From : MOW
To : Commissariat Directorates of Bari, Naples, Florence Genoa Mil. Terr. Commands
and for info to MMIA

Ref. : 13130/S/1
Date : July 9, 1945

Subject : Special request for transport no. 29 bis.

We enclose, for the necessary action, a request for movement order no. 29 bis, which was forwarded to SMRE's Transport Office, for the shipment of foodstuffs to be carried out during the period July 16-22, 1945.

The Bari and Naples Mil. Commissariat Directorates will contact the respective transport commission in order to insure that the wagons requested are effectively granted.

The foodstuffs listed on the enclosed request represent a supply of 45 days (with the exception of the wine) for a strength of 50000 men. Said supply must be stored at the disposal of this Ministy at the Genoa Special Ration Depot.

Owing to the break in the railway line, the foodstuffs in question will be sent to the Leghorn railway station in order to be sent on to its destination by Allied authorities.

In regard to the above, the Florence Mil. Commissariat Directorate will contact the Allied Liaison Officer and will issue orders to the effect that laborers will be ready at the Leghorn station when the wagons arrive in order to transfer the foodstuffs.

7198

Furthermore, the same Directorate will see to it that the personnel escorting the arriving wagons are placed at the disposal of the Allied authorities in order to escort the goods to their destination, bearing in mind that, if the a/m escort is not sufficient, it must be completed with suitable elements to be drawn from dependent personnel or from personnel to be requested, if necessary, from Florence Mil. Terr. Command.

The Genoa Mil. Commissariat Directorate will contact the Florence Mil. Commissariat Directorate for anything that may be required.

The Florence Mil. Terr. Command is requested to hasten action by the dependent Commissariat Directorate.

The addressee units will confirm the respective action to be taken by telegram.

Reference conversation Nelson - Evans of 10 July.

There are only a limited number of Rail Cistern cars available in Italy for both civilian and military use. As the civilian need for these cars has recently increased, it has been decided to limit MMIA weekly demands to 40 cars, which will be sufficient for the transport of 600 tons of bulk wine.

6 June 45.

Ministry of War.

Reference your letter 10956/4/1 of 30 May 45.

1. No bill for movement of 107 tons of flour from NAPLES to NORWAY was made to this HQ during the period 4 - 10 June 45.

2. It is noted that there was a reduction of 107 tons for movement from NAPLES to ONTARIA.

3. It is pointed out that you should provide for a more substantial reserve stock in your Base Depot to meet contingencies, such as the above.

SUBJECT: Shipments of Flour for Rome

(Transport Programme No. 23)

S.M.R.E. have informed us that the shipment of 107 tons of flour from special food depot of NAPLES to Military Food Depot of ROME will not take place with transport programme No. 23 (4 to 10 of June 45) because MMIA have not approved that shipment in view of the overloading of the Naples to Rome Railway line.

In this respect we point out that the shipment of those 107 tons of flour represents the weekly requirements for the troops located in the ROME area.

Since if such shipment does not take place the ROME Commissariat Direc. would not, with the small available stock, insure the supply for the a/n period, we beg MMIA to kindly examine the possibility of ordering the shipment to take place, should the traffic dificulties not permit the total shipment we point out that it would under exceptional circumstances, be reduced to 87.5 tons.

OGGETTO spedizione farina per Roma (programma trasporti n.23)

e, per conoscenza:

ALLO S.M.R.E. = Ufficio Trasporti — SEDE
ALLA DIREZ.COMM/TO DEL C/DO MIL.TERRIT. — NAPOLI
" " " " " " " — ROMA

^^^^^^^^

Lo Stato Maggiore R.Esercito - Ufficio Trasporti - ha informato lo scrivente che col programma 23 (periodo 4-10 giugno 1945) non avrebbe luogo il trasporto di 107 tonnellate di farina dal Deposito Speciale Viveri di Napoli al Magazzino Militare Viveri di Roma perchè codesta Sottocommissione non avrebbe approvato il trasporto stesso dato il sovraccarico traffico della linea ferroviaria Napoli-Roma.

In merito si fa presente che il trasporto delle 107 tonnellate di farina in parola rappresenta il rifornimento settimanale di farina per il vettovagliamento delle truppe dislocate nella circoscrizione di Roma.

Poichè in mancanza di tale trasporto la Direzione di Commissariato Militare di Roma non potrebbe, con la piccola scorta di farina esistente, assicurare il servizio per quel periodo, si prega codesta Sottocommissione di voler esaminare la possibilità di disporre che tale trasporto abbia luogo.

Qualora le difficoltà di traffico non consentano l'attuazione integrale del trasporto, si fa presente che lo stesso potrebbe, eccezionalmente, essere ridotto a tonnellate lorde 87,5 .-
