15 November 1944

MEMORANDUM TO: Major G. D. Smith, Infantry
(Senior LMIA LO, Naples)

1. Attached is complete list of Allied clothing, showing amounts shipped to date and remaining here.
2. As per our cable of 14 November, battle dress blouses and trousers from Ausel and in excess of those needed by portion of 205 Division then remaining here were returned to Duko on last trip of Highland Princess.
3. It is not understood as to what happened to the fifteen Spz 39L trucks which arrived at Duko on Beaconsfield and which you reported V.O.P. The matter has been thoroughly investigated here and, as inclosures indicate, the trucks went on the ship on their own power. No light bulbs are available here but, with a few minor exceptions, each truck was in every sense complete and definitely a runner. The Italian Command is pursuing the question with the officer who was assigned in charge of the vehicles (TEN. DEL GENIO PORZIO GIOVANNI) in the belief that members of the party vandalized the vehicles for critical spare parts.
4. Any help you can give Captain De Stefano in arranging the details of drawing rations for us will be appreciated. What is THANKSGIVING without TACCHINO? Also a lift in the matter of a few jeep parts.
5. Thanks for taking me to the party. I enjoyed getting better acquainted with your staff. Perhaps at another time we can meet the Maltese.
