COMANDO MILITARE DELLA SARDEGNA
Organization Office

No. 9682/S/Ord. APO 50, 8 October 1944

SUBJECT: Troops of Sardinia.

TO : S.M.R.E.
Organization and Mobilization Office - Organization Section.
APO 151.

In reference to the request as per radiogram No. 6497/Ord dated 30 September 1944, it is specified that:

A) CALABRIA DIVISION

The Division is being reorganized as per T/O set forth by your staff (total strength: 5,000 men).

The line guard battalion at the disposal of the Allies has been reduced to a company of 253 men owing to the decrease of exingencies.

The 359th Labor Regiment which departed for the mainland between 28 and 30 September was formed with the personnel recovered from the Division.

B) CONTINGENT AT THE DISPOSAL OF THE ALLIES.

No change in the strength of the 205 Division.

We learned from reliable rumors that it seems to be the intention of the Allied Hq to transfer the Division to the mainland by Battalions.

C) UNITS FOR AA AND CD

They have been disbanded.

The personnel (ltr No. 9531/S/Ord of 5 October, this Hq) was drawn for the purposes of:

-completing the 1st and 2nd Guard Regiments and the 359th Labor Regiment.

-furnishing the specialized personnel for the Cremona Combat Group.

-forming the 519th, 520th, and 521st Guard Battalions.

In addition, 500 engineer men f.e. are being recovered and will be assigned to the 10th Engineer Regt Detachment (ex 13th Regt).

290

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

D) ELEMENTS FORMING HEADQUARTERS AND SERVICES OF SARDINIA ASSIGNED TO THE ISLAND:

T/Os established by the Ministry of War are being put into effect, and we foresee that they will be completed by the month.

E) RECOVERABLE STRENGTH FOR THE TRANSFER TO THE MAINLAND AS OF 30 SEPTEMBER:

The morning report of 24 Sept was used as a basis for this calculation from which result a ration strength of 37,724 men (CC.RR. excluded); 1,011 servicemen sick in hospitals rationed with civil rations are to be added to said figure.

Grand total in round figures: 38,700 servicemen.

Subtracting from this strength the following echelons:

1. Troops which are to remain in Sardinia:		
-Hq and services of the Island	1,700	
-Calabria Division	5,000	
-205 Division (at the disposal of the Allies)	9,000	
		15,700
2. Troops Destined for Sicily:		
-Hq Aosta Division (ex Bari)	100	
- Medical Section	75	
-GM Section	25	
		200
3. Congedanti		2,100
		18,000

an echelon of 18,100 men is available for employment on the mainland, to which those of the 2400 patients who recover will be added; at present it is not possible to determine the exact number.

It is formed as follows:

a) Infantry and Artillery Elements available for employment as laborers:

-from Hq and services of the island	450
-from Granatieri Division	2,300
-from CD, AA and Arty Directorate	4,400
-from units existing on the island and destined to be disbanded	4,100 239
	11,250

Declassified E.O. 12565 Section 3-402/NNDC no. 785020

5.1

11,250

b) cavalrymen 291
c) engineers 2,900
d) drivers and auto-mechanics 1,400
e) medical personnel 1,325
f) QM personnel 950
g) chemical personnel 190

7,056

18,306

Considering that the following units departed from 24 to 30 Sept:

-personnel of the Friuli Division 33
-2 field hospitals 128
-Cremona specialists 669
-remount personnel 223
-Forest section 56
-259th Labor Regt 2,500
-labor companies complements 500

4,109

the figures of the above paragraph are amended to read as follows:

a) Infantry and Arty elements to be used as laborers 7,961
b) Cavalrymen 68
c) Engineers 2,674
d) Drivers and auto mechanics 1,157
e) Medics 1,197
f) QM personnel 950
g) Chemical 190

14,197

As of today's date, 8 October, said echelon is composed of 9,000 men in round numbers, since during the period 30 Sept - 7 Oct 5,204 men belonging to the following units left:

-2 field hospitals 131
-services nucleus 436
-21st Engineer Mixed Co 111
-Cremona Div personnel 30
-Friuli Div personnel 102
-1st Guard Regiment 1,642
-2nd Guard Regiment 1,646
-Group of 10th Eng. Regt Detachment 177
-Casuals 129
-519th Guard Bn 800

5,204

2 X

Declassified E.O. 12065 Section 3-402/NNNC NO. 785020

Therefore the following personnal is available for shipment to the mainland:

-Infantry & Arty elements to be used as laborers	3,544
-Cavalrymen	68
-Engineer personnel	2,335
-Drivers and auto mechanics	938
-Medical personnel	1,066
-QM Personnel	857
-Chemical personnel	190
	8,998

4,292 of said personnel is already divided into groups, as is shown in attached appendix No. 1, in compliance with orders received from your staff and from MMIA.

The quick recovery of the remaining personnel to be shipped to the mainland, 4,700 men, will be difficult, especially for the elements employed as laborers since they are in charge of the withdrawal, handing-over to the warehouses, storing and rearranging the large material which formerly formed the organic allotment of units which have left or which will leave.

They will be gathered together in complement battalions and in companies of their respective services at the disposal of your staff, as they are recovered from time to time.

1.- In data odierna il Maggiore Martin ha comunicato verbalmente a questo comando che, con la partenza del R.I. "Montecuccoli", prevista per il giorno 29 c.m., verrà probabilmente sospeso l'invio in continente dei militari congedanti fino a quando sarà stato ultimato il trasferimento nella penisola della 205ª Divisione.

2.- Si fa presente che dopo la partenza del predetto Incrociatore rimarranno in Sardegna:

- 430 congedanti (compresi 26 ufficiali) del btg. "Macomer"
- 110 " della Direzione di Sanità
- 213 militari (compresi 21 ufficiali) da inviare in licenza di convalescenza;
- 36 militari che devono rientrare ai propri reparti di stanza in continente.

3.- Si tratta, in totale, di 789 militari che non è stato ancora possibile imbarcare per fare posto a contingenti di personale di enti vari (MM.AA. Alleate, R.Aeronautica, detenuti ecc.) di cui codesta Commissione ha ordinato di volta in volta la partenza sui R.Incrociatori.

4.- In considerazione della particolare situazione in cui detti militari si trovano da parecchi mesi e tenuto conto del fatto che il trasferimento della 205ª Divisione, se effettuato a mezzo di R.Incrociatori, richiederà ancora parecchio tempo, si prega codesta Commissione di voler cortesemente esaminare la possibilità di autorizzare l'imbarco di tale personale con il primo mezzo in partenza dopo il 29 corr.mese.-

1. MMIA LO Sardinia reports that the Italian units shown in para 3 below were ordered to be formed by SMRE, but have not been included in AAI Shipping List 7.

2. The units are composed of specialist personnel and it is not considered advisable to ship them in Labour Groups as per MMIA Signal SD 1446 of 17 Sep and paras 3 & 4 of MMIA letter SD/14/2 of 20 Sep 44. They will therefore be shipped intact after completion of List Seven serials, and this HQ in conjunction with AAI will issue disposal instructions.

1. MMIA LO Sardinia reports that the Italian units shown in para 3 below were ordered to be formed by SMRE, but have not been included in AAI Shipping List 7.

2. The units are composed of specialist personnel and it is not considered advisable to ship them in Labour Groups as per MMIA Signal SD 1446 of 17 Sep and paras 3 & 4 of MMIA letter SD/14/2 of 20 Sep 44. They will therefore be shipped intact after completion of List Seven serials, and this HQ in conjunction with AAI will issue disposal instructions.

Colonel Simmons:

This is published mainly for the long list of people who get the copies - just to bring them up to date. It does not include any changes which might affect signals already sent to you.

We realize that it may not be possible to get the last four guard battalions (par 2 d) ready in time to ship in the order listed in para 2. Therefore labor troops will come probably before the last four guard battalions.

I write this note in order that you need not check this letter against the signals to see if we have made any change.

PREPARATION OF ITALIAN SERVICE UNITS FOR OVERSEAS MOVEMENT

Short Title

ITALIAN POM

1. Introduction.

a. Italian Service Units will be prepared for overseas movement in accordance with the provisions of this publication, Preparation of Italian Service Units for Overseas Movement, (Short Title, Italian POM), which supplements and modifies certain provisions of the War Department publication, Preparation for Overseas Movement (POM) (Second Edition) as indicated herein.

b. Some of the provisions of POM are obviously inapplicable to Italian Service Units and will be disregarded. For example, inasmuch as these units are not armed, references in POM to training in weapons will not apply. Paragraphs in POM referring to the responsibilities of the Army Ground Forces and Army Air Forces are also inapplicable inasmuch as these units are Army Service Forces units. In general, deviations in the procedures for the preparation of Italian Service Units from the procedures established by POM are clearly indicated by the organization, equipment, assignment, and mission of Italian Service Units as prescribed in letter, SPX 322 (13 March 44) OB-S-SPOC-M, 13 March 1944, subject: Italian Service Units, and amendments thereto (referred to hereafter in this publication as "Italian Service Units letter"). In case of conflict between POM or Italian POM and the Italian Service Units letter, the latter will govern.

c. United States Army personnel (American personnel) attached to Italian Service Units will be prepared for overseas movement as prescribed in POM for personnel of equivalent American units of the Army Service Forces. Unit training requirements will be modified as appropriate to Italian Service Units.

d. In the remainder of this paper certain paragraphs of POM are modified to apply specifically to Italian Service Units. The paragraphs which are changed are only those which, if left unchanged, would result in a conflict with the established policy regarding Italian Service Units. Other paragraphs of POM are applicable to these units in the same manner as to American units of the Army Service Forces. For example, Paragraph 3 of POM is changed below to provide that the Commanding General, Italian Service Units, is responsible for the distribution of Italian POM to Italian Service Units after the unit is placed in equipment priority A-2, A-3, or A-4 or under warning or movement orders. This is a direct change in the policy for distribution as prescribed in POM and is applicable only to this type of unit. On the other hand, no change is made to that part of Paragraph 4k (2) of POM which refers to "individual weapons.....with accessories" for the reason that these units are organized as service units without arms. It is obviously no more necessary specifically to 299 this paragraph of POM by the deletion of the reference to weapons and accessories than it is in the case of Medical units, which are likewise unarmed.

RESTRICTED

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

2. Specific modifications of POM applicable only to Italian Service Units are as follows:

POM Par. No.	Paragraph as changed

2. INSTRUCTION - Instructions in the provisions of Italian POM will be given only to personnel concerned with specific movements of Italian Service Units from the continental United States.

3. DISTRIBUTION - The Commanding General, Italian Service Units, is responsible that Italian POM is promptly distributed to all Italian Service Units down to and including companies or similar organizations when the Italian Service Unit is first placed in equipment priority A-2, A-3, or A-4 or under warning or movement orders.

5. APPLICATION - When movement orders refer to Italian POM all instructions contained therein are applicable unless specific exceptions are contained in the movement orders. In case of conflict between the movement orde. and other instructions, including Italian POM, the provisions of the movement ord will govern.

9b. Medical Requirements - Members of Italian Service Units ordered overseas will be mentally and physically sound for such service. Physical standards for United States troops will not be applied to Italian Service Units, but personnel will be eliminated who obviously are physically disqualified and who have no compensating skills. Medical officers in port areas are not responsible for examining personnel for overseas duty, except for individuals who have had an intercurrent illness or injury since departure from home station, and except for final physical inspection. The purpose of the physical inspection at the port area is to detect infectious or contagious conditions only.

9b(5) Each individual requiring spectacles will have one serviceable rimmed pair readily available. The lack of spectacles will not be sufficient cause to prevent an individual from being sent overseas. An officer's prescription will be entered on his immunization register; and enlisted man's on the appropriate personnel record. See WD Pamphlet 8-5, 1944.

9b(6) Necessary dental treatment from a health and functional standpoint will be provided personnel of Italian Service Units prior to departure from home station.

9c(2) See Par 11c of Italian Service Units Letter and letter SPX 380.01 (25 May 44)OB-S-SPDC-M, 27 May 1944, subject: Security and Intelligence, Italian Service Units.

9c(4) Italian officers found professionally unqualified or unsuited for duty with the unit. See ASF Circular 178, 1944.

9c(7) Personnel not physically qualified for overseas service (see Par 9b) and personnel requiring hospitalization or medical treatment which cannot be given on shipboard or in the field overseas. Unit commanders with no attached medical personnel will seek professional advice from the station surgeon concerning physical requirements. See ASF Circular 178, 1944.

Declassified E.O. 12065 Section 3-402/NNDB No. 785020

9c (9) Individuals who will not have completed prior to movement to a port, individual training prescribed in the modified Mobilization Training Program for the type of service units concerned, with the omission of tactical and weapon training and such other modifications as may be considered advisable by the Commanding General, Italian Service Units. No firing or infiltration training is required for Italian personnel.

9e. Leaves and Furloughs. Leaves, furloughs, or passes will be granted to Italian officers or enlisted men in accordance with current directives governing Italian Service Units.

10. ACTION TO BE TAKEN IN EQUIPPING UNITS. The procedure prescribed in Par 10a, b, c and d will apply, except that the class of clothing and equipment will be as prescribed in the Italian Service Units letter and need not meet the requirements of combat serviceable clothing and equipment.

17. INTELLIGENCE - Upon receipt of warning orders, each commander of a unit which does not already have an intelligence officer will designate from the American personnel an officer, or senior NCO if no subordinate officer is in the unit, as representative for intelligence. Within twenty four hours after arrival at a staging area, the representative for intelligence will report to the Intelligence Officer of the staging area for instructions.

34a. Identification cards - All personnel will have in their possession at all times an Identification Card, WD PMG Form 90. Prior to departure from home station unit commanders will insure that these cards or similar identification credentials, travel checks, driver's permits, etc., in the personal possession of either commissioned or enlisted personnel in no way disclose any organization designation pertaining to the bearer or to the counter-signing or approving officer.

35a. Personnel records required by Prisoner of War Circulars.

35b(3) WD PMG Form 90 will be carried by all Italian Service Unit personnel.

35b(4) Deleted.

36a. Unit is properly trained to perform its primary mission satisfactorily. No weapon or infiltration training is required of Italian Service Units.

37b. Fill the unit at its home station to the strength provided in the warning or movement order, with personnel properly qualified for overseas service, and remove from the unit and absorb all personnel not so qualified

(see Par 44m). Such transfers will be in grade and will not serve to reduce the current allotment of personnel, grades, and ratings to units from which personnel is transferred.

44l. Delete.

44n. Promptly conduct a showdown inspection and make an inventory of clothing, supplies, and equipment on hand to determine completeness and serviceability. The agency issuing the movement order and the station commander will be called upon for necessary technical assistance in this inspection. (Par 10).

44m. Transfer from the unit personnel not to accompany the unit.

Subject:- Movement of Tps and M.T. from SARDINIA to SICILY and MAINLAND

Army Sub Commission, A.C.C.
Main HQ (MAIA)
LEQUILE (LECCE)
AQ/14

H.Q., A.A.I.

1. GENERAL

I have been forced to give serious consideration to the factors governing the movement of tps and vehs from SARDINIA to SICILY and MAINLAND. It is clear that a rate of movement must be determined in the light of the present relevant factors and if the means of transport(now ITALIAN cruisers and always unreliable)fails then suitable alternatives must be found.

2. PRESENT STRENGTHS IN SARDINIA AND FUTURE DISPOSITION

(a) Tps at present in SARDINIA 158000

(b) While Allied Air Forces work from SARDINIA the estimated future disposition will be:-

(i) Stay in SARDINIA 85000

CARABINIERI	5000	
Two Divs of 10000 each for Internal Security	20000	
Working for Allies	20000	
Working in Depots, HQs Supply Services etc in SARDINIA	10000	
Three Divs of 10000 each held in SARDINIA waiting for move of Allies to line PISA - RIMINI	30000	
	85000	

(ii) To Move to SICILY

Two Divs of 10000 each	20000	20000
(iii) To Move to MAINLAND	53000	53000
		158000

2. PRESENT STRENGTHS IN SARDINIA AND FUTURE DISPOSITION

(a) Tps at present in SARDINIA — 158000

(b) While Allied Air Forces work from SARDINIA the estimated future disposition will be:-

(i) Stay in SARDINIA — 85000

CARABINIERI	5000	
Two Divs of 10000 each for Internal Security	20000	
Working for Allies	20000	
Working in Depots, HQs Supply Services etc in SARDINIA	10000

Two Divs of 10000 each	20000	20000
(iii) To Move to MAINLAND	53000	53000
		158000

(c) M.T.

(i) Estimate of serviceable M.T., after extensive cannibalisation of considerable numbers, though some M.T. is serviceable and available now:- 1800

(ii) Future Disposition: 205

SARDINIA	935	
Move to SICILY	220	
Move to MAINLAND	645

Public Record Office WO 204/8000 No. 28522

3. PRESENT RATE OF MOVEMENT

(a) Tps. 3 Italian cruisers with capacity of 1000 men per ship and 3 day turn round:- 30000 per month

(b) M.T. Tpt for tps already moved to MAINLAND has been left in SARDINIA :- Nil.

4. RELEVANT FACTORS CONCERNING MAINTENANCE OF PRESENT RATE OF TROOP MOVEMENT

(a) Proper reserve for fulfilment of Allied programme.
(b) Avoidance of waste of talent if reserve too small.
(c) Medical reasons: SARDINIA is full of malaria. Bad period June onwards.
(d) Economy of adm and re-equipment if troops are concentrated on MAINLAND.
(e) Morale.
(f) Civil food situation aggravated by large number of tps.
(g) Get SARDINIA on to final set-up.
(h) Correct amount of food and clothing cannot be set up unless firm shipping programme is established.

5. MOVEMENT OF M.T.

The shortage of M.T. in the MAINLAND and SICILY is so acute that tps cannot be maintained in a new location unless the tpt is moved at the same time as the tps. Moreover, a large number of troops have already arrived on the MAINLAND from SARDINIA minus their M.T.

6. MOVEMENT MUST TAKE PLACE TO SICILY AND MAINLAND AT THE SAME TIME

The capacity of NAPLES to absorb and despatch incoming Italian tps is limited. Periods of dispersion of these from NAPLES must be allowed and can be utilised for shipments from SARDINIA to SICILY.

7. CONCLUSION

I therefore urge most strongly that:-

(a) The movement of tps be maintained at the present rate, and that, if the present shipping breaks down or is not available, then alternative transportation from SARDINIA be provided at once.

(b) Sailings be planned on the basis of ONE trip to PALERMO for every TWO

7. CONCLUSION (Contd)

(b)(iii)To ship in future(at the rate of approximately 10 Motorcycles for every 1000 men shipped)to either MAINLAND or SICILY -

500 Motorcycles

(d) You inform me early what you decide and can do as regards the above, because Italian troops continue to arrive from SARDINIA minus their necessary quota of M.T. and the situation is becoming more and more difficult in consequence.

SUBJECT: Movement of Italian Troops, Sardinia to Naples.

TO : Commanding General, Army Sub-Commission, ACC
Main Hq, Lequile (LECCE)

1. The inclosed table indicates the distribution of troops transported subsequent to 1 April 1944 on the five cruisers used intermittently during that period.

2. The Scipione Africano, D'Aosta, and the Pompeo Magno have been removed from the ferry service leaving only the Giuseppe Garibaldi and Raimondo Montecuccoli, the latter having been out of service due to the alleged need of repairs for considerable periods. It is now reported that the Raimondo Montecuccoli will return to the service on or about 25 May.

3. If any specific program of troop transfer is to be planned and maintained, an assurance by the Navy as to the continued availability of sufficient vessels to ensure the carrying out of the plan is necessary. It is obvious that an express potential lift must be provided to overcome delay on unforeseen withdrawal of one or more vessels from the service.

4. Failure of cruisers to carry out schedules causes congestion in the Cagliari staging area and undesirable unrest among troops whose departure is delayed. Such unwarranted delays as that caused by the unfounded rumor of disaffection among troops of the Nembo Division created considerable difficulty in staging and preparation for shipment of other units.

5. The following extract from weekly Intelligence report, Allied Garrison of Sardinia, is quoted. "It has been definitely established by competent and trustworthy information that the conduct of the soldiers of the Italian Nembo Parachute Division departing from Sardinia for the Italian mainland has been exemplary, both before embarkation and while at sea aboard transports. Exhibiting hearty, cooperative discipline, these men gave every in-

Name of Cruiser	Date of Arrival	Date of Departure	Total Personnel Transported
Montecuccoli	19 April	20 April	1,062
Garibaldi	21 April	21 April	1,034
Pompeo Magno	21 April	23 April	517
Pompeo Magno	26 April	27 April	879
Total Transported 2 April to 27 April			14,140

3. While the personnel transported exceeds the ten thousand a month rate announced in signal inclosed herewith, it falls far short of the thirty thousand (30,000) estimated in above mentioned letter. At no time has the Italian Navy exhibited a disposition to enter into the spirit of rapid transport but have diverted cruisers on many occasions and for various excuses.
