No. 12730/8/1

2 July 1945

SUBJECT: Macaroni.

TO : Addressees Omitted.

We notify you that effective immediately, the Allies will cease all allocations of macaroni for the Italian Army and in lieu of macaroni will be issued an equal amount of flour.

The issue of flour in lieu of macaroni will be made both to depots and to units fed directly by Allied depots.

For the purpose of continuing the issue of macaroni to the units, the Commissary Sections and Commissary Directions are requested to take immediate steps to arrange with the local firms with legal contracts to transform the flour into macaroni.

The contract will be made with the firms that offer the best conditions and guarantees 98 % of macaroni for every 100 % of flour as from present regulations.

When the Commissary organizations have not the possibility to assure the whole quantity of macaroni for all units of the area, the Gruppo Headquarters and Administration Divisions can make arrangements to make the macaroni themselves using local firms on the above conditions.

For this purpose, the Headquarters of the above units are requested to see what can be done to make macaroni on place and reach an agreement with the Commissary Directors in whose area they are located.

It is further pointed out that in the areas of Rome, Bari, Naples, Catanzaro, Sicily and Sardinia, the macaroni will be made only when the present stocks of macaroni on hand are reduced to what is needed for one month plus one month of reserve and will be continued so that these quantities will always be on hand.

Beginning 1 August, the Commissary Directions will operate in the same way when the Distributing Depots of these area will begin to function and also the Bulk Depots of Genova, Leghorn and Venice.

We are awaiting urgently your report on what will be done on the matter. 1738

SUBJECT: Issue of coffee to CC.RR

TO : Lt. Colonel Albert M.M.I.A. Liaison Office Cagliari

My soldiers since 20 April have not received the coffee ration which has been substituted with coffee substitute (surrogate) which is also of poor quality.

I thought that it was a temporary issue but I found out that it will go on for quite a while to end up large stocks of coffee substitute on hand.

The lack of coffee is very bad for the CC.RR who must stand on duty all night and have long duty terms. It would be very good for them to have coffee like the CC.RR are getting on the mainland.

I request you to issue in lieu of surrogate, all coffee or half and half.

If this is not possible, you are requested to give as a recompense a certain quantity of coffee in the measure of 100 grams per man per month so that the units can issue it to the soldiers on duty during the night.

Al Signor Colonnello A L B E R T

CAGLIARI

Dal 20 aprile scorso non viene più corrisposto ai miei dipendenti la razione di caffé, che é stata invece sostituito da un surrogato di qualità anche scadente.

Ho ritenuto finora che si trattasse di una somministrazione provvisoria, ma invece da quanto mi risulta sembra che essa debba continuare per lungo tempo per dar fondo a considerevoli giacenze di surrogato.

La mancanza di caffé é particolarmente pregiudizievole per i carabinieri che debbono, come vi é noto, disimpegnare specie di notte lunghi e faticosi servizi. Agli stessi sarebbe particolarmente di ristoro, così come d'altronde in continente, la somministrazione della quotidiana razione di caffé.

Sono pertanto a pregarLa di voler considerare la possibilità di disporre che la razione di surrogato per i carabinieri sia sostituita in tutto o almeno in parte =una metà = con altrettanto caffé.

Qualora non fosse possibile si prega esaminare se si potesse dare a titolo di extra premio una certa quantità di caffé perché le stazioni possano disporne per i militari in servizio notturno in proporzione di grammi 100 mensili per militare.

SUBJECT: Flour.

TO : M.M.I.A. Cagliari

This Headquarters has experimented that the servicemen like their food much better if a part of the flour ration is made into pasta instead of bread.

That is, instead of 551 grams of bread which is the amount of bread made from 424 grams of flour (output 130 %); it has been found preferable to give instead 397 grams of bread, made from 305.5 grams of flour, and 116 grams of pasta made from 118.5 grams of flour (output 98%). This supplementary ration of pasta added to the 84 grams ration will give a daily 200 gram ration of pasta.

Since the cost of making pasta is more or less equivlent to the cost of making bread and since the quantity of the flour ration is in no way changed, will you please inform me if you have any objections to make and if this procedure can be continued.

OGGETTO: Pastificazione farina.=

RACCOMANDATA

Questo Comando ha esperimentato che il rancio riesce più gradito se una parte della razione della farina viene tradotta in pasta anzichè in pane.-

E precisamente, in luogo di gr.551 di pane ricavati dall'intera razione di farina di gr.424 (resa 130%), é risultato preferibile, invece, somministrare solo gr.397 di pane con l'impiego di gr.305,5 di farina e gr.116 di pasta ottenuta con l'impiego della rimanente farina di gr.118,5 (resa 98%).- Tale razione supplementare di pasta, sommata a quella di tabella di gr.84, importa una razione giornaliera di pasta di gr.200.-

Poichè le spese per la pastificazione sono, all'incirca, equivalenti a quelle per la panificazione e poichè il quantitativo della razione di farina non viene in alcun modo alterato, si prega comunicare se nulla-osta da parte di codesto Comando affinchè tale procedimento nell'impiego della farina ~~xxx~~ venga continuato definitivamente.=

1. Reference to statement in first paragraph of basic communication. This office gave no instructions to issue biscuits in lieu of macaroni. They were to be issued in lieu of bread or flour. We did give instructions to reduce the large amount of biscuits to a reasonable reserve and issue all biscuits made from Italian flour. Furthermore, the issue of biscuits for the period 21 May - 5 June should have been pro-rated so all units drawing for that period would have gotten their proportionate share and not all issued to the first units drawing.

3. On 16 August the 59th Regiment requested on a ST/8 note 4000 rations to complete the issue made on 21 July that was made for one month 21 July - 20 August. The additional issue was due to an increase in the strength after 21 July and as of this date the depot issued the dehydrated vegetables. 1.- Riferimento foglio R/10 data 18 agosto.

2.- Le istruzioni contenute nel foglio R/10 in data 11/8 sono pervenute a questo Ufficio il giorno 13 stesso mese. Questo Ufficio, nella stessa giornata, provvide ad impartire le opportune istruzioni alla Sezione Commissariato perchè provvedesse a far sospendere ai magazzini la distribuzione delle verdure deidrate.
La Sezione Commissariato, con fonogramma in data 14, comunicò a tutti i magazzini l'ordine di sospendere immediatamente la distribuzione di dette derrate, ordine che è pervenuto al magazzino viveri di Cagliari il giorno 15.

3.- Nella giornata del 16 agosto il 59° Rgt.S.I. presentava al Magazzino viveri un buono di prelevamento per 4000 razioni complete viveri ad integrazione del prelevamento del giorno 21/7, che, come noto, eccezionalmente per gli Enti del Presidio di Cagliari, venne fatto per il periodo di un mese (21/7 20/8).
Il prelevamento integrativo era dovuto ad un aumento di forza verificatosi nel raggruppamento dopo il 21 luglio.
Poichè, come sopra detto, il prelevamento doveva imputarsi ad integrazione delle razioni prelevate il 21/7, e poichè a questa data le verdure deidrate venne regolarmente distribuite, il magazzino viveri aderì bene alla nuova richiesta del tolto di avere, anche nel periodo 15/8 - 20/8, lo stesso trattamento alimentare di tutti gli altri reparti.
Il recupero delle razioni, come stabilito da codesto M.M.I.A. è stato effettuato in data 31 agosto.

4.- La Compagnia Esterna dei CC.RR. di Cagliari aveva prelevato regolarmente 31 giorni di razioni.
Il prelevamento integrativo in data 16 agosto venne fatto per l'aumento di forza di un militare dell'Arma avvenuto in data 6 agosto.

5.- Circa quanto richiesto al n.3), i quantitativi verranno forniti direttamente dal Comando Legione CC.RR.-.

T. 4543/A-1-1/Serv. 26 August 1945

SUBJECT: Issue of Dehydrated Vegetables.

TO : 1111A Liaison Office for Sardinia Cagliari

Reference letter R/10 dated 15 August 1945.

The 88th Regiment drew as of 21 July a total number of rations of 20,150 for the period 21 July - 20 August for a total of 30 days for an average 650 men daily.

During the month of August the 88th Regt. has had an increase in the strength from 650 to 900 for soldiers who returned from leave and soldiers recovered in Sardinia. Therefore on 16 August, the 88th Regt. was forced to draw other additional 4000 rations.

With this issue also the dehydrated vegetables were drawn, since on the regular issue for the period 21 July-20 August dehydrated vegetables were issued.

The letter R/10 dated 15 August on the cancellation of issuing dehydrated vegetables arrived at the Territorial Office for Sardinia on 15 August. On the 14th a cable was sent to the Commissary section. This order had not yet reached the Distributing Depots on the 15th. The Distributing Depot therefore made the issue also of dehydrated vegetables when the 4000 rations were issued to the 88th Regiment.

Because all the units had drawn up to 20 August and the new issue should have been made on the 21st of August, the Territorial Office for Sardinia did not consider the instructions urgent to stop issuing the dehydrated vegetables.

I have punished the responsible men.

I have ordered that the 88th receive immediately the 4000 rations of dehydrated vegetables.

The answer to para 2 and 3 of the referred letter will be furnished by the Commanding General, Territorial Office for Sardinia.

Nel corso del mese di agosto, il 59° Rgt. ha avuto un sensibile aumento nella forza presente (da 650 a circa 800 conviventi) in seguito al rientro di militari dalla licenza e al ricupero di militari già residenti in Sardegna; pertanto il giorno 16.8. è stato costretto ad effettuare un prelevamento supplettivo di n°4.000 razioni.-

Con tale prelevamento ha ritirato dal magazzino viveri anche la verdura deidrata, poichè nel prelevamento effettuato a suo tempo per il periodo dal 21.7. al 20.8 era stata distribuita anche tale derrata.-

La nota R/10 in data 11.8. circa la sospensione della distribuzione della verdura deidrata, è giunta all'Ufficio Territoriale il giorno 13 agosto.-

Il giorno 14, a mezzo fono, è stato trasmesso l'ordine alla Sezione di Commissariato. Detto ordine però il giorno 16.8. non era ancora giunto al magazzino viveri, il quale ha quindi distribuito la verdura deidrata, quando il 59° Rgt. ha effettuato il prelevamento delle 4.000 razioni.-

D'altra parte, poichè tutti i reparti avevano prelevato sino al giorno 20.8. e il nuovo prelevamento non avrebbe dovuto aver luogo che il giorno 21.8., l'Ufficio Territoriale non ha ravvisato urgente la diramazione dell'ordine relativo alla sospensione della distribuzione della verdura deidrata.-

(Your ST IO Report 23 of 15 March 45 refers).

1. It is agreed that there has been some confusion as to the ration scale of olive oil. AFHQ increased the scale, by one-half ounce w.e.f. 20 February 45. The over all stock of olive oil in Italy is not believed to be sufficient to meet this 50% increase.

2. This Headquarters applied to the Food Sub-Commission A.C. for an additional allocation to meet the increased commitment. At this date, the question has not been decided by AFHQ to whom Food Sub-Commission A.C. had presented the issue.

3. Olive oil will continue to be issued on the basis of one ounce, until a decision is given by AFHQ.

4. Ministry of War directive, 4420/3/1 dated 20 Feb 45 states that olive oil will continue to be issued at one ounce until supply of olive oil has been acquired.

No. 1/1790 — 19 February 1945

SUBJECT: Italian Canned Meat.

TO : MMIA, Cagliari

Following instructions from the War Ministry in Despatch 12732/ S/1 dated 23 November, our Direction ordered that the Italian canned meat would:

a) A part (that part that could not be saved longest) be issued in place of the Allied meat whenever this was in the ration scale.
b) The remaining part recently canned would be stored and be issued as travelling ration.

As to-day the situation is:

1) The part of Italian canned meat to be used immediately is very small and we foresee that at the end of the next 15 day period (5 March) it would be exhausted.
2) The next re-call of men to the Recruiting Centers makes us believe that issuing to them, Italian canned meat.(supposed to be used immediately) the present stocks of the same will not be sufficient for the next 15 day period.

We suggest that beginning from 6 March 1945:

a) The issue of Italian canned meat in lieu of Allied meat be stopped.
b) The Recruiting Centers be authorized to issue Allied Meat in lieu of Italian meat.

As far as this second suggestion is concerned, we call to your attention that it would solve the inconvenience of finishing the supplies for travelling scale rations.

It is known that it is easier to issue Italian canned meat in lieu of Allied meat to soldiers travelling.

Sezione Prima

nº 1/1490 V di prot. P.M. 75-A, 19 febbraio 945

OGGETTO: scatolette carne italiana.-

AL DISTACCAMENTO M.M.I.A. CAGLIARI

^^^^^^

In ottemperanza a quanto disposto dal Ministero della Guerra, con dispaccio nº 12732/S/1 in data 23 novembre d.a., questa Direzione dispone che, della scatolette di carne italiane:

a)- una parte (quella che darà maggiore garanzia di ulteriore conservabilità) venisse passata al consumo, in sostituzione delle scatolette di carne di provenienza alleata, quando la distribuzione di queste fosse prevista dalla tabella viveri;

b)- la parte restante, e cioè quella di più recente frabbricazione, venisse accantonata per essere distribuita, quale razione viveri da viaggio.

Poichè, oggi:

1º)- l'aliquota di prodotti scatolati carnei italiani, destinati al pronto consumo, va ognor più assottigliandosi, sì da lasciar prevedere che, alla fine della prossima quindicina (5 marzo prossimo venturo) sia del tutto esaurita;

2º)- il previsto prossimo afflusso di altri richiamati ai centri di Raccolta, da motivo di ritenere che, col distribuire, ad essi, prodotti scatolati carnei italiani - di quelli destinati al pronto consumo -, la suddetta aliquota di questi ultimi non possa assicurare neppure tutte le distribuzioni della prossima quindicina,

si propone, per le decisioni, che, a datare dal 6 marzo p.v.:

a)- cessi la distribuzione di carne scatolata italiana, in luogo di quella di provenienza alleata;

neva che, della scatolette di carne italiane:

a)- una parte (quella che non dava maggiore garanzia di ulteriore conservabilità) venisse passata al consumo, in sostituzione delle scatolette di carne di provenienza alleata, quando la distribuzione di queste fosse prevista dalla tabella viveri;

b)- la parte restante, e cioè quella di più recente fabbricazione, venisse accantonata per essere distribuita, quale razione viveri da viaggio.

Poichè, oggi:

1°)- l'aliquota di prodotti scatolati carnei italiani, destinati al pronto consumo, va ognor più assottigliandosi, sì da lasciar prevedere che, alla fine della prossima quindicina (5 marzo prossimo venturo) sia del tutto esaurita;

2°)- il previsto prossimo afflusso di altri richiamati ai centri di Raccolta, da motivo di ritenere che, col distribuire, ad essi, prodotti scatolati carnei italiani - di quelli destinati al pronto consumo - la suddetta aliquota di questi ultimi non possa assicurare neppure tutte le distribuzioni della prossima quindicina,

si propone, per le decisioni, che, a datare dal 6 marzo p.v.:

a)- cessi la distribuzione di carne scatolata italiana, in luogo di quella di provenienza alleata;

b)- i Centri di Raccolta per richiamati vengano autorizzati a distribuire carne scatolata di provenienza alleata anzichè italiana.

E per quanto riguarda, in particolare, questa seconda proposta, si fa presente che essa, attuata, risolverebbe l'inconveniente che potrebbe originarsi dall'eventuale esaurimento delle scorte di viveri da viaggio sopracennate.

Infatti, è manifesto che la materiale somministrazione della razione carnea, per militari in viaggio, sia resa più agevole dai prodotti scatolati italiani anzichè da quelli di provenienza alleata.=

1. We have received a copy of letter 11390/S/1 of 22 October, from Director General of Commissary, Italian War Ministry. This letter sets up a scale to be followed in making out the Ration Issue Notes (Form MMIA 67/8). As a part of this scale, an issue of 200 grams of horse meat, with bone, or 100 grams of Italian canned meat, in lieu of 84 grams of canned meat from Allied Sources is authorized. We have not yet heard from M.M.I.A. that such a substitution is correct.

2. In the portion of the ration to be supplied from Italian Sources, there are several discrepancies from the authorized scale as set up in AFHQ letter AG 400/105 D-O, of 22 September 1944. We have no information that these changes have been authorized by AFHQ, as required by paragraph 7 a. (1) of AFHQ letter.

3. It is also noted that the scale set up by War Ministry includes both dried fruit and fresh fruit. It is not clear whether both are to be issued daily or whether they are substitutes. Request clarification on this point.

Answer to your letter 574, dated 20 October 1944.

We enclose copy of the phonogram 10098, dated 4 November 1944, with which has been fixed the ration scale for the period 10 November to 24 November.

The Italian items, following instructions from AMIA, have been issued with priority on the Allied items.

Following your phonogram dated 2 November 1944 we have issued Allied cheese in lieu of Italian grating cheese. The issue will be made on the scale of 4 grams of Sardinian grating cheese.

We have not issued the full quantity of biscuits because:
1. A part not eatable and to be used for animal feeding.
2. We must keep a reserve for the issues of the following scale.

We request you to fix the quantity to keep a reserve because we are running short.

Esito vostro foglio 534 dal 20/10/1944.-

- Si allega copia del fono 10099 in data 4/11/44 con il quale è stata fissata la tabella rancio per la quindicina 10 - 24 novembre.

- I generi italiani, giusta le direttive del Comando M.M.I.A., sono stati messi in distribuzione con precedenza su quelli di provenienza alleata.

- In conformità a vostra precisazione, fatta con fono del 2/11/1944, il formaggio nazionale è stato escluso dalla distribuzione, al posto di quello da tavola alleato, essendo da raspa. La distribuzione verrà pertanto continuata nella misura di gr. 4 stabilita per la voce corrispondente.

- Non si è messo in distribuzione l'intero quantitativo di galletta:

1)- perchè parte di essa non alibile per l'alimentazione umana, ma da passare al consumo dei quadrupedi;

2)- perchè esaurendo la scorta di detto genere non è possibile far fronte alle distribuzioni di viveri a secco per razione tipo viaggio.

Con l'occasione si prega voler stabilire il quantitativo che dovrà essere conservato quale scorta tenuto conto che la disponibilità va sempre più assottigliandosi.→ 76

Direz. Gen. Commissariato,
Italian War Ministry.

1. It was disclosed during a recent visit to the Friuli Division that flour was being issued to the Gruppi at a scale of 331 grammes a day instead of 339 grammes (12 ozs) as stipulated in the established scale of rations.

2. It is understood that this rate of issue resulted from instructions issued by the Ministry of War the basis of which was that military bakeries could produce a standard weight loaf from 331 grammes of flour, whereas civilian bakeries could not.

3. It is pointed out that the established ration scale entitles each man to receive 12 ozs of flour a day. No mention is made of bread. If therefore, military bakeries can produce a slightly larger loaf than civilian bakeries, the benefit should accrue to the soldier.

4. Please issue instructions to all Regional Commissariato that the full scale of 12 ozs of flour per man per day will be issued, regardless of any circumstances affecting the conversion of flour to bread.

Subject:- Olive Oil.

Military Mission Italian Army,
ROME.
3T/73
4 Oct 44.

All M.L.O's

The following is the text of a letter addressed to the Dirct. Gen. Commissariato, Italian War Ministry -

"1. The position in regard to Olive Oil is as follows:-
(a) Inhabitants living in the oil producing provinces are allowed 300 gms a month.
(b) Inhabitants living in large cities and towns eg. Rome, Naples, Foteran etc. are allowed 200 gms a month.
(c) Inhabitants living north of Rome generally speaking, get no oil at all.
(d) Stocks of oil for civilian consumption are low and distribution of what oil exists is hampered by lack of transportation.

2. The foregoing are the conditions under which the civilian population receive oil and you will readily appreciate that every grams of additional oil issued to Italian soldiers would inflict hardship on their families by reducing the amount available for civilian consumption. As the scale of issue now stands, that is to say 10 gms a day, the Italian soldiers gets more oil than the great majority of the civil population and it is thought that if the facts are made known to them there will be no further complaints.

3. As the new campaign opens in November every effort will be made to ensure adequate supplies of oil for the Italian Armed Forces, but here again you will appreciate the need for equitable distribution as between the services and the people.

4. It is regretted that provision of additional fats from Allied sources cannot be made available as requested. In the first place they are not an item of the ration scale approved by the Allied Combined Chiefs of Staff and in the second place any such provision would react most unfairly on the people as a whole."

Memorandum for Colonel Harding

The daily ration of 28 gr. of oil assigned on the scale ration for the Italian A
Armed Forces ,sent by the Ministery of war in his circular 2800/S,datee
18-3-44 and sent around for information by our Hqs on the 22nd. of Januar
has never been issued on the Island.
This ration instead has been issued on the continent,and only beginning
from the 1st. of May,because of some difficulties for regular supplying,
it has been reduced to to 14 gr.and recently to 10 grs.
To the troops in Sardinia has never been issued a ration over 10 grs.
daily and,this to adequate the quantities on hand (.ieu of the arrivals
of additional oil)to the supplied strenght to make possible a a continous
distribution.
This ration in consideration of the very small quantities on hand as been
ulteriorly reduced to 5 grs.daily and beginning from the 25th. of this
month there will be no issue at all because the reserves are finished.
The minestry of war ,requested more than once by your Hqs.guarantee to the
troopes on the Island even a very small ration ,answered that it is not
possible to satisfy the request ,because the reserves in the warehouses of t
the Continent are nearly finished.
Considering that the new ration scale gives the possibility to make two hot
meals daily, in the case that you have on hand the necessary fats we ask
you to examinate the possibility to give to the Italian Armed Forces an
adequate quantety of fats sufficient to make ensure a regular issue ,
while we are wating the supplys from the Continent.

MILITARY HEADQUARTERS OF SARDINIA (XIII A.C.)
Chief of Staff - Services Office

No 21614/Serv A.P.O. 50, 5 July 1944

SUBJECT: Wine

TO : HEADQUARTERS ALLIED GARRISON OF SARDINIA
Colonel Simmons' Office, Elmas

The actual deficiency of wine in Sardinia has made it necessary in order to improve the meals to provide the troops with the monetary allowance corresponding to the established price of wine in the open market.

Usually the wine ration is never supplied to the troops, the effective distribution of which instead of the monetary allowance would render the meals much more enjoyable.

The following proposal has been submitted to this Headquarters by the Quartermaster Directorate after examining this matter:

- the Firm of Mostallino Francesco from Pirri (Cagliari) has offered to furnish the quantity of wine needed to supply the Armed Forces on the Island with the normal wine ration.

Wine would be imported from Sicily with their own transports and would be turned over to the Armed Forces from their factory located in Pirri.

Means of transport: sailing ships belonging to the Firm.

This Headquarters having already considered the subject in question, approve the request.

In order to put into effect this plan, it is necessary that your Headquarters grant authority for the sailing of the Mostallino Firm's sailing ships from Sardinia to Sicily for the purpose of performing periodically the transportation of wine needed to supply the troops on the Island.

It is to be kept in mind that the capacity of the two sailing ships now at the disposition of the Firm is 1,000 hectoliters each.

We are awaiting a kind reply

OGGETTO: Vino.=

AL COMANDO GUARNIGIONE ALLEATA DELLA SARDEGNA

L'attuale situazione deficitaria di vino in Sardegna ha determinato il provvedimento della corresponsione, sotto forma di miglioramento, alla truppa, delle somme in denaro corrispondenti al valore corrente per l'acquisto della normale razione in base ai prezzi ufficiali vigenti.-

Praticamente i militari non ricevono mai la spettanza giornaliera di vino, la cui effettiva distribuzione renderebbe assai più gradita l'attuale razione viveri.-

La dipendente Direzione di Commissariato che ha studiato la questione, ha inoltrato a questo Comando la seguente proposta:

= La Ditta Mostallino Francesco di Pirri (Cagliari) si è offerta a fornire alle FF.AA. dell'Isola il quantitativo di vino necessario perchè venga soddisfatto il normale fabbisogno della truppa.-
= Il vino verrebbe importato dalla Sicilia con mezzi e per conto della Ditta offerente che ne effettuerebbe la cessione alle FF.AA.franco proprio stabilimento enologico sito in Pirri.

1. Military personnel of the various Armed Forces under treatment in the hospitals of the Island average, normally, 2% of the relative strength of the entire Forces, subject to increase during the next malaria season.

2. The present diet allowed to said personnel is based exclusively on the scale ration, issued to all Italian Military in Sardinia, as supplied by Allied Sources through this Board. This ration is to be supplemented, eventually, with fresh meat and milk from local resources, when available.

3. The quantity and quality of rations mentioned in paragraph 2, above, are found medically inadequate for sick people, since they provide neither for proper diethetic therapy needed according to the various nature of ailments, nor for adequate nutrition required during convalescence.

4. In order to meet the necessary requirements of ade alimentation for hospitalized soldiers, the following adjustm of rations are suggested:

(a) Adequate ration of fat be issued.....2 oz. per man per day.

MILITARY INTENDANCE OF SARDINIA
*- Office Chief of Staff -

No. 7348 APO 50, 2 March 1944

Subject: New Food Rations

Memo To: Colonel Simmons
Representative, Allied Control Commission in Sardinia

1. Beginning 1 March 1944, the new food ration as it appears in the chart attached to this letter has gone into effect for the first ten days of the month.

2. I must point out that the above mentioned chart does not agree with the 10 day ration as provided for in paragraph 4 of a letter dated 22 January from the Allied Garrison of Sardinia.

3. There is, in fact, a reduction in the following foodstuffs furnished by the Allies:

a) Flour : 283 grams distributed instead of the alloted 340, in order to assure 14 days of self-sufficiency.

b) Coffee: 5 grams distributed instead of the 14 alloted. (3 grams of coffee surrogate is integrated with the ration.

c) Sugar : 10 grams distributed instead of the alloted 14.

4. According to communications received from the Mixed Committee for Military Supply following the noted reductions, the coffee ration for the first 10 days of March should have been 11.08 grams and that of sugar 11.56 grams. We have thought it best to make the needed reductions mentioned above, in order to increase the self-sufficiency (actually 10 days) and also to minimize the transportation difficulties.

5. Even the supplementary issues, which were to be furnished by Italian Supply Warehouses have been reduced as follows:

- Olive oil: 5 grams instead of 28 grams alloted. This represents all that was available.

- Wine : ¼ litre of wine a day instead of ½ litre alloted for it is impossible to find the quantity required in the market. (3,600,000 litres needed each month)

7559

- Fruits and fresh vegetables: the independent units are encouraged to buy in the market as much fruit and fresh vegetables as possible to supplement

New Food Rations (cont'd)

the alloted daily issue of 115 and 226 grams.

Dried fruit: (almonds and nuts) buy whatever they can instead of the 28 grams alloted

6. The above mentioned limitations are due to the fact that it is impossible to supply the Italian Armed Forces with the above mentioned commodities from the available resources of the island and in the needed quantities due to some degree to transportation difficulties.

As soon as possible the ration will be improved as desired by the Allied Commission. It has been communicated that 1,000 quintals of oil are being loaded at Bari and destined for Italian Armed Forces in Sardinia.
