Repeated below for your information is translation of letter received from Italian Ministry of Interior:-

" To the Prefects of the Italian Provinces under the jurisdiction of the Italian Government.

1. For your information and guidance we make known herewith that a Section for Legal Assistance for Foreigners (A.G.I.U.S. - Sezione Autonoma per l'Assistenza Giuridica Internazionale agli Stranieri) has been set up in the Italian Red Cross with the approval of the Presidency of the Council of Ministers and with the agreement of the Ministry for Foreign Affairs and the Ministry of Grace and Justice.

2. This Section, temporarily located at Rome, 16 Via Puglie is already functioning, and all Foreigners who require legal assistance and advice may as from the present date, call at the above address.

3. It is the hope of the Italian Red Cross that this organisation will be able to meet all the requirements of social and international life, so much so as the success of the international plan for legal and humanitarian assistance depends upon the success in Italy of this new form for assistance, from which our country-fellowmen abroad will greatly be benefited.

4. In accordance with the desire of the President of the Italian Red Cross, you are kindly requested to give to the above the widest diffusion and favour this initiative as much as is in your power."

It is thought that the following extract from the minutes of a meeting held by the Commanding General MTOUSA may be of interest to you:

"I. Theater Commander.

1. I have instructed the Chief of Staff to issue a directive to all major commands to submit a list of all facilities they are now using, including the percentage of use and the justification for continued use. I wish to impress upon everybody the need for action in this regard. We have a habit that when a facility is vacated by one unit another unit moves in. The time has come to start getting rid of as many of these facilities as we can by consolidating and derequisitioning property. I want all members of the staff and the major commands to know that my policy is to get rid of as many of these facilities as rapidly as we can".

ESTABLISHMENT MEMORANDUM)
:
NUMBER 15)

WAGE-RATES OF ALLIED COMMISSION/ALLIED MILITARY GOVERNMENT CIVILIAN EMPLOYEES

1. The maximum and minimum wage rates payable to civilian employees of Allied Commission/Allied Military Government, together with cost-of-living bonuses, allowances, etc., are governed by AFHQ Administrative Memorandum Number 34, dated 29 June 1945, entitled "Conditions of Employment, Wage Scales, Bonuses and Allowances for Civilians Employed by the Allied Forces in Italy, Sicily and Sardinia", and its subsequent amendments.

2. In the past, Finance Sub-Commission, through the Audit Division of the Accounting Sub-Section has made a careful check of all Wages paid to civilian employees, from the Payrolls submitted by Sub-Accountants with their monthly Reports of Receipts and Disbursements, and where the rates have not conformed to the authorized scale, and Observation has been sent to the Sub-Accountant, calling for an explanation of the apparent error.

3. Since the implementation of AFHQ Administrative Memorandum Number 25, 1945, which authorized Labor and Wages Sub-Committees of the Allied Forces to make further upward adjustments of the Cost-of-Living bonuses locally, it has in fact been found impracticable for the Audit Division to check the rates of pay, as the local variations in authorized rates have become too complex and diverse to follow at this Headquarters. For example, the areas of jurisdiction of the Local Wages Sub-Committees do not necessarily coincide with Regional boundaries; and the directives issued by the Sub-Committees frequently authorize a flat rate of increase in the bonus without quoting a cumulative figure.

4. Nevertheless it is of the utmost importance that Sub-Accountants and other Officers responsible for compiling Payrolls ensure strict adherence to the rates authorized in their area, and to give effect to this, ALL PAYROLLS WILL IN FUTURE BEAR THE FOLLOWING ADDITIONAL CERTIFICATE, SIGNED BY THE PAYING OFFICER:

"Certified that all above rates of pay are in accordance with existing AFHQ authorized scales, as modified by Local Wages Sub-Committee".

This order is to be strictly complied with.

5. Cabled instructions to this effect have already been sent to CCAMG Liguria, Piemonte, Lombardia, Venezie and Venezia Giulia, under reference Number 4254, dated 25 August 1945.

RESTRICTED

ALLIED FORCE HEADQUARTERS
APO 512

AG 004/171 CAO-O

11 August 45

SUBJECT: Release of Hotel Accommodations.

TO : All Concerned.

1. The Italian Government, through the Allied Commission, has made strong representations for the release of hotel accommodations for civil use in order that such facilities may be made available for Governmental officials, industrial experts, foreign trade representatives and other persons travelling in Italy on essential duties relating to the Government and/or the rehabilitation of the economic life of the country.

2. The policy of this theater has always been, as announced in AFHQ Administrative Memorandum No. 29 of 8 July 1944, that the needs of all Italian Agencies, whether commercial, governmental or private, are subordinate to those of the United Nations. Though there can be no change in this general policy which would prejudice the redeployment of forces from the theater or disturb the operational efficiency of the troops remaining in the theater, however, in order to assist in the rehabilitation of the governmental and economic life of ITALY, it is necessary that certain Italian requirements essential to such rehabilitation have priority over the extravagant and unrestricted use, by the military, of hotels for rest and recreation and the excessive travel indulged in by the military.

3. All commands in this theater, therefore, upon receipt of this directive, immediately will investigate, and thereafter from time to time review, the extent and use to which hotels in their respective areas are being operated in order that those hotels, which can be released without jeopardizing Allied interests, may be returned to the Italians.

4. Any hotel which does not have a daily average occupancy of at least sixty (60) per cent during a thirty day period will be derequisitioned unless its retention can be fully justified by a well-founded future need therefor.

5. In cases where hotels individually are occupied by different organizations, arrangements will be made, where possible, to accomodate, as joint users, two or more of such organizations in the same hotels in order to provide for the release of other hotels.

20 August 1945

MEMO TO : Lt. Colonel Brydon, Commander GS Staging Post RAF Elmas.

Dear Colonel Brydon:

1. Your note of 17 August received and contents noted and thanks for same.

2. I had all this information previous but as stated at the parade I had no information of the C.O. GS Staging Post being designated Senior Allied officer in Sardinia by AFHQ, this designation was injected by 2 Dist O.I. No 21 of 5 April 1945. However, I am fully aware of the responsibilities assigned you by Appendix "A" to AFHQ letter HDC/421 dated 25 March 1945 which has been superseded by AG 323/05E GCT-O dated 21 April 1945 (a copy of latter I do not have) and of course in of a later date than 2 Dist O.I. No 21. I doubt if the provisions in regard to your responsibilities for local defence have been changed much by the AFHQ 21 April communication and not be of great interest to either of us.

3. As explained in my letter to Commander Holms of 16 May, in which I inclosed a copy of AFHQ HDC/421 of 15 May which again states no Allied Garrison Commander is appointed for Sardinia, can't see that it makes a great deal of difference regarding our organizations. Commander Holms agreed to my 16 May letter by his communication of 27 May.

4. We each have our specific duties and am sure there will be mutual cooperation for the betterment of conditions pertaining to the Allies.

5. Again thank you for your cooperation and congratulate you on the excellent showing your troops made in our little VJ Parade.

Lt. Colonel, Infantry,

17th.August, 1945.

Dear Col Albert.

I am enclosing you herewith the various orders about our little difference yesterday. You will note that in Field Marshall Alexander orders para.2, no Garrison Commander is being appointed.

Subsequently however on April 5, H.Q. 2 District C.M.F., issued in 2 District Operation Instruction No.21 the following instruction:-

Responsibilities of O.C. 63 Staging Post RAF.

O.C. 63 Staging Post R.A.F. as the Senior Allied Officer will be responsible for normal grn. matters. He will also be responsible:

(a) For the security of Allied installations.
(b) For rendering assistance to the Italian Comd in the event of hostile acts being committed against the Island by the enemy.

Guiding instructions on these points are contained in :-
2 District Operation Instruction No.19 dated 6 Mar 45.
" " " " " 20 " 13 " "
Copies of these instructions will be taken over from the Allied Grn Comd by O.C. 63 Staging Post R.A.F.
and this is the basis of the assumption which I think you will agree is clear.

Thank you again for all your help and I really must again congratulate you on your well organised parade that we had yesterday.

Yours Wyndham Goldie

Ref your letter G/1 dated 9 May 45.

1. HSD/421 dated 25 Mar has been superseded by AC 325/035 GCT-0 dated 21 April 45, copy of which is enclosed.

2. The change was due to the departure of the bulk of Allied Commission personnel from SARDINIA on 1 Apr. It is not proposed to alter the existing arrangement, which was approved by the Chief of Staff. It is not agreed that there is any necessity for an Allied Garrison Comd, since the only forces on the island are RAF and about 13 ranks of the British Army. There is, however, no objection to the MMIA Liaison Officer undertaking any convenient duties by mutual and local arrangement so long as this does not purport to change the official chain of command and responsibility as laid down in the above quoted AC letter of 21 Apr.

1. I have today been passed a copy of your HSD/421 of 25 Mar by my LO in SARDINIA who received it from OC 63 Staging Post, RAF.

2. In reply I have to state that previous to the receipt of the above I informed Lt-Col ALBERT that, in fact, he was the Allied Grn Comd because:-

(a) AFHQ letter AG 370.43/081 GCT-O of 27 Oct 44 stated that on withdrawal of Allied Grn Comd (Gen HARDING) the senior ALCOM LO would take his place. This was confirmed by AFHQ letter AG 370.43/08M GCT-O of 26 Nov 44, which stated that the Senior Offr of ALCOM SARDINIA assumed comd of Allied Garrison SARDINIA effective 6 Nov 44.

(b) AFHQ letter AG 091.1/081 GEG-O of 29 Mar 45 stated that w.e.f. 1 Apr 45 Senior MMIA LO would act as ALCOM LO.

3. It has been found that there is definitely a need for an Allied Grn Comd in SARDINIA and I shall be glad if you will give consideration to my action in para 2 above and, if thought fit, confirm Col. ALBERT in the capacity stated.

TRANSMISSION OF SIGNAL MESSAGES
WRITTEN IN ITALIAN.

1. The extract below from CSO L of C Italy letter 311.4/4 dated 23 July 45 is repeated for information and compliance by all concerned:

"Although there is no objection from a security viewpoint to the handling of telegraph traffic written in Italian, there are other considerations which make the passing of such traffic through military channels undesirable. These considerations are,

(a) The impossibility of checking for transmission errors when the operators do not understand the language;

(b) the obvious impossibility of enciphering such traffic;

(c) the general policy of reducing commitments to enable redeployment, repatriation schemes to be effected with the minimum reduction in the efficiency of the military communication system.

Under these circumstances traffic in Italian will not normally be accepted by Allied Signal Offices or Message Centres for electrical transmission, but will be handled through normal ELS channels. In the exceptional circumstances where it is absolutely essential that a message in Italian must be delivered within a matter of hours and there is no obvious means of delivery by Italian Government telegraphs then such a message may be handed into an Allied Office with a covering note to the Signalmaster or OIC Message Centre explaining the attendant circumstances and signed by a responsible Allied Officer who is a member of an Allied Commission department or organisation. It is pointed out that the Allied Signal Services cannot be held responsible for the correct transmission of such traffic."

2. The above is supplementary to the instructions contained in Office Memoranda Nos.1 and 5 dated 12 Jan 45 and 27 July 45 respectively.

G.R.O. 829/45 - Leave to UK - LLAP

1. Allotment of Vacancies within Units

LLAP vacancies will in future be allotted within units according to length of continuous service overseas, subject to the exceptions in para 6 below.

2. Allotment of Vacancies within Formations.

In order to achieve uniformity within formations, so that personnel with comparatively short service are not sent on leave in one unit, while in other units personnel with longer service are kept waiting for vacancies, formations will allot vacancies in the following manner:-

(a) Vacancies will first be allotted in proportion to numbers of men with over 3 years and less than 3½ years service overseas plus those with over 3½ years service who have relinquished Python until all such individuals have been granted vacancies. These personnel will be known as Group 1.

(b) As soon as Group 1 have been allotted vacancies, the proportional allotment will be made in accordance with numbers of personnel with over 2½ years service and under 3 years, and thereafter in succession to those with over 2 and under 2½ and those with over 1½ and under 2 years continuous overseas service. These groups of personnel will be known as Groups 2, 3 and 4 respectively.

3. Allotment of Vacancies by AFHQ.

(a) A similar system will be followed by this HQ in allotting vacancies to Armies and Districts. To enable this to be done, each Army and District and other formation receiving a direct allotment from this HQ will forward a monthly return to reach this HQ by the seventh day of each month showing numbers of eligible men under command on the first day of the month in each of the four groups specified in para 2 above. Monthly allotments will be made by this HQ on the basis of these returns about the tenth of the month.

(b) As trains will be arranged on the basis of the monthly allotments made three weeks in advance it will not be possible for vacancies to be carried from one Army or District to another by units moving from one to another; except where large numbers are involved and special arrangements can be made. Normally a unit so moving will surrender its vacancies and obtain a new allotment when reaching its destination. Owing to the number of vacancies available, this should not cause hardship. When large movements occur, the Army or District from whose command the movement takes place will send details as soon as possible to G1(Dr)A4 in order that allotments can be adjusted.

4. Eligibility

All officers and other ranks of the following categories are eligible for LLAP except those made ineligible by para 5 below:-

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

At present, the Groups are 1 - 21 for men and 1 - 38 for women, except for certain categories such as full Colonels and above and NOs, whose rate of release is likely to be slower than the normal.

(b) Personnel under suspended sentence unless authorised by Corps or District Commanders.

(c) Personnel with less than eighteen months continuous service overseas (twelve months in the case of members of the Women's Services) and those who have previously had LLAP or similar leave, except as stated in para 6 (b) below. Such personnel are likely to receive leave under different conditions when all entitled to LLAP have had leave.

6. Leave on Compassionate Grounds

(a) COs may give LLAP vacancies to a limited number of eligible men before their turn on the basis of length of service overseas, on reasonable compassionate grounds.

(b) Vacancies may be given by Formation, etc. Commanders on reasonable compassionate or other grounds to personnel ineligible under paras 5 (a) and (c) above.

(c) Leave on Compassionate grounds will not normally be granted unless the applicant does not wish to be posted or has been refused posting or is likely to be refused posting.

1. It is noted that personnel in A/S Group 1 - 21, unless they voluntarily defer their release, are excluded from Leave to UK.

2. There are, however, certain officers in A/S Groups 1 - 21 who have volunteered for Civil Affairs under ACI 173/45. This ACI states, inter alia, "...intending applicants under this ACI, especially those in the early groups for release are warned that should their turn for release come while their services are still required in Civil Affairs it may be impossible, on grounds of military necessity, to release them, and they may have to be retained for substantial period beyond the date upon which they become eligible for release".

3. It is presumed that some of these volunteers may be transferred to Civil Affairs in Germany or Austria where they may well be retained for substantial periods.

Introduction of UNCLASSIFIED Signal Messages

1. In accordance with AFHQ letter AG 311.5/215 GBI-O, dated 20 July 1945, the following information concerning the classification of Signal Traffic is published for compliance by all originators of traffic within this Headquarters.

a. Effective immediately, outside the zone of operations in Pacific-Far East Area certain subjects may now be treated as UNCLASSIFIED, and signal messages concerning them may be sent in clear by any means, including radio. The operational zone is defined as the area bounded on the west by Longitude 60 degrees east and on the east by the Pacific coast of North and South America. Appendix "A" is issued as a guide to Originators in subject matter that may be sent as UNCLASSIFIED, and will be considered as a supplement to US Army Regulations 380-5 and War Office Pamphlet "Classification and Handling of Protected Documents, 1944."

b. No relaxation of the now existing security rules is permitted in messages to any address within the operational zone, or the subject matter concerning the war with Japan. This includes multiple address traffic which may be addressed both to the operational zone and the non-operational zone.

c. An unclassified message referring to a previous cipher message may quote only the reference number and date of such ciphered message, but cannot quote the time of origin or the subject matter therein.

d. Originators are still entirely responsible for the classification of Signal Traffic. Originators of unclassified messages will include the instruction "UNCLASSIFIED" as the first word of the text. The classification "IN CLEAR" is now obsolete and will not be used. "Signatures" will not be used in the texts of unclassified messages.

2. Documents as well as messages relating to subjects listed in Appendix "A" may similarly be treated as unclassified. Such documents, however, need not bear the instruction "UNCLASSIFIED."

3. The above instructions are issued as supplementary to the instructions for Preparation of Outgoing Signal Messages contained in Office Memorandum No. 1, this Headquarters, dated 12 January 45, as amended.

By command of Rear Admiral STONE:

TRANSPORTATION SUB-COMMISSION

18 July 1945

AC TN MEMORANDUM)
)
NUMBER)

DUTIES OF TRANSPORTATION OFFICERS, ITALIAN GOVERNMENT TERRITORY

1. When Regional Commissioners are withdrawn from regions, it is the practice to appoint Senior Transportation Officers at various key points; in some cases there are other transportation officers under them.

2. Senior Transportation Officers are responsible for ALL movements and transportation work in their areas -- rail, road, ports, inland water transport, and warehousing, incidental to transportation work; they are especially responsible for coordinating movements and transportation work between the various branches. Railway engineering work will be dealt with by members of the Transportation Sub-Commission at Headquarters Allied Commission, but Senior Transportation Officers will keep in touch with such members as visit their areas; they will particularly keep themselves informed as to the opening dates for lines under reconstruction.

3. Generally speaking, the areas of Senior Transportation Officers correspond with the areas of the local Italian State Railways Compartimenti; but there are certain exceptions, e.g., Leghorn, where special arrangements will be made.

4. All transportation officers will be on the staff of the local Commissioner where one is appointed, and it is essential that they should work closely with all other local AC officers. The transportation area does not always coincide with the area for which the local Commissioner is responsible, but in practice this should not give rise to difficulty.

5. Senior Transportation Officers will work in close collaboration with Army movements and transportation staffs, whom they will make a special point of contacting.

6. It is desirable that all transportation officers at one place should have their offices in the same building.

OGGETTO: Tenente MILIC DRAGO.

AL SIG.COLONNELLO F.L.SIMMONS
Ufficiale Collegamento presso M.M.I.A. CAGLIARI

Mi riferisco alla conversazione avuta con V.S. il giorno 30 corrente ed al successivo colloquio avuto ieri col Tenente MILIC.

Le ricerche da lui effettuate servendosi di una fotografia hanno permesso di assodare,a suo dire,che il fratello che egli ricercava,che rappresentava lo scopo della sua venuta in Sardegna,trovasi in uno dei reparti alleglotti attualmente in Corsica.

In tal modo il Milic ha ritenuto risolto il suo compito ed ha manifestato il desiderio di tornare a Bari,non senza insistere, perchè data la nota difficoltà di effettuare ulteriori personali ricerche in Corsica ,venissero dalle Autorità Alleate e dal Comando Militare della Sardegna svolte le pratiche necessarie per un trasferimento del militare della Corsica in Sardegna e successivamente in continente.

Mentre mi riservo di informare V.S. di tutta l'attività svolta dal Milic durante la sua permanenza in Sardegna e di comunicare tutti i dati necessari per l'eventuale trasferimento in Sardegna del di lui fratello,prego voler autorizzare l'imbarco col primo mezzo navale in partenza per Napoli,del suddetto ufficiale e del suo accompagnatore.

No. 20/prot. APO 75/A, 2 January 1945

SUBJECT: Lieut MILIC DRAGO.

TO : Colonel F. L. SIMMONS
MMIA Liaison Officer - CAGLIARI.

I am referring to our conference of 30 December and to yesterday's conference with Lieut Milic.

As a result of a search for his brother, carried out by him, using a picture of the brother, it was ascertained, according to him, that the brother for whom he was looking, is assigned to an allogen unit now located in Corsica.

Therefore, Milic deemed his task solved and expressed the wish to return to Bari, asking that necessary arrangements for the transfer of his brother from Corsica to Sardinia and, subsequently, to the mainland be made through the Allied authorities and Comando Militare Sardegna, as he was aware of the difficulties in effecting further personal search in Corsica.

You will be informed of all the subject officer's activities in Sardinia and of the necessary data for the transfer of his brother to Sardinia, and in the meantime, you are kindly requested to authorize passage on the first available surface-craft bound for Naples, for officer in question and for the person who accompanies him.
