1. It has been represented by the Italian Ministry of War that losses are occurring during the movement of Italian supplies for which the Italian escort personnel cannot be held accountable since at certain stages of the journeys, shunting operations take place, in the course of which the escort loses sight of the trucks.
2. There is thus a ready made excuse which is used by the escort personnel to absolve themselves from any responsibility for losses in transit. Moreover, as such personnel are now fully aware of this means of avoiding punishment, they feel encouraged to indulge in pilferage on their own account.
3. The Italian Ministry of War is obligated to take all steps to secure against the misappropriation of supplies provided from Allied sources. This obligation cannot be fulfilled in the circumstances mentioned above and it is requested therefore that instructions be issued which will authorize Italian escort personnel to remain with their charge at all times. Responsibility will then be clearly fastened and the Italian authorities will be in a position to take effective disciplinary action.

Prot. n. 12504/5/1

Subject : Rations missing

HQ letter to AFHQ re this @ 129

The Commissariat Directorate of Lazio Umbria Abruzzi Military HQ, has written to this Ministry to inform us that food rations sent from the Naples Com /w Directorate arrive with notable amounts missing. Having questioned the It 642 Military personnel that accompanies these rations, they have stated that during the journey these rations are often shipped from one train to another, due to interruptions in the line, and during these shifting operations, done by allied personnel, they are not allowed to be present they practically lose control of the items in question.

To avoid that this procedure should enable the Italian Military personnel to decline all responsibility of eventual missings, would the MMIA be so kind as to instruct the Allied Authorities responsible, that when these shifting operations take place, the Italian personnel should be allowed to be present.
