APO 50, 18 April 1944

SUBJECT: Engineer Personnel for Italian Supreme Command

TO : Colonel Simmons - Chief of the Allied Control Commission

1. The Information Office of the Italian Supreme Command, following an agreement made with the similar Allied service, must organize on the mainland a communication center of noteworthy importance. For this purpose, the urgent transfer to the mainland of the Conio personnel which appear on the attached appendix was requested by the above mentioned Information Office.

2. It involves 58 soldiers among whom are 18 wireless operators of the SMRE radio group for whom Headquarters Allied Troops in Sardinia has already authorized transfer to the mainland and are now ready for departure.

3. You are kindly requested to authorize the transfer of the other 40 soldiers concerned.

SUBJECT: Transportation of Italian Civilians to Travel
TO : Allied Regional Commissioner, Sardinia

1. With reference to your letter of 7 April and its inclosed letter from the High Commissioner, you are advised that the subject of civilian transportation such as is requested was placed before AAI (S.D.) in conference with the Commanding General, Army Sub-commission, 17 April. It was directed that this and similar requests, based upon "unwillingness to stay in Sardinia" or other reasons equally unimportant to the Allied military effort, should be disapproved.

2. In view of the above, will you transmit to the High Commissioner the information that the request cannot be considered favorably at this time.

SUBJECT: Applications for Civilian Sea Travel.

TO : All Concerned.

1. There are no scheduled runs from Sardinia to the main-land or other ports, and applications will be considered with a view to keeping civilian travel at an absolute minimum.

2. All applications will be subject to the following procedure:

(a) Application will show the full name and permanent address of the applicant, destination of journey and specific reason therefor, desired date of departure and probable length of absence if a return trip is contemplated. Application will first be referred to the High Commissioner for Sardinia (General PINNA), who will not approve it until cleared through local Italian Police. It will then be submitted to Public Safety Division, this HQ, for entry on its records and referred to the Regional or Deputy Regional Commissioner for endorsement. A 'Travel Permit' will be issued by Public Safety Division in compliance with Allied Army HQ Directive, AAI, Plan 1401, Plan 10, Plan GSI (b). Application and travel permit, after having been approved by the Regional or Deputy Regional Commissioner, will be forwarded to the Port Commander (Commander SPER), who will return application with travel permit attached to the High Commissioner, indicating such accommodations as may be available, the point of approximate time of departure.

1. I am sending herewith a copy of a letter received from the High Commissioner.
2. The High Commissioner came and discussed this matter with me a few days ago and I pointed out to him that I had no control over the allocation of space on ships transporting contingents of the Italian Army to the mainland. I presume that all space available is required for the movement of military personnel. Can you confirm this? If not, can you say with whom should be taken up the question of any available accommodation on these vessels?

Please treat as urgent.

FROM The High Commissioner for Sardinia
TO Brigadier M. Carr, Regional Commissioner,
Allied Commission for Sardinia.

SUBJECT Departure of Italian Subjects.
REFERENCE NO. 4863 Tr.
DATE 2 April 44.

As the transportation by sea to the Italian mainland is reopening with such means as the "Montecuccoli" for transportation, I suggest that there is the possibility of arranging the departure of part of the numerous workers belonging to the "Special Companies", which as I have explained in my letter No. 5316 dated 16 March, have been dissolved.

As regards the said workers, it has not been possible to find a convenient arrangement for them because of their unwillingness to stay in Sardinia and their unsuitability for the only kinds of work (i.e. clearing of Cagliari) in which it is possible to employ them.

The priority will be for those who have families and the possibility of finding work quickly in the liberated Italian Provinces. I suggest to form squads of 50 persons per time.

Will you please let me know if you wish to make arrangements and suggest a procedure to be followed by the Authorities of the Italian Headquarters and of the Italian Public Safety.

MILITARY HEADQUARTERS OF SARINIA (XIII ARMY CORP)

NO. 4804/Op.

MEMO FOR COLONEL SIMMONS :

When S.M.R.E. requested Military Headquarters of Sarinia to alert eight field hospitals, this Headquarters immediately informed it, that it was only possible to prepare six, not eight, since the removal from Sarinia of the other two would hinder sanitary work in the forthcoming anti-malaria campaign.

No answer to this communication has been received from S.M.R.E., therefore the number of field hospital alerted and awaiting shipment to the Mainland is six not eight.

It is requested that you keep in mind the actual strength in Sarinia most likely will not decrease very much in the near future; therefore the removal of sanitary units threatens the needed assistance to the patients.

COMANDO MILITARE DELLA SARDEGNA (XIII C. A.)

3.4604/00

PROMUNCIA PER IL SIG. COLONNELLO SIMONE

Allorquando lo Stato Maggiore dell'Esercito chiede al Comando Militare della Sardegna l'apportamento di 8 copedali da campo, questa domanda si affrettò a fare come si vedeva, senza però all'apportamento di 6; ma non di 8 giacché l'allocatione della Sardegna di altri due copedali da campo avrebbe compromesso la sede serbatoio nelle prossime compagnie antiaeree.

A questa comunicazione nessuno rispose se ebbe effetto S.M. dell'Esercito. Gli è perciò che in effetti il numero degli copedali da campo apportati e che vengono quindi trasferiti in continuità è di 6 e non di 8.

Prego di voler tener presente che effettivamente veridicamente l'attuale forza in Sardegna - ed è probabile che le variazioni non debbano essere molto forti in un prossimo futuro - l'allocatione di molti serbatoi potrebbe compromettere la necessaria esistenza degli armamenti.

Gen. Giovanni Magli 2/1/50

1681

Declassified E.O. 12356 Section 3.3/NND No. 785020

3 ospedali da campo, questo comando si rifiutò a fare conoscere che provvedeva, unitamente all'ammontamento di 6; me non di 8 giacchi l'allenamento dalla Sardegna di altri due ospedali da campo avrebbe corrisposto la consegna esatte nella propria campagna antiaerea.

A quelle comunicazioni nessuna risposta si ebbe dallo S.3. dell'Esercito. Gli è però che in effetti il numero degli ospedali da campo approntati a due vengono quindi trasferiti in continente è di 6 e non di 8.

Prato di voler tener presente che effettivamente parlando l'attuale forza in Sardegna - ed è probabile che la variazione non debba essere molto forte in un prossimo futuro - l'allenamento di unità sanitarie potrebbe essere mettere la necessità di un buon degli armati.
