Subject: Class "A" Release Rolls

1. At the time when the procedure for dealing with the release of officers and other ranks from the Army was received, it was the intention that Release Rolls should be despatched to all units by GHO 2nd Echelon overseas after hostilities with Germany had ceased. The effect of such a procedure would have been that release rolls would have been received by OGC at a time when their units would have been comparatively static. Units would not have been engaged in battle and the movement of personnel between units, hospitals, and depots would have been at a low ebb.
2. Information has now been received, however, that it is probable that release from the Army of early age and service groups will be speeded up, and accordingly it is now necessary that release rolls in respect of personnel in this theatre should be produced without delay. In order that the release plan may be implemented and that the machinery may work smoothly, it is essential that the instructions contained in the paragraphs which follow are complied with precisely. Your fullest co-operation in this connection is thus requested. It will be appreciated that the information to be supplied or initiated by you will assist materially in forming the basis of the structure of the machinery by means of which release will be effected.
3. Enclosed are four copies of Class "A" release rolls in respect of officers and other ranks held within the War Establishment and attached surplus to the War Establishment of the unit under your command.
4. These rolls have been prepared in accordance with para 5 of the publication "Regulations for Release from the Army 1945", and are compiled from the latest data held in this HQ. It is appreciated that these rolls will not necessarily represent a complete nominal roll of the officers and other ranks serving with the unit under your command at the time these rolls are prepared by you.

5. Will you now please take the following action without delay :-

(a) Verify the particulars in respect of each individual whose name appears on the rolls. In cases where all particulars shown are agreed by you the word "AGREED" will be entered against the individual's name in Column (7) "Remarks Column" of release roll. If item of variance is age and service group, the alleged correct age and service group will be shown in the "Remarks Column" only, together with a short statement to support the alleged correct age and service group. Age and service groups as shown in column (5) of release rolls will NOT be amended. An example of proceeding a challenge of this nature is set out in para 5(b) below. In cases where particulars shown on the release roll other than age and service group are NOT agreed, an appropriate remark will be made in the "Remarks Column", the incorrect particulars will be ruled through, and the correct particulars inserted as shown in the examples at para 5(b) below. In cases where personnel held on the strength of the unit are no longer with unit on account of LIAF, release rolls will be endorsed in the "Remarks Column" : "LIAF. NO COMBINATION OF PARTICULARS", but in the event of it being possible to confirm

All particulars from existing data within unit, confirmation will be notified by adding after the word "LIAP", "Particulars confirmed". In any event, LIAP personnel will be given the opportunity of querying age and service groups themselves on their return to their former unit and O-C will thus subsequently confirm by letter that age and service groups are agreed or not as the case may be.

Personnel who are held within unit NE but detached for duty, or training (ie, on courses), with a unit elsewhere will be dealt with in accordance with the provisions of para 5(d) below. The only exception to this provision is in cases where the unit to whom the individual is attached is in the immediate vicinity. In such cases action will be taken to contact the O-C unit and confirm, in conjunction with the individual concerned, the particulars on the release roll.

The letters "DV" will also be inserted in the "Remarks" column together with the words "SOLDIER'S

/STATEMENT

STATEMENT ATTACHED" in the case of ORs on "OFFICER'S STATEMENT TO ARHQ" in the case of officers. Two copies of the signed statement in respect of ORs will be prepared in accordance with para 326 of Release Regulations and ARHQ Release Instructions, Annex "C". Such statements will be endorsed "UNCLASSIFIED" and signed by CO unit and will then be signed to one copy of the TWO completed release rolls which will be returned to this HQ at the earliest possible moment. The remaining two copies of release rolls will be retained by you. Statements in respect of officers will be forwarded to ARHQ in accordance with the provisions of ARHQ Release Instructions 1545, para 7, para 14.

(c) Where personnel shown on release rolls are for any reason no longer serving with the unit under your command, the names of such personnel will be extracted on to fresh rolls to be prepared in duplicate by you as release rolls (ie, in the same manner as those enclosed with this letter). Names of personnel so extracted will be ruled through on original release rolls and the word "EXTRACTED TO (unit)" inserted in the "Remarks Column". Separate rolls will be prepared for -

- (i) each unit or branch of the Service;
- (ii) officers;
- (iii) other ranks;
- (iv) each unit to whom all personnel shown on the appropriate roll have been despatched.

Three copies of the appropriate roll/rolls so prepared will be addressed ON THE ROLL and forwarded to the unit, including hospitals, depots, transit camps, etc. to which the individual/individuals were despatched. The roll/rolls so prepared will be despatched to this HQ. All copies of roll/rolls will show the date individuals were despatched from the unit to your command. Rolls will be clearly headed -

"PERSONNEL NO LONGER SERVING WITH (unit) as shown on Release Roll Serial No. Forwarded by CO to (date)"

2895

Separate rolls will be prepared for -

- (i) each arm or branch of the Service;
- (ii) officers;
- (iii) other ranks;
- (iv) each unit to which all personnel shown on the appropriate roll have been despatched.

Three copies of the appropriate roll/rolls so prepared will be addressed ON THE ROLL and forwarded to the unit, including hospitals, depots, transit camps, etc. to which the individual/individuals were despatched. The remaining two copies will be despatched to this HQ. All copies of such rolls will show the date individuals were despatched from the unit and your command. Rolls will be clearly headed -

2895

"PERSONNEL BY COMMAND, SERVICE AREA (unit) as shown on Release Roll Serial No. Despatched by ONE ON (date)"

Units receiving such rolls from other units will take action on rolls in accordance with the provisions of para 5(a), (b), and (c), above, or, if the individual/individuals have meanwhile been re-despatched, take action in accordance with this sub-para.

In connection with the provisions of this sub-para, it is anticipated that in certain cases ONE unit will not be in a position to know to which units, hospitals, etc, certain personnel have been despatched. Falling within this category will be personnel who have been awarded such forward areas as battle casualties or normal services elsewhere. In such cases nominal rolls or all this personnel will be prepared and forwarded to this HQ only, and release rolls will be entered in "Remarks Column" "LOCATION UNKNOWN - EXTRACT TO 025" against each appropriate individual's name. It is emphasized that release to this personnel should be made only in cases where it is not possible to ascertain the present whereabouts of the individual/individuals concerned. Abuse of the use of this procedure would result in delay, which, if will be appreciated, is highly undesirable at this stage of the war.

(e) Where personnel are serving with the unit under your command but whose names do not appear on the appropriate Release Roll, action will be taken by you to ensure that such personnel are included in your rolls in respect of those personnel. Rolls will be prepared in accordance with this sub-para. Separate rolls will be prepared for -

(i).....

(4)

- (i) each arm or branch of the Service for personnel held within War Establishment,
- (ii) each arm or branch of the Service for personnel attached in excess of War Establishment,
- (iii) officers,
- (iv) other ranks.

Rolls will be prepared in the same manner as the rolls enclosed with this letter. All particulars in columns (1) to (7) on the rolls will be completed by you from such information as is available within the unit. It is essential that the individual's parent unit (or X(4) list if applicable), date of joining the unit under your command, and the unit from which received, be inserted in the "Remarks Column". Such rolls will be clearly headed:-

"Personnel serving with (unit) and NOT included on Release Rolls Serial Nos Forwarded by GZE on (date)"

Both copies of release rolls so prepared will be despatched to this HQ without delay. On receipt of release rolls prepared by other units under the provisions of para 5(d) above, verification of particulars shown on these rolls will be carried out by you in accordance with the provisions of para 5(a), (b), and (c) above. Those rolls will then be despatched to this HQ where a cross check of the two rolls so compiled will be carried out.

6. It is again emphasized that the speedy evacuation of all personnel to UK of themselves and their subsequent release from the army in their turn will be largely dependant on strict compliance by GSO units with the foregoing instructions. It is requested, therefore, that the provisions of this instruction are complied with both accurately and at the earliest possible moment. It is further requested that all insertions on release rolls or rolls prepared by units should be type-written but where this is not possible insertions and rolls should be produced in block letters in non-indelible pencil.

Both copies of release rolls so prepared will be resubmitted to this HQ without delay. On receipt of release rolls prepared by other units under the provisions of para 5(d) above, verification of particulars shown on those rolls will be carried out by you in accordance with the provisions of para 5(a), (b), and (c) above. Those rolls will then be despatched to this HQ where a cross check of the two rolls so compiled will be carried out.

6. It is again emphasized that the speedy evacuation of all personnel to UK or elsewhere and their subsequent release from the army in their turn will be largely dependent on strict compliance by OMC units with the foregoing instructions. It is requested, therefore, that the provisions of this instruction are complied with both accurately and at the earliest possible moment. It is further requested that all insertions on release rolls or rolls prepared by units should be type-written but where this is not possible insertions and rolls should be prepared in block letters in non-indelible pencil.

Ref your letter 353.0-32(Br) of 23 Apr.

In reply to para 2, I consider that the best method of handling the situation, now that MMIA proposals have been with AFHQ since 12 Apr, is for you to forward your views to G-3(Org). In any case you will be asked to sponsor the Arty portion of the new G.E.

If it would help, please say that I have no objections to the altered proposal, and in view of what you say am prepared to agree.
