La causa di detti smarrimenti é da ricercarsi nel fatto che i permessi di circolazione furono incollati sul parabrezza e da esso si distaccarono a causa del caldo.

E' stato provveduto,ad evitare altri inconvenienti del genere,a migliorare l'affissione dei permessi ed a richiamare severamente i comandanti di reparti ed i conduttori di auto_ mezzi.Per gli smarrimenti avvenuti, ho punito i conduttori dei tre autocarri con I5 giorni di prigione.

4 February 1945

SUBJECT: Report on Meeting at 13th Auto Parco, Abbasanta, on 27 Jan 45.

TO : Colonel F. L. Simmons.

1. The meeting was held at the 13th Auto Parco, Abbasanta at 1000 hours on 27 January 1945. The following were present: Lieut Colonel Costantino, Major Martellacci, Captain Secchi, and Captain De Stefano.

2. Colonel Costantino presented a chart of the vehicles that are to remain in Sardinia. See attached. This chart includes the "Targa" number of all the vehicles that are in the hands of the Italian Army in Sardinia, the redistribution of vehicles according to new T/O and vehicles to be drawn from the 13th Auto Parco in order to complete T/O.

3. The vehicles are being moved around to meet the new T/O requirements. Some of the surplus vehicles have already been turned in to the 13th Auto Parco and orders have been issued by CMS to turn in all the surplus vehicles.

4. The census had not even been started at the time of the meeting. The only reason Colonel Costantino gave was that they did not have all the vehicles by type to complete census. However, as of 1 February 45, the census will be started and when complete would be turned over to Colonel Simmons.

5. The vehicles required from 13th Auto Parco to complete the new T/O would be delivered, according to Major Martellacci, by 20 Feb 45. Even through the types of vehicles specified were not available, an agreement was reached between Major Martellacci and Col Costantino for substitutes.

Other items taken care of at 13th Auto Parco:

1. Arrangements were made to repair the 6 vehicles from Nuoro Carabinieri.

2. The Auto Parco had turned over to civilians 21 vehicles to date. There were 10 more ready to deliver within a day or two.

4557

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

3. Major Martellacci said that he informed Major Hall that he did not believe that the program of 50 vehicles a week to ship to the continent could be met. Major Martellacci believes that the maximum is about 150 per month.

4. The Engineer and Artillery Special Vehicle program is going along pretty well. Some of these special vehicles were already at the 13th Auto Parco being repaired.

5. The subject: Vehicles for Units not Included in the New T/O was mentioned. (See attached letter from CMS No. 437/AUT dated 16 January). Nothing was settled on this because Colonel Costantino said that he was going to discuss this further with Colonel Simmons.

- 3 motorcycles (2 seats if possible)

In addition, it is pointed out that the excess vehicles, because of trade marks and types other than those set forth by the T/O, will be turned in as below indicated:

(3 cont'd)

(f) For MMLA LO, Bari. For the present no action should be taken to operate the Census on the vehicles of Piceno Division. Separate instructions will follow subsequently. Please inform Comando Puglia that para VI(c) of War Ministry letter herewith is modified accordingly.

(g) For MMLA LOs Naples - Taranto - 1 District - Rear 8 Army.

Please note that dispositions in para 2 of present letter for operation of the Census for Italian Army vehicles (if any) of Friuli - Cremona - Legnano - Folgore - Mantova Divisions supersede para VI(b) and (c) of War Ministry letter herewith. Please inform respective comandi accordingly.

(h) For MMLA LO Sardinia.

It is desirable that the reductions in vehicle establishments in Sardinia instructed in MMLA HQ letter AQ/5 of 12 Nov 44 to you and turning-in to Park or Workshops of resultant surplus vehicles should be substantially completed before the Census is operated. Please ensure the best possible dispositions towards this object.

(j) For MMLA LO, Sicily. Your 994 of 11 Nov 44 is answered as follows:- Your para 2(a) by 8(d) of present letter, 2(b) by 8(c), 2(c) by 7, 2(d) by 10 below.

9. Separate and subsequent instructions will be issued in implementation of the remaining parts of Instruction No 14 including the enforcement of the Windshield Label control scheme. Para 6 of the Instruction however is effective forthwith on taking of the Census. Please emphasise this to Commands and units.

10. Certain Italian Army vehicles not in present possession of Italian Army units will tend to escape the Census (though not the subsequent control scheme). Any information however, particularly lists of Registration Nos of such vehicles that can be readily collected by MMLA LOs should be forwarded. (This is known to apply particularly to Sicily, but may arise elsewhere also. MMLA LO Sicily please note Italian Army vehicles captured prior to the Armistice and now operated by INT are not Italian Army property and therefore need not be reported. Any Italian Army vehicles handed over to or acquired by INT or any other organisation or individual subsequently to the Armistice are however probably Italian Army property and should therefore be reported if readily ascertainable.

11. Difficulties, uncertainties or problems of procedure that may arise reference this operation not foreseen and covered by Instruction No 14 and/or this letter should be referred by telephone or signal to this HQ.

SUBJECT: Request for Windshield Label.

TO : MMIA - Liaison Office for Sardinia - CAGLIARI.

On 25 June the Fiat 626 truck, Targa 119634 belonging to the 1st Battalion of the 236 Regt in La Maddalena, while turning around a curve was hit by an Allied truck which had a pole sticking out of the back about 2 yards and this splintered the windshield.

The label which was glued on the windshield was cut into little pieces and the driver, in the excitement of the moment, forgot to pick up the pieces that remained of the label.

From the investigation made it was found that the loss of the label is due to mere accident.

Request a duplicate of said label be issued.

ALLA M.M.I.A. - Uff. Collegamento per la Sardegna - CAGLIARI -

Il 25 giugno u.s. l'autocarro Fiat 626- targato R.E. 119634, del I° battaglione del 236° Reggimento, dislocato in La Maddalena, mentre effettuava una curva nella predetta località, veniva urtato da altro autocarro appartenente a reparto alleato, del quale sporgeva di oltre due metri un palo, che andava a colpire il parabrezza di sinistra del Fiat 626, mandandolo in frantumi.

Il triangolino di circolazione, regolarmente incollato al parabrezza, veniva ridotto in minuti pezzi, e il conduttore non pensava, nell'eccitazione del momento, a raccoglierne i frammenti.

Dagli interrogatori fatti e come appare dal verbale allegato, la perdita del triangolino deve attribuirsi a causa di forza maggiore.

Prego codesto Ufficio voler cortesemente assegnare un duplicato del triangolino distrutto.-

# PROCESSO VERBALE

comprovante la distruzione dell'etichetta di circolazione n.200 relativa all'autocarro Fiat 626, targato R.E. 119634.-

Oggi venticinque agosto dell'anno millenovecentoquarantacinque

SIA NOTO CHE

la sottoscritta Commissione si è riunita per esaminare le cause che hanno determinato la distruzione dell'etichetta di circolazione n.200, relativa all'autocarro Fiat 626, targato R.E. 119634 a carico del Plotone Comando Reggimentale del 236° Rgt.S.I., permanentemante in servizio presso l'autoreparto della Base Navale.

Dall'esame delle circostanze è risultato che il marò autiere CASOLI Isidoro, matricola 148917-classe 1923- della Base Navale, il quale aveva in temporanea consegna l'autocarro suddetto, nell'andare da Cala Francese alla Base Navale, nell'isola di La Maddalena, il 15 giugno c.a. in ore antimeridiane, al termine di via Cairoli e all'imboccatura di via Ilva, incontrava in curva un automezzo Alleato dal quale sporgeva di oltre due metri un palo, che andava a colpire il parabrezza di sinistra del Fiat 626 mandandolo in frantumi.

L'etichetta di circolazione, regolarmente incollata al parabrezza, venne ridotta in minuti pezzi e l'autiere nell'eccitazione dell'incoveniente non pensò a raccogliere i frammenti.

Gli interrogatori fatti presso l'Autoreparto confermano le condizioni di luogo, modo e tempo sopra esposti.

Per quanto sopra, la Commissione esprime il parere che non sia da ascrivere al marò autiere CASOLI la responsabilità dell'incoveniente, anche perchè è provato che egli procedeva a velocità moderata, tenendo la destra, e che non poteva assolutamente evitare l'urto dell'estremità del palo sporgente dall'autocarro Alleato, e pertanto ritiene che la perdita dell'etichetta di circolazione n.200 dell'autocarro Fiat 626- targa R.E. 119634 è da ascrivere a cause di forza maggiore e pertanto

This is to inform you that the driver of the motortricycle Benelli 500 Targa No. MS 29257, of the 51st Engineer Bn has lost the windshield label no. 166 issued by MTA.

From investigation made it has been found that the loss is due to mere accident.

On 26 June the driver stopped in Piazza Amendola, Cagliari, to inflate a tire and saw that the label was missing. He went back on the road that he had come from, but he could not find it.

The C.O. sent other persons to look for it, but it could not be found.

As I have stated above the loss is due to a mere accident. The label was pasted on a metal support and it was attached by two bolts to the front fender; evidently the bolts, due to the vibration of the motor, were loosened and the metal support fell off and the driver, due to the noise of the motor, did not hear it fall.

But the driver could have avoided this loss if, before starting off, he had looked to see if the metal support was well attached to the fender. For this reason I have punished him with 15 days confinement and 15 days restriction.

Request that MTA issue a duplicate of the label that was lost.

COMMANDING GENERAL OF THE DIVISION
Alessandro Maccario

OGGETTO: richiesta duplicato permesso di circolazione n° [illegible] per automezzo del R.E.

ALLA R.M.I.A. - SOTTOCOMMISSIONE PER LA SARDEGNA

C A G L I A R I

Informo che il conduttore del motocarrello Benelli 500 - bergato R.E. 2[illegible], in carico al dipendente XXXII battaglione Genio, ha smarrito il permesso di circolazione relativo al mezzo, rilasciato da codesta R.M.I.A., portante il n° 180.

Degli accertamenti eseguiti, è risultato che lo smarrimento è dovuto a caso fortuito e non a dolosa intenzionalità.

Il conduttore del motocarrello, il 26 giugno u.s., di servizio in Oristano, si fermava in piazza Mariano per controllare un pneumatico. Durante tale operazione si accorgeva di aver smarrito il permesso di circolazione. Ripeteva più volte il percorso fatto precedentemente senza riuscire a rintracciare il documento.

Ulteriori ricerche fatte effettuare dal comandante del XXXII btg. Genio hanno avuto esito negativo.

Come sopra detto lo smarrimento è da attribuirsi a cause accidentali. Il documento era incollato ad un supporto metallico, fissato con dei bulloni alla ruota anteriore del carrello; evidentemente i bulloni, in seguito alle vibrazioni del motore, debbono essersi allentati, permettendo al supporto metallico di fuoriuscire dagli alloggiamenti, senza che il conduttore, a causa del rumore prodotto dal motore, se ne sia accorto.

Poichè il conduttore avrebbe potuto evitare lo smarrimento se, prima di iniziare il servizio, si fosse assicurato, come prescritto da questo Comando, che il supporto metallico era ben fissato al parafango, [illegible]

Dagli accertamenti eseguiti, è risultato che lo smarrimento è dovuto a caso fortuito e non a dolosa intenzionalità.

Ulteriori ricerche fatte effettuare dal comandante del XXXII bt. Genio hanno avuto esito negativo.

Come sopra detto lo smarrimento è da attribuirsi a cause accidentali. TO : MMIA - Colonel Simmons

General Motorization Directorate with letter 440/VA/21 dated 12 January 1945, ordered the removal of the rear seat from the two seat motorcycles.

Considering the purpose for which the two seat motorcycles are used, the allocation of motorcycles with sidecar made with the new T/O appears now to be insufficient, as a consequence of which, you are kindly requested to consider the possibility of substituting at least half of the two seat motorcycles with equal number of motorcycles with sidecar.

1. Under cover of this HQ letter ST/1004 of 5 Dec 44, Windshield Labels were handed over in Rome; Nos 1 - 300 to Col SIMMONS, Nos 301 - 500 to Maj HALL.

2. Para 4 of the letter quoted requested that lists be furnished to this HQ, setting the serial numbers of tickets issued against the Targa Nos of the vehicles to which they were affixed.

3. This HQ letter Q/5 of 5 March 45 communicated the final agreed WE/TO for ITI-ITI MT units to be formed in Sardinia - both those to remain permanently on the island, and those eventually to transfer.

5. Any vehicles issued with labels in this manner will, no doubt, now have been re-grouped into the authorised units as specified in Q/5 of 3 March.

Capt Westbury has been on the phone from Caserta this morning and says the MT ships from Cagliari are coming over without any shipping documents.

I cannot believe this is correct but perhaps you would be kind enough to verify.

As far as we are concerned the drill would be for one copy of loading list to be sent to MMIA LO Naples and one copy to this HQ, apart from copies the shipping people may require.
