In reply to your 3372/S/1 dated 13 Feb 45 and further to this HQ's ST/9 of even date to D.S.E. AFHQ (copy to you):-

1. It is necessary to bid for sea transportation to SARDINIA 35 days in advance.
2. At the time of making the bid contained in our ST/20 dated 29 Jan (for period 7-16 March) the demand for hospital diet items for March had not been received from your Ministry.
3. For reason contained in para 1, this HQ submitted a bid for transportation of hospital diet items for March based on the same amount as released for February; if this had not been done no shipping space would have been allotted at all.
4. The amounts required for SARDINIA for March are set out in the a/m letter to AFHQ and for benefit of LO's are again set out below:-

Milk	429 lbs
Rice	810 "
Semolina	210 "
Butter	765 "
Meat extract	36 "

dated 29 Jan (for period 7-16 March) the demand for hospital diet items for March had not been received from your Ministry.

3. For reason contained in para 1, this HQ submitted a bid for transportation of hospital diet items for March based on the same amount as released for February; if this had not been done no shipping space would have been allotted at all.

4. The amounts required for SANDHIA for March are set out in the a/m letter to AFHQ and for benefit of IO's are again set out below:-

Milk	429 lbs

FROM: Bari Area Command.

TO: M.M.I.A.

REF: 3HI/OTS.
DATE: 27 JAN. 1945.

Subject: Forwarding of Special Food Summary.

- (1) List of foodstuffs issued for bed-patients in the militarily rationed hospitals of this area during December 1944.

This is forwarded in compliance with letter 1/4150/SAH of 1-11-44.

Translation.

Subject: Note to List a/m.

This list does not represent the true monthly needs of special foods, in that the foodstuffs have only been available in the respective ration stores which supply the medical establishments above listed, for little more than half the month of December, because of the waiting ^{for} formations, and information as to the quotas to be issued, by the Commissariat depots.

The reserve Hospitals of Canosa di Puglia and Foggia have notified that they were not able to issue the special rations as they have only been able

8

- to carry out the drawing of them during the current month.

The Military Orthopedic Centre "Principessa Maria Josi" of Bari, and the hospitals of Molfetta, Lucera, and Noce, have not issued special foods as they understood that such foods had only to be issued to the sick who might have had particular and indispensable need of them.

Their attention ~~has been~~^{was} recalled to the scrupulous observance of instructions already issued and they are now being ~~given~~ followed precisely.

The next return will undoubtedly show the real requirements.

SUBJECT: Special ration for patients in Hospitals.

Ref: your letter of 30 Nov. 44., we inform you that this Office has been interested by the General Directorate of Medical Services at the Ministry of WAR in their letter 1/4780/San., as from 7 Nov; 44., about the issue of the rations mentioned above, and that we have already seen to the issue, by giving the hospitals under our command the necessary instructions, and by giving the local Commissariat Directorate the list for the distribution of the goods to the Food Depots in the various Areas. The time lag from the first information we had was caused by the necessity of knowing what the R.I.N. expected to have, so as to take it from the total of the amounts we were informed of.

Riferimento vostro foglio in data 30 Novembre, si comunica che la scrivente è stata interessata dal Ministero Guerra -Direzione Generale di Sanità Militare-, con foglio n.1/4780/San. sin dal 7 novembre u.s., circa la distribuzione dei viveri di cui all'oggetto, e che questa Direzione ne ha già predisposto la distribuzione, sia dando agli ospedali dipendenti le relative istruzioni, sia inviando alla Direzione di Commissariato locale lo schema di distribuzione per la ripartizione della merce presso i magazzini sussistenza delle varie zone. Il tempo intercorso dalla prima comunicazione è dipeso dalla necessità di conoscere quale quota fosse di spettanza della R.Marina, per detrarla dal totale del quantitativo segnalato.

Prot. N°13460/S

Subject : Food Rations for Hospitals.

Refers letter N° 13212/S/1 dated the 28 Nov. 44

Following a recent decision taken by the MMIA, by which food rations for Italian troops in the forward areas will be provided by Allied Authorities, the allotment of these items to the hospitals of Campania, Lazio, Umbria & Abruzzi and Sardinia HQ has been changed as follows:-

Milk	6476 lbs.
Rice	12285 "
Semolina	3135 "
Butter	11552 "
Meat Extract	546 "

Referring to the above NAPLES Commissariat, after having drawn the above items from 14 CRASC, will see to their distribution as follows:-

Items.	CAMPANIA	L, U & A.	SARDINIA
Milk	2784 lbs.	2784 lbs.	908 lbs.
Rice	5265 "	5265 "	1755 "
Semolina	1365 "	1365 "	455 "
Butter	4793 "	4793 "	1566 "
Meat Extract	234 "	234 "	78 "

If the despatches for SARDINIA, ordered in telegram N° 12997/S/1 of 28 Nov. 44. have already been made, NAPLES Commissariat will see to the distribution of the remaining amounts in equal measure in it's own Area and in that of LATIUM, UMBRIA & ABRUZZI.

As for the rest, we confirm the instructions issued in the despatch referred to N° 13212/S/1 of 28 Nov; 44.

No. 838

25 November 1944

SUBJECT: Rations - Hospital Diet

TO : G.O.C., Land Forces Sub Comm. AG (MMIA) ROME
(Attention: S & T)

1. Extract from Ministry of War Military Sanitary Corps
G.H.Q. 1st Div, 1st Section Ref No. 1/4786/San, dated 7 Nov. 1944
is as follows:

" 3) The special items which have now been allotted by
Allied authorities will have to be distributed, as supplement
or in substitution of the normal ration, as explained above in
the following individual quantities:

Milk	50 Centiliters
Rice	90 Gr
Margarine	15 "
Meat-extract	15 "
Sago/Tapioca	60 "
Semolina	60 "

You will note this varies greatly with Hosp Scale in
MMIA Supply Organization and Accounting Instructions and in Annex
"E" of AFHQ. Ref. AG 400/105 D-D dated 23 Sept 44. We have had
no instructions or any change therefore we have instructed the
Director of Commissary and Military Hospitals in Sicily to issue
in accordance with the Hosp scale set forth by MMIA until other-
wise instructed. Request confirmation of instructions regarding
same.

2. The D/O, M.H.S., did not receive the a/m communication
from Ministry of War until 14 Nov., however I had instructed the
D/C previously to draw the items from 94 DID, Syracuse.

3. The D/O erred in shipping approx one third of the
amount drawn at Syracuse direct to the Military Hosp. at Messina

Rice	90 Gr
Margarine	15 "
Meat-extract	15 "
Sago/Tapioca	60 "
Semolina	60 "

You will note this varies greatly with Hosp Scale in MMIA Supply Organization and Accounting Instructions and in Annex "E" of AMHQ. Ref. AG 400/105 D-D dated 22 Sept 44. We have had no instructions of any change theretofore we have instructed the Director of Commissary and Military Hospitals in Sicily to issue in accordance with the Hosp Scale set forth by MMIA until otherwise instructed. Request confirmation of instructions regarding same.

2. The D/C, M.H.S., did not receive the a/m communication from Ministry of War until 14 Nov., however I had instructed the D/C previously to draw the items from 94 DID, Syracuse.

3. The D/C errored in shipping approx one third of the amount drawn at Syracuse direct to the Military Hosp. at Messina rather than follow instructions in your ST/9 dated 19 and 21 Oct. that we had forwarded to him. However, rather than ship it back to the D.D. at Catania we permitted the Hosp to retain the full amount and to submit a Rations Issue Note for all to the D.D. at Catania and the latter to take it up properly ~~with~~ their accounts. The hosp and D.D. have complied. I visited ~~the~~ hosp this week and instructed them to issue the rations as set forth by MMIA. The following was shipped to Messina hosp; Shipped to Palermo D.D.

Milk	435 lbs	Milk	783 lbs
Rice	672 "	Rice	1344 "
Semolina	180 "	Semolina	420 "
Margarine	500 "	Margarine	1000 "
Meat Extract	60 "	Meat Extract	60 "

4. Request to be advised when will additional Hosp Diet items be allocated. However, practically none was consumed for the period intended due to the great delay in getting it to the hospitals. Your ST/9 of 21 November received 26 November, therefore disregard.

1. In view of the difficulty of arranging the supply of hospital diet items to forward Italian Military hospitals, agreement has been obtained to the release of the items set out below, from forward depots.

2. The following commodities are authorized to be issued by the formations shown in each 30-day period, starting 15 Nov, 1944.

Area	Bed State	Milk	Rice	Semolina	Butter	Meat Extract
5th Army (Br. Inc.)	1,100	1,573	2,970	770	2,805	132

3. Arrangements have been made whereby Italian Military authorities will indent for hospital diet items on a separate M.M.I.A. Form ST/8 (3 copies) and will endorse all copies with the letters "H.D." This will avoid confusion with normal rations drawn for hospital staffs and patients which must also be indented for on separate ST/8's.

4. Quantities shown as released may be sub-allotted by formations, if necessary, but great care will be taken to ensure that the total allotment is not exceeded.

HQ 5th Army (Rear)
CMF.

14 Nov 44.

Your 5078 ST1 of 8 Nov 44 refers.

1. December requirements of oil, nuts, salt and wine are noted for action by this HQ.
2. There is no Italian Military hospital u/c British Increment at this time therefore milk, semolina, meat extract, margarine and rice, issuable only to authorized Italian Military hospitals, have been deleted from your demand.
In this connection it is understood that 521 Italian Military hospital will shortly be moving to Arezzo. Arrangements have already been completed to enable this unit to receive medical diet items, and future requirements should be demanded through Italian Medical channels vide para 3 below.
3. The items of disinfectants, with the exception of Izal which is NOT an authorized issue, are obtainable on demand through Italian Medical channels against bulk releases from Allied stocks at the Base.
Your procedure should be, therefore, to present your requirements of these items to HQ 210th Division, for the Medical Director's attention. The latter is then responsible for arranging supply from the Italian Army Medical Depot at Florence, or, if not available there, from Rome.
4. If you will continue to send copies of your demands to this HQ it will enable us to follow up and ensure that the Italian authorities are meeting their commitments.

From:- Ministry of War

Ref. 1/4780/San.

To :- MJIA for information.

Date: 7 Nov 44.

Subject:- Food Articles for patients in hospitals rationed on Army scales.

Reference 11666/S dated 29 Oct 44 from this office addressed to all Direz. d. Comm/to, in which information was given that, following approval by Allied Authorities, the assignment of the articles of food detailed as under was to be made good for the period 15 Oct - 15 Nov 44 to Italian Military Hospitals.

Articles	Direz. Comm/to NAPLES	Direz. di Com/to BARI	Direz. di Comm/to SICILY
Milk	9,300 lbs	8,100 lbs	1,200 lbs
Rice	17,600 "	15,500 "	2,000 "
Margarine	15,710 "	14,000 "	1,500 "
Meat extract	780 "	690 "	90 "
Tapioca - gravy	4,500 "	3,900 "	-
Milled Rice	-	-	600 "

Naples, Bari and Sicily Commissariato have been told to contact respectively 11 CRASC Supply Unit Naples, 22 CRASC Supply Unit Bari and 94 DID Siracuse in order to draw the rations and report to this office the amounts drawn.

The quantity of ration assigned to Bari Commissariato includes as well what is needed by the Navy. The quantity of ration assigned to Naples Commissariato includes as well rations to be distributed to Sardinia, Lazio, Umbria and Abruzzi Hospitals and detailed as under:-

Articles	Lazio, Umbria & Abruzzi Hospitals	Sardinia Hospitals
Milk	2,100 lbs	1,200 lbs
Rice	3,500 "	2,100 "
Margarine	3,000 "	3,700 "
Meat Extract	170 "	90 "
Tapioca - Gravy	900 "	600 "

As soon as rations for Rome are drawn, Naples Comm/to will signal this office on relative transport programmes, while for rations to be sent to Sardinia, the first available war ship will be used to transport same to Caglian Special Ration Depot.

Ministry of War Comm/to will issue the necessary instructions in respect of the quantity of rations to be assigned to the Navy.

11 CRASC Supply Unit Naples, 22 CRASC Supply Unit Bari and 94 DID Directorate in order to draw the rations and report to this office the amounts drawn. The quantity of ration assigned to Bari Commissariato includes as well what is needed by the Navy. The quantity of ration assigned to Naples Commissariato includes as well rations to be distributed to Sardinia, Lazio, Umbria and Abruzzi Hospitals and detailed as under:-

Articles	Lazio, Umbria & Abruzzi Hospitals	Sardinia Hospitals
Milk	2,100 lbs	1,200 lbs
Rice	3,500 "	2,100 "
Margarine	3,000 "	3,700 "
Meat Extract	170 "	90 "
Tapioca - Gravy:	900 "	600 "

As soon as rations for Rome are drawn, Naples Comm/to will signal this office on relative transport programmes, while for rations to be sent to Sardinia, the first available war ship will be used to transport same to Cagliari Special Ration Depot.

Ministry of War Comm/to will issue the necessary instructions in respect of the quantity of rations to be assigned to the Navy.

Medical Directions shown on address, are requested to forward with the least probable delay distribution scheme of rations issued to the ~~depending~~ hospitals rationed on army scales, taking into account the approximate number of patients, diet requirements and the eventual surgical speciality of each hospital.

A copy of this distribution list should be forwarded in time to this office. Each Direz. di Comm/to will be in a position to issue to the various *RATION*.

stores the supplementary articles granted by the Allies, according to details shown on those distribution schemes, informing at the same time the respective Medical Direction on the drawing to be made by each hospital.

On informing each hospital of the quantities to be drawn, the Medical Directions will inform as well this office who will inform *MILA*.

During the month the whole quantity assigned can be drawn by the hospitals within 30 days.

For the successive months each Medical Direction will have to complete the distribution scheme according to the needs of each hospital and inform this office.

Indents will be put in by hospitals in respect of special rations assigned to Italian Stores which will be detailed by the Direz. di Comm/to, using ST/13 Forms K in triplicate making sure that for each article a separate indent is forwarded.

...../2

785020

- 2 -

The three copies of the indent will have to be clearly countersigned and H.D. marked on the corner for special rations demands.

In order to cover the whole requirement, the hospital concerned will have to forward three indents as under:-

- (a) One, for normal rations for the hospital staff (on all copies letter "P.S." will be marked in red)
- (b) One, for normal ration for patients.
- (c) One, for articles of ration for patients on diet (on all copies letter H.D. will be marked.)

As previously instructed, the third copies of indents in respect of rations for patients on diets, will be sent from Italian Depot concerned to M.I.A.

Hospitals can draw and store 15 days rations for patients on diet. These articles will be carefully separated from other rations and kept under lock and key.

Special articles of rations will have to be issued in addition or in lieu of ordinary rations as decided necessary for patients.

However, such prescription will have to be shown in the diary of surgical Cards, the food book as well as on the return.

These special articles of rations cannot be used for other purposes and cannot be consumed by the hospital staff either officers or NCO and men.

Hospitals will send to the Medical Directions a list, showing the number of patients for whom diets were given, every 30 days.

Each Medical Direction will consolidate all such lists and forward to this office and M.I.A a summary for each hospital within the 10th of the following month.

Precise instructions should be issued in order to use in the most effective way these special rations.

Considering the possibilities deriving from the additional special ration, principles that rules diets for patients are as follows:-

- (1) The ration is the same for all as per the two week scales of Military ration which could be considered corresponding to the diet 3/4.
- (2) Only for patients that actually must be put on diet and for whom fresh rations could be issued in lieu of tinned, according to instructions that authorise their drawing. Such distributions should be shown on all documentations.
- (3) Special rations given by Allied Authorities should be distributed in addition or in lieu of ordinary ration as detailed above and in the following quantities per man:-

Milk	50 cl.
Rice	90 gr
Margarine	15 "
Meat extract	15 "

of patients for whom diets were given, every 30 days.

Each Medical Direction will consolidate all such lists and forward to this office and MIA a summary for each hospital within the 10th of the following month.

Precise instructions should be issued in order to use in the most effective way these special rations.

Considering the possibilities deriving from the additional special ration, principles that rules diets for patients are as follows:-

(1) The ration is the same for all as per the two week scales of Military ration which could be considered corresponding to the diet 3/4.

If there is not a sufficiency of soap at you, ask BARI for the amount needed, informing this Ministry, as quickly as possible, the railway trucks needed.

We do not think that there will be any difficulty as far as BARI is concerned, as their strength has diminished, and the stocks held for themselves up to the end of Dec. 44, are superior to the actual requirement.

MILITARE DELLA PUGLIA E LUCANIA

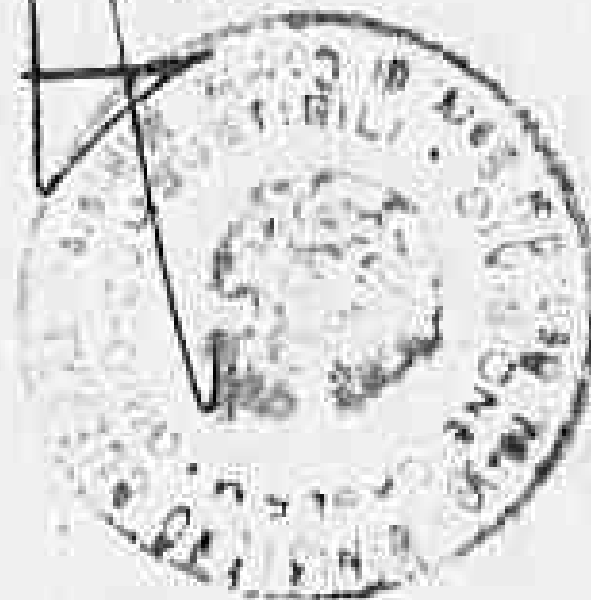

.....con preghiera di provvedere in conseguenza, con la possibile urgenza, per quanto riguarda il sapone. Per gli altri generi, omessi per brevità, sono state già date disposizioni a parte.-

Qualora non esista in sede sufficiente disponibilità sia chiesto alla Direzione di Commissariato di Bari il quantitativo occorrente, segnalando a questo Ministero, col mezzo più rapido, i carri ferroviari occorrenti.

Si ritiene che da parte della Direzione di Commissariato di Bari non esistano difficoltà in quanto, essendo diminuita la forza da rifornire, il quantitativo di sapone trattenuto per se fino a tutto dicembre p.v. risulta superiore all'effettivo fabbisogno.-

OGGETTO: Rifornimento di reparti delle Forze Armate Italiane sotto il
Comando Inglese.-

ALLA DIREZIONE GENERALE DI COMMISSARIATO

MINISTERO DELLA GUERRA

1. Per far fronte al fabbisogno nati dai recenti mutamenti di direttive come a riguardo del rievoglierimento di varie categorie dei reparti delle Forze Armate Italiane, si chiede che voi rendiate disponibili al 14° Reparto Rifornimenti O.R.A.S.C. in Napoli - dietro richiesta - i generi con i quantitativi sottolencati.-

2. I quantitativi elencati rappresentano uno stock di 30 giorni di riserva ed un fabbisogno per la consumazione iniziale di 10 giorni, per un totale di 45.000 uomini. Il tutto deve essere consegnato al 14° O.R.A.S.C. al più presto possibile, relativamente alla sua capacità di operare il ritiro dei Magazzini dell'Esercito Italiano, interessati.-

3. Vogliate dare istruzioni al Commissariato, Napoli, perchè prenda con tutti con il 14° O.R.A.S.C. circa i particolari.-

4. Se gli interi quantitativi elencati non potranno essere disponibili a Napoli, ci invierete le richieste dei mezzi di trasporto seguendo la via normale, necessari al trasporto delle differenze di generi da Napoli a Napoli.-

5. I generi ed i quantitativi sono:

Subject:- Foodstuffs for Hospital Diets.

Dires. Gen. Commissariato,
Italian War Ministry.

Military Mission Italian Army,
ROME.
SE/9

19 Oct 44.

1. In accordance with recent changes in policy, this HQ has submitted demands to the British Military authorities for provision of certain foodstuffs to enable Italian Military hospitals to arrange special diets for patients whose condition justifies such treatment.

2. The commodities and quantities so demanded, together with the regional breakdown of distribution, are given below.

The quantities are the estimated needs of 15,000 patients for 30 days.

For	CAMPANIA	APULIA	LAZIO	SARDINIA	SICILY
Release at	Naples	Bari	Naples	Naples	Catania
Milk	6,000	8,100	2,100	1,200	1,200
Rice	12,000	15,500	3,500	2,100	2,000
Semolina	3,000	3,900	900	600	600
Butter/Marg.	11,000	14,000	3,000	1,700	1,500
Meat Extract	520	690	170	90	90

All Commodities in Pounds. Totals shown for release at Bari include requirements for Italian Navy.

3. The Regional Direzione Sanita of the regions named in para 2 will be responsible to sub allot the quantities shown as allotted to their regions, between the various Italian Military hospitals in their particular region, having due regard to the sizes of the various hospitals and the needs of any hospitals specializing in particular complaints.

All Commodities in Pounds. Totals shown for release at Bari include requirements for Italian Navy.

3. The Regional Direzione Sanita of the regions named in para 2 will be responsible to sub allot the quantities shown as allotted to their regions, between the various Italian Military hospitals in their particular region, having due regard to the sizes of the various hospitals and the needs of any hospitals specializing in particular complaints.

4. Sub allotments so made will be notified to the Officers Commanding Hospitals by Direzione Sanita, copy to this HQ, with instructions that OGC Hospitals may draw up to, but not in excess of, the full amounts of their sub allotments during any one 30 day period.

Direzione Sanita may make such redistribution of sub allotments as are necessary due to changing circumstances, notifying this HQ accordingly, but in no case will the allocations given in para 2 above be exceeded.

5. OGC Hospitals will submit demands to Italian Army Depots for hospital diet foodstuffs using MHA form ST/8 Rations Issue Note, in triplicate, and will ensure that separate Issue Notes are made out for such foodstuffs.

All three copies of the Issue Notes for hospital diet items will be clearly endorsed in manuscript in the top right hand corner "H.B."

To cover all his foodstuff requirements therefore, the OC of a hospital has to submit three separate demands ie.

- (a) Rations Issue Note for permanent staff normal rations
(all copies endorsed "P.S." in red).
- (b) Rations Issue Note for patients normal rations.
- (c) Rations Issue Note for patients hospital diet items.
(all copies endorsed "H.D.").

The third copy of Rations Issue Notes for hospital diet items will be sent by the Italian Army Depots concerned to this HQ as laid down in previous instructions.

...../2

- 2 -

6. OGC Hospitals may demand and maintain in their hospitals only up to 10 days estimated requirements of hospital diet items. Such stocks will be kept under lock and key and will NOT be stored in the same store as normal ration foodstuffs.

Issues to wards from the hospital diet food store will be made only on the basis of written instructions by medical and surgical officers authorizing the provision of special diets for specified personnel under their care.

7. In no circumstances will hospital diet items be misappropriated and consumed by hospital permanent staff, officers or other ranks.

8. At the end of each calendar month OGC Hospitals will report to Direzione Sanita of their Region the aggregate number of patients who have received special diets during the month which have involved the consumption of hospital diet items.

Regional Direzione Sanita will collate these reports and forward a summary, by hospitals, to this HQ by the 10th of the following month.

9. You will please emphasize strongly that the greatest care will be taken in the management and use of hospital diet items to ensure that the maximum benefit accrues to the patients for whom they are intended.

2. Italian hospitals are finding the greatest difficulty in properly treating patients who require special diets. This is especially so in the case of hospitals on H Scale. While at present the extra items for hospitals has not been added to the scale.

3. It is strongly urged that authority be given for the above items to be released to the Italian Government for the exclusive use of patients in Italian hospitals while recovering from battle casualties.

1. Under the arrangements made by H. AAI, The Italian Military Hospital at MADDALENI is returned to Italian Command from command of FIFTH Army wef 16 May. It then becomes entirely an It lian responsibility in exactly the same way as any other Italian Hospital behind the Combat Zone and is not a responsibility of F.B.S.
2. Italian Hospitals in SANAGNIA have a cash allowance of 5 lire a day per patient to make such additional purchases as they can.
A special proposal is now being discussed between London and Washington from which it is hoped to produce certain extra items of food for Italian hospitals.
3. Until this is settled, hospitals in rear of the Combat Zone are only entitled to Basic Scale rations with such extra items of local purchase as the Italian Government arranges.

6) Rice. None available. Could be replaced by noodles if authorized. This only if rice not to be had from Allied stocks.

7) Butter. None available.

8) P. What is fresh meat Since December, this Ministry had authorized the issue of 400gms fresh meat from civilian sources to hospital patients for medical reasons.

Later this was changed owing to local difficulties to 200gms fresh meat and 200gms tinned meat. For this reason it will not be possible to give further supplementary issues.

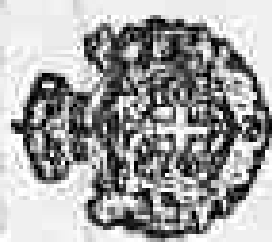

It is also to be remembered that tinned meat, unminced i.e. Italian type, as required by West Br., will no longer be able to be supplied (a) because factories are in the North (b) Existing quantities are too old to be used for medical reasons.

Please give ideas on subject.

=====

Si fa riferimento ai fogli 4/766/IS e 4/945/IS della Direzione Generale di Sanità Militare, rispettivamente del 29 marzo e 15 aprile 1944. =

Il fabbisogno medio per decade degli alimenti speciali e supplementari per ammalati ricoverati negli ospedali militari è quello indicato nell'unito speccenio, calcolato sulle segnalazioni della Direzione di Sanità. =

Al riguardo si osserva:

1°) latte e malsala: i pochissimi quantitativi di latte condensato e malsala esistenti nei magazzini militari e già a disposizione per esigenze sanitarie, sono sufficienti ad assicurare il fabbisogno solo per qualche giorno, in rapporto ai quantitativi richiesti. =

Per far fronte alle esigenze la Direzione Generale di Sanità potrebbe effettuare acquisti direttamente dal commercio. =

2°) Marmellata: potrebbe essere rifornita dall'Amministrazione Militare attingendo alle scorte ancora disponibili e ai quantitativi da acquistare se la pratica in corso con la Ditta LA ROCCA avrà esito favorevole (nostro foglio n. 2652/5 del 14/3/44). =

3°) Uova - estratto di carne: non costituiscono dotazioni del mese.

3°) Uova - estratto di carne : non costituiscono dotazioni dei magazzini delle sussistenze; per le uova potrebbe essere effettuato l'acquisto dal commercio ; per l'estratto di carne dovrebbe codesta Sottocommissione autorizzarne il prelievo presso i depositi alleati. =

4°) Zucchero : se i quantitativi disponibili dovranno essere riservati per la fabbricazione della marmellata non si potrà con gli stessi soddisfare la richiesta del supplemento. =

Pertanto codesta Sottocommissione dovrebbe esaminare la possibilità di autorizzarne il prelievo presso i depositi britannici. =

7°) Barro : é indisponibile.=

8°) Carne fresca o in scatola (non macinata) : questo Ministero fin dal dicembre scorso aveva autorizzato, d'intesa con il Commissariato Generale dell'Alimentazione, un supplemento settimanale, per tutti i ricoverati abbisognavoli di una vittezzione sana e corroborante, di gr.400 di carne fresca da acquistarsi dal commercio.=

Successivamente, poiché il predetto Commissariato ebbe a segnalare la difficoltà di approvvigionamento della carne fresca conseguenti alla situazione deficitaria del patrimonio zootecnico, questo Ministero dispose che al supplemento di 400 grammi si provvedesse con gr.200 di carne fresca e gr.200 di carne sciolata.=

Per dette considerazioni questo Ministero non ritiene possibile concedere un ulteriore supplemento di carne.=

Si aggiunge inoltre che la carne in scatola non macinata, cioè quella di produzione italiana, richiesta dalla Direzione Generale di Sanità, non potrebbe essere rifornita sia perché gli stabilimenti produttori sono nell'Italia non liberata sia perché le scatolette di carne ancora esistenti sono di vecchia produzione e pertanto non consigliabili per essere distribuite a scopi sanitari.=

Premesso quanto innanzi si prega codesta sottocommissione voler far conoscere le proprie decisioni al riguardo.=

1. Ref your letter A/2 dated 14 Mar 44.  
para 1(a).

2. The term Medical Comforts covers a very  
wide sphere, and it would be appreciated if you  
would clarify what is required under that heading  
from Allied stocks.

3. It is thought that several items coming  
under the heading of Medical Comforts could be  
obtained from Italian sources, in which case they  
would not be required to be provided from Allied  
stocks.

i. It is necessary to represent the quality and variety of rations for patients in Italian Armed Forces hospitals. Patients at present receive the Scale 'B' ration, whose calorific value is 2257.

This is totally inadequate for convalescent patients and, in addition, does not provide suitable food for those who are seriously ill.

2. Within the past four weeks, approximately 2,000 repatriated Italian wounded POW have been returned to ITALY. Many are eebilitated cases and require, not only a variety, but an adequate diet, i.e. about 3,000 calories.

3. On 29 Feb 44, there were 12,000 patients in hospitals includes all Italian Forces on Mainland and in Sardinia and Sicily). The total hospital capacity is 20,000.

4. May, therefore, authority be given for issue of:-

- a) Medical Comforts for hospitals and Convalescent Depots, when considered essential by Allied Medical Authorities,
- b) Ration Scale 'A' for all patients in hospital and Convalescent Depots.

This commitment can at present be undertaken within the ceiling of 100,000 Scale 'A' rations. It is pointed out that Italian patients in Allied hospitals draw the full scale of Allied rations, including such medical comforts as are decided necessary by the competent Allied Medical Authority.
