TLO/6

1. In accordance with instructions contained in your ST/6/10 dated 6 Oct 44, I consolidated returns of Stocks from depots as at close of 15 Oct.

2. In order that Stock State Signals be rendered in accordance with instns contained in your ST Branch Operating Instruction No 1, Commissariato signalled depots to give Allied and Italian commodities separately.

3. In spite of this, BRINDISI and LECCE D.D.'s sent their returns with Allied and Italian commodities "lumped" together. Commissariato failed to notice this themselves, and I had to put them to the ignominy of pointing out myself mistakes which they are supposed to correct.

4. BRINDISI was unobtainable on the telephone as the line was out of order: it was therefore necessary for me to go there in the car to clear the matter up. Lt. MANGLA, the O.C. does not show up in a very bright light, in view of the report of my inspection of his depot on 15 Oct (sent you 16 Oct: see para 17). His full name is Lt. SALVATORE MANGLA, (Unit: Direz. Commissariato, BARI). I will watch him closely in future.

5. LECCE was also unobtainable on phone, and a visit had to be paid here too. Rather surprisingly, I obtained the information from Capt. CERNINARA quite quickly: it would of course be too much to expect him to understand and act on the Commissariato's signal in the first place.

6. Several letters and signals from me during the last few weeks have shown that I have the greatest difficulty in getting accurate

4. BRINDISI was unobtainable on the telephone as the line was out of order: it was therefore necessary for me to go there in the car to clear the matter up. Lt. MANOLA, the O.C. does not show up in a very bright light, in view of the report of my inspection of his denot on 15 Oct (sent you 16 Oct: see para 17). His full name is Lt. SALVATORE MANOLA, (Unit: Direz. Commissariato, BARI). I will watch him closely in future.

5. LECCE was also unobtainable on phone, and a visit had to be paid here too. Rather surprisingly, I obtained the information from Cent. CERVINAPA quite quickly: it would of course be too much to expect him to understand and act on the Commissariato's signal in the first place.

6. Several letters and signals from me ~~arriving~~^{being} the last few weeks have shown that I have the greatest difficulty in getting accurate information from the Commissariato, who do not at present seem capable of getting it in their turn from Denots under their command.

7. I think you will agree that the Commissariato ^{should} be told in no uncertain terms that I am not LC in TARANTO for the purpose of having most of my time wasted by them.

TLO/6

1. As you know, when I send Stock State Signals to my H.Q. twice a month, I have to separate Stocks of allied sources from Stocks of Italian sources.
2. I am aware that War Ministry have directed that in your Stock Movement Return you will render the Stocks of both sources together.
3. In order that I may, however, comply with my HQ's orders as to rendering of SIGNALS, I shall be grateful if you will instruct your depots to render, with their Stock Movement return, a short Statement shewing how much of each commodity is derived from Allied and Italian sources respectively.
4. The above summarises the conversation a short time ago between myself and Capt. TURI.

TLO/1

I took stock of RICE in the above depot to-day:
The stock in hand was 6523 Kg. There was a deficiency of 149978 Kg,
which I duly entered as a surplus issue.

A complete check was taken of the a/cs since 10 Sep,
and the error did not appear to be an accounting one. The O.C.'s
explanation is that deficiency is caused by loss from broken sacks.
I do not agree, and am of the opinion that too much rice has been
issued. My reason for saying this is that one sack at 22-65 Kg
was missing from the stock. An issue note for 18.480 Kg. was
produced, but no voucher, or rice, in respect of the balance could
be found. The sacks were in good condition.

Circumstances in this depot are growing chaotic under
command of Capt. CERVINARA, who has no grasp on anything.

Wm. Rawford.

*Staff Capt. 'G' has been asked to leave the depot
immediately. This will be done as
soon as the full details of name & rank have been
received from B.A.T. in reply to our request.

I have just received your return of stocks in your depot as at end of 24 Jan. In converting 53 figures from kg to pounds you have only calculated 10 rightly.

I have not got the staff or the time to check your work each time. Will you please see that the figures you give me in future are correct.
