SUBJECT: Motorcycles of the 236th Regt - Calabria Div - CAGLIARI

TO : MIA - CAGLIARI

Hq 236th I.S. Regt turned in to the 14th Repair Unit of Abbasanta 3 motorcycles for a general overhaul and for numerous repairs.

Only one of the three motorcycles could be repaired, while the other two could not be used any longer because of the total lack of spare parts.

Since vehicles in question are among those authorized to be retained in Sardinia and for which a proper windshield label was issued some time ago and in consideration that said vehicles are needed by the 236th I.S. Regiment, your MIA is kindly requested to authorize the following:

- the final turn in to the Abbasanta Park of vehicles which cannot be repaired.
- the release from the 1st Mobile Park of two efficient motorcycles in substitution for the two turn in.

Il Comando 236° Reggimento S.I. ha versato al 14° Reparto Riparazioni di Abbasanta, per la revisione generale, 3 motocicli a cui abbisognavano numerose riparazioni.-

Dei tre motomezzi, solo uno potrà essere riparato, mentre gli altri due non potranno essere resi efficienti, causa l'assoluta indisponibilità di particolari di ricambio.-

- il versamento definitivo ad Abbasanta dei mezzi non suscettibili di riparazione,
- il prelevamento dal 1° Parco Mobile, di due motocicli efficienti, in sostituzione dei due versati.-

TO : MMIA - Colonel Simmons' Liaison Office. CAGLIARI.

1. This Hq upon request of the Autonomous Section of the Sassari Military Tribunal ordered the allocation of 1 staff car to said unit on 28 October 1944.

2. Such action was necessary to enable the magistrates to reach urgently the out-station zones for the investigation of the present serious trials.

3. Said allocation could not be fulfilled by the 13th Auto Park since no cars were available and Major Hall, informed of the matter, sent the letter dated 21 November to this Hq, copy of which is herewith attached.

4. Since the reasons for which the allocation of a staff car to the Section of Sassari was recommended still exist and furthermore, due to very extensive work performed by said unit, your office is kindly requested to consider the possibility of approving the immediate release of car in question.

SUBJECT: Census of Vehicles to Remain in Sardinia
TO : Commanding General, Italian Forces in Sardinia.

1. Reference your letter No. 1119/AUT dated 11 February 1945, subject as above.
2. We are returning the Italian Army Vehicle Census sheets which accompanied above letter because complete information has not been given as requested.
3. None of the vehicles listed on inclosed Italian Army Vehicle Census sheets show the Engine or Chassis number. The census must include complete information on all vehicles under the new T/O.
4. We note that an Opel, Italian Registration No. 00135, is listed under Headquarters, Comando Military Sardegna. This is in excess of the staff cars according to the T/O for this unit. However, the above letter indicates that one staff car is needed to complete the T/O. Request an explanation of this discrepancy.
5. The census of vehicles in Sardinia was to be completed not later than 31 December 1944 in accordance with letter ST/1004 sent to Ministry of War from Land Forces Sub Comm A.C. (MMIA) Rome dated 27 November 1944 and subsequent instructions issued by the Ministry of War on this subject. In a meeting held at the 13th Auto Park, Abbasanta on 27 January 1945 with Liout Colonel Costantino, Major Martellacci, Captain Secchi and Captain De Stefano, it was agreed that all the vehicles needed to complete the T/O would be ready by 20 February 1945.
6. Request that the inclosed forms be completed to include all the information requested for all the vehicles under the T/O and returned to this office on 20 February 1945, the date agreed that all vehicles required would be ready.
