1. Pursuant to instructions contained in letter AG 240/ 470 WBO-O, Headquarters, MTOUSA, subject: "Soldier's Savings Campaign", dated 3 April 1945, all unit commanders are urged to initiate steps to increase soldier's savings.

2. It is directed that a campaign or drive be inaugurated by each Senior Liaison Officer of 2691 MMIA Company (Ovhd) in order to obtain the desired results.

3. Purposes of the campaign will be stressed to all as follows:

a. To enable military personnel to possess a "nest egg" upon discharge.

b. To reduce retained pay in this theater in order to minimize hazards of inflation and useless spending.

4. The savings program encompasses insurance, family support, war bonds, soldier's deposits, PTA and Post Office Money Orders. These phases should be stressed in the following sequence:

a. Insurance - Encourage each individual to have government insurance in the maximum amount of $10,000.00.

b. Family Support.

(1) Class "F" Allotment.
(2) Class "E" Allotment.
(3) War Bonds.
(4) Soldier's deposits.
(5) Personal Transfer Account.
(6) Post Office Money Order.

189

5. Although no coercion or undue pressure will be employed, every persuasive means will be exerted to induce personnel to save money. This can be achieved by arousing interest and enthusiasm in the program, pointing out the various benefits which will accrue as a result.

1. The allotment of grades and ratings authorized the 2691 MMIA Company (Ovhd) was materially reduced under authority letter, AG 221.02/288 C-O, Headquarters MTOUSA, 23 March 1945.

2. As a result, original break-down in T/O for sub-stations which was based on allotment of grades and ratings authorized prior to letter of reduction quoted above, is no longer effective.

3. It is regretted that recommendations for promotion of enlisted men received at this headquarters cannot be favorably considered at this time because of the herein above quoted reduction, and since as a result of the lesser number of ratings and grades now authorized, a number of overages exist in the organization.

4. As soon as practicable a revised T/O for sub-stations will be submitted to you to act as a guide in future recommendations. Such recommendations as have already been submitted and received will be kept on file and considered when and if vacancies should arise.

TO : Commanding Officer, 2691 MMIA Co (ovhd) APO 394 U S Army

1. It has just been brought to my attention that shortly before Lt Colonel Albert departed Palermo, he made certain recommendations as to ratings for enlisted men in this office. As I am now directly concerned with this matter and the contentment of the men is my direct responsibility, I feel that my views as to who should have the ratings should be considered.

2. I agree to the promotion of T/4 McGowan to be Staff Sergeant and Pfc Scott to be Techn 5th Gr. Pvt Weaver has been returned to your headquarters for inefficiency, but in his stead I would have recommended and do recommend Pvt Edward A Walsh, ASN 32698947 to be Private First Class. I agree with the recommendation of Col Albert to promote both Cpl Lumm and T/5 Knetl to be Technician 4th grade, as the work of both these men is equally important and both equally deserve promotion. However in the event it is not possible for you to promote both Knetl and Lumm, I request that T/5 Knetl receive the promotion in preference to Cpl Lumm.

Memorandum To: Commanding Officer, 2691 MMIA Co (Ovhd)

1. Confirming telephone conversation between myself and Lt Col Rose; I am returning Pvt Weaver to duty at your headquarters.

2. Pvt Weaver has never made a serious breach of Discipline for which Court Martial proceedings could be brought against him, but he lacks all sense of responsibility and has been constantly lax in carrying out his assigned duties.

3. This soldier must constantly be told whenever something is to be done, he never has been able to act on his own initiative.

4. Recently he was involved in a motor accident when he struck a Civilian pedestrian. He did not report the accident until the following day and then he greatly misrepresented the true facts. He stated he was travelling at a moderate rate of speed and that the only injuries to the pedestrian was a scratch on the head. Later investigation disclosed that he was exceeding the speed limit in a 20 miles per hour zone and tire marks on the street indicated he had slid his car a considerable distance. The civilian in addition to contusions suffered a slight concussion.

5. The speed limit in Palermo as set by the Commandant of N.O.B. is 20 miles per hour. I have personally observed Weaver driving recklessly and in excess of the limit.

6. I had issued orders that all vehicles must be in the garage at 1800 hrs unless the driver had my specific permission to be out on detail. Recently Weaver attempted to remove his vehicle from the garage to go on a personal errand. The Sergeant learned of his intentions and succeeded in preventing him from doing so, but an argument ensued which attracted a group of Civilian spectators. Previous to this I had visited the men's billet at 2000 hours and found Weaver's vehicle parked on the street; I reminded him of the order to put vehicles away at 1800 hrs and he stated he had forgotten to do so.

7. Recently he ran out of gasoline, knowing the gage was in error. He must be told to put water in the battery, air in the tires, to wash the vehicle and to service it otherwise. Recently the muffler broke loose on his car, he had to be told specifically to get it fixed. The motor would not idle because of a broken spring on the carburetor yet he drove it for two days with this condition and had to be told to get it repaired.

Memorandum to: C.O., 2691 MMIA Co (Ovhd) Re: Pvt Weaver (Continued)

He took the canvas top off his vehicle but stowed it under the back seat from where it was stolen by an obliging Sicilian. He did not report the theft until he was told to pot the top back on. A few days ago he was instructed to fill the gas tank in preparation for a trip the next morning. Deciding the waiting line was too long he was later observed with a sailor as passenger, and did not get gas until the following morning. Petty negligences could be enumerated in many more instances, but the foregoing is a sample of the most flagrant.

8. I have talked to Pvt Weaver on several occassions and pointed out to him his shortcomings in an effort to get him to improve, but without avail.

9. I Hate to admit that I cannot straighten this soldier out and I dislike to shove him off onto you, but he has tried my patience and I feel that this station will get along just as well without his services.

Correspondence with relatives further removed in relation either by blood lines or marriage is not authorized.

(9) All U.S. personnel desiring to correspond with above specified relatives will:

a. Secure a certificate from the commanding officer of Company, Troop or Battery to which writer is assigned. This certificate requesting authorization to correspond with a relation of the above category on the Italian mainland must clearly establish and define the relation between writer and intended civilian correspondent together with the full name and address of proposed correspondent.

172

b. Certificate will be forwarded, through channels, by the writer's commanding officer to Base Censorship Detachment No. 10, APO 512, U.S. Army, where the request will be approved or disapproved and the originator of the request advised accordingly.

(10) For approved correspondence U.S. military personnel will address their communications to their authorized Italian correspondent at the proper civilian address using name, rank, serial number and Base Censorship Detachment No. 10, APO 512, U.S. Army, as a return address and

indorse the letter "FREE" in lieu of postage. This envelope will then be inclosed in an outer envelope bearing writers proper military return address and addressed to Base Censorship Detachment No. 10, APO 512, U.S. Army. This envelope will also be marked "FREE" in lieu of postage.

(11) Writers will advise their Italian correspondents that return correspondence will be addressed to the name, rank, and serial number of the U.S. correspondent followed by "Base Censorship Detachment No. 10, APO 512, U.S. Army".
(By a card index system for approved correspondents such communications will be forwarded to correct address).

(12) Authorized correspondence with civilians on the Italian mainland will be limited to unregistered letters only. No parcel post or postal money order service is authorized. Valuable inclosures, including currency, are prohibited.

SUBJECT: Jewish Holyday of Passover

TO: All Concerned.

1. This year the first two days of the Jewish Holyday of Passover begin the evening of March 28th, and last two days begin the evening of April 4th. The Jewish Holyday begins at sunset and ends at sunset. Passover is celebrated by a Table Service, the Seder, and by worship assembly.

2. Commanding Officers will assist Jewish personnel to hold the Seder by arranging for the use of mess, ration and quartermaster facilities.

3. Unleavened bread provided by the Jewish Welfare Board will be distributed throughout this theater. Each commanding officer will draw a 3 pound ration of Matzoh for each Jewish man under the command through subsistence supply or special depots established in major commands. Rations in turn will be issued for the use of Jewish soldiers.

4. Jewish chaplains will draw supplies for Seders and will receive all surplus matzoh for disposition.

5. Within military expediency, appropriate commanders will grant officers and enlisted men of the Jewish faith time off to attend Seder and other Passover worship assemblies and will provide transportation where necessary.

6. It is desired that the above be brought to the attention of all concerned.

MEMO TO: Commanding Officer, 2691 MMIA Co (Ovhd) APO 394 U S Army.

1. Reference your memorandum of the 2nd inst., concerning a means whereby the personnel of MMIA can renew and keep alive old friendships. We here in Sicily wish to make a few suggestions in the hope that they may assist you in what, we think, is a grand idea.

2. The boys here in the office are very receptive to the idea and have given it much thought. One of two methods might be followed. The first and probably the most logical; is for each office to publish its own two page "Blurp", in sufficient copies that your office may supply all other interested offices with a copy: Second, we furnish you with a page or two, typewritten and then you in turn can extract from that the parts you deem most interesting to all concerned, compiling this patter into one paper to be published by your office. We would also suggest that the "Blurp" be published bi-monthly, not that we don't have anything else to do, but this is more of a personal matter to each man from which he can get much enjoyment.

3. Following our first suggestion we are enclosing copies of our brain child. It's just a line of non-sensical chatter, but trust it may be a little amusing and of some interest. Whatever you decide to do in the matter, we're for it.

TECHNICAL BULLETIN
NUMBER 133

CONSERVATION OF BATTERIES

1. A serious shortage of batteries now exists in this Theater as incoming shipments of this item are barely adequate to cover existing "duesout". It is anticipated that the current shortage will become more acute, since only a small part of the Theater's requirements are being met from United States stocks.

2. To alleviate the Theater demands for this item it is of the utmost importance that all using units make every effort to prolong the life of batteries now on hand. Repair of batteries will be stressed. Before batteries are submitted for salvage careful check will be made that the batteries cannot be repaired.

3. Strict compliance with the following simple maintenance measures will insure maximum life of batteries now in use and in turn will conserve existing stocks of this critical item:

a. Operational Check. A visual inspection of the battery should be made by the driver when making after-operation checks, to see that it is clean, secure and not leaking.

b. Weekly Check. At least once a week the following steps should be taken when checking a battery:

(1) Clean as much of the battery as possible without removing from battery carrier. It is particularly important to keep the top of the battery clean.

157

(2) Inspect the terminals and clamps. Clamps should be secure and make full contact with the terminal posts. Remove any corrosion and then apply a coating of petroleum or light grease.

(3) Unscrew vent plugs. Inspect vent plugs to see that the vent holes are open. Run a short length of stiff wire through the plugs to clean out dust or dirt which may have clogged the holes.

RESTRICTED B-65

0623

Declassified E.O. 12356 Section 3.3/NND No. 785020

RESTRICTED

(4) Inspect the battery hold-downs to insure that battery is held tightly in the carrier. See that case is held evenly to prevent chafing or cracking.

(5) Check the specific gravity making certain that the battery has not discharged enough for a recharge. It is important that battery be recharged when necessary.

(6) Add water if necessary. Every effort should be made to add distilled water, or if unavoidable use drinking water free from sediment, crystal clear, odorless and tasteless. Slightly impure water is better than no water at all.

4. Look at the ammeter often. If the ammeter fails to register a charge, or indicates that the battery may be overcharging, check the charging circuit immediately. If the battery uses water in an appreciable amount, it is usually an indication that the battery is being overcharged.

5. All units storing and/or maintaining batteries should exercise the utmost care in handling and storing, in order that the case and cell covers do not become cracked or the posts loosened.

6. For more detailed procedures see War Department TB ORD 67 dated 18 March 1944, subject: "Storage Batteries".

MEMORANDUM

TO: All personnel 2691 MMIA Company (Ovhd).

1. I wish to make a suggestion to you which I believe will, if adopted, be generally beneficial to all personnel 2691 MMIA Company (Ovhd).

2. For some time we have been working together as a unit. However, some of you have been in Bari, some in Sicily, some in Sardinia, some with Fifth Army, and others in Naples and Rome. As a result you have had little opportunity to know each other except through official reports. Quite a few of you who knew one another originally upon joining this unit, having become separated upon assignment, have lost contact with each other. It is my belief and opinion that a closer contact should be established among all of us, and that a more intimate relationship be maintained. I believe such a feeling of contact and intimacy would help to restore a common touch or bond which has been lost as a result of distances.

3. A publication of an intimate nature, I believe can get over the hurdle of distances and bring each of you into closer contact. Such a publication which might consist of contributions from all of you, would provide ample material to keep us informed as to what goes on, on your side of the fence. I do not refer to matters official. However, anything--any incident or event which may prove interesting or amusing or novel would be a welcome feature.

4. The publications need not be a laborious matter. Merely a simple paper consisting of two pages of homely gossip would be, I believe, sufficient.

5. The above is just a suggestion which I have proposed to you. I have nothing definite in mind as to exact shape or policy of the publication--that is for you to decide. However, I do wish to encourage you to bring it about. I am certain that any added effort which such a publication may entail will provide its own rewards. Any comment you may desire to make relative to my suggestions will be appreciated and should reach this headquarters 15 Feb

1. The second of a series of "Orientation Lectures" under the program of Information and Education will be held in Room 39, 7th floor, MMIA Headquarters on Wednesday, 10 January 1945. Officers and enlisted men of Rome Branch, 2691 MMIA Company (Ovhd) are directed to attend.

2. The attention of Senior Liaison Officers of sub-stations is directed to the fact that the venereal disease rate has increased in certain units and that a Campaign is now being waged to reduce it to a minimum.

3. In order to preserve and maintain the present high standards of this organization, it is urged that all Senior Liaison Officers make a conserted effort to impress the personnel with the necessity of extreme caution and to point out the dangers involved. It is desired that all personnel be familiarized with locations of all prophylactic stations in your vicinity. In order to accomplish the desired result, enlisted men will be furnished a list of prophylactic stations in immediate vicinity of each sub-station by the Senior Liaison Officer concerned.

TO: All Senior Liaison Officers, 2691 MMIA Company (Ovhd).

1. It has become apparent that drivers assigned to this organization are not complying with traffic rules and regulations.

2. In a number of cases reports of delinquencies involving traffic violations have been received at this headquarters. Although corrective or disciplinary action has been taken against the violator in the instances cited above, violations continue to occur.

3. It is intended that these violations stop. It will therefore become the duty of the Senior Liaison Officers of each sub station to bring this matter to the attention of all personnel concerned. It will be necessary to impress them with the fact that further violations will not be tolerated.

4. Officers to whom vehicles have been assigned will assume the responsibility of cautioning their drivers and will assure themselves that drivers are familiar with traffic rules and regulations. Letter, this headquarters, dated 6 December 1944, directed that each driver acquaint himself thoroughly with the regulations and instructions contained in Circular Number 28, AFHQ, dated 30 November 1944.

5. It is directed that Section 1 of above mentioned Circular be strictly complied with.

To : Commanding Officers, All US Army Organizations or Units, Rome Area Allied Command.

Provost Marshal, Rome Area, MTOUSA.

1. Attention of all concerned is invited to letter, Headquarters MTOUSA, AG 400.73-800 IG, dated 23 December 1944 (copy attached). Applicable provisions of this letter will be strictly complied with by units of this command. Reports of showdown inspections and irregularities disclosed thereby will be made to this headquarters. These reports should show the action taken in each case involving the illegal disposition of US Government property. Where the evidence supports the charges of selling Government property, the case will be a subject for courts-martial.

2. The Provost Marshal will establish mobile road blocks on all highways leading into Rome for the detection of illegal movement of supplies, AWOL's, stolen vehicles, unauthorized use of Government transportation, etc. Frequent raids will be made on all known black market installations. It is particularly desired to obtain evidence on source of black market supplies which are definitely US Government property. Reports of all confiscations will be made to this headquarters. All reports to the Provost Marshal General, MTOUSA, will be made through this headquarters.

HEADQUARTERS
MEDITERRANEAN THEATER OF OPERATIONS
UNITED STATES ARMY
APO 512

AG 400.73/800 IG-O 28 December 1944

SUBJECT: Supply Security.

TO : All Concerned.

1. Although information recently received at this headquarters indicates that diversion or pilfering of government property on a large scale has been reduced, reports still show that petty pilfering, trading, and illegal diverting of government property continues to such a degree that the total represents a large volume. Recent investigations show that pilfering occurs in rations, clothing, post exchange supplies, and other materials easily converted to civilian use. In order to correct this situation, positive action must be taken by commanding officers in all echelons of command. In this connection, attention is called to Section I, Circular 35, this headquarters, dated 16 March 1944, subject: "Illegal Disposition of Government Property".

2. Special emphasis will be placed upon frequent unannounced showdown inspections of all troops. When such inspections disclose illegal disposition of government property, strict disciplinary action will be taken. Statements of Charges cannot be relied upon as an effective deterrent, and will not be used as a substitute for disciplinary action. Publicity programs will be instituted which will effect a wide dissemination to the troops of the results of such disciplinary action.

3. To prevent the movement of illegally acquired supplies into black market channels by civilians or soldiers, all major commands will establish mobile road blocks to prevent the passage of pilfered materials, AWOLs, stolen vehicles, and vehicles without proper trip tickets. Control points will also inspect all military personnel for passes, and military vehicles for illegal articles. Wherever possible, commanders will secure the cooperation of Italian authorities to have Carabinieri or other Italian police personnel utilized to make similar inspections of civilian vehicles and personnel at these same control points. Military Police patrols will frequently inspect small communities for AWOLs and supply trucks which may be found off the prescribed route to destination.

4. All railroad boxcars will, without exception, have the doors closed, sealed, and fastened securely with heavy wire or

with a bolt, the threads of which have been burred after the nut is fastened. No pilferable items will be shipped in open or gondola cars except in extreme emergencies, and in such cases a special guard will be placed on such cars. The carrying of unauthorized civilians on supply trains is prohibited. Where authorized civilians are permitted on supply trains they will not be permitted to ride on cars carrying supplies. Wherever possible trains will be made up in such a way as to group together those cars carrying the most highly pilferable items in order to facilitate guarding. American cargo security officers or non-commissioned officers will be assigned to all vessels whenever they are transporting pilferable American supplies. American trucks from port installations and depots will be moved in small convoys of from three (3) to six (6) vehicles, one individual being responsible for the movement. Guards will be supplied for these vehicles by the dispatching installation whenever possible. Only in exceptional cases will single vehicles be dispatched. When American supplies are being moved in British trucks the American commander concerned will request British authorities to conform to this procedure.

6. Incidents of major pilferage will be immediately reported to the Provost Marshal General, this headquarters, through the local provost marshal.

SUBJECT: Clothing.

TO: Senior Liaison Officer, Land Forces Sub Commission, AC (M.M.I.A.), C/o Hq Sicily Region, AC.

1. It is directed that arrangements be made within the convenience of Senior Liaison Officers of each Sub-Station, for the turn in of overcoats until such time as the mandatory date for the complete turn in is announced by higher headquarters.

a. A turn in is desired immediately where overcoats are not being worn.

b. Each sub station is requested to:

(1) Securely tie the overcoats in bundles of five.

(2) Remove chevrons and insignias.

2. Shipment of overcoats will be made to this headquarters accompanied by tallies.

3. It is further directed that a report on khaki clothing requirements be forwarded to this headquarters as soon as possible. This report should be in the form of a list, showing the articles of khaki clothing and the sizes desired by individual enlisted men on duty at your headquarters in order that clothing may be charged out on clothing form of the enlisted man concerned.

a. List should include:

(1) Shortages and reasons for same. 131

(2) Whether items requested are to replace salvageable clothing.

(3) If items are to be salvaged, a certificate stating that items have been worn out through fair wear and tear should be attached.

SUBJECT: Form 32 - Enlisted Men.

TO : Commanding Officer, 2691 MMIA Co. (Ovhd), APO 394, U.S. Army

1. It is requested that a copy of Form # 32 for each enlisted man at this station be forwarded. As Commanding Officer of this detachment I would like to know what each one of my men is charged with and what he is required to have in his possession. At the same time each enlisted man should know with what articles of clothing and equipment he is charged.

2. Your letter subject Inspections dated 25 March 45, directs that a monthly showdown inspection of clothing and equipment in hands of troops be conducted at least once each month and all losses and shortages be reported to your headquarters. Losses and shortages are determined by the difference from what a man is charged with and what he actually has in his possession, therefore, I should have knowledge of the contents of the man's Form 32.

ARMY DRIVER'S STATEMENT

I, the undersigned, was driving up via Maqueda, approximately 12 miles per hour, at 0730 hours on 9 December 1944 behind a horse and buggy with my lights on. I hadn't put them out when I came out of the garage. All of a sudden my car began to skid and headed for a horse and wagon coming in the opposite direction. I tried to turn away from it but was unable to. I applied the brakes but that made things worse so I released them, hitting the wagon on the front left side. The man fell off and the child jumped off. I backed up away from the wagon as my car was crowding the horse and causing him to go wild. I took the old man to the hospital after looking at the damage. The front spring seemed to be broken and a few baskets of vegetables were scattered on the ground. The Doctor discharged the man after he examined him and gave me a slip of his diagnosis.

The man taken to the hospital:

ILARDI Salvatore
corso Di Mille via Scarmento No 42

The childs name:

DI SALVO Vito

Damage to my vehicle. Bent left front fender.

SUBJECT: Policy on Payment of Enlisted Men.

TO : Senior Liaison Officer, Sicily.

1. It has been directed that a new policy be adopted for the payment of Enlisted Men of your section, instead of having Officer from here personally make payment. In pursuance thereof, original copy of payroll is attached herewith. Signatures are to be made on original.

2. Care should be taken that signatures, when affixed, correspond to the typewritteen, with the exception that signatures will be made with first name, first, middle initial, and last name. When signatures have been affixed, payroll should be sent to us, so that we may present to Finance Disbursing Office located here. It is therefore urged that this be done immediately after obtaining signatures.

3. A check for the total amount of the payroll will be drawn here, and sent out to you along with payroll on the 30th of each month. You will then present check to nearest Army Finance Office or Navy Office for exchange into cash. When cash has been received, you will pay the men in cash. If all men have been paid, you will immediately return payroll to us with statement to that effect.

4. If there are "turnbacks", that is if all men have not been paid for some reason or other, then you will present whatever cash you have to nearest Finance Office or Navy Office, and have check drawn to W. A. Maude, Major, F.D. Finance Disbursing Officer, 34th Finance Disbursing Section. Then mail check and payroll back to this office, with statement as to who was not paid and reasons therefor.

5. A copy of orders appointing Class "A" Agent Finance Officer will be forwarded to you at later date.

6. If it is desired that officers be paid thru this office it is suggested that pay data information, date last paid and statement of longevity be submitted to this office by the 15th of each month.

PETER W. RODINO, JR.,
2nd Lieutenant, AUS,
