COMANDO MILITARE DELLA SARDEGNA
Automobile Directorate

No. 739/AUT

APC 75/A, 1 February 1945

SUBJECT: Automobile and Repair Service.

TO : M.M.I.A. - Colonel Simmons' Office.

The 13th Auto Park forwarded to this Hq (Inclosure 1) a report concerning the organization of the Automotive Service of the Island planned by Major Hall (Br) and to be submitted by MMIA to the Allied Supreme Command and to Ministry of War - Motorization General Directorate for approval.

Although this Hq is wholly in agreement, it is recommended that a few changes be made to render its execution more practicable:

- Considering that it is necessary to have only one managing board to supervise and control all the automotive service of the Island (Chart 2), it is the opinion of this Hq to leave only the Automotive Directorate with the T/Os fixed by Ministry of War in agreement with the M.M.I.A. (Inclosure 3).

The Automotive Directorate would use its own personnel to govern the automobile traffic, and to check and despatch vehicles in possession of the military units in Sardinia.

In order to improve the functioning of the Automobile Directorate, an additional NCO and 1 driver should be added to its T/O.

- The Administration Office of the 13th Auto Park should be left to carry out the autonomous administration of the Park personnel; it should organize the Audit Office for the closing down of the previous accounting. It is not deemed wise to transfer the Audit Office to another agency since it is easier for the personnel at the place to perform their duties; we agree, on the other hand, that an officer of the Administration Branch be assigned to the Audit Office, assisted by civilian or military personnel.

- It is opportune that the fuel and lubricants service be subordinate to the Automotive Directorate; we deem that the distribution places at Nuoro and Oristano are no longer necessary considering the location of men and vehicles.

It is also opportune that 3 NCOs be appointed as consignors of the remaining 3 distribution places for the distribution and control services.

- We agree concerning the elimination of the External Work Section.

Declassified E.O. 12356 Section 3.3/NND No. 785020

- Approval is given in regard to the 1st Mobile Park, and we would like to know the date on which it is to be detached from the 13th Park as well as the new location chosen in order to be nearer the port of embarkation.

- We approve the personnel and vehicles T/Os for the Automobile service and repairs in Sardinia as per inclosure A and B, and it is requested that the Director for the Automotive Directorate be a Senior Officer; in addition request is made for the assignment of 1 NCO and 1 driver to the unit and for 3 NCOs for the Fuel and Lubricant distribution places.

- Request will be submitted to the Ministry of War for the disbandment of the Reserve Vehicle Warehouse, which naturally will have to report the final status and consign the materials to a consignor (W.O.) who will be drawn from some unit on the island.

- The Administration office of the 13th Park will start to revise all the old matters concerning payments and collections; an officer of the Administration Branch will be assigned later on.

- Separate orders will be issued for the reduction of the Fuel and Lubricants office.

- Approval is given for the appointment of Captain SOLDATI Alfredo as Director of the 13th Auto Park, while for the final appointment of Major MARTELLACCI Conrado as Director of the 1st Mobile Park, instructions are being awaited from Ministry of War concerning his discharge because of being overage.

- c) Settlement of transportation for civilians, now performed by the Tosi firm.
- d) Payment and collecting for the various automobile materials purchased or turned over to other agencies by the Park.

The monthly movement of the cash on hand is noteworthy, and it is not possible that the a/m tasks can be abruptly discontinued.

The transfer of such activity to another agency, and the formation of an Audit Office for the closing down of the actual accounts, is therefore necessary. A finance officer should be appointed to this office assisted by military or civilian personnel.

FUEL AND LUBRICANTS OFFICE

In addition, there exists the Fuel and Lubricants Office with is subordinated to the 13th Park for administration and discipline, which, ²³⁹⁸ if its importance has been cut down as a result of the reduction in number of operating vehicles in Sardinia, still has to manage the drawing from the C.I.P. of Fuel and Lubricants needed for the actual services.

Declassified E.O. 12356 Section 3.3/NND No. 785020

The same office is responsible for numerous empty barrels stored at the provisional Serramenta and Tempio depots, which cannot be left unguarded.

On the other hand, there are at Nuoro, as well as Sassari, Macomer, Oristano, etc, units which have to be supplied with fuel, and consequently, it is not possible to eliminate said office which governs such supplies, nor is it possible to have all unit draw fuel directly from Cagliari.

Therefore, the following is recommended:

- 1) To consign to the Calabria Division the actual distribution place of Sassari for the supply of all units within said province.
- 2) To leave Nuoro as it is (Garrison Hq).
- 3) Allocate a distribution place at Bonutrau to the 13th Artillery Regt for Macomer and vicinity.
- 4) Entrust the distribution for the Oristano zone to the Oristano Garrison Hq.
- 5) Cagliari and vicinity will be supplied by the 13th Autieri Regt distribution station at Cagliari.

In this way, the distribution stations now controlled by the 13th Park of Sassari, Abbasanta and Siliqua will be eliminated, leaving at Cagliari the aforementioned distribution station and the P.O.L. Office for the drawing of fuel from C.I.P. and for the consignment to the various agencies in charge of distribution.

The P.O.L. Office should be composed of:

- 1 officer (Captain)
- 1 1st Sgt
- 1 orderly - driver
- 2 drivers
- 2 civilian clerks

and the following vehicles should be allocated:

- 1 motorcycle with sidecar
- 1 Fiat 666 - gas truck with trailer

The evacuated depots, which are those of Sassari, Abbasanta, Torralba, and Siliqua will be guarded by a permanent guard as well as the provisional ones of Serramenta and Tempio.

The 13th Park and the Mobile Park will draw supplies directly from the Cagliari Office. (1)

T/O of the automotive service in Sardinia concerning both personnel and vehicles is shown in inclosures A) and B).

As a result of this final organization of the automotive and repair service and due to the limited number of vehicles which will remain in Sardinia for the transportation service, the External Labor Service organization becomes surplus and therefore any request of collaboration for repairing vehicles with the Fiat Sardinia organization will be discontinued by this Park.

In regard to vehicles being allocated to the automotive service in

Sardinia as per inclosure A), Major Hall will arrange that they be considered in addition to the established T/O.

1ST MOBILE PARK

The formation of a mobile workshop, designated 1st Mobile Park, planned by Major Hall and approved by General Aliberti, is in advanced stages so that it is now necessary to detach it from the 13th Park, providing for the formation of its T/O in regard to personnel and vehicles.

The Mobile Park organized so as to operate anywhere; has in addition to complete machinery for all types of work, a spare parts, tires, and fuel warehouse, a transportation and salvage section, the regimental section with its clothing, equipment and food warehouses, it has kitchens for officers and enlisted men, tent facilities, mobile messes and offices, mobile water tanks, ambulances, etc. so that it can be autonomous anywhere.

T/O for personnel and vehicles is indicated in appendices C) & D).

In regard to the above, your Hq is requested:

1) To approve the T/O for personnel and vehicles for the automotive and repair service as per inclosures A & B and consequently:

a) to order the disbandment of the reserve vehicles warehouse, which will submit the final status of materials and will consign it to another consignor;

b) to order the disbandment of the Administrative Office of the 13th Park and the transfer to another agency of all the matters concerning Payments and collections for which it was responsible;

c) to order the reduction of the P.O.L. Office.

2) To approve the T/O of the 1st Mobile Park, both for personnel and for vehicles as per inclosures C) and D);

3) To detach the mobile park from the 13th Park, considering it as an autonomous unit, with the task of continuing the repairing of vehicles (about 800), drawing the vehicles to be repaired and the spare parts necessary for the repairs from the 13th Park.

4) Confirm Major Hall's proposal concerning the appointment of Captain Soldati, consignor of the Reserve Vehicles Warehouse, as Director of the 13th Park and the undersigned as Director of the 1st Mobile Park.

Surplus personnel is shown in appendix E), which includes personnel available, personnel on convalescent leave awaiting shipment and hospitalized personnel.

2306

In addition, personnel assigned to this Park and attached to the Poetto Auto Park are shown in appendix E).

1578
Declassified E.O. 12356 Section 3.3/NND No. 785020

This personnel which is not to be left in Sardinia, will be released as soon as said Auto Park completes its task.

You are informed that the available personnel as per appendix E) cannot be released by the Park until such time as both the 13th and the Mobile Park will have their organization completed.

(1) P.O.L. Office is to be fully subordinated to the Directorate or Automotive Transport Office at C.M.S., replacing the office now existing with the Automotive Directorate for the supply of fuel to units on the island.

Il 13° Parco Automobilistico ha trasmesso (allegato 1), a questo Comando, una relazione sulla sistemazione del Servizio Automobilistico per l'isola, studiata dal Maggiore Inglese MAH e che della M.M.I.A. sarà portata all'approvazione del Comando Supremo il quale del Ministero della Guerra - Direzione Generale della Motorizzazione.

Questo Comando pur concordando, in linea di massima, per la sua applicazione ritiene di proporre alcune modifiche onde renderne più pratica l'attuazione.

- In considerazione che è necessario avere un unico ente direttivo per sovraintendere e provvedere a tutto il servizio automobilistico dell'isola (grafico allegato 2) questo Comando è del parere di lasciare la sola Direzione Automobilistica con gli organici stabiliti dal Ministero della Guerra d'accordo con la M.M.I.A. (allegato 3).

La Direzione Automobilistica provvederebbe col proprio personale a regolare il traffico automobilistico, e controllare ed ordinare gli autoveicoli in distribuzione ai reparti militari in Sardegna. Per meglio espletare le sue funzioni l'organico della Direzione Automobilistica dovrebbe essere aumentato di un sottufficiale e di un conduttore.

- L'Ufficio Amministrazione del 13° Parco Automobilistico dovrebbe rimanere onde effettuare la gestione autonoma del personale dell'isola ed in seno dovrebbe funzionare l'Ufficio Stralcio per la liquidazione della contabilità precedente. Non si ritiene opportuno passare l'Ufficio Stralcio ad altro Ente dato che, il personale sul posto può più facilmente assolvere la sua missione, si conviene.

- Per quanto riguarda il servizio Carburanti e Lubrificanti è opportuno che dipenda dalla Direzione Automobilistica; considerando poi l'ubicazione della trapp e degli autotiranti, non si ritengono più necessari i posti di distribuzione esistenti a Nuoro ed Oristano.

UFFICIO AMMINISTRAZIONE

Attualmente il 13° Parco ha in organico un Ufficio di Amm.ne che, oltre ad amministrare il Parco, compie:

- a) - pagamento fatture per la S.L.E.;
- b) - pagamento fornitura carburanti al C.I.P.;
- c) - liquidazione trasporti per civili compiti dalla organizzazione Tosi;
- d) - pagamento e incasso dei materiali vari automobilistici acquistati o ceduti a terzi dal Parco.

Il movimento mensile dei fondi è notevole né è possibile che i conti susseguenti vengano d'un tratto a cessare.

Si rende perciò necessario il passaggio di tale attività ad altro ente e la creazione di un Ufficio Stralcio per la chiusura delle contabilità in corso. A questo ufficio dovrebbe essere preposto un ufficiale di amm.ne coadiuvato da personale militare o civile.

UFFICIO CARBURANTI E LUBRIFICANTI

Esiste inoltre alle dipendenze amministrative e disciplinari del 13° Parco l'Ufficio Carburanti e Lubrificanti, il quale pur avendo oggi perduto molto della sua importanza per il diminuito numero di automotomezzi in servizio in Sardegna, deve ancora far fronte al ritiro del C.I.P. delle quantità di carburante e lubrificante necessario per i servizi in atto.

L'Ufficio stesso ha in carico numerosi fusti vuoti nei depositi occasionali di Sernanta e Tempio, fusti che non possono essere lasciati incustoditi.

- a) - pagamento fatture per la S.I.R.;
- b) - pagamento fornitura carburanti al C.I.P.;
- c) - liquidazione trasporti per civili compiuti dalla organizzazione Tosi;
- d) - pagamento e incasso dei materiali vari automobilistici acquistati o ceduti a terzi dal Parco.

Il movimento mensile dei fondi è notevole né è possibile che i conti suaccennati vengano d'un tratto a cessare.

Si rende perciò necessario il passaggio di tale attività ad altro ente e la creazione di un Ufficio Stralcio per la chiusura delle contabilità in corso. A questo Ufficio dovrebbe essere preposto un ufficiale di amministrazione coordinato da personale militare o civile.

UFFICIO CARBURANTI E LUBRIFICANTI

Esiste inoltre alle dipendenze amministrative e disciplinari del 13° Parco l'Ufficio Carburanti e Lubrificanti, il quale pur avendo oggi perduto molto della sua importanza per il diminuito numero di automotomobili in servizio in Sardegna, deve ancora far fronte al ritiro dal C.I.P. delle quantità di carburante e lubrificante necessario per i servizi in atto.

L'Ufficio stesso ha in carico numerosi posti vuoti nei depositi occasionali di Serravalle e Tempio, posti che non possono essere lasciati in custodia.

D'altra parte sia a Nuoro, come a Sassari, Macomer, Cristano ecc. esistono reparti che debbono essere riforniti di carburanti e lubrificanti. L'Ufficio che deve presiedere a tali forniture, né è possibile che tutti i reparti possano rifornirsi direttamente a Cagliari.

Si propone perciò:

- 1°) per Sassari consegnare l'attuale posto di distribuzione alla Div. "Gallia" per il rifornimento di tutti i reparti della provincia;
- 2°) per Nuoro lasciare come attualmente (Comando Presidio);
- 3°) affidare un posto di distribuzione a Bonutru al Dep. 13° Rgt. Artiglieria per Macomer e zone adiacenti;
- 4°) affidare la distribuzione per la zona di Cristano al Comando Presidio di Cristano;

.....

50) Cagliari e zona si riforniscono a Cagliari presso il posto di distribuzione del 13° Rgt. Autieri.

Si eliminerebbero così i posti di distribuzione controllati ora dal 13° Parco di Sassari, Abbasanta e Siligona, rimanendo a Cagliari il posto di distribuzione sopracitato e l'Ufficio Carburanti per il ritiro del carburante dal C.I.P. e la consegna ai vari enti distributori.

L'Ufficio Carburanti dovrebbe essere composto da:

- un ufficiale (Capitano)
- un sottufficiale di contabilità
- un attendente conduttore
- due conduttori
- due impiegati civili

e gli dovrebbero essere assegnati i seguenti mezzi:

- una motocicletta
- una autobotte Fiat 666 con rimorchio.

I depositi lasciati liberi e cioè media capacità Sassari, Abbasanta, Torralba e Siligona sarebbero guardati da un custode fisso e così quello occasionale di Serramanta e Tempio.

Il 13° Parco ed il Parco Mobile si approvvigioneranno direttamente dall'Ufficio di Cagliari. - (1)

L'organico relativo al servizio automobilistico in Sardegna è indicato dagli allegati A) e B) sia per le persone come per gli automezzi.

In conseguenza di questa definitiva sistemazione del servizio automobilistico e delle riparazioni e dato il numero limitato di automezzi che rimarranno in Sardegna per il servizio dei trasporti si rende superflua l'organizzazione del Servizio Lavorazioni Esterne e quindi cesserà da parte del Parco ogni richiesta di collaborazione delle organizzazioni Fiat Sardegna per la riparazione di automezzi.

Quanto agli automezzi che vengono assegnati, come dall'allegato A), al servizio automobilistico in Sardegna, il Magg. Hall provvederà perché siano considerati in aumento all'organico stabilito.

PRIMO PARCO MOBILE

La costituzione di una autofficina mobile, che ha avuto il nome di Primo Parco Mobile, ideata dal Magg. Hall e approvata dal Generale Aliberti è in avanzata esecuzione tanto che è ora necessario scinderlo dal 13° Parco e provvedere alla formazione del suo organico sia come personale che come automezzi.

13th Auto Park Letter 182/A.1 con't

We call to your attention that at the Parco of damaged trucks there are not any tank trucks to be repaired and therefore the Parco could furnish to the 118th Autoreparto Pes. two (2) tanks of 2,000 litre each to load on two (2) trucks. Beside the Parco has not any wreckers to be repaired and therefore cannot fix one up. However the Workshops of Abbasanta and Cagliari have wreckers and also the fiat of Sassari has promised to meet all the request for help with its wreckers. 621 built for this purpose. We think that the 118th Autoreparto Pes. could do without this special truck. We wait your instructions to make the above distributions.

E' bene far presente che presso i parchi Autoguidati non esistono autobotti da riparare e quindi il Parco potrebbe fornire al 118° due serbatoi da 2000 litri da caricare su due autocarri.-

Inoltre il Parco non dispone di autocarri soccorso da riparare e quindi non ha possibilità di attrezzarne uno. D'altra parte però sia l'Officina di Abbassanta come quella di Cagliari sono fornite di carro soccorso e anche la Fiat di Sassari si è impegnata a rispondere a tutte le richieste di soccorso col suo autosoccorso 621 attrezzato allo scopo. Si ritiene perciò che il 118° Autoreparto potrebbe fare a meno di questo autosoccorso.-

Questa Direzione resta in attesa di istruzioni per dar corso alle distribuzioni sopracitate.-

TO: AFHQ for Q/AE

Reference AFHQ/8035/2(AE) of 8 November 1944.

1. Salvage Vehicles

Instructions are being issued to the Italian Army to ensure that they

- (a) inspect any vehicle immediately it is offered by the Salvage Depots.
- (b) decide at once if it can be economically repaired for military use.

Any vehicle declared unfit for military repair will, it is assumed, be automatically allotted to A.C. by British Salvage.

2. Civilian Vehicles

Instructions have been issued to the War Ministry that genuine civilian vehicles will NOT be requisitioned without appropriate agreement with A.C. and MMIA. There are however a number of Italian Army vehicles stolen by and improperly in possession of civilians which will be recovered by the Italian Government as the opportunity occurs.

3. It is considered that MMIA Adm. Instruction No. 14 of 26 Oct. (copy No. 29 with AFHQ Q/AE) will provide adequate control of Italian Army transport and ensure that the relative civil and military interests are safeguarded.
