3. Therefore, the following personnel will be shipped to the mainland on the first surface craft departing from Cagliari, expected to be on 12 Feb, at the disposal of the 8th Medical Company - Rome:

OGGETTO: Appuntamento unità antiterrorismo.

AL COMANDO A.A.I. - A.S.O.

- Uff. del Colonnello SIMONE -

21 MARZO

I° - Questo comando ha richiesto l'appuntamento per il prossimo mese di ottobre, unitamente ad altre unità sanitarie, degli ospedali da campo 520° (Quartu) e 331° (Ponni).

II° - Poichè essi hanno tuttora un rilevante numero di ricoverati, questo comando potrebbe approntare, in luogo degli stessi ospedali, il 954° (Oristano) ed il 229° (Gallura).

III° - Pregasi autorizzare.

1. Since the 23 Surgical Nucleus has been attached to the 429 Field Hospital, it may be assumed that it is intended for despatch to the mainland with that unit.

The 23rd Surgical Nucleus, attached to the 429th Field Hospital and which received orders to move with said hospital, does not appear in priority list 7 among the units for which the urgent transfer to the mainland was requested.

Since this Headquarters doubts that it might be due to forgetfulness, your Commission is kindly requested to clear up this matter, specifying whether the aforementioned nucleus must be transferred to the mainland or not.

OCCETTO: trasferimento reparti in continente.-

ALLA COMMISSIONE ALLEATA DI CONTROLLO Elmas

Nella lista delle precedenza n°7, tra i reparti dei quali viene richiesto il sollecito trasferimento in continente, non è compreso il 23° Nucleo Chirurgico, il quale, aggregato al 429° Ospedale da Campo, aveva ricevuto ordine di partire con l'Ospedale stesso.

Poiché questo comando ha il dubbio che si possa trattare di una dimenticanza, si prega la cortesia di codesta Commissione di voler chiarire la circostanza, precisando se il predetto nucleo deve o no essere trasferito nella penisola.

Si resta in attesa di cortese riscontro.-

Upon request of Major Hols, this headquarters should have added 42 armourers to the two mobile workshops being formed at the 13th Motor Transport Section.

Owing to the large number requested in relation to the small number of such specialized personnel available, Major Hols has been informed of the difficulty of supplying the number requested.

In fact after a most thorough search only 18 qualified men have been found.

No. 4194/E/Ord.

SUBJECT: Readiness of Auto Workshops

MEMO OF SERVICES

For Colonel Simmons
Headquarters Allied Garrison KIMAS

There are in Sardinia only 37 Auto Workshops but their efficiency is not known (a study is being made).

If 26 should be ceded, there would remain only 12 Auto Workshops, with which it would be impossible to meet all the exigencies, especially in regard to the Ordnance vehicles of the Army Corp, the armored group and the motor transport units.

You are informed of the above so that the possibility of leaving in Sardinia a number of Auto Workshops adequate to perform the necessary repairs on the military vehicles of Sardinia may be taken into consideration.

In Sardegna esistono soltanto 37 autotrofici:
non si conosce però quante siano efficienti (accertamen-

Ove dovessero esserne cadute 25, rimarrebbe co-
si nell'isola una ~~disponibilità~~ disponibilità di sole 12 autotrofici
e, con le quali sarebbe impossibile far fronte a tutte le
esigenze, specie per quanto riguarda gli automezzi dei
gruppi di artiglieria di C. d'A., del raggruppamento moto-

Tanto si rappresenta per l'eventualità che possa
essere presa in considerazione la possibilità di lasciare
in Sardegna un numero di autotrofici adeguato alle neces-

1. The Italian General Staff state that whereas there are only 3 Light Mobile Wkps on the mainland there are at least 28 in SARDINIA. They request that 6, complete with personnel and equipment, be brought over when shipping is available.

2. They also request that 25 lorries be transferred from SARDINIA to the mainland for the use of General BASSO's Hq in CAMPANIA which is experiencing great difficulty in distributing supplies etc.

3. DADME Army Sub Commission who has returned from SARDINIA states that there are over 50 Light Mobile Wkps in SARDINIA, not all complete in personnel and equipment. He recommends that 25 of them be completed to the scale of 3 vehs and 12 men and brought to the mainland for the use of the Allies as well as the Italian Army. In his opinion these could be spared in addition to the two Wksp Coys which are now included at Serial 1071A in the A.A.I. programme. A copy of this report is in the hands of DME A.A.I. (Adm Ech).

4. Ref para 2 above it is recommended that as many vehicles as possible be brought over when shipping is available.

5. This matter is considered of importance although it is known that any decision depends entirely on the availability of ships, and that there are already many vehicles awaiting shipment belonging to units which have already been or will be shipped, including the MEMBO Div.
