SUBJECT:- Period Returns showing Receipts & Despatches of Italian Provided Items.

Land Forces Sub Comm. M.
(M.M.I.A.).
ST/102/13

Commissariato KMM. April 45.

1. From returns received it is evident that you are not absolutely clear as to the information required to be entered in certain columns of the return and therefore the following observations are forwarded.

(a) Column 3. "From Firms in own Area".
Certain Commissariatoes are merely entering the amounts taken into their own depots for their own local use and omitting to give a complete picture by including the total receipts i.e. including amounts re-consigned to say Naples, Rome etc. This particularly applies to Wine and Olive Oil.

(b) Column 4. "From other sources".
In this column the totals received by each Bulk Depot should be shown, e.g. wine or oil received from outside your own area or sector.

(c) Columns 7, 8 and 9. "Despatched to:-".
If any Bari despatches wine or oil to Naples or Rome, the amounts so despatched should be shown in the Bari return in columns 7, 8 and 9 suitably headed.

2. The whole object of the return is to enable this Headquarters to compare the total receipts in all areas of Italian provided items with the total requirements of all areas.

3. You are requested to ensure that the return is as accurate as possible otherwise a true picture of the supply position cannot be obtained.

SUBJECT:- Period returns showing Receipts & Despatches of Italian provided items.

MMIA LO's
ROME NAPLES BARI
TARANTO SICILY SARDINIA

1. From returns received it is evident that all LO's are not absolutely clear as to the information required to be entered in certain columns of the return and therefore the following observations are forwarded.

(a) Column 3. "From Firms in own Area".
Certain LO's are merely entering the amounts taken into their own bulk depots for their own local use and omitting to give a complete picture by including the total receipts i.e. including amounts re-consigned to say Naples, Rome etc. This particularly applies to Wine and Olive Oil.

(b) Column 4. "From other sources".
In this column the totals received by each Bulk Depot should be shown, e.g. wine or oil received from outside your own area or sector.

(c) Columns 7,8 and 9. "Despatched to:-".
If say Bari despatches wine or oil to Naples or Rome, the amounts so despatched should be shown in the Bari return in columns 7,8 & 9 suitably headed.

2. The whole object of the return is to enable this Headquarters to compare the total receipts in all areas of Italian provided items with the total requirements of all areas.

3. All LO's are requested to ensure that the return is as accurate as possible otherwise a true picture of the supply position cannot be obtained.
