and joining instructions will be issued later.
