SUBJECT: Long Term Maintenance - Dec. 44

HQ, AAI,

1021/45A/Q

15 Aug 44

AFHQ

1. In accordance with para. 3 of AFHQ Adm. Memo 25 of 1944, long term demands for Dec. 44 are shown in Appendix 'A' (~~original in file~~).

2. Bids have been divided into four groups of ports in order to minimize double handling. For information estimated loadings ~~originally~~ for ports north of NAPLES and the HEEL are shown, but these at the present time must be largely theoretical.

3. The capacity of West coast ports north of NAPLES has been assumed as follows:-

CIVITAVECCHIA	1500
LEGHORN	8000
GENOA	5000
	<u>12500</u>

Similarly on the East coast the capacity of ~~ANCONA~~ ANCONA and VENEZIA has been taken together at approximately 9000 tpd. Should GENOA or VENEZIA not be captured it is expected that demands for civilian supplies and coal will be so reduced that the remaining items could be received into the ports already in our hands.

General,
Commander-in-Chief.

been taken together at approximately 9000 tpd. Should GENOA or VINTAGE not be captured it is expected that demands for civilian supplies and coal will be so reduced that the remaining items could be received into the ports already in our hands.

General,
Commander-in-Chief.
