Further to the visit to your Office of Captains Vernon and Robinson on 21 Mar 1945.

Herewith batch of uncleared vouchers on which a ruling is required.

The forage charged on these vouchers was loaded and checked by a representative of this Depot. In respect of all grains the trucks were sealed with 5 mm wire and some Seals, the Tibben trucks being sealed with 5 mm wire only.

The discrepancies are for varying amounts, and the larger ones are obviously due to pilferage in transit, the smaller ones are no doubt due to loss in transit or off-loading, which is bound to take place in the handling of forage, especially straw and tibben.

In view of this it is held by this Depot that such losses must be borne by the consignee and necessary action taken by them, as correct amounts charged on our vouchers were actually despatched.

These vouchers cover a period of over five months, and were not received by this Depot until 11 March 1945.

It would be appreciated if a ruling could be given and the consignee informed of the correct procedure to obviate any re-occurrence in the future.
