SUBJECT: Laboures coming from Corsica formerly assigned to O.L.S.  
(Special works Organization)

The critical and pitiful situation in which the laboures of the disbanded Special works Organization coming from Corsica are at present, is well known to you and Military Headquarters of Sardinia.

The aforesaid belong for the most part to liberated territory in which they have their folks and possibilities of work; they are in deplorable health conditions, almost affected by malaria, lacking clothing which had been lost when in Corsica, and without money.

The desire of seeing their parents from whom they have not heard for a long time and the adversities suffered, makes them particularly anxious of leaving Sardinia and intolerant to work and discipline. Even the modest pay of a common labour that they might drawn, is unsufficient to meet their daily expenses.

For the above reasons they are to be considered above all dangerous elements for the public safety.

On the 12 August 1944 it was possible to effect the shipment of the first group of 130 labourers.

At present, more laboures of the O.L.S. Corsica, formerly located at Porto Torres, Alghero, Olbia and Palmas Suergiu, are assembled at Cagliari awaiting shipment from day to day. Therefore a nominal roster of 135 of said laboures who have possibilities of working in liberated territory in which their parents or relatives are able to afford them hospitality, is herewith forwarded.

For this purpose I address to you with all my heart a request for the shipment to the mainland of the laboures, as of attached roster, with all possible urgency and with the usual procedure in agreement with C.M.S.,

I thank you and I am awaiting a kind reply.

COMMISSIONE REGIONALE ALLEATA

EDIMAS

\*\*\*\*\*

E' ben nota alla S.V. ed al Comando Militare della Sardegna la critica e pietosa situazione in cui sono venuti a trovarsi gli operai della discolta Organizzazione Lavori Speciali (O.I.S.) provenienti dalla Corsica.

I predetti, che appartengono in buona parte a terre ora liberate o nelle quali hanno congiunti e possibilità di lavoro, si trovano in precarie condizioni di salute, quasi tutti affetti da malaria, sono sprovvisti di indumenti che hanno perduti in Corsica e sono sprovvisti di denaro.

Il desiderio di vedere i loro parenti, di cui sono da tempo privi di notizie e le precedenti avversità che li hanno colpiti, li rendono particolarmente ansiosi di lasciare la Sardegna ed insofferenti al lavoro ed alle discipline. Ne la modesta retribuzione che può essere loro data quali operai comuni è sufficiente a fronteggiare le loro necessità quotidiane.

Per queste ragioni sono da ritenere oltre tutto elementi anche pericolosi per l'ordine pubblico.

Il 12 agosto u.s. è stato possibile far partire per il Continente un primo gruppo di 130 di questi operai.

Ora, altri operai - O.I.S. Corsica, dislocati a Porto Torres, Alghero, Olbia e Palmas Suergiu sono affluiti a Cagliari e attendono di giorno in giorno di poter partire. E' stato, pertanto, formato l'accluso elenco che reca 135 nominativi di detti operai, i quali hanno possibilità di lavoro in terre liberate, ove si trovano loro parenti o congiunti in grado di ospitarli.

Rivolgo per questo viva preghiera alla S.V. perchè si compiacia disporre, con ogni possibile urgenza e con le modalità seguite, di intesa con il Comando Militare della Sardegna, che gli operai di cui all'accluso elenco siano avviati in Continente.

Rinnrazio e resto in attesa di un cortese cenno di riscontro.

SUBJECT: Italian Laborers from Corsica Awaiting Repatriation.

TO : Col SIMMONS, Army Sub-Commission, Elmas.

1. There are in Cagliari about 250 Italian laborers of the Organizzazioni Lavori Speciali (Special Works Organizations) who were sent to Corsica from the mainland as labor battalions with the Italian Armed Forces.
2. Upon completion of their assignment in Corsica these men were sent to Sardinia to await repatriation to their homes. During their stay on the island, a number of these obtained temporary employment but have since been discharged.
3. At present they are living in the partially bombed buildings which were the Cagliari railway station. Captain RHOL of the Port authority has informed my Provincial Commissioner that these men have been a source of trouble and anxiety to him. Further, Captain RHOL stated that he is anxious to have these men removed as he wishes to have the station repaired.
4. The conditions under which these men live are deplorably unsanitary and likely to be the cause of an epidemic. Some are almost completely without clothing and many are suffering with malaria. Captain RHOL also stated that they are the cause of a considerable amount of pilfering.
5. The High Commissioner for Sardinia has also urged that these men be returned to their homes as soon as possible where they can once again become useful citizens. It is understood that the large majority live below the Rear Army Security Control Line in liberated Italy.
6. Since these laborers were under the orders of the Italian Army, they would seem to be in consequence the responsibility of the Italian Military Authorities.

7. Will you please examine the possibility of furnishing transport to the mainland for these men. In the event that transport can be made available, a list of those living below the Security Control Line will be submitted. It seems to me that this evacuation must be a military matter as the men were brought here as military laborers. Moreover, there are no facilities for civilian evacuation.

Organization Office

No 8593/B/Ord

A.P.O. 50, 30 August 1944

SUBJECT: Formation of service Nucleus at the disposal of the  
Allied Headquarters

TO : HEADQUARTERS ALLIED GARRISON  
Colonel Simmons' Office, Elmas

Following letter No 8562/Ord of 29 August 1944.

Major Hall of the British Army did not consent to draw  
49 mechanics and assistant mechanics from the 13th Auto Park,  
needed for the formation of the Service Nucleu which should be  
ready to move by 3 September 1944.

It is to be foreseen that the same officer will not  
allow the assignment of such number of personnel to the remaining  
three Nuclei.

For the purpose of informing your Headquarters in order  
to clear up the question, we specify that:

- the 13th Auto Park has a strength of 988 men to be reduce  
to 500 as per S.M.R.E. order;
- this Headquarters has no other source of specialized personnel.

In order to comply with the requests of your Headquarters  
and to consider at the same time the needs of the 13th Auto Park,  
we reccomend:

- reduce to 10 the mechanics and assistant mechanics to  
be assigned to each nucleu, a total of 40 men to be drawn from  
the 13th Auto Park.
- assign 39 drivers to each nucleu also to be drawn from  
the 13th Auto Park.

With the 120 drivers for each nucleu to be furnished  
by the Complements Driver Company, the strength of 169 men fixed  
for the preservation and driving of vehicles will be completed.

You are kindly requested to inform Major Hall of the  
above and to communicate your views to this Headquarters for  
the consequent executive orders.

Seguito foglio 4.6562/Ord. del 29 c.m.

Il Maggiore HALL, dell'Esercito Inglese, non ha consentito che il 13° Parco Automobilistico ceda 49 meccanici ed aiuto meccanici per la costituzione del nucleo servizi che dovrebbe essere pronto a muovere il 3 settembre p.v.

E' da prevedere che lo stesso ufficiale non consentirà neppure l'assegnazione di tale aliquota di personale ai rimanenti tre nuclei.

Allo scopo che codesto Comando ne abbia norma per la definizione della questione, si precisa che:

- il 13° Parco Automobilistico ha una forza di 933 uomini, da ridursi, per ordine dello S.M.A.I., a 500;

- questo Comando non ha altre disponibilità di tale personale specializzato.

Per poter aderire alle richieste di codesto Comando e nello stesso tempo tenere nel debito conto le necessità del 13° Parco Automobilistico, si propone:

- ridurre a 10 i meccanici ed aiuto meccanici da assegnare ad ogni nucleo, e da trarsi, per un totale di 40 uomini, del 13° Parco;

- assegnare ad ogni nucleo, sempre trendoli del 13° Parco, 39 autieri.

Seguito foglio n. 8562/Ord. del 29 c.m.

Con i 120 autieri per nucleo **7657** sarà fornita la compagnia complementi autieri, verrebbe così completata l'aliquota di 169 unità fissate per "manutenzione e guida automezzi".
