SUBJECT: Unauthorized Embarkation of Italian Personnel.

TO : See Distribution.

1. As a result of numerous reports of unauthorized embarkation of Italian Personnel on Italian Cruisers assigned to the Cagliari-Naples Ferry Service, a physical check for unauthorized passengers was made on 6 September 1944 of the Cruiser "DUCA D'ACOSTA." The investigation revealed that 2 Italian civilians, 6 Italian Air Force personnel and 44 Italian seamen were placed on board without orders from competent authority. Further investigation revealed that the Italian Embarkation Officer, Major Depau, was ordered to embark the unauthorized personnel by the Royal Italian Navy.

2. To save further embarrassment and prevent a repetition of the incident cited above, attention is invited to the following and compliance therewith is directed:

a. Certain Italian cruisers have been assigned to the Cagliari-Naples Ferry Service by CinC MED, for the express purpose of transporting Italian Military personnel to the mainland. AAI has been charged with establishing priorities of units and individuals to be transported and the sole authority for authorizing travel via Cruiser is vested in that office.

b. The sole authority for authorizing transportation from Cagliari has been vested in the AAI Representative in Sardinia, Colonel SIMMONS of the Army Sub-Commission.

c. All requests for transportation will be submitted in writing direct to the Army Sub-Commission Office, by the interested agency, at least 48 hours in advance of sailing time. There is no other channel for obtaining this authorization.

d. Loading lists of personnel authorized for embarkation are furnished by the Army Sub-Commission to the Transportation Officer, AGS, 36 hours in advance of sailing time. Based on this information the Transportation Officer issues a personnel listing and makes a distribution of same to interested parties. Paragraph 2 of the Personnel Listing as published by the Transportation Officer contains the following sentence which will be strictly complied with: "No personnel, military or civilian, including personnel in excess of unit strengths shown above will be

e. Manifests of all personnel authorized travel via Italian Cruiser by the Army Sub-Commission will be furnished the Italian Embarkation Officer, Major Depau, not later than 1800 hours on the day prior to loading.

SUBJECT: Delayed Sailing of Raimondo Montecuccoli

MEMO TO: Colonel Simmons

1. On 13th May 1944 at 10:30 AM Captain Mitchell notified me that the cruiser Raimondo Montecuccoli would be delayed 48 hours.
2. I immediately saw Commander Speer on the sailing of the Giuseppe Garibaldi. He refused to sail it alone with Nembo men on it. I pointed out the fact that it had only 500 Nembo men composed of Division Headquarters and for the most part non combatant troops, with personnel of other units totaling 750 men. He said he had orders from CHIC MED not to sail it alone with Nembo men on it.
3. I reported the matter to Major Smith who referred it to the general. The general had Colonel Conine call Commander Speer to find out if he would sail the Scipione Africano with it. Commander Speer reported that the Scipione Africano was down for repairs and could not sail until night of the 14th.
4. After talking with Colonel Conine, the general decided the best thing to do was to unload Nembo personnel and equipment, substituting other personnel for the Nembo. Commander Speer agreed to leave Nembo equipment on board with 20 officers and 48 men as escort. The Giuseppe Garibaldi sailed as scheduled.
5. It was decided by the general and Col Conine to hold the Scipione Africano for an additional 24 hours; load Nembo personnel and sail it with the Raimondo Montecuccoli. Commander Speer agreed.
6. At 5:00 PM on 13 May 44 Col Conine notified me in person at his office that the Raimondo Montecuccoli would not sail for 10 days. In view of this Col Conine and I agreed to load the Scipione Africano for Duko and notify the Navy to maintain her schedule. Commander Speer agreed.
7. It was further decided, between Col Conine and myself, that the two cruisers upon their return would be loaded for Duko with remaining personnel of Nembo Division and be sailed together. Commander Speer agreed.

8. For my part, I argued the point of not losing any more lifts than necessary. It is my opinion that the action taken was in the best interests of evacuating Italian personnel from the island with the least possible delay.
