2/1-77
7 April 1945

TO : Direz. Gen. Commissariato
Ministry of War

1. When it is necessary for units to draw rations other than for the actual strength of their own personnel such as:
- a. Personnel attached for rations.
 - b. Units attached for rations.
 - c. Small isolated units with insufficient transportation to draw their own rations.
 - d. Territorial Headquarters drawing rations for several units in their immediate vicinity.

The following information will be shown on the reverse side of the Ration Issue Note (MMIA Form ST/8) covering the issue of the rations.

- (1) Actual strength of the unit drawing the rations.
- (2) Strength of attached personnel, showing designation of their parent unit.
- (3) Strength and designation of any attached units which may be included in the ration issue.

2. This information shown on the reverse side of the Ration Issue Note will enable both you and ourselves to be able to more efficiently control the issue of rations to the Italian Military. This will apply to all units drawing rations from the Army depots; that is, Army, Air Corps, and CC.RR.

3. You will please therefore issue instructions to your depots immediately, to implement this policy, sending us a copy of your instructions. We are asking our Liaison Officers to check the MMIA Form ST/8's in their respective areas to insure that your instructions concerning this matter are adhered to.

Notes: As far as the data for the Air Force are concerned for the period 21 Jan.-5 Feb 1945, we clarify that this data is a result of the strength of the previous 15 day period, because this depot did not receive any clearing on the clearing on the matter. There is only one notification from the War Ministry (obviously wrong) that says the strength of the Air Force would be of 3,670 men.

We clarify also that the quantity of supplies given to the Air Force for the 15 days in question, has no relation at all with the strength indicated because this depot has issued the quantities said in letter of MMIA dated 20 January 1945

N.B. - Per quanto riguarda i dati della R. Aeronautica relativi al periodo 21/I-5/II/1945, gli stessi si sono ricevuti prendendo come base la forza della quindicina precedente, dato che non era pervenuta alcuna segnalazione al riguardo. Esiste solo una segnalazione (evidentemente sbagliata) in cui la forza della R. Aeronautica sarebbe di 3.670 unità.

Si precisa pure che il quantitativo di derrate assegnato alla R. Aeronautica per la trattasi, non ha alcuna relazione con la forza indicata, in quanto questo Deposito ha i tativi stabiliti dalla M.M.I.A. con sua lettera 20 gennaio 1945.
