ADMINISTRATIVE MEMORANDUM)

NUMBER

10)

20 February 1945

CONDITIONS UNDER WHICH ITALIANS
WILL BE EXEMPTED FROM THE MILITARY SERVICE

1. General

a. As a result of the additional commitments undertaken by the Italian Authorities to provide Italian Units for employment as such with the Allied Forces, it is essential that the required Italian personnel be made available for service in these units now being organized to the maximum extent, which is possible without involving depletion of Allied manpower.

b. All Italians in Allied employment, either directly or by contractors, who are subject to call will continue in their employment only on the conditions set forth below.

2. Initial Procedure - Application will be made for authority to retain in employment personnel subject to call in the following manner:

a. Application forms (Appendix "A") will be completed by the employing unit in respect of all personnel affected. Men falling within the following categories will be listed on separate forms:

Category I - Skilled Labor employed in Military installations.

Category II - All other labor.

Forms will be submitted in quadruplicate to the local British or United States Labor representative.

b. The local British or United States Labor representative will complete the certificate appearing on the application form stating whether or not replacements can be provided from civilian sources. He will then forward three (3) copies of the application form as follows:

Category I - To appropriate Head of Service or Chief of Special Staff Section at AFHQ, who will in turn forward 2 copies to the appropriate exempting authority with his recommendation.

Category II - To the appropriate exempting authority (see paragraphs 3 and 5).

3. Exempting Authorities

a. The following are declared to be Exempting Authorities for the purposes of this instruction:

- 1 -

- (14) Commanding Officer, Headquarters Command, AFHQ.
- (15) Chief Commissioner, The Allied Commission.

b. Independent organizations operating over widespread areas will refer applications for exemption to the nearest appropriate exempting authority.

4. Procedure By Exempting Authority

a. The exempting authority will take into consideration the certificate of the British or United States Labor representative but will not authorize exemption in any case unless satisfied that the retention in employment of the individual concerned is so essential that such individual will be of greater value to the Allied war effort by remaining in his present capacity than he would be if called into the Italian Military Service.

b. Where exemption is granted the Exempting Authority will complete a Certificate of Exemption (Appendix "B") and will forward it together with one copy of the application form to the appropriate Italian Authority as set out below:

SUBJECT: Exemption from Recall, Italian Military Personnel.

TO : Commanding Officer, 63 Staging Post, Elmas.

1. Copy of your letter (undated) requesting exemption of one RITZA, Antonio from current recall has been referred to this office for decision. In the event that further information is available, it is suggested that it be submitted to this office for consideration.

2. It is further suggested that future requests to Italian Military Headquarters of this or similar nature should be routed through this office as same is the only authorized channel of liaison between Allied and Italian Military establishments.

EXTRACT from

MMIA LO'S REPORT ON

EMPLOYMENT OF MONTEBRENERO PERSONNEL

Tuesday 23 January

Lt. Colonel Talmone, Commanding Officer of the Monte Granero "Alpine" Battalion, called at the office and conferred with me in reference to Clothing and Equipment for his troops. The Alpine troops have not been used so far in conjunction with the Carabinieri, instead they are being used on various guard details. Lt. Col. Talmone informs me that his men are old veterans for the most part and have to be somewhat consoled. He states that they do not like the Carabinieri and do not like to work or associate with them. They do like the guard details and work which they are now doing. He dislikes the idea of joining the Carabinieri for this reason and also he would lose control he now has of the Battalion for it would be broken up into smaller groups and dispersed over the entire island. He stated further that the Battalion at the present has a high Esprit de Corps and are perfectly satisfied, but that if it is broken up, a lot of the men, due to their age and service, could and would take their discharges and return home.
