MEMO FOR COLONEL SIMMONS

1. This Headquarters with letter 2872/A dated 29 May informed you that as per orders received from the Chief of Staff Royal Army (General Berardi) that they were providing for the organization of 19 Battalions for harvesting at the Foggia zone, total 19,000 men, and also informed you that 8,000 of the 19,000 men should be drawn from the "congedanti" belonging to the liberated territory and 11,000 from the Friuli and Cremona Divisions.
2. This Headquarters has already ordered that of the 11 Battalions, 6 would be drawn from the Friuli and 5 from the Cremona Division.
3. Since such battalions are to be transferred to the continent without arms and equipment, orders have been issued for the preparation of the arms and equipment, which is part of the organic allotment of the units, in boxes for later transfer to the continent.
4. The battalions formed with the 8,000 "congedanti" have already started their transfer to the continent and as of today, June 7th, 3 battalions have departed. Therefore, 5 battalions totalling 5,000 men are to be transferred in the future.
5. The 6 battalions of ^{the} Friuli Division will be ready the 8 of June.
6. We have just received orders from S.M.R.E. not to draw the 5 battalions (that should have been organized) from the Cremona Div; this to be done without altering the number of 19,000 men that should be sent from Sardinia to the continent for the harvesting in the Foggia area.
7. According to the general situation of the divisions as shown in the attached letter, the 5 battalions that should be furnished by the Cremona Division must be drawn from the Bari Division; if it is not possible for all 5 battalions, at least 3 of them must be drawn from the Bari Division. This should be done in case the Bari Division is not to be sent to Sicily as originally planned.
8. It is to be kept in mind that there now exist in Sardinia 12 Labor Battalions ready and at the disposal of the Allied HQ for the transfer to the continent. Such battalions are independent of the 2 security and guard battalions which are also ready for embarkation. Therefore, if it is not desirable or is not possible to touch the Bari Division, a few of these Labor Battalions could be sent to the continent for harvesting after which they might be put at the disposal of the Allies for road or other work.

PROMEMORIA PER IL COLONNELLO SIMONS

7 giugno 1944.

- 1.- Con foglio n°2872/A in data 29/5/44 questo Comando informò che per ordine ricevuto dal Capo di Stato Maggiore Regio Esercito (Generale Berardi) procedeva alla costituzione di 19 btgg. per i lavori di mietitura nel Foggiano per complessivi 19.000 uomini e comunicava altresì che di tali 19.000 uomini, 8.000 sarebbero stati tratti dai congedanti delle terre liberate e 11.000 dalla Divisione "Friuli" e "Cremona".
- 2.- Questo Comando aveva già disposto che gli 11 btgg. venissero tratti, 6 dalla Div. "Friuli" e 5 dalla Div. "Cremona".
- 3.- Siccome tali btgg. dovevano essere trasferiti in continente senza armamento e senza equipaggiamento venne data disposizione perché l'armamento e l'equipaggiamento costituente dotazione di reparto fossero preparati in appositi colli per il successivo trasporto in continente.
- 4.- I btgg. costituiti con gli 8.000 congedanti hanno già iniziato il loro trasferimento in continente e alla data di oggi, 7 giugno, ~~sono~~ già 3 btgg. sono già partiti. Rimangono quindi ancora da trasferire 5 btgg. per complessivi 5.000 uomini.
- 5.- I 6 btgg. della Div. "Friuli" saranno pronti alla data dell'8 giugno.
- 6.- È giunto ora ordine dallo S.M. I.E. perché non vengano più tratti dalla Div. "Cremona" i 5 btgg. che queste avrebbe dovuta approntare, tenendo pur sempre inalterato ~~il~~ numero di 19.000 uomini che dalla Sardegna dovranno andare in continente per i lavori di mietitura nel foggiano.
- 7.- In relazione alla situazione generale delle Divisioni di cui al foglio allegato, i 5 btgg. che avrebbe dovuto dare la Div. "Cremona" dovranno essere tratti per necessità dalla Div. "Bari" e se non tutti e 5 certamente non meno di 3. (Ciò ove la "Bari" non debba più essere avviata in Sicilia).

- 3.- Siccome tali btgg. dovevano essere trasferiti in continente senza armamento e senza equipaggiamento venne data disposizione perché l'armamento e l'equipaggiamento costituente dotazione di reparto fossero preparati in appositi colli per il successivo trasporto in continente.
- 4.- I btgg. costituiti con gli 8.000 congelanti hanno già iniziato il loro trasferimento in continente e alla data di oggi, 7 giugno, sono già 3 btgg. sono già partiti. Rimangono quindi ancora da trasferire 5 btgg. per complessivi 5.000 uomini.
- 5.- I 6 btgg. della Div. "Triuli" saranno pronti alla data dell'8 giugno.
- 6.- E' giunto ora ordine dallo S.M.I.E. perché non vengano più tratti dalla Div. "Cremona" i 5 btgg. che questa avrebbe dovuta approntare, tenendo pur sempre inalterato il numero di 19.000 uomini che dalla Sardegna dovranno andare in continente per i lavori di mietitura nel foggiano.
- 7.- In relazione alla situazione generale delle Divisioni di cui al foglio allegato, i 5 btgg. che avrebbe dovuto dare la Div. "Cremona" dovranno essere tratti per necessità dalla Div. "Bari" e se non tutti e 5 certamente non meno di 3. (Cid ove la "Bari" non debba più essere avviata in Sicilia).
- 8.- Da notare che in Sardegna esistono in questo momento n°12 btgg. lavoratori pronti a disposizione del comando alleato per il trasferimento in continente. Tali btgg. sono indipendenti dai 2 btgg. di sicurezza e guardia anche questi pronti per l'imbarco. Pertanto ove non si volesse, o non si potesse, intaccare la Div. "Bari", si potrebbe portare in continente per lavori agricoli di mietitura alcuni di questi btgg. lavoratori i quali dopo i lavori stessi potrebbero attendere ai lavori stradali o di altra natura a disposizione degli alleati.

Colonel,

Dear

Attached is the latest amended copy of List 7. The situation now is that the 15,000 personnel harvesting must if it is possible (and the cruisers permit) arrive here before the end of June. The 15,000 are made up as follows:

Congedati - 8,000 (of which 2,000 have already arrived)

Personnel from Internal Security divs and Italian Administration - 7,000

We have therefore given them priority over the labour hrs. You will of course note that some minor parcels of personnel are of greater importance than the harvesters and have been left on the List interleaved with the harvesters.

The harvesters are followed by 5,000 personnel in labour units which in turn are followed by 4,000 harvesters.

The labour is required for operational reasons but nevertheless so important do we consider the harvest that we are providing personnel to gather it in at the expense of operational requirements. The reason for this is that by so doing we shall save shipping tonnage and food which we should otherwise have had to import into Italy. As we advance our commitments for feeding the civilian population will increase.

I am sure that in the light of the above you will inspire the Italians to produce the personnel we require.

SUBJECT: Embarkation of "congedanti" for harvesting.

Allied Control Commission, Army Sub-commission - Elmas -

Reference letter this Headquarters dated 23 May same subject.

1. S.M.R.E. in letter received on 23 May, informed me to prearrange everything for the departure of an uncertain number of congedanti for farming (harvesting) in the Foggia area.

For such purpose the following congedanti should be transferred to the mainland:

- a) those belonging to northern regions of Lazio-Abruzzo
- b) " " " the Foggia District
- c) " " " remaining regions, if they agree to be discharged only at the end of harvesting at Foggiano.

S.M.R.E. reserves itself to give detailed and executive dispositions in due time.

2. I reported to S.M.R.E. by special courier sent by air that while I provided for the organization of 11 Battalions each composed of 1,000 congedanti belonging to the northern regions of Lazio-Abruzzo, I deem it inopportune to organize other battalions with congedanti belonging to liberated regions (paragraph b & c) for the following reasons:

a) Servicemen "congedanti" belonging to liberated regions will, as soon as they are discharged, return to their occupations, mostly farming, and in the same regions in which labor must be assured.

b) It is not advisable to subordinate dispatch to the continent and discharge of servicemen belonging to liberated areas (upon bond of paragraph c - number 1) because of illfeeling which they might turn into undisciplinatory manifestations, for the reason that each one is interested to join his own home-town and develop that profitable work which they intend to do.
