Sir,

As instructed, I raised the question of soap for SARDINIA with Major GUISSO of the Commissariat at the War Ministry when he came to my office this morning.

His answer was that the Ministry had never received any complaint from SARDINIA about a shortage of soap, and that in fact the Italian R.C. there had a contract with the MAZEDU firm in SARDINIA for the manufacture of soap and best polish for the Italian Armed Forces in the island. He had also received a letter from SARDINIA stating that it was quite possible for the island to manufacture soap with a certain density of fats (I believe about 25 %), but that, if more fats were required by the War Ministry for the manufacture of soap, then they would have to be imported as well as some caustic soda. Major GUISSO was, in fact, about to request M.M.I.A. to <sup>also</sup> ~~also~~ <sup>also</sup> ~~also~~ some more soda and fats for that purpose. This correspondence will be sent to this office, in copies.

Another interesting point arising out of this conference was that the soap responsibility is being taken out of the hands of the Commissariat branch of the War Ministry and is being placed into those of the Administration Branch, whose representative, Doctor FORASTIERE, Major GUISSO brought along with him. He seems intelligent, but is a civil servant, and does not possess the military view point of an Officer.

Respectfully submitted,

the Commissariat at the War Ministry when he came to my office this morning.

His answer was that the Ministry had never received any complaint from SARDINIA about a shortage of soap, and that in fact the Italian H.Q. there had a contract with the MAZEDDU firm in SARDINIA for the manufacture of soap and boot polish for the Italian Armed Forces in the island. He had also received a letter from SARDINIA stating that it was quite possible for the island to manufacture soap with a certain density of fats (I believe about 25 %), but that, if more fats were required by the War Ministry for the manufacture of soap, then they would have to be imported as well as some caustic soda. Major GUISSO was, in fact, about to request M.M.I.A. to release some more soda and fats for that purpose. This correspondence will be sent to this office, in copies.

Another interesting point arising out of this conference was that the soap responsibility is being taken out of the hands of the Commissariat branch of the War Ministry and is being placed into those of the Administration branch, whose representative, Doctor FORASTIERE, Major GUISSO brought along with him. Respectfully submitted,

1. Inviting attention to attached statement showing ration stocks in SARDINIA as at 24 July, plus receipts from two ships. The last column shows the number of days on hand as at 1 October if the ration strength is 70,000 at that time. It is anticipated that the ration strength at 1 Oct will be greatly reduced, possibly to 40,000, which would increase the number of days supply on hand.
2. The item of Macaroni can be taken care of from the large supply of flour. Meat/Fish will have to be supplied from the Mainland, but not until October.
3. This stock piling has been brought about by increased unloading in SARDINIA and unforeseen reduction of the Italian troops there by shipments to the Mainland in the past seven weeks.
4. On account of the large stock pile on hand and the anticipated reduction of the ration strength it is requested that all further shipments of rations, ex U.S. destined for SARDINIA be sent to NAPLES.
5. It is also recommended that further supply of SARDINIA be effected by M.M.I.A. from stocks available on the Mainland.

Ministry of War.

1. Information has been received that HQ. FFA. Company approached P23 direct on 21 April 44., requesting urgent shipment of 700 tons of Cheese from SARDINIA to the MAINLAND.

As this request was naturally considered to have the approval of this HQ., the necessary shipment was arranged.

2. Subsequently, the shipping had to be cancelled, owing to the fact that neither the Allied nor Italian Authorities in SARDINIA had been advised where 700 tons of Cheese were available, and had not received any authority for its transfer to the Mainland.

3. The Ministry of War will be the first to appreciate that considerable and unnecessary inconvenience has been caused by this action on the part of HQ. FFA. Company.

4. Will the Ministry of War please take immediate action to ensure that all demands for movement are forwarded to this HQ in the normal manner.
