ALLIED CONTROL COMMISSION
HEADQUARTERS NUORO PROVINCE

3 March, 1944

TO : Regional Commissioner
FROM : Provincial Commissioner
SUBJECT : Information
REFERENCE : PS/3/5

1. Information has been received from several Italian officers that during the past few weeks, about 300 officers and men of the motorised division of the "Nembo" division have disappeared from their unit, and it is inferred that they have found some means of reaching German occupied territory. This report is probably greatly exaggerated, but is brought to your notice for what it is worth.

2. I have also received a report which is entirely without corroboration that allied troops who visit the cinema at the village of Gonnosfanadiga (Cagliari) are greeted with shouts of "Pueri gli Alleati" and similar remarks, by Italian troops in the audience. These men are stated to be paratroops of the "Nembo" division.

Dear General,

This is to acknowledge your letter of 19 December. A study has been made concerning the disposition of the NEMBO Division and at present a decision by the Chief of Staff is awaited.

I wish to thank you for the points in your letter, and I assure you that the status of the unit was examined carefully prior to submitting recommendations as to its disposition.

Sincerely yours,

19 December 1943.

Colonel Archibald,
G-3 Section,
Allied Force Headquarters,
APO 512, U. S. Army.

Dear Colonel:

In my conversation with some of your assistants yesterday afternoon, I gathered the impression that they possess a somewhat biased viewpoint of the Nesbo Division, due to the reading of the reports that I furnished from intelligence sources. It should be recognized that these reports undoubtedly emphasize the Nazi influence working in this organization and that they do not bring out the many favorable characteristics of the organization under discussion. I believe it important to bring to your attention the fact that the Nesbo Division probably comprises the best Italian fighting troops available at this moment.

It is, of course, true that pro-Nazi tendencies can readily be seen in the past record of the unit and in the current action of many of the leaders and troops. It must be understood, however, that this organization by virtue of its exuberance would show these tendencies where other units would be less inclined to give vent or expression in a manner that would mark their allegiance to the old regime.

I feel quite certain that the Nesbo Division is a unit of fighting troops with extraordinarily high pride and fighting spirit. We should examine this unit carefully before a decision is made that we are unable to employ such capacity for fighting to our own ends.

Sincerely yours,

ROBERT M. WEBSTER,
Brigadier General, USA,
Commanding.
