MEMORANDUM TO: Chief of Staff, AGS.

SUBJECT : Embarkation RAF Personnel 9 May 1944.

1. The embarkation of subject personnel was set up according to the attached sheet, copies of which were distributed as shown.
2. The movement of this personnel from the dock to shipside started about 1600 hours on 9 May, being accomplished by Italian schooners and towed barges. This is necessary due to the fact that the Italian cruisers cannot come alongside the docks.
3. An RAF officer, name and organization unknown, upon boarding the cruiser, demanded of the captain of the cruiser accommodations for the officers and men. When told no accommodations were available on the ship, this officer took it upon himself to halt the troops coming aboard, and ordered one of the loaded schooners to return to the dock.
4. When the schooner was returned to the dock, another RAF officer went aboard and ordered the schooner to go back to the cruiser. This time the embarking went off without a hitch.
5. As a result of this incident the embarking of this group was delayed possible forty-five minutes.
