SUBJECT: Cargo on R.I.N. Cruisers.

TO : MMIA, Hqs. Sardinia District, Att'n: Colonel F. L. Simmons.

1. The following letter has been received from Commander, U. S. Naval Detachment, Cagliari, Sardinia:

> "The Royal Italian Navy has requested that total amount of cargo loaded on R.I.N. Cruisers be kept to a maximum of 10 tons in order to permit proper stowage."

2. Space for proper storage on board these cruisers is limited and the constant threat of bad weather during this season of the year makes it impossible to secure cargo on the deck or to protect it from damage by water.

MEMO TO: CG, AGS, APO 534, (Thru A/C of S., G-4).

SUBJECT: Railway Guards.

1. Enclosed is copy of letter from Commissioner of Public Safety announcing the decision of the Military Presidio to reduce the guard detail furnished the Cagliari station and yards of the Ferrovie Dello Stato from 19 to 4 men.

2. If this plan is carried out, I can say that within a matter of a few weeks such railroad supplies and equipment that we do have will be pilfered and stripped to such an extent that the operations of Ferrovie Dello Stato will be very seriously hampered, and the entire system will be crippled for months to come.

3. This condition is also realized by Sig. Sollano, Director of Ferrovie Dello Stato, as evidenced by his letter enclosed here as enclosure number two.

4. Request action be taken immediately to retain the present number of guards assigned to this duty, and that these guards be retained as long as the Allied Forces have any interest in Ferrovie Dello Stato.

On.le TRASPORTATION OFFICER
A.P.O.534
U.S.ARMY

Il Commissariato Compartimentale di Pubblica Sicurezza, con la lettera di cui si unisce copia, informa che il Comando presidio Militare ha disposto la cessazione dei servizi di vigilanza negli impianti ferroviari di Cagliari.

Tale servizio, per il quale in un primo tempo era stato previsto l'impiego di 19 uomini, era in questi ultimi tempi insufficientemente coperto da appena 4 persone; tolte queste gli impianti di Cagliari rimangono privi di sorveglianza per cui è da temere una ulteriore recrudescenza nei furti.

Ad evitare inconvenienti che potrebbero avere ripercussione anche sull'andamento dell'esercizio ferroviario specie se, come altre volte, i ladri prendessero di mira pezzi di ricambio, cinghie di trasmissione ecc., si prega codesto On.le Ufficio di intervenire presso chi di competenza per l'urgente ripristino del servizio soppresso, tenendo presente che solo con un minimo di 19 uomini può essere assicurata una efficace sorveglianza.
