Further to this HQ letter ST/182 dated 31 July 45 and following telephone conversation DARLOW - PURPOSE of today's date.

1. The following releases of Allied items are required.

a) To Italian Bulk Depot GENOA from 42 BSD - 1,800,000 rations during each of the periods 6 - 20 Sept, 21 Sept - 5 Oct and 6 - 20 Oct and then 900,000 rations every subsequent period of 15 days, unless advised to the contrary.

b) To Italian Bulk Depot MESTRE from 6 BSD - 1,350,000 rations during each of the periods 6 - 20 Sept and 21 Sept - 5 Oct and then 675,000 rations every 15 days subsequently, unless advised to the contrary.

c) Since our telephone conversation it has been found that the feeding strength at FORULI has been reduced from 16,000 to 5,000. Supplies of Allied items to FORULI should be discontinued until 21 Oct 45 and then sent forward at the rate of 75,000 for 15 day periods subsequently.

a) Assuming that 240,000 rations were released to Italian Distribution Depot ANCONA, between 20 Aug and 1 Sept, then we shall require 160,000 rations to be released during the period 6 - 20 Sept and then 120,000 rations every subsequent 15 days unless advised to contrary.

Further to this HQ letter ST/182 dated 31 July 45 and following telephone conversation DARLOW - PINROSE of today's date.

1. The following releases of Allied items are required.

a) To Italian Bulk Depot GENOA from 42 BSD - 1,800,000 rations during each of the periods 6 - 20 Sept, 21 Sept - 5 Oct and 6 - 20 Oct and then 900,000 rations every subsequent period of 15 days, unless advised to the contrary.

b) To Italian Bulk Depot MESSINA from 6 BSD - 1,350,000 rations during each of the periods 6 - 20 Sept and 24 Sept - 5 Oct and then 675,000 rations every 15 days subsequently, unless advised to the contrary.

c) Since our telephone conversation it has been found that the feeding strength at FORLI has been reduced from 16,000 to 5,000. Supplies of Allied items to FORLI should be discontinued until 21 Oct 45 and then sent forward at the rate of 75,000 for 15 day periods subsequently.

d) Assuming that 240,000 rations were released to Italian Distribution Depot ANCONA, between 20 Aug and 1 Sept, then we shall require 160,000 rations to be released during the period 6 - 20 Sept and then 120,000 rations every subsequent 15 days, unless advised to contrary.

2. It is understood that you have agreed that bids for movement from 38 BSD to FORLI will be submitted by you to AFHQ POM on our behalf.

3. It is confirmed that releases of rations to Bulk and Distribution Depots are only required to be balanced over each 15 day period.

4. It is hoped a delivery to Bulk Depots will be at a steady flow throughout the period and possibly by local arrangement deliveries to depots will be made on intervening days. This would tend to economise in the movement of rolling stock.

Reference this office letters STG/4/3 of 27 July
(para 3) and STG/4/18 of 14 August.

It is again emphasised that the responsibility
for foodstuffs taken over in 42 B.S.D. by the Italian Army,
begins when these foodstuffs are loaded on the lorry; they
are checked at this point by Italian Army checkers and any
question of broken or deficient packages should be raised
at this the time of loading.

When the ST/1 for a lorry is signed, the responsi-
bility of the British Depot ceases, and any question of
deficiencies or broken packages is entirely the responsibility
of the Italian Army after this is done.

Please see that all officers and OR's concerned
in these loadings are informed of this, since a considerable
amount of unnecessary trouble is being caused to O.C. 42
B.S.D. by requests to make up deficiencies which have obviously
arisen after the vehicle has left the B.S.D. .

It would appear that either the Italian Officer
and NCO's responsible for supervision of loading in 42 B.S.D.
do not exercise sufficient control of the checkers, or the
escorts on the lorries are insufficient or inefficient.
