SUBJECT: Allotment of forage for the Italian Army for the period
4 to 10 December 44

With letters ST/13/8 dated the 25 and 29 Nov. 44 the MMIA informed us that for the period 4 to 10 Dec. 44 the following amounts of forage had been allotted for animals in the Apulia & Lucania area:

| | |
|----------|---------|
| - grains | 38 tons |
| - straw | 51 " |

As the supply of straw for the Apulia & Lucania areas has been assured with local purchases, whilst there is no availability of hay, would this Sub-Commission be so kind as to substitute the amount of straw with the same, or at least partially, amount of hay, and consider this request also in the future allowances.

DAYS

CATANZARO Commissariat Directorate in their letter 17/06/1 of 8 Nov. 44. have stated to this Ministry that the supply of grain for the Armed Forces by the Allied Authorities ~~are~~ is already in progress.

The said forage come by rail from various stations such as FOGGIA, MADDALONI, CAPUA & CANCELLO.

At the unloading of the ry. trucks there is present a proper Commission, which ascertains with a written report, the exact amounts received.

For the trucks arriving from FOGGIA only there have arrived at the above Commissariat Directorate the forms "Army Form G.1033" and "Issue and receipt voucher" in duplicate, whereby the following things are shown:-

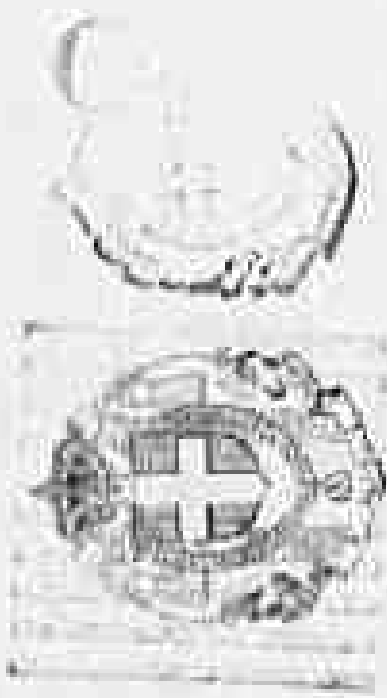

- Column 2-(Cat. or Part No) : number of the ry. truck;
- Column-3-(Designation) : the various species of goods contained in the truck with their relative amounts, shown in kilograms.

While the first copy of the "Issue and receipt voucher" is signed by Commanding X Forage Depot R.A.S.C., the second copy, done on carbon, should be signed as a receipt, as a note, made by a rubber stamp, (Please sign and return), invites the signing and return of the copy itself.

On that account the Commissariat Directorate has informed us that the amounts of ~~large~~ grain actually received hardly ever correspond to those shown by the sending body and shown in column 3 (Designation) of the relative sending form, nor is it known whether the amounts declared on leaving refer to gross or net weight, nor is there any indication as to the amount of sacks involved.

We inform you of this so that you may be kind enough to give instructions on the subject, informing us if the second copy of the Issue and Receipt Voucher may be restored to the sender, signed and corrected, where difference result.

All'uopo, la suddetta Direzione di Commissariato ha fatto presente che i quantitativi di granaglie effettivamente ricevuti non corrispondono quasi mai a quelli notificati dall'Ente speditore e segnati nella colonna 3 (Designation) del relativo modello di spedizione, nè si conosce se i quantitativi dichiarati in partenza si riferiscono a peso lordo od a peso netto, nè vi è alcuna indicazione relativa al numero dei sacchi.

Tanto si segnala a codesta Missione perchè si compiacca fornire istruzioni in merito, facendo conoscere se la seconda copia dell'Issue and Receipt Voucher possa essere restituita all'Ente mittente Alleato firmata e corretta, ove risultino differenze.

Subject : Forage Ration for horses of the Kings Guard Squadron.

The Kings Guard Squadron has a total of 27 heavy-weight horses, that are now having the normal ration, which being insufficient for them has caused their condition to run down considerably.

Considering the special service, and the size of these horses and to avoid the loss of such a precious material, we ask that the Staff should take into consideration that to these horses should receive the ration due to heavy working animals, that as you know is as follows:

| | |
|----------------|---------------------------------|
| Straw & Forage | Kg. 5,400 |
| Oats | " 3,300 |
| Carrots | " 0,800 |
| Salt | " 0,020 (every other fortnight) |

We are waiting that you should kindly answer.

Subject: Forage.

I have haste to inform you of the grave food situation in which the Co. is. horses find themselves, which bears down weightily on their state of nutrition. The cause of this is not only the lack of forage, but also the scarcity of transport.

I turn to you so that you can give a valid help to overcome the present difficulties.

I have seen to the requisition of 100 quibars of hay and of 100 quibars of straw for the most urgent needs. Three vehicles are needed for the transportation of the hay and of the straw. Could you please instruct the allies H.Q. in order to put to the disposal of Co.Mr. H.Q. the three vehicles.

The hay and the straw are in the store of Major Patti above in Via Nazionale No 555. I have come to an agreement with the supplier to give the forage tomorrow 4 Nov. 44. at 0800 hrs. The oats are to be found at Villetta: and for evening then we could use the same Italian vehicles, asking them to be ready at 6 Nov. 44.

If the allies H.Q. releases the three vehicles I should like the personnel necessary for driving the material, after having contacted you.

Mi faccio premura di comunicare la grave situazione alimentare per i cavalli dell'Arma, la quale incide fortemente sul loro stato di nutrizione. La causa va attribuita sia alla scarsità di foraggi sia alla deficienza di automezzi per il trasporto.

Si rivolgo a lei perché voglia compiacersi dare un valido aiuto per superare le difficoltà presenti.

Il fieno e la paglia si trovano presso il magazzino del Signor PALLA Ettore in Via Montana n. 555. Ho preso accordi col fornitore di ritirare domani 4 correnti alle ore 8 il foraggio. L'avena trova a Viterbo: per il ritiro potremmo avvalerci degli stessi tre automezzi facendoli partire il giorno 6 da Roma.

Se il Comando Alleato fornisce i tre automezzi manderò il personale necessario per il loro ritiro, dopo aver preso accordi con lei.

Re: Forage for the Animal Supply Centre at PIREANO.

From your <sup>ST/13/8</sup> ~~ST/74~~ of 25 Sep. 44. It is understood that authorization has been asked for from P.R.A.C. for drawing from the Remount Section P.B.S. at NAPLES of 22 tons of <sup>triticum</sup> tritume and of 15 tons of oats necessary for the needs of the 450 animals of the Supply Centre at PIREANO, according to the request contained in our 10140/8/1 of 23 Sep. 44.

In your following letter ST/13/8 of 20 Oct. 44. there is no mention of the above amounts of forage, for whom it must be presumed that such a draw has not been authorized.

We would anyhow be grateful to receive precise data on the subject.

If the authority has been refused, would you please again represent the necessity of such allotments to the Italian Army, particularly as regards the grain.

These amounts will be taken into consideration on the next 7 day demand for period ending 15 Nov 44, and subsequent demands. Working on the basis of future anticipated demand of 1500 Heavy / 2624 Normal, this stock will last 2 x 7 day periods, leaving a small reserve. No Grain requirements will therefore be necessary for period 15 to 19 Nov 44 (one 7 day period), as it is suggested that Italian Army should hold a stock of at least one week against any emergency. Next demand therefore will be for the period 20 to 26 Nov 44, due to which 10 Nov 44 and at this time will not later than 6 Nov 44.
