SUBJECT: Deficiency Report

TO : Commanding General, 205th Division

1. On 30 September, an officer from this office investigated a complaint in regard to late arrival of soldiers from 2nd Company 53rd Group, 205th Division. These soldiers were working at the 183rd Quartermaster Depot Company. It was learned that the delay was caused by a late meal. The person responsible for the delay was the Commanding Officer of the unit who did not put in his Rations Issue Note in time.

2. Request that you insure the prompt submission of Ration Issue Notes in the future so that interference with working hours will be eliminated.

3. Request that you furnish this office with a copy of your instructions implementing the above request.

Investigation Made by 2nd Lieutenant Henry Filippi, Italian Army
on the Reasons why the 2nd Company of the 53rd Service Group, 205th
Division got their noon meal with two hours delay.

On 30 September at 15:45, I, 2nd Lieut. Henry Filippi investigated why the soldiers of the 2nd Company, 53rd Group, 205th Division got their noon meal with two hours delay. I interrogated some soldiers working at the 183rd Quartermaster Depot Company and they said that they began their usual work with delay because they had to wait until 14:15 to eat. Therefore, I interrogated the company commander, Ten. MAZALA P. and he referred what the soldier had said, and stated that the delay of two hours was due to the fact that the officer in charge of drawing the food, 2nd Lieut. VARANO, MARCELLO had not been able to draw the food in time at the Italian Warehouse (Magazzino Viveri), Via Buon Cammino, Cagliari because it was too crowded. So the noon meal was ready at only 14:15. and the men went to work at about 14:45.

Questioning the officer in charge of the Italian Warehouse (Magazzino Viveri) 2nd Lieut. VESCOVO, FEDERICO stated that it is true that the 2nd Company in question was one of the last units to draw its supplies but this was not after 11:15. In any way the 2nd company had not sent in the requisition for the food in due time so the delay was the fault of the 2nd company.
