1. Difficulty is being experienced in arriving at an accurate average feeding strength in Sectors of the various categories of Itis drawing rations from Italian Depots and it is thought the Territorial Commissariati do not pay sufficient attention to this important subject.

2. Accordingly, will you please arrange for your Commissariati to render to each M.M.I.A. L.O. on the 25th and 10th of each month, the following information :-

- (a) Average daily feeding strength of BR-ITIS during feeding period (i.e. 21st to 5th or 6th to 20th).
- (b) Average daily feeding strength of US-ITIS.
- (c) Average daily feeding strength of ITI-ITIS.
- (d) Average daily feeding strength of Italian Navy.
- (e) Average daily feeding strength of Air Force.

3. It is appreciated that at first this may present some problem as probably the officers in charge of your Supply Depots do not know the category of all units. Each Commissariato, however, should be in a position to supply the necessary information to Depot Commanders.

SUBJECT: SEMI-Monthly Strength Return dated 9 Jan 1945.

SECRET

Land Forces Sub Com, A.C.
(M.E.I.A.)

SD/92/1
21 Jan 45.

To: War Ministry.

1. Further to this HQ letter G/11/1 of the 26 Jan on the above subject, the following points arise as a result of recent visits made by an officer from this HQ to the units mentioned below.

2. PAGE 3(C) DISTRETTO di RARI.

The strength of the above HQ shown in your state is 9 offrs and 1 other rank; the actual strength as a result of a visit on 14 January was found to be 8 offrs 2 Marescialli and approximately 100 civilians. The authorised strength of a Class 2 District HQ vide this HQ letter T5/8/12 of 26 Dec 1944 is 6 offrs and 60 civilians.

3. PAGE 3(C) VARI (Comm. Intern. F.C. reduced Balcania)

In our letter under reference you were requested to move 5 offrs and 3 other ranks, shown in your state as the strength of the above unit, to the nearest BHI-IT/US-IT Reinforcement Depot. It now appears, however, that the actual strength is 8 officers (incl Col. GENTILE RARIO) and 10 other ranks.

4. PAGE 1(B) Comando Territoriale (Cap. MIL CALABRIA)

The strength of the above Headquarters is shown in your state as 43 offrs and 90 other ranks. We find the actual strength to be 92 offrs and 142 other ranks.

5. It is obvious from the above examples that the situation as regards strength shown in your return bears little relation to the actual position in the units, and no attempt is being made to keep units within their authorised M.E. strength.

6. You will take immediate action as follows in order to regularize the above units.

0124

785020

The strength of the above Headquarters is shown in your state as 43 officers and 90 other ranks. We find the actual strength to be 92 officers and 142 other ranks.

5. It is obvious from the above examples that the situation as regards strength shown in your return bears little relation to the actual position in the units, and no attempt is being made to keep units within their authorized W.E. strength.

6. You will take immediate action as follows in order to regularise the above units.

7. PARA 2. The surplus military personnel will be despatched forthwith to the nearest EM-IT/MB-IT Reinforcement Depot and the civilian personnel adjusted to conform with authorised strength.

PARA 3. As instructed in letter under reference. **1201**

PARA 4. This HQ, now redundant, will be reduced to conform with the W.E. of a Military District and WIA informed of proposed future employment in North ITALY vide TS/G/12 of 26 Dec. Surplus personnel will be disposed of as for para 3 above.

1. The following points are noticed from SARE Bi-monthly Strength Return dated 9 Jan. Will you please take action forthwith to rectify as follows.

The only screening agencies authorized are 5 in number 15 all ranks each. Will you please therefore explain the high figures shown and see that a reduction is effected at the earliest possible moment.

Will you please in future show each Territorial HQ, District and Depot as authorized against W.E. vide this HQ IS/6/12 of 25 December.

It was agreed that you could implement to the full total of 2045 all ranks and in order to check up easily to see that this figure is not exceeded will you please mark clearly as, for example: Will HQ GALABRIA becomes Territorial HQ BOLZANO. (?)

Will you please in future show each Territorial HQ, District and Depot as authorized against W.E. vide this HQ IS/3/12 of 26 December.

It was agreed that you could implement to the full total of 2040 all ranks and in order to check up easily to see that this figure is not exceeded will you please mark clearly as, for example: Mil HQ GALABRIA becomes Territorial HQ BOLZANO. (2)

These should be incorporated into the Territorial HQ WE mentioned above.

Page 4(F) UFF. ASS. E INFER. E CAMPI COSTA

As you know 27 Information Centres of 3 all ranks were authorized; please see that this is rigidly complied with. It is not understood, particularly why NAPLES, BARI, ORIA, LECCE and TARANTO are so overstrength. Surplus personnel should be despatched forthwith to nearest BR-ITI/US-ITI Depot.

Page 4(G) VARI

It is not understood why BARI and NAPLES should have these large P.E. Centres. If these are really necessary they should be found from I.A.I. units authorized in this HQ IS/SD/31 of 26 Dec. In this connection the five offrs and three ORs at GABRI-ZARO should be moved to BR-ITI/US-ITI Reinforcement Depot forthwith.

Page 37

Only 250 all ranks have been authorized therefore you are required to reduce to that number.

Page 28 Reparti Sicurezza E Guardia

Will you please see that all Od Bns are reduced to the authorized W.E. of 800 all ranks. As many Od Bns are understrength it will be quite easy to effect the exchange. Allied Bns are being notified that you are doing this and if any tasks cannot be performed by the Od Bn W.E. strength the Bn Commander should

notify his senior Allied HQ in order that a transfer of a whole Coy from another Bn may be effected if necessary.

Page 28 Rep Provisonamenti Aggregati al Comando Militare Calabria

This type of unit is not authorized and will not be forced and in this connection will you please confirm that you have moved the 16 offrs and 400 other ranks surplus to 11/5 Inf Regt from CALABRIA to ASINONI Camp as ordered in MELA 8D/48 of 25 Jan.

Page 29 Sezione Provinciali Censura

These Censor Units must be kept rigidly to the authorized strength as shown in MELA letter IS/SD/31 of 26 Dec.
