15/5 ^{file}
55-1

Immediately after the publication of the new 55-1 I called Mans and asked them to resubmit a request for rat workers. This was not done by the following Monday so I again called Mans. The chief clerk at the post called in re: rations and I also told him.

We returned last weeks report with a request for information as to what authority the rations had been drawn on. No answer as yet received.

As indicated by the attached letter the post is still drawing rations.

There is no question but that they are entitled to some but the non compliance with directives and failure to answer communications is, I feel something that should be adjusted.

Sachs

APH said he would take up matter with Atzler.
