Si risponde alla lettera di codesta MMIA. datata 15 giugno 1945.

La necessità di una assegnazione supplementare motivata dall'afflusso di richiamati, ha avuto termine, subito dopo, con la partenze dei militari congedandi che erano in attesa di imbarco

Alla mancanza delle razioni per quei giorni in cui vi è stato aumento di forza è stato sopperito con una opportuna riduzione sul quantitativo del rancio.

Non sussiste, pertanto, più il motivo che questa Aeronautica effettui il prelevamento delle razioni supplementari autorizzate da codesta M.M.I.A. con il foglio cui si risponde.

Following telegram No. 6055 and 6339 dated 16 and 20 March.

During the period 11 October - 20 February, in Sardinia, has been issued against instructions, 11,476 rations from the Subsistence Depots.

As the military rations are to feed only authorized personnel, the misteke made by issuing rations to the Italian Red Cross must be considered as a loss for the above personnel.

Therefore, MMIA has given instructions to recover the losses made of the unauthorized rations issued, by reducing the ration and has ordered that beginning 1 April and for 22 days after the rations issued to the Garrison of Cagliari (less Carabinieri) about 5,000 rations will be reduced 10%. 500 X 23 - 11,500

The reduction will be made as follows:

(1) The rations will be issued to each unit drawing rations against a certificate signed by the Military Commander of Sardinia, indicating the strength effective and the strength fed.

(2) This certificate will be attached to the form ST/8 that the unit turns in to the Issuing Depot. The Depot will issue on the basis of 90% of the feeding strength.

(3) The Chief of Staff of Cagliari will transmit each evening to MMIA LO all TS/8 forms with the strength certificates on which MMIA can establish after 23 days that the established number of rations have been recovered. In relation to the present fact for the purpose of avoiding other incorvienees of the same kind, we call the attention of all Military

In conseguenza, allo scopo di colmare tale perdita, la Land Forces sub Commission A.C. (MMIA) ha disposto che le razioni illegittimamente distribuite siano reintegrate procedendo ad una effettiva economia, da raggiungersi con la riduzione della razione viveri giornaliera, ed ha determinato che, a cominciare dal 1° aprile p.v. e per la durata di 22 giorni successivi, le razioni da distribuire ai reparti vettovagliati del Presidio di Cagliari (meno i CC.RR.) e cioé approssimativamente 5.000 razioni giornaliere vengano ridotte del 10% (500 per 23 = 11.500).-

La riduzione sarà effettuata nel modo seguente:

1°)- Le razioni saranno distribuite a ciascun reparto prelevante esclusivamente contro un certificato firmato dal Comandante Militare della Sardegna indicante distintamente la forza effettiva e la forza vettovagliata.

Detto certificato sarà allegato al Mod. ST/8 che il Reparto presenta al Magazzino distributore;

In relazione al presente provvedimento, la cui gravità si rende superfluo sottolineare, ed a scopo di evitare l'ulteriore ripetersi di inconvenienti del genere, si richiama l'attenzione di Tutti i Comandi Militari sulla necessità di attenersi alle disposizioni vigenti che vietano nel modo più assoluto la distribuzione di razioni militari a personale non autorizzato.-

Le Autorità Alleate con l'occasione hanno tenuto a precisare che le perdite di razioni causate da furti, appropriazioni indebite o distribuzioni abusive saranno per l'avvenire reintegrate secondo la procedura testé seguita per la Sardegna.-

1. The explanation of the overissue of rations, as set out in your letter is considered unsatisfactory, especially as you were instructed to stop the issues on 29 January 1945 (Signal 2686 of 28 January) and the issues were not stopped until 20 February, resulting in a loss of 1829 rations.

2. The statements of the Director of Commissary should not have been forwarded to this Headquarters. You should have known that such statements have no basis in fact.

3. It is desired that the records be checked and this Headquarters be advised promptly the total number of rations issued to unauthorized units in Sardinia.

4. Strict depot supervision will be exercised by you, through a daily check of ration issue vouchers as compared with the Order of Battle, and sufficiently frequent physical inspections of depots and records, to insure that:

a. Only authorized units draw rations for the strength actually present and not in excess of that prescribed.

b. Any unauthorized issues are corrected immediately, and on the spot.

c. Instructions from this Headquarters are complied with promptly.

5. It is considered that sufficient personnel is available to you for all purposes, considering the reduced troop strength under your supervision.

Q/2/29-75
\ March 1945

To : Minister for War

1. A check of ration issue vouchers has revealed that Italian Army rations have been issued to Italian Red Cross units in Sardinia from Italian Army depots. For the period 11 October 1944 to 20 February 1945, the issues to XIV Red Cross Center and Red Cross Hospital "Carlo Felice" amounted to 11476 rations. Records for the period prior to 11 October 1944 are not yet available, but it must be presumed that rations were also issued prior to 11 October 1944.

2. The issues were stopped on 21 February 1945 on instructions from this Headquarters.

3. a. The Director of Commissary in Sardinia has stated to the MMIA LO that the issues were made to civilian hospitals caring for military patients who could not be accomodated in authorized Army hospitals. Never more than 55% of the bed space in authorized Army hospitals has been utilized during the period in question, therefore all military patients should have been cared for in authorized military hospitals.

b. The Director of Commissary in Sardinia also states that the issues were made in accordance with War Ministry dispatch 11020/S/1 of 15 October 1944. Some of the issues were made prior to the date of the dispatch.

4. a. This Red Cross hospital has never been shown on any Army return. It is not included in the list of authorized military hospitals (our AQ/7 of 2 Oct and 2 Dec 1944).

b. The issue of Army rations to Italian Red Cross hospitals has never been authorized, but on the contrary has been specifically prohibited.

5. The responsibility for the unauthorized issue of these rations rests on the Commanding General in Sardinia. The fact that the issues continued over a long period indicates that no

179

Declassified E.O. 12356 Section 3.3/NND No. 785020

adequate check of Commissary operations was made by the Commanding General, or the prohibition of such issue was deliberately and intentionally disregarded.

6. a. No additional Allied rations will be furnished the Italian Army to make up for the loss incurred by these unauthorized issues, and in order to have sufficient rations to feed the Army it is necessary that a physical saving be accomplished. This can be done only by a reduction of the ration scale.

b. Therefore, beginning on 1 April 1945, and continuing for twenty-two days thereafter, the rations issued the authorized Army garrison units (less CC.R) in Sardinia (approximately 5,000 ration strength) will be reduced 10% per day (500 x 23 equals 11,500).

c. This reduction will be accomplished as follows:

(1) Rations will be issued only on written certificate signed by the Commanding General, Sardinia, showing (1) effective strength and (2) ration strength. This certificate will be attached to the SI/S submitted by the unit to the Commissary.

(2) The Commissary will issue rations to the unit based on 90% of the ration strength.

(3) The Commissary will deliver all of the SI/S's, with the certificate of strength attached, to the MMIA LO Sardinia at the close of business each day.

(4) At the end of 23 days, Hq MMIA will consolidate all ration returns for the period to insure that the required number of rations have been actually saved.

7. You will issue necessary instructions to the Commanding General, Sardinia as outlined above, and send a copy of the instructions you issue to this Headquarters.

8. Attention is again directed to the fact that issue of rations furnished by the Allies must be strictly controlled and made only to effective personnel of authorized units. No additional Allied rations will be made available to cover losses incurred by thefts, misappropriation, or unauthorized issues.

1718

51

Declassified E.O. 12356 Section 3.3/NND No. 785020

In order to ration the entire ITI-ITI category with the food available, it may become necessary to reduce the scale to compensate for loss by theft, misappropriation or unauthorized issues. The situation will be reviewed periodically, and reduction of scale will be ordered where necessary. You should therefore inform all concerned that a reduction of scale will be made as a result of loss of rations through negligence, overissue, unauthorized issue, misappropriation or theft.

SUBJECT: Issues to Unauthorized Units.

TO : Commanding General, Land Forces Sub Commission, AC, (MMIA), Rome.

1. In reply to MMIA cable AQ 2686 of 28 January 1945, issues to unauthorized units have been stopped. No further military rations have been issued to these units after the period 6-20 February 1945. Changing from military rations to civilian rations caused some delay.

2. Director of Commissary states that issues to the Civilian Hospital of Ittiri were only for Italian Military cared for by this hospital, who could not be taken care of in military hospitals. Director of Commissary also states that issues to Italian Red Cross personnel were made in accordance with MMIA letter AQ/2 of 1 July and War Ministry despatch 11020/3/1 of 15 October 1944.

3. The Italian officers permitting these unauthorized issues are General Brunnetti who was Commanding General of Italian Forces in Sardinia and Colonel Giuliani, Director of Commissary. The Allied officer permitting these unauthorized issues is Colonel P.L. Simmons, Senior Liaison Officer Sardinia.

4. With reference to statement to effect that it is the responsibility of this office "to allow only authorized units to draw", the undersigned agrees. However, compliance with the next phase, "strict depot supervision imperative", is impossible under existing circumstances. MMIA Administration Instruction Number 5 dated 4 June 1944 provides for a staff of four officers and eight enlisted men to provide supervision considered necessary. At no time has such personnel exceeded one officer and four enlisted men. Furthermore, with responsibility for evacuating stores from depots and assembling in Cagliari for shipment, added to the supervision of reception and distribution of rations, it would seem obvious that supervision of a "strict" nature is out of the question.

27 February 1945

MEMORANDUM: To Col. SIMMONS.

SUBJECT : Issue of Military Rations to Italian Red Cross Personnel.

1. While I was in Rome about the end of January the matter of Military Rations being issued to Italian Red Cross Personnel in Sardinia was brought up by Captain Clark of the accounting section MMIA. At that time Captain Clark stated that a study of MMIA ST/8 forms showed that Military Rations were being issued to Italian Red Cross Personnel and also to Civilian Hospital at Sassari. I told him that I thought the matter of feeding Military Rations to Red Cross Personnel had all been straightened out several months before and the War Ministry had sent definite instructions to the Commissariato showing which Red Cross Personnel, if any, were entitled to Military Rations. However, I stated that I would check into the matter upon my return and see that issues would only be made in accordance with MMIA authority. I was handed a copy of a cable which I understood to have been sent out.

2. Upon my return I delayed taking any action on this matter because I was spending most of my time on the matter of coordinating the clothing of the re-called men and supervising the operation of the re-call. On 5 February, I wrote a letter to Commanding General, Italian Forces in Sardinia, (attention Director of Commissary), instructing them to stop all issues to unauthorized Red Cross Personnel or Civilian Hospitals. A few days later I checked to see what action had been taken on the above instructions and found that nothing had been done. I immediately had a conference with Col. Giuliani and Lt. Col. Alecci (in charge of food section) to ascertain why they had failed to take any action. At this conference I learned that they had also received a cable from War Ministry about 6 February which also instructed them to stop further issues to unauthorized Red Cross Personnel. Upon being questioned as to why they had disregarded both the instructions from this office and from War Ministry, on the above matter, the officers claimed that the Sanitary Section at some unidentified time had certified that all Red Cross Personnel drawing rations actually were entitled to them under a War Ministry ruling. I pointed out that this procedure was incorrect and that all further issues to these particular Red Cross units must cease at once. They then requested permission to continue the issues until arrangements had been made to change over to a civilain ration but I refused this request.

703

Declassified E.O. 12356 Section 3.3/NND No. 785020

3. A check of the distributing depots records showed that rations had been issued for the period 6 Feb. to 20 Feb. 1945, to the following Red Cross units:

Sassari	C.R.I.	Center	60 rations
Cagliari	C.R.I.	Mobilization Center	975 rations
Cagliari	C.R.I.	Autopark	135 rations
Cagliari	C.R.I.	Patients	150 rations

These rations were issued on 5 February for the 15 day period. Bread was drawn from the Military Bakery at Cagliari by the last 3 units for 5 days, from the 6th to the 10th of February inclusive only.

4. I later received a reply from the Director of Commissary giving his reasons for making the unauthorized issues and also stating that they would cease at once. These papers are attached.

5. Reference signal Q/15 dated 26 February from MMIA. The ST/8's which they report to have received on 26 February, must have been for the period 21 January to 5 February, which were mailed from this office on 23 February. Since these rations were drawn on or before 21 January it was impossible for us to prevent this issue in compliance to MMIA cable AQ/2686 which was not written until about 29 January.

6. However, rations for the period 6 February to 20 February, were not issued until 5 February, and this could have been prevented by more prompt action on my part and also on the part of the War Ministry. Failure to act on my letter of 5 February, on the part of the Director of Commissary, is responsible for the issue of bread, daily, to Red Cross units in Cagliari.

7. I have checked again today and it is reported that all issues to unauthorized Red Cross Personnel have been discontinued.

Forward this list to War Ministry to support request for increase .When Ministry of War grants increase then you may issue as required up to this new ceiling,but not before

HEADQUARTERS AIR FORCE OF SARDINIA

R/1

No: 21/300053

SUBJECT: Excess Rations-Main Foodstuff Warehouse Status.

24 Dec 1944

TO : MMIA Cagliari

Reference letter R/1 of 24 December 1944

In transmitting the attached chart showing the items existing at the dependent Main Foodstuff Warehouse-Air Force-,it is pointed out that:

(1) The amount of cheese (pecorino type) of local production is the remainder of a stock stored during 1943, to cover the needs of the Royal Air Force personnel located in Sardinia (at that time about 14,000 men) as well as to supply the units on the mainland.

(2) The coffe surrogato was also stored during the 1943 in view of the coffe shortage.

(3) Sugar and tomato concentrate properly sent by the MAF warehouses on the mainland, and stored at the Olbia Distribution Center for about one year were from time to time assembled at the main Warehouse. in accordance with the availability of trucks for the transportation. It is to be emphyized that a theft of about 17,660 pounds of sugar and 795 pounds of tomato concentrate was discovered the last of December. It is in addition to be emphasized that as per condition of the containers, the tomato concentrate seems to be partically decayed.

(4) Since the 15 day period issue by the San Bartolomeo Foodstuff Warehouse did not take place, the dependent units were supplied for the period 25 December 1944- 10 January 1945 with items drawn from the reserve stock (20 days) stored some time ago by the Mixed Committee for Military Supply. Since at present time items stored at the warehouse are only sufficient for 5 days, you are kindly requested to authorized the usual fortnightly distribution (for the period 11 Jan-25 January) as well as the reimbursement for the items drawn from the foresaid reserve stock.

OGGETTO: Razioni in eccesso. - Situazione Magazzino Principale Viveri.

Al LIAISON OFFICIER
LAND FORCES SUB COMMISSION
ALLIED COMMISSION (M.M.I.A.)
Allied Garrison Sardinia
A.P.O. 397, U.S. Army

Nel trasmettere allegata la situazione dei generi esistenti presso il dipendente Magazzino Principale Viveri R.A. di Cagliari, si precisa quanto segue:

1°) Il quantitativo di formaggio pecorino, di produzione locale, è la rimanenza di un approvvigionamento effettuato nell'anno 1943, sia per far fronte alle necessità del personale R.A. dislocato in Sardegna (all'epoca circa 14.000 uomini), e sia per rifornire gli Enti della Penisola.

2°) Il surrogato di caffè è stato pure approvvigionato su piazza nello anno 1943 in vista dell'esaurimento delle scorte di caffé.

3°) Lo zucchero ed il concentrato di pomodoro, a suo tempo inviati dai Magazzini R.A. della Penisola, e rimasti depositati per circa un anno all'aperto presso il Decentramento di Olbia, sono stati gradatamente accentrati presso il Magazzino Principale, compatibilmente con la disponibilità di autocarri per i trasporti. E' da rilevare che nello scorso mese di dicembre è stato scoperto un furto di circa libbre 17'660 di zucchero e di circa libbre 795 di concentrato di pomodoro. E' da rilevare infine che dallo stato degli involucri il concentrato appare parzialmente avariato.

4°) In mancanza del rifornimento quindicinale da parte dei Magazzini Viveri di S.Bartolomeo, per la quindicina dal 25/12/44 al 10/1/1945, agli Enti dipendenti sono stati distribuiti generi prelevati dalla scorta a suo tempo costituita a cura del Comitato Misto Rifornimenti Militari (venti giornate).

Poichè attualmente sono depositati in Magazzino generi per circa 5 giornate, si prega voler provvedere a dar corso alla normale distribuzione quindicinale (per la quindicna dall'11/1 al 25/1 corrente) nonchè a reintegrare la scorta intaccata per il motivo più sopra detto.

R/1 J 1 20 Sept 44

SUBJECT: Excess Ration Adjustments And Authority For Issue

1. Recap by Maj Fossett, 20 Sept. 44. Army was issued rations for strengths they reported. In addition to this Army was issued a reserve of 20 days, in two 10 day increments, on strength they were reporting. These reserves were reduced for each period of issue by comparing strength reported fed in last period.

2. A check on strengths made about July 20 44 showed that Army had drawn an excess of 821,901 (See sheet 5).

3. These rations were recovered by reducing the rations issued for 3-10 day periods (in month of Aug) by 1/3 of 821,901 in each period. (See sheet 1)

4. They had over drawn old type rations but were penalized new type rations. Thru a misunderstanding by P.C.I.B. rations recovered in first and second 10 day period were only old type rations. Therefore, difference in items had to be again recovered by non-issues. (See notes on sheet 3)

5. These involved calculations on sheet 2 and 3 are carried forward to sheet 6. Rations issued by Army Sept 1-10 were 728,685. Total reserve for Army was converted from 20 Day reserve for 60,000 men (1,200,000 rations) of the old type to 20 day reserve for 30,000 men (600,000 rations) of new type.

6. On 16 Sept 44 we authorized the issue (File R/2) of items due the Army. There is still (as of Sept 20) an item of 56,957 lbs of dehyd. veg. to be recovered from Army by a non-issue of rations. When this is adjusted, all excess rations will have been recovered.

7. Navy and Air Force are handled in the same way. Each has a reserve of 20 days on its reported strength. This reserve is reduced as strength decreases. Strength reports from Air Force and Navy go to P.C.I.B.

In linea di massima tali militari dovranno essere dimessi o trasferiti entro il 30° giorno di degenza, secondo le norme specificate al paragrafo 4).- In alcuni casi eccezionali, su proposta motivata, può essere consentita una degenza superiore ai 30 gg. nei luoghi di ricovero militari.- A tale scopo si dovrà inoltrare a questo Ministero al 15° giorno di degenza (quando appunto si ritiene possibile formulare un giudizio prognostico) una richiesta motivata con ogni particolare, in modo che tempestivamente possa esserne informata la A.C.C. Sottocommissione per l'Esercito, che autorizzerà o meno detti militari a rimanere in ospedale oltre il 30° giorno, continuando così ad essere vettovagliati con le razioni militari?-

Di detti militari quelli che hanno già superato il 30° giorno di degenza non dovranno essere più vettovagliati con razioni militari. E pertanto:
a) - se dimissibili, saranno subito dimessi con il provvedimento di rito;
b) - se abbisognevoli di ulteriore degenza, saranno trasferiti per proseguimento cura in determinati ospedali o convalescenziari ed ivi vettovagliati con razioni civili a cura dell'A.M.G. fino a tanto che non sia possibile adottare nei loro riguardi i provvedimenti di rito.-
Per l'attuazione di quanto sopra detto i militari in questione dovrebbero essere trasferiti in ospedale civile; ma, stante l'insufficiente attrezzatura ospedaliera civile, i Sigg.Direttori di Sanità destineranno alcuni tra gli ospedali e convalescenziari militari dipendenti da adibire esclusivamente per i degenti in questione, di guisa che detti stabilimenti di cura e convalescenziari dovranno considerarsi ai fini del vettovagliamento come stabilimenti di cura civili.-

essi fino ad oggi ottemperato.- Nulla si modifica per quanto riguarda la vigente dipendenza tecnica, disciplinare, amministrative etc.-
A chiarimento di quanto sopra detto si precisa che il periodo di 30 gg. va computato a partire dal giorno in cui i militari hanno lasciato il reparto per il ricovero in luogo di cura.-
Beninteso per i militari ricoverati di cui al paragrafo 3 e 4 e per i quali si prevede una degenza prolungata ed è necessario il trasporto in autolettiga, il trasferimento negli ospedali appositi potrà essere attuato già prima del 30° giorno di degenza (in linea di massima nella settimana precedente) in rapporto con le necessità di economizzare i mezzi di trasporto e di trasferire possibilmente gruppi di malati anzichè ammalati singoli.- I ricoverati affetti da forme morbose sicuramente croniche ed a lungo decorso (t.b.c., forme mentali, mutilati reduci dalla prigionia ecc) dovranno essere trasferiti negli stabilimenti di cura civili o in quelli sopraspecificati non appena possibile dopo l'accertamento della diagnosi.-

Le Direzioni di Sanità in indirizzo, ciascuna per la parte di propria competenza, sono pregate di attuare d'urgenza quanto innanzi è detto, di guisa che alla mezzanotte del giorno 25 luglio 1944 la nuova sistemazione dovrà avere integrale attuazione.-

In particolare si fa presente che la scelta degli ospedali e dei convalescenziari da destinare a funzione di ospedali e convalescenziari civili (per ora limitatamente al trattamento dietetico), dovrà essere fatta tenendo presente che:

1°) - il numero dei posti letto da mettere a disposizione dovrà essere proporzionato al numero dei ricoverandi in detti ospedali ed al presumibile fabbisogno futuro;

2°) - che gli stabilimenti da scegliere dovranno essere situati in località di facile accesso, di facile smistamento ed adatto anche per il ricovero degli ex prigionieri rimpatrianti dalla prigionia.-

A titolo di orientamento sia fa presente che gli eventuali porti di sbarco possono essere Taranto - Palermo - Napoli.-
Per la Direzione di Sanità del IX° M.A. si consiglia che la scelta di uno degli stabilimenti della giurisdizione cada sull'ospedale di Giovinazzo in cui ha sede una sezione del centro ortopedico.-
