AIRCO FORCE HEADQUARTERS
OFFICE OF THE CHIEF SIGNAL OFFICER

X 400

29 October 1945

SUBJECT: Army Code Sign System.

TO : Distribution as below.

Sigo.

1. a. A new Serial (No 17) of the Code Sign Books will be taken into use at 0100A hrs 1 Dec 1945.

b. Attached hereto as Appendix "A" is a detailed distribution list of Serial 17. Sub-distribution will be made by senior headquarters concerned and completed as soon as possible. The necessary books are enclosed herewith.

2. A second book (Serial 9 - Book 4) will continue in use as the current edition for the forces to whom this book has been allotted.

3. The 12th Sequence Allotment is attached as appendix "B" and will become effective at 0100Z hrs 1 Dec 1945 with the introduction of the new Code Sign Book.

4. Necessary Sequence Charts for December will be issued separately in accordance with the new sequence allotment (see para 3 above).

5. New row registers should be prepared and distributed by 15 Nov 45. The assignment of rows within each Sequence should be completely "rescrambled" so as to overcome any continuity between the present Serial and the new one.

6. It is essential that 'intercept continuity' be broken when the new serial is introduced. To achieve this, wherever operationally possible all radio frequencies for net using code signs should be reallotted and the new allotment introduced with the new Code Sign Book. An interchange of operators at the same time is also highly desirable.

7. a. Army Code Sign Books, Serial 16 should be collected from submits and forwarded to CSO, AFHQ as soon as possible after 1 Dec 1945.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

8. It should be noted that Army Code Sign Books and Sequence Charts are "A" Category Secret Accountable Documents (i.e. registered SECRET documents). Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

SECRET

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

SECRET

9. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

10. Destruction certificates will be rendered for any Code & Cipher Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the responsible issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete complements of each headquarters before being rendered to the next senior formation.

11. Please acknowledge receipt.

1. The following procedure will be carried out for the Annual Return of SECRET documents by all holders of Army Code Sign Books and Sequence Charts.

a. On 1 December 1945, all holders of Army Code Sign Books and Sequence Charts, including reserves, will check all such documents in their possession.

b. All Army Code Sign Books and Sequence Charts, including reserves, will be listed by registered copy numbers and will be certified as being in the possession of their respective holders.

c. Starting with the lowest level of holders of Code Sign documents, two copies of the certificate of possession will be forwarded to immediately higher headquarters.

d. Each headquarters in turn will then consolidate its total commitments and will forward two copies of the consolidated report to higher headquarters. One copy of the report will have a copy of each detailed holders certificate attached. The second copy of the report may be filed by each respective higher headquarters thus acting as a clearance for the holdings of its own subordinate headquarters.

e. Thus the final reports to reach CSO AFHQ will consist of a single report (in duplicate) from the addressees of this letter, each listing the complete holdings of that addressee and covered by certificates of possession signed by the actual holders of the documents concerned. 342

2. All concerned are reminded that with the introduction of a new Serial of the Army Code Sign Book on 1 Dec 45, two different Serials will

ALLIED FORCE HEADQUARTERS
Office of the Chief Signal Officer

X405

16 September 1945

SUBJECT: Signal Security.

TO: CSO BTA
CSO LFC
CSO No. 2 District
CSO No. 3 District
CSO 13 Corps
CSO 2 Polish Corps
CSO BTNA
CR Sigs 2 NZ Div

1. Events have shown that after the first World War many signal security measures were dropped as being unnecessary in peace-time. At the beginning of the second World War the existing technique of signal security was elementary and it was only resulting from bitter experience in the early years of the war that the technique was improved and developed. Though the technique is still far from perfect, it is essential that signal security is regarded as an integral part of the system of transmitting signal messages and not looked upon as a separate and burdensome procedure.

2. It is natural that security measures become especially onerous in peace-time as it is more difficult to justify their continued use. However, this last war has shown that we cannot afford once more to discard the security measures which have been found essential during hostilities. It is necessary, therefore, that signal security as a whole be maintained in the general peace-time training programme of the British Army. This policy will ensure that:

a. Signal security personnel are adequate in number and sufficiently well trained to implement the various counter-measures.

b. Users of the various codes, staff officers, signals operators, etc., are conversant with security measures and trained in the use of the codes.

c. Continuous development of signal security policy is maintained in peace-time.

3. Whilst pressing for the continuance of security measures, it is recognized that many problems are encountered under static non-operational conditions which have not been so acute during active operations. Release, repatriation and leave schemes, together with other losses due to sickness and courses, all raise the question of economy of man-power. Economy of material, both printed matter and plain paper, also has been raised. It seems necessary, therefore, to devise a method of maintaining general signal security measures and codes, economizing where possible in man-hours and material.

4. a. It is proposed, therefore, that all existing security measures and codes be maintained as previously, except that certain codes and keys may be changed less frequently, subject to the conditions enumerated in para 6 below.

SECRET

09311

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

By this means the systems themselves will be kept in use but the reduction in key changes will allow of appreciable economy in man-hours and material.

b. Existing instructions on the use of various codes will not be changed. Furthermore, any new instructions issued will be written as for active operations. Such relaxation in the changing of keys, etc., as is permitted will be authorized by separate instructions. Specific details of changes relating to current systems and codes are given below and will become effective 1 Oct 45. No other changes are authorized. It is particularly important that the preparation of various keys is not centralized, otherwise the headquarters responsible for preparation of the keys during active operations will lose experience in such preparation during peace-time.

5. a. Army Code Sign System.

(1) Code signs will be changed once a week instead of daily. Code signs will change at 0001Zhrs on Sundays, the code sign for Sunday being used for the whole of the ensuing week.

(2) Code sign extracts may be issued for a period of one calendar month, so that the extract will consist of four or five call signs depending on the number of Sundays in the month.

b. Slidex RT Code.

(1) Key pairs will be changed once a week instead of daily. Key pairs will change at 0001Z hrs on Sundays.

(2) Key pairs may be issued for a period of one calendar month, so that each issue will consist of four or five key pairs depending on the number of Sundays in the month.

c. State Codes.

(1) Keys will be changed once a week instead of daily. Keys will change at 0001Z hrs on Sundays.

(2) Keys may be issued for a period of one calendar month so that each issue will consist of four or five key pairs depending on the number of Sundays in the month.

d. Air Support Control Code (CDE 0509).

One Serial will continue in use for training purposes until notified otherwise. (Serial 39 has been designated already for this purpose).

e. Authentication System (Additive System).

No change.

f. Map Reference Points Code.

(1) To be used only when a separate map reference code is required.

(2) Reference points and their respective letters to be changed monthly.

09321

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

(3) Direction indicating key to be changed weekly.

(4) All keys will change at 0001Z hrs on Sundays.

(5) Complete keys may be issued for one calendar month so that each issue will contain one set of lettered reference points and four or five direction indicating keys depending on the number of Sundays in the month.

g. Radio Activity Schedules.

No change.

6. a. Any separate instructions authorizing relaxation in the changing of keys, such as para 5 above, will be cancelled and existing instructions for daily (or appropriate) changes will be readopted locally under the following conditions:

(1) On recrudescence of operations or introduction of "alert" periods.

(2) During formation training or signal exercises.

(3) At the discretion of CSO's.

(4) On instructions from higher headquarters.

b. During a period in which daily (or appropriate) changes of keys are in force for a particular formation, all rear links and lateral links working from that formation will also adopt daily (or appropriate) changes of keys. This may lead to routing difficulties over the rear or lateral link circuits, due to duplication of code-signs between the daily and weekly changing systems. Particular care must be taken, therefore, in the handling of such traffic and in operational circumstances "pilot" service messages may be necessary.

ALLIED FORCE HEADQUARTERS
OFFICE OF THE CHIEF SIGNAL OFFICER

X 400

25 April 1945

B/F 15 May

SUBJECT: Army Code Sign System.

TO : Distribution as below.

1. a. A new Serial of the Code Sign Books will be taken into use at 0200B hrs 3 June 1945.

b. The new Serial No. 16 consists of one book similar to Serial 14. Attached hereto as Appendix "A" is a detailed distribution list of Serial 16. Sub-distribution will be made by senior headquarters concerned and completed as soon as possible. The necessary books are enclosed herewith.

2. A second book Serial 9 - Book 4 will continue in use as the current edition for the Forces to whom this book has been allotted.

3. a. Four Sequence Charts, lettered EE, FF, GG and HH are to be used with Serial 16.

b. A separate Sequence Chart, lettered Z, will be used with Serial 9 - Book 4.

c. Necessary Sequence Charts for June, including reserves, will be issued as follows:

i. Special "short" Sequence Charts covering the period 1 -2 June will be issued for use with the current Serial 14 Code Sign Book.

ii. Sequence Charts EE, FF, GG and HH, for use with Serial 16 Code Sign Book, will be issued separately in accordance with the new Sequence Allotment (see para 4 below).

iii. Sequence Chart Z, for use with Serial 9 - Book 4, will be issued in accordance with the present distribution of this book.

4. The 11th Sequence Allotment is attached as Appendix "B" (in five parts corresponding to the Sequence Charts enumerated in para 3 a. and b. above) and will become effective at 0200B hrs 3 June 1945 with the introduction of the new Code Sign Book.

5. New row registers should be prepared and distributed by 20 May 45. The assignment of rows within each Sequence should be completely "rescrambled" so as to overcome any continuity between the present Serial and the new one.

SECRET

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

SECRET

6. It is essential that continuity be broken as regards enemy intercept when the new serial is introduced. To achieve this, wherever operationally possible all radio frequencies for tactical nets using code signs should be reallotted and the new allotment introduced with the new Code Sign Book. An interchange of operators at the same time is also highly desirable.

7. a. Army Code Sign Books, Serial 14 should be collected from sub-units and forwarded to CSO, AFHQ as soon as possible after 3 June 1945.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

8. It should be noted that Army Code Sign Books and Sequence Charts are "A" Category Secret Accountable Documents (U.S. registered SECRET documents). Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

9. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

10. Destruction certificates will be rendered for any Code Sign Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete commitments of each headquarters before being forwarded to the next senior formation.

11. Please acknowledge receipt. Done RL 28/5.

for the Chief Signal Officer:

R. E. SCHUKRAFT,
Colonel, Signal Corps.

ALLIED FORCE HEADQUARTERS
OFFICE OF THE CHIEF SIGNAL OFFICER

X 400

29 January 1945

SUBJECT: Army Code Sign System.

TO : Distribution as below.

1. a. Owing to a suspected compromise of Army Code Sign Book Serial 13, a new Serial of the Code Sign Books will be taken into use at 0100A hrs 18 February 1945.

b. The new Serial No. 14 consists of one book similar to Serial 13. Distribution of the necessary books has been made to senior headquarters concerned, ref CSO, AFHQ letter X 400 dated 26 Jan 45. Sub-distribution should be completed as soon as possible. Detailed distribution list is attached hereto as Appendix "A".

2. A second book Serial 9 - Book 4 will continue in use as the current edition for the Forces to whom this book has been allotted.

3. a. Four Sequence Charts, lettered A, C, D, and EE are to be used with Serial 14.

b. A separate Sequence Chart, lettered Z, will be used with Serial 9 - Book 4.

c. Necessary Sequence Charts for February, including reserves, have already been distributed in the normal way. These Charts will be used throughout the month of February irrespective of the change of Code Sign Books.

4. The 10th Sequence Allotment is attached as Appendix "B" (in five parts corresponding to the Sequence Charts enumerated in para 3 above) and will become effective at 0100A hrs 18 Feb 1945 with the introduction of the new Code Sign Book.

5. New registers should be prepared and distributed as soon as possible. The assignment of rows within each Sequence should be completely "rescrambled" so as to overcome any continuity between the present Serial and the new one.

6. It is essential that continuity be broken as regards enemy intercept when the new serial is introduced. To achieve this, wherever operationally possible all radio frequencies for tactical nets using code signs should be reallotted and the new allotment introduced with the new Code Sign Book. An interchange of operators at the same time is also highly desirable.

SECRET

1027

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

7. a. Army Code Sign Books, Serial 13 should be collected from sub-units and forwarded to CSO, APHQ as soon as possible after 10 Feb 1945.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

8. It should be noted that Army Code Sign Books and Sequence Charts are "A" Category Secret Accountable Documents (U.S. registered SECRET documents). Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

9. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

10. Destruction certificates will be rendered for any Code Sign Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete commitments of each headquarters before being forwarded to the next senior formation.

11. Please acknowledge receipt.

1. I temporarily took over the job of Signal Officer on the 9th Jan from Captain Dixon. During this takeover he destroyed the sequence charts for December. I cannot give the copy numbers as there is no record in this office of what they were. The charts, however, were definitely destroyed as I saw it done myself. Captain Dixon said he would send the destruction certificate for it but whether he forgot to do so or the letter is still in the post, is impossible to tell.

Sequence Charts for JANUARY 1945 have been issued by you to this HQ for distribution to B.L.U's with Italian Combat Groups. These documents have been issued accordingly.

As Combat Groups pass from under command this HQ to other formations, are Code Sign documents to be continued to be issued through this HQ, or will they be issued by the formation under which the Combat Group is serving.

Will you please give a ruling on this matter.

C/o A.A.I.
C.M.F.

Reference your FX 4 of 8 Dec.

You are referred to this Hq letter of even reference dated 25 Nov, in which a certificate, in DUPLICATE, was called for showing holdings of all Code Sign Books and Sequence Charts held by you on 1 Dec.

On 1 Dec you held Code Sign Books Serial 7 and Serial 9 and Sequence Charts for Nov and Dec. These should all be included on the certificate showing copy numbers.

This certificate is required by higher formation and should be forwarded to this Hq in the form of a certificate, in duplicate, and not incorporated in a letter.

Please give this matter your immediate attention.

1. The following procedure will be carried out for the Annual Return of SECRET documents by all holders of Army Code Sign Books and Sequence Charts.

a. On 1 December 1944, all holders of Army Code Sign Books and Sequence Charts, including reserves, will check all such documents in their possession.

b. All Army Code Sign Books and Sequence Charts, including reserves, will be listed by registered copy numbers and will be certified as being in the possession of their respective holders.

c. Starting with the lowest level of holders of Code Sign documents, two copies of the certificate of possession will be forwarded to immediately higher headquarters.

d. Each headquarters in turn will then consolidate its total commitments and will forward two copies of the consolidated report to higher headquarters. One copy of the report will have a copy of each detailed holders certificate attached. The second copy of the report may be filed by each respective higher headquarters thus acting as a clearance for the holdings of its own subordinate headquarters.

e. Thus the final reports to reach CSO AFHQ will consist of a single report (in duplicate) from the addressees of this letter each listing the complete holdings of that addressee and covered by certificates of possession signed by the actual holders of the documents concerned.

C.S.O. 3 Corps
—— MMA (Attn Signal Officer)

Copy to: D. Sigs, War Office (Sigs 7)
Signal Div, Supreme HQ, A.E.F.

1. a. Owing to a suspected compromise of Army Code Sign Book, Serial 7 Book 4, a new Serial will be taken into use at 0100A hrs 1 December 1944.

b. The new book, Serial 9 Book 4, is similar to the previous serial and Sequence Charts Z will be used with the book as hitherto.

c. Attached as Appendix "A" is a detailed distribution of Serial 9 Book 4. Sub-distribution will be made by the senior headquarters concerned and completed as soon as possible. The necessary books are enclosed herewith.

2. The 9th Sequence Allotment for "Z" Sequences was issued to all concerned as Appendix "B5" to letter Z400 dated 31 Oct 44. This allotment will become effective at 0100A hrs 1 Dec 44 with the introduction of the new book.

3. New row registers should be prepared and distributed as soon as possible. The assignment of rows within each Sequence should be completely "rescrambled" so as to overcome any continuity between the present Serial and the new one.

4. It is essential that continuity be broken as regards enemy intercept when the new serial is introduced. To achieve this, all radio frequencies for tactical nets using code signs should be reallotted and the new allotment introduced with the new Code Sign Book. An interchange of operators at the same time is also highly desirable.

5. a. Army Code Sign Book, Serial 7 Book 4, should be collected 3151 from sub-units and forwarded to CSO, AFHQ as soon as possible after 1 Dec 1944.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

6. It should be noted that Army Code Sign Books and Sequence Charts are Secret Accountable Documents (U.S. registered SECRET documents).

Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

7. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

8. Destruction certificates will be rendered for any Code Sign Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete commitments of each headquarters before being forwarded to the next senior formation.

9. Please acknowledge receipt.

BLUS/2.

SORSigs Land Forces Sub Comm AC (MMIA)
CMF.

Loss of Army Code Sign, Book 4, Serial 7, Copy No 7.

1. Further to my letter BLUS/9 of 21 Oct to CSO 3 District copy to CSO AFHQ reporting the fact that of four copies (Nos 6-7-8-9) of the above issued to the Italian Corps when it was under command 8 Army, one copy (No 7) had not been traced, the following is the position in respect of it.

2. Copy No 7 was in the possession of a Sergeant BERGINI of the Bersaglieri when he went on leave on 4 Aug 44. He did not return from leave and it is presumed that :-

(i) he is still at his home in FLORENCE
(ii) he has, or had, the codesign book with him

On 4 Nov 44 the above facts came to light after research here, and a letter has been written by the LEGNANO to the Carabinieri in FLORENCE requesting them to find this sergeant immediately and return the codesign book forthwith under official cover to this HQ.

3. The result of the above will be communicated to you as soon as known.

4. (i) Ref your S/X502/2 of 3 Nov 44, para 5, it is confirmed that this unit holds the following :-

Title		By whom issued
Army Code Signs, Book 4 Serial 7. Copies No 8-9	-	Obtained from CIL to whom issued when under AAI
Sequence Chart for Nov 44	-	1 copy from 3 District 1 copy from 51 BLU

(ii) As already notified to you on 3 Nov, it is confirmed that Army Code Sign Book 4 Serial 7 Copy No 6 which was also issued to CIL, has now been passed from

31[illegible]5

Declassified E.O. 12065 Section 3-402/NNCC NO. 785020

copy to CSO AFHQ reporting the fact that of four copies (Nos 6-7-8-9) of the above issued to the Italian Corps when it was under command 8 Army, one copy (No 7) had not been traced, the following is the position in respect of it.

2. Copy No 7 was in the possession of a Sergeant BERGINI of the Bersaglieri when he went on leave on 4 Aug 44. He did not return from leave and it is presumed that :-

(i) he is still at his home in FLORENCE
(ii) he has, or had, the codesign book with him

On 4 Nov 44 the above facts came to light after research here, and a letter has been written by the LEGHANO to the Carabinieri in FLORENCE requesting them to find this sergeant immediately and return the codesign book forthwith under official cover to this HQ.

3. The result of the above will be communicated to you as soon as known.

4. (i) Ref your S/X502/2 of 3 Nov 44, para 5, it is confirmed that this unit holds the following :-

Title		By whom issued
Army Code Signs, Book 4 Serial 7. Copies No 8-9	-	Obtained from CIL to whom issued when under AAI
Sequence Chart for Nov 44	-	1 copy from 3 District 1 copy from 51 BLU

31[illegible]5

(ii) As already notified to you on 3 Nov, it is confirmed that Army Code Sign Book 4 Serial 7 Copy No 6 which was also issued to CIL, has now been passed from this unit to 53 BLU.

Further to this Hq letter of even number dated 7 Oct 44.

1. Accountability for codesign documents will be to the Hq from which they were received by the holder. Documents will be returned or destruction certificates rendered, as appropriate, to the Hq from which received. Conversely an issuing authority is responsible for pursuing outstanding accountable documents, regardless of whether the holders have left its command.

2. Where difficulty is experienced, or anticipated, in obtaining an account of documents through the channels of issue, responsibility may be transferred to the new command by agreement between formations concerned, provided such transfer is notified to higher formations whose records will have to be amended.

3. It is important to realise that the responsibility for initiating hastening action where documents are outstanding from a formation which has left its original command lies with the Hq which issued the documents. Higher formations cannot know with certainty the details of the documents issued, since the intended distribution is sometimes modified by lower formations to meet unforeseen circumstances. It therefore follows that where, for example, clearance is overdue for a document issued to a District for a Division now under Eighth Army, it will be necessary for the District to pursue the rendering of an account or to transfer responsibility.

1. Army callsign book serial No 12 is to be replaced by a Serial No 13 at a date to be notified later, but which will not be earlier than 1 Nov, and it will be necessary to make a simultaneous change of frequencies. All preparations must be made accordingly.

2. The new serial No 13 consists of one book similar to Serial 12. A detailed distribution of this book is given at Appendix 'A' to this HQ. 27/AX 1 dated 6 Nov 44, which also includes the necessary copies. Sub-distribution will be made by senior formations concerned and completed as soon as possible.

3. A second book, serial 7 - book 4, will continue to be the current edition for use by Forces to which this book has been allotted.

4. (a) Four sequence sheets, lettered A,C,D and E are to be used with serial 13.

(b) A new sequence sheet, lettered B, will be used with serial 7 - book 4.

(c) If code or sequence sheets, including reserves will be distributed later.

5. The old sequence sheets issued in Serial 12 appendix "A" (in five parts corresponding with the five sheets mentioned in para 4 above) and will become effective simultaneously with the new serial 13 books.

6. (a) New registers will be prepared in readiness for distribution by 20 Nov 44, for introduction with the new serial 13 books. Should it be found unavoidable to postpone the issue of the new serial 13 books and frequencies to any earlier event, the distribution of the new registers will be correspondingly deferred.

(b) Owing to shortage of time, transfer of rows between sequence sheets will be kept to a minimum, but the re-arrangement of rows within each sequence will be completed "practicable" so as to eliminate any continuity between the present serial and the new one.

The supplies are not

7. If frequencies and cryptoperiods change later than 1 Dec 44:-

(a) Sequence charts for December will be taken into use on 1 Dec in the normal manner, and Fleets in the area of the change of cryptoperiod books are now in Labore.

(b) Introduction of the 0/8 Sequence Allotment (para 5 above) and new cryptoperiods (para 6 above) will be deferred to the first date on the next month's book when frequency changes.

8. (a) Any current monthly books which will be collected from submarines for forwarding to Fleets Pacific Fleet Headquarters will be retained there for not later than the 10th day of the month.

(b) In the case of books which have been destroyed, the necessary destruction certificates will be forwarded in lieu.

9. It should be noted that any 0 cryptoperiod books and sequence charts are to be treated as "A" category to which accountable procedure (i.e. registered mail documents). Careful accounting for the destruction of these books must be able at all times to produce either the documents or, if destroyed, signatures of recipients covering such books. Responsibility for the safe custody of these documents follows normal command channels.

10. Current monthly sequence charts are continue to be destroyed not later than five days after the end of each calendar month, and destruction certificates rendered as below.

11. Destruction certificates will be rendered for any cover in books or sequence charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective Fleets, which may in all cases. Certificates from submarines to headquarters will be consolidated to cover the complete destruction of such headquarters before being forwarded to the next senior formation.

12. Please acknowledge receipt by quoting ref 16 below.

SUBJECT: Army Code Sign System

TO : Distribution as below

1. a. A new Serial of the Army Code Sign Books will be taken into use at 0100A hrs 1 December 1944.

b. The new Serial No. 13 consists of one book similar to Serial 12. Attached as Appendix "A" is a detailed distribution of Serial 13. Sub-distribution will be made by senior headquarters concerned and completed as soon as possible. The necessary books are enclosed herewith.

2. A second book Serial 9 - Book 1 is being issued to the French Forces and will be taken into use at 0100A hrs 1 Dec 1944. This book is for the French Forces exclusive use. Attached as Appendix "A1" is a detailed distribution of this book. The necessary books for issue are enclosed herewith to the Headquarters concerned.

3. A third book Serial 7 - Book 4 will continue in use as the current edition for the Forces to whom this book has been allotted.

4. a. Four Sequence Charts, lettered A, C, D, and EE are to be used with Serial 13.

b. A separate Sequence Chart, lettered W, will be used with Serial 9 - Book 1.

c. A separate Sequence Chart, lettered Z, will be used with Serial 7 - Book 4.

d. Necessary Sequence Charts, including reserves, will be distributed later.

5. The 9th Sequence Allotment is attached as Appendix "B" (in six parts corresponding to the Sequence Charts enumerated in para 4 above) and will become effective at 0100A hrs 1 Dec 1944 with the introduction of the new Code Sign Books.

6. New registers should be prepared and distributed as soon as possible. The assignment of rows within each Sequence should be completely "reassembled" so as to overcome any continuity between the present Serials and the new ones.

SECRET

Declassified E.O. 12065 Section 3-402/NNDC NO: 785020

7. It is essential that continuity be broken as regards enemy intercept when the new serials are introduced. To achieve this, all radio frequencies for tactical nets using code signs should be reallotted and the new allotment introduced with the new Code Sign Books. An interchange of operators at the same time is also highly desirable.

8. a. Army Code Sign Books, Serial 12 and Serial 7 - Book 2, should be collected from sub-units and forwarded to CSO, AFHQ as soon as possible after 1 Dec 194h.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

9. It should be noted that Army Code Sign Books and Sequence Charts are "A" Category Secret Accountable Documents (U.S. registered SECRET documents). Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

10. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

11. Destruction certificates will be rendered for any Code Sign Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete commitments of each headquarters before being forwarded to the next senior formation.

12. Please acknowledge receipt.

For the Chief Signal Officer:

H. W. BECKLER,
Colonel, Sig Corps.

ALLIED FORCE HEADQUARTERS
Office of the Chief Signal Officer

SIS/EN/avl
APO 512, U. S. ARMY
26 October 1944

X 400

SUBJECT: Army Code Sign System.

TO : M.M.I.A. A.C.C. (Attn: Signal Officer)

1. It is understood that in the past you have been supplied with Code Sign Extracts by HQ AAI. However, due to the opening up of a radio net with the Italian Gruppi in the near future, it is thought that you should now hold the basic documents. This will provide you with detailed information regarding the code signs of all units of the Gruppi.

2. Accordingly the following documents are enclosed herewith:-

Army Code Sign Book 4, Serial 7 - Copy No. 53
Sequence Chart Z - November - Copy No. 53
Row Register - FRIULI Gruppo - Sequence Z2
Row Register - CREMONA Gruppo- Sequence Z3

3. The following assignments are effective forthwith:-

HQ MMIA	Sequence Z5	Row 77*
FRIULI Gruppo HQ	" Z2	" 49
" " R/L(G)	" Z2	" 13
50 BLU	" Z2	" 32
CREMONA Gruppo HQ	" Z3	" 52
" " R/L(G)	" Z3	" 4
51 BLU	" Z3	" 83
LEGNANO Gruppo HQ	" Z5	" 93*
" " R/L	" Z5	" 63*

NOTE: * These assignments are loaned from HQ AAI and are to be withdrawn after 5 Nov 44.

4. a. Effective 1 Nov 44 the LEGNANO Gruppo is allotted sequence Z9. This means that one complete sequence is available for the Gruppo from 1 Nov 44, although the assignments shown in para 3 above may continue in use until 5 Nov 44 if desired.

b. Effective 6 Nov 44, HQ MMIA should arrange for the allotment of their headquarters code sign from one of the sequences operated by the Gruppi.

c. Thus the assignments loaned from HQ AAI may be freed after 5 Nov 44.

Further to this HQ message SX 658 dated 25 Oct and telephone conversations Maj NICHOLSON - Capt FILKINGTON - Capt WILKINSON, 25 Oct 44

1. The following code sign extract for the period 30 Oct to 5 Nov 44 inclusive is forwarded as requested.

	Oct		Nov				
	30	31	1	2	3	4	5
HQ MMIA	NEP	MIU	WJP	CQP	SQJ	FZT	LHA
FRIULI Gruppo Rear Link (G)	UUF	OTU	FIX	KYN	PXN	TWD	MHK
LEGNANO " " " "	REX	NAA	VET	FBE	GKL	LEG	NGE
HQ 50 BLU (FRIULI Gruppo)	WQV	LJN	MMB	CJQ	UCO	WIA	ADO
HQ 51 BLU (CREMONA Gruppo)	FUN	TTS	OJJ	YHH	VWJ	NIQ	EBW
HQ 52 BLU (LEGNANO Gruppo)	ORF	PGO	ROZ	XRM	KMF	MED	GGR

2. The code signs shown for HQ MMIA, LEGNANO Gruppo Rear Link (G) and HQ 52 BLU (LEGNANO Gruppo) are based on emergency row allotments made by this HQ for the period in question only. All code signs shown are derived from the code sign book allotted to Italian formations, and will not therefore be used outside Italian wireless nets.

3. AFHQ are arranging an issue of the necessary documents to enable MMIA to produce future code sign extracts, and are allotting a number of rows for use as required. An allotment is also being made to LEGNANO Gruppo of sequence Z-9. In view of the above, no further row allotments or code sign extracts will be supplied by this HQ.

4. Please acknowledge on receipt form below.

Signal officer "F" HQ CMF

Copies to : CSO Eighth Army
MMIA ROME

1. Receipt is acknowledged of your AM16 dated 12 oct 44. Two copies of the English version only of CROMOIA Gruppo row register Sequence 2-3 were however enclosed, and not one English and one Italian as stated.

2. (a) Please confirm that copies of the register have been despatched to CSO Eighth Army (this HQ letter of even number dated 1 Oct para 2(b) to MMIA refers). Eighth Army requirements are 20 copies.

(b) In addition, a total of 15 copies (English and Italian) are required if available for redistribution by this HQ.

3. MMIA is reminded that the above represent the standard requirements of row registers of Italian Gruppi, viz:

CSO AAI	15 copies
CSO Eighth Army	20 copies.

(This HQ letter of even number dated 6 oct 44 para 3 refers).

OC, 8 CSS Section.

Copies to: CSO, AFHQ.
CSO, No. 3 District.

1. A serious laxity is noticed on the part of many units and formations having on their charge Army Codesign books and sequence charts, in the matter of accounting for such documents when required. It is apparently not realised that a great deal of unnecessary work is caused by failure to comply with the existing instructions.

2. In future, the following instructions will be strictly observed:-

(a) Sequence Charts (current)

Destruction certificates, consolidated by formations for all units under their command, will be forwarded to reach this HQ not later than the eighteenth day after the expiry of the charts.

(b) Codesign Books

1. You are requested to ensure that the signal security measures detailed below are adopted by the Italian Gruppi di Combattimenti at present being formed.

2. Procedure

WT procedure will be based on Signal Training (All Arms) Pamphlet No 5 Part II. RT procedure will follow as far as possible Signal Training (All Arms) Pamphlet No 5 Part I except that Italian equivalents will have to be used for the standard procedure words and phrases.

3. Codesigns

The Army Code Sign System will be used and each Gruppo will be issued with two copies of Codesign Book Serial 7 (book 4). One sequence (95 rows) will be allotted for the use of each Gruppo. The FRIULI GRUPPO has been allotted sequence Z2 and two copies of Codesign Book and Sequence Charts are enclosed for issue to this Gruppo. They should be instructed how to produce a Row Register and Codesign Extracts. Copies of all Row Registers produced in respect of Italian Gruppi will be forwarded to CSO Eighth Army. CIL already hold 4 copies of the Code Sign Book and Sequence Chart.

4. RT Codes

(a) SLIDEX code cards in Italian are being printed for "Ops", "Arty", "Q" "Engineers" and "Unit" vocabularies. When these are available SLIDEX will be distributed to the Gruppi on the scale laid down in Appendix "A" to this letter. If any variation of this scale is required this HQ should be informed as soon as possible. The printing of Italian vocabularies is expected to be completed by approximately the end of Sep 44. A draft copy of Italian Slidex Instructions is enclosed. Necessary printed copies are being produced at AFHQ.

(b) Pending the availability of SLIDEX, RT Code requirements for Italian units will be met by using COLCODE which is already being employed by the CIL. COLCODE is produced locally by units concerned and its method of use is described in three Appendices attached hereto (2 copies of each).

Declassified E.O. 12065 Section 3-402/NND NO. 785220

be used for the standard procedure words and phrases.

3. Codesigns

The Army Code Sign System will be used and each Gruppo will be issued with two copies of Codesign Book Serial 7 (book 4). One sequence (95 rows) will be allotted for the use of each Gruppo. The FRIULI GRUPPO has been allotted sequence Z2 and two copies of Codesign Book and Sequence Charts are enclosed for issue to this Gruppo. They should be instructed how to produce a Row Register and Codesign Extracts. Copies of all Row Registers produced in respect of Italian Gruppi will be forwarded to CSO Eighth Army. CIL already hold 4 copies of the Code Sign Book and Sequence Chart.

4. RT Codes

(a) SLIDEX code cards in Italian are being printed for "Ops", "Arty", "Q" "Engineers" and "Unit" vocabularies. When these are available SLIDEX will be distributed to the Gruppi on the scale laid down in Appendix "A" to this letter. If any variation of this scale is required this HQ should be informed as soon as possible. The printing of Italian vocabularies is expected to be completed by approximately the end of Sep 44. A draft copy of Italian Slidex Instructions is enclosed. Necessary printed copies are being produced at AFHQ.

(b) Pending the availability of SLIDEX, RT Code requirements for Italian units will be met by using COLCODE which is already being employed by the CIL. COLCODE is produced locally by units concerned and its method of use is described in three Appendices attached hereto (2 copies of each).

(c) Since COLCODE is not suitable for encoding Map references, the REFERENCE POINTS Map Reference Code will be used until SLIDEX is taken into use. The method of this Map Reference Code is described in CSO AAI Memorandum No 32 and addendum (2 copies enclosed)

(d) The "Additive" Wireless Verification System which is standard throughout AAI will be used. This code is normally supplied by the Army concerned, but for training purposes Gruppi can make up their own Tables. The system is described in CSO AAI Memorandum No 37 (2 copies enclosed)

5. "Q" Code

It is known that an Italian version of the "Q" Code exists and you are requested to examine the possibility of using this, if available in sufficient quantities, for the Italian Gruppi. If the Italian "Q" Code is not available it will be necessary to undertake a translation of the Army Extract of Operating Signals (1944). You are requested to investigate this matter and inform this office of the situation in this respect.

Major General
Chief Signal Officer.

HEADQUARTERS 15 ARMY GROUP
CSO's MEMORANDUM No 37

W/T Verification (Authentication) Tables.

This Memo cancels CSO's Memo No 6 dtd 20 May 43, and all documents thereto.

1. The system of Wireless Verification (Authentication) given at Appendix "A" will be used by British and US formations for joint and intra-service purposes within 15 Army Group. No other system will be used, except as may be specially detailed for combined use, or for working to formations employing a different system.

2. (a) Verification Tables will be compiled and distributed by HQ Armies, and/or by subordinate HQ authorized to do so by HQ Armies.

(b) They will be distributed within armies to every Wireless terminal down to HQ Bn (and equivalent) level.

3. (a) Terminals at HQ 15 Army Group will hold tables produced by each Army HQ.

(b) Terminals at HQ 2 District will hold HQ Eighth Army table.

(c) L of C and Base Section terminals will hold the table of the Army whose L of C they serve.

(d) Sig Officer, 5 Army will make appropriate distribution direct to CSO, L of C ITALY and this HQ.

(e) CSO, Eighth Army will make appropriate distribution for 2 District through this HQ.

4. Formations under training will compile their own tables for training purposes.

5. The frequency with which tables are changed will be at the discretion of the HQ by which they are compiled. The period during which a table is in use will not in any event exceed one month.

6. The use of the Verification Table will be restricted to occasions when an operator is in doubt as to the authenticity of another station. It will

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

1. The system of Wireless Verification (Authentication) given at Appendix "." will be used by British and US formations for joint and intra-service purposes within 15 Army Group. No other system will be used, except as may be specially detailed for combined use, or for working to formations employing a different system.

2. (a) Verification Tables will be compiled and distributed by HQ Armies, and/or by subordinate HQ authorized to do so by HQ Armies.

(b) They will be distributed within Armies to every wireless terminal down to HQ Bn (and equivalent) level.

3. (a) Terminals at HQ 15 Army Group will hold tables produced by each Army HQ.

(b) Terminals at HQ 2 District will hold HQ Eighth Army table.

(c) L of C and Base Section terminals will hold the table of the Army whose L of C they serve.

(d) Sig Officer, 5 Army will make appropriate distribution direct to CSO, L of C ITALY and this HQ.

(e) CSO, Eighth Army will make appropriate distribution for 2 District through this HQ.

4. Formations under training will compile their own tables for training purposes.

5. The frequency with which tables are changed will be at the discretion of the HQ by which they are compiled. The period during which a table is in use will not in any event exceed one month.

6. The use of the Verification Table will be restricted to occasions when an operator is in doubt as to the authenticity of another station. It will NOT be used as a matter of routine whenever frequencies are changed or nets opened up.

7. An operator, having received and answered a challenge, will make a counter-challenge using a different series of letters. This is to prevent an enemy station from disarming suspicion by originating a challenge although he is not holding the code.

ACKNOWLEDGE.

(sd) E. L. L. WILLIAMS Lt-Col.
for Brigadier,
Chief Signal Officer.

T W H N L E O Q X J U F S I M O C V L K R T J R H O

Description of Table.

1. The first three rows of letters are straightforward alphabets. In the fourth row, the letters are jumbled haphazardly and need not make a complete alphabet, in fact it is better if some letters recur.

2. The three rows of figures are all jumbled haphazardly.

Method of Use.

Challenge.

Select one letter at random from each of the three alphabets in turn and signal the three letters selected, separated by (ii)

Reply.

Add up the sum of the figures appearing under the three letters in the challenge. Signal the total, followed by the letter appearing below the last figure.

Counter-challenge.

As for Challenge.

Ex. Pls:

Challenge = H ii R ii O

Reply = 3 M

Counter-challenge = J ii V ii Q

Reply = 21 C

HQ 15 ARMY GROUP CSO's MEMORANDUM NUMBER 32

This Memorandum cancels and replaces HQ Force 141 C.S.O. Memo. No. 7 dated 28 May 1943.

MAP REFERENCE POINTS CODE

1. This Memorandum is issued under the authority of HQ 15 Army Group Operation Instruction Number 16, dated 13 August 1943.

2. The Map Reference Points Code, as described in the attached Appendices, is the authorised map code for use within 15 Army Group.

3. HQ Armies will compile and distribute the codes for use within an Army and arrange for them to be changed weekly.

4. The complete code will NOT be issued below Bde. (U.S. Regt.) level. Bns. will be issued with an extract, consisting of ten or a dozen reference points, covering the approximate area of operations. This measure will provide adequate security and limit the effects of compromise by capture.

5. At levels at which Codes K/T codes are in use, either those codes or the Map References Points Code may be used for encoding references. In principle, the latter code will be used for references encoded in an otherwise clear message.

6. (a) Appendix "A" describes the code.

(b) Appendix "B" contains a specimen extract for Bn. use.

(c) Appendix "C" contains worked examples.

7. ACKNOWLEDGE.

APPENDIX "A" TO HQ 15 ARMY GROUP G30's Memorandum Number 32.

MAP REFERENCE POINTS CODE

1. Basic Principle: The location to be encoded is expressed as being a certain distance and direction from a pre-arranged reference point.

2. The distance is measured by counting the number of 10 Km grid squares (a) horizontally and (b) vertically from the chosen reference point to the location. The reference point is always located on a grid intersection. The number of squares (and fractions of squares) is multiplied by 100 e.g., 2½ squares is written as 250. This permits the encoding of so-called 4-figure references which indicate points to the nearest 1/10th Km. (See illustrated example). These figures denoting the horizontal and vertical distances are not encoded.

3. The direction is expressed in cardinal points (N.E., S.W., etc.) which are encoded in a daily changing letter substitution code.

4. The reference point is a convenient one selected from a list of predetermined points issued to all holders of the code. It is encoded by writing down the code letter allotted to it on the list of reference points issued.

If, inorder to cover an area of operations, it is necessary to have more than 26 reference points, the alphabet must be used more than once. To prevent confusion, arbitrary areas are defined, each with a maximum of 26 reference points. Each area itself has a distinguishing letter allotted to it and reference points are listed by areas. The area letter is not to be confused with the double letters that are used on some grids to indicate the 100 Km squares. The sample shown in Appendix "C" illustrates this type of map.

5. It will be seen that the encoded map reference must contain the following information:-

(a) The area which contains the reference point (indicated by a prearranged letter.

(b) The reference point itself (encoded).

(c) The horizontal distance from reference point to location - expressed as the number of 10 Km squares X 100 (not encoded).

(d) The vertical distance from reference point to location - expressed in the same way as the horizontal distance.

(e) The direction of the location from the reference point (in encoded cardinal points).

Declassified E.O. 12065 Section 3-402/NND No. 785020

This permits the encoding of so-called 8-figure references which indicate points to the nearest 1/10th Km. (See illustrated example). These figures denoting the horizontal and vertical distances are not encoded.

3. The direction is expressed in cardinal points (N.E., S.W., etc.) which are encoded in a daily changing letter substitution code.

4. The reference point is a convenient one selected from a list of predetermined points issued to all holders of the code. It is encoded by writing down the code letter allotted to it on the list of reference points issued.

If, inorder to cover an area of operations, it is necessary to have more than 26 reference points, the alphabet must be used more than once. To prevent confusion, arbitrary areas are defined, each with a maximum of 26 reference points. Each area itself has a distinguishing letter allotted to it and reference points are listed by areas. The area letter is not to be confused with the double letters that are used on some grids to indicate the 100 Km squares. The sample shown in Appendix "C" illustrates this type of map.

5. It will be seen that the encoded map reference must contain the following information:-

(a) The area which contains the reference point (indicated by a prearranged letter.

(b) The reference point itself (encoded).

(c) The horizontal distance from reference point to location - expressed as the number of 10 Km squares X 100 (not encoded).

(d) The vertical distance from reference point to location - expressed in the same way as the horizontal distance.

(e) The direction of the location from the reference point (in encoded cardinal points).

3-72

6. The encoded reference is written down in the following form:-

"A R C 123 D 456"

Where A = area letter (if needed)

R = reference point

C = direction (E. or W.)

123 = horizontal distance (10 Km squares X 100)

D = direction (N. or S.)

456 = vertical distance (10 Km squares X 100)

To Page 2.....

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

APPENDIX "A", Cont'd.

7. This is signalled as ABC123D456.

8. A specimen copy of a reference point code is attached at Appendix "B". It will be noted that the code letters for areas and reference points are used for the duration of the code, but that a new cardinal point code is used each day.

9. Enough reference points must be provided to allow at least ten alternatives for any location to be encoded. It will be seen that any reference point can be used, which is not more than 9.99 squares away from the location to be encoded, in a horizontal or vertical direction.

10. The use of a reference point which is due North, South, East or West of the location to be encoded, should be avoided because it facilitates breaking of the code.

Reference 15 Army Group CSO Memo. No. 32 dated 27 Oct 43.

1. The specimen code at Appx B and the examples shewn in Appx C to the above Memo give the impression that the reference points are always intersections of 10 Km square grid lines. The literal interpretation of this impression has resulted in a paucity of points available for use by forward units.

2. The intention was, and is, that reference points should be intersections of any 1 Km square. These of course, will include intersections of 10 Km squares.

3. The employment of 1 Km square intersections will not render the code any more difficult for use by the main users, i.e. forward units, as these units always employ maps of a scale of 1/100,000 or 1/25,000 which are divided into 1 Km squares.

4. (a) Future codes issued after receipt of this letter will be compiled to include points based on 1 Km square intersections.

(b) Points will be included for use of higher formations, which are also the intersections of 10 Km squares.

5. Para 2 of Appx A to the above Memo will be amended as follows:-

Second sentence - amend to read:-

"The reference point is always located at the intersection of 1 Km squares".

6. Acknowledge.

APPENDIX "A"

INSTRUCTIONS FOR USE OF COLCODE.

1. This Unit Code comprises two parts. -

(a) A basic vocabulary table (see Appendix "B") which provides figure - letter equivalents for the vocabulary phrases.

(b) A daily changing substitution key (See Appendix "C") which is used to encode the figure - letter equivalents obtained from the basic vocabulary table.

2.(a) For ease of use the basic vocabulary table is divided into sections by subject-matter, the sections being arranged in alphabetical order. Each section has a reference number.

(b) Each vocabulary section comprises a number of words and phrases listed in alphabetical order. Each word or phrase is allotted a code letter.

(c) Any word or phrase can therefore be expressed by its section number plus the appropriate code letter within that section. e.g. "Tank" = "2 P."

3. Since the vocabulary does not change daily it is necessary, to achieve security, to encode the section number and code-letter by means of a daily changing substitution key.

4. The process of encoding a message thus involves two distinct steps:-

(a) The selection from the vocabulary table of the figure-letter combinations which represent the text of the message.

(b) The encoding of the figure-letter combinations by means of the daily changing substitution key.

5. Example. (See Appendices "B" and "C").

Message:-	"Expect counter-attack from North West."				
Vocabulary figure-letter combinations.	5G	9D	1D	1R	1Y
Encoded message (using Day 1 Key).	MZ	KP	TP	GV	TA

6. When section numbers are repeated, alternative letters must be used for encoding.

7. Map references will continue to be encoded in the Reference Points Code.

Declassified E.O. 12065 Section 3.4(b)(1)/NNDC No. 285020

section has a reference number.

(b) Each vocabulary section comprises a number of words and phrases listed in alphabetical order. Each word or phrase is allotted a code letter.

(c) Any word or phrase can therefore be expressed by its section number plus the appropriate code letter within that section. e.g. "Tank" = "2 P."

3. Since the vocabulary does not change daily it is necessary, to achieve security, to encode the section number and code-letter by means of a daily changing substitution key.

4. The process of encoding a message thus involves two distinct steps:-

(a) The selection from the vocabulary table of the figure-letter combinations which represent the text of the message.

(b) The encoding of the figure-letter combinations by means of the daily changing substitution key.

5. Example. (See Appendices "B" and "C").

Message:- "Expect counter-attack from North west."

Vocabulary figure-letter combinations.	5G	9D	1D	1R	1Y
Encoded message (using Day 1 Key).	MZ	BP	TP	GV	TA

6. When section numbers are repeated, alternative letters must be used for encoding.

7. Map references will continue to be encoded in the Reference Points Code.

8. Notes on compilation of vocabularies and keys.

(a) Codes will be produced under Corps or Div arrangements for intra use by Battalions, and equivalent or lower units.

(b) Issue of daily keys will be by batches of three forward of Battalion Hq.

(c) Vocabularies must be arranged to comprise not more than 13 Sections, in order that two possible substitution letters for the Section numbers may be provided in the key.

Subject:- MESSAGE F74108 OF 051353A JAN.

Reference a/q message (Signed SACMED CITE FIDIG).

Call sign ICAE, which is causing interference on 6792 kilocycles, was allotted to S.S. "MOREA" which was sunk two years ago.

Letters I.C. are allotted to ships of the Italian Merchant Navy.

Call sign has not been re-allotted, and enquiries with Italian sources have failed to trace the station now using the call sign.

Delay in reply is due to matter having been referred to Italian Authorities.

Major,
S.O. R.Signals.

Lt.Col. Mazzone, Engrs Inspectorate, reports that for lack of electric energy the Italian book of the Signal indexes (denominations) could not be printed by the State Printing Works, and therefore cannot be distributed to the Units (which will use the cypher book SLIDEX) on Ist September.

Therefore till 15th September the indexes contained in the English book must be used.

In order to do this,

1) either you give the 4th English book and the table of the sequences (in this case we shall give the indexes for September)
2) or the indexes which were in force for August will be kept in force for September.

In both cases the British book of indexes should be retained by the Units.

Cap. RICCIARDELLI.

4th English book of indexes at present on issue to Combat Groups

AFHQ Liason Officer I.A.I RAAC. 13

1. Herewith copies as shown of 'Z' Sequence Chart for Sept 46.

2. This will be kept as reserve and used only if Italian produced documents are not available.

3. This GHQ letter X.420 of 28 Jun 46 to MMIA only authorises the production by the Italians of a sequence Chart to replace the 'Z' Series to be used in conjunction with other Italian produced code sign system documents.

4. Copies of all such documents will be distributed by this office to those concerned, on receipt from MMIA.

5. Please acknowledge receipt on proforma below.

R. G. FAIRBAIRN, Capt.,
for Brigadier,
Chief Signal Officer.

(Attention Signal Officer)

Reference your signal X502/2 of 9th.

1. My CS 799 of 9th referred to AFHQ Liaison Office 1A1 RAAC's signal 3370 of 2nd July. This signal stated Quote For CSO. Column Sequence Chart 'Z' for July NOT yet received by this office. Sequence Chart 'Z' for June being used Unquote.

2. Since receipts are held for all copies of 'Z' Sequence Chart for July sent to both MMIA and AFHQ Liaison Office, and the latter have confirmed possession, it was not, and still is not, understood to what above signal referred.

3. Confirmation was therefore required from you that the correct charts were being used.

C.P.Kislingbury, Major

Reference 3 District H.Q. letter 1607 X 39 dated 23 May addressed to you, copy to this HQ.

It is regretted that no trace can be found of Army Code Sign Book No. 4 Serial 9 Copy 26.

It will be appreciated that this Unit was formed in Nov. 1945 on the disbandment of 52 B.L.U. - the personnel (less Sigs) of 52 forming 4 and 5 BLUs.-

It is understood that the Sigs personnel (NCO i/c Sgt DEERING) - to whom presumeably the Sign Book was issued - remained at BERGAMO awaiting posting orders after the rest of the B.L.U. had moved to its new locations.

RUF: BLU/63

Florence, 13 May 1946

Subject : Sequence Chart Destruction Certificate

RECEIVED 16 MAY 1946

To : M.M.I.A.

1. Ref. your X 502/2 dated 5 May 1946.

2. The delay in sending destruction certificate for March is regretted. This matter has been fully investigated and it has been ascertained that FOLCORE Div. forwarded this certificate on 1 April 1946, their letter miscarried and, in fact, was never received in this office. A duplicate certificate is now attached.

3. Destruction certificate for April has been forwarded to you under our BLU/63 dated 10 May 46. Our letter of same reference and date addressed to 7 Territorial Command, copy to you, should obviate any future recurrences of this type.

Ref this office letter No. X400 of 4 April '46

1. In view of the fact that the first Sunday after the introduction of ACSB Serial 18 falls on 2 June 1946, it is deemed unnecessary to change code-signs concurrently with the change of books on 1st June 1946. The first code-signs from the new serial to be taken into use will be those for Sunday 2nd June 1946.

2. The target date for the introduction of ACSB Serial 19 is 1 Dec '46.

ALLIED FORCE HEADQUARTERS
OFFICE OF THE CHIEF SIGNAL OFFICER

X 400

4 April 1946

SUBJECT: Army Code Sign System.

TO : Distribution as below.

1. a. A new Serial (to 18) of the Code Sign Books will be taken into use at 0200Z hrs 1 Jun 1946.

b. Attached hereto as Appendix "A" as a detailed distribution list of Serial 18. Sub-distribution will be made by senior headquarters concerned and completed as soon as possible. The necessary books are enclosed herewith.

2. A second book (Serial 7 - Book 4) will continue in use as the current edition for the Forces to whom this book has been allotted.

3. The 13th Sequence Allotment is attached as Appendix "B" and will become effective at 0200 hrs 1 Jun 1946 with the introduction of the new Code Sign Book.

4. Necessary Sequence Charts for June 46 will be issued separately in accordance with the new sequence allotment (see para 3 above).

5. New row registers should be prepared and distributed by 15 May 46. The assignment of rows within each Sequence should be completely "rescrambled" so as to overcome any continuity between the present Chart and the new one.

6. It is essential that Intercept continuity be broken when the new serial is introduced. To achieve this, where practicable all radio frequencies for nets using code signs should be reallotted and the new allotment introduced with the new Code Sign Book. An interchange of operators at the same time is also highly desirable.

2899

7. a. Army Code Sign Books, Serial 17 should be collected from sub-units and forwarded to C&S, AFHQ as soon as possible after 1 June 1946.

b. In the case of books which have been destroyed, the necessary destruction certificates should be forwarded in lieu.

8. It should be noted that Army Code Sign Books and Sequence Charts are "A" Category Secret Accountable Documents (U. K. registered SECRET documents). Careful accounting for these documents is essential and headquarters must be able at all times to produce either the documents or, if sub-issued, signatures of recipients covering such issue. Responsibility for the safe custody of these documents follows normal command channels.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

9. Current monthly sequence charts must continue to be destroyed not later than five days after the end of their current month, and destruction certificates rendered as below.

10. Destruction certificates will be rendered for any Code Sign Books or Sequence Charts which are destroyed. This will apply to the normal monthly destruction of sequence charts when certificates will be rendered to the respective issuing authority in all cases. Certificates from subordinate headquarters will be consolidated to cover the complete commitments of each headquarters before being forwarded to the next senior formation.

11. Please acknowledge receipt.

Declassified E.O. 12065 Section 3-402/NNDO NO. 785020

7 Territorial Command
Florence

Ref: 800/Op

Florence, 11 March 1946

Subject : Sequence chart for the mpnth of February and frequencies for R.T. net service of "Folgore" Division.

To : 7 B.L.U. - Florence
Info to : Engrs. Coy Florence
(ref. his 37 and 38/seg datd. 5 inst.)
HQ. "FOLGORE Div.

While forwarding statement of destruction of february sequence chart received from "Folgore"Div. we kindly beg you to send the monthly sequence chart (nominative) with sufficient advance to enable "FOLGORE" Div. to issue it to the Engrs. Bn. under Command at least 10 days before effective date.

This is due to the fact that a.m. Bn. Hq. on receipt of sequence chart must make divisories lists of nominatives, to issue urgently to all concerned organisations.

If the chart could not be received with the a.m advance to Engrs. Bn. Hq. would be obliged to use fix nominatives, continuing the use of nominatives assigned for the last weeks of the month.

Such an action, besides being arbitrary would originate remarks of C.S.O. control interceptions and disturbances with radios of allied units eventually located in the zone.

Moreover, it is pointed out that among frequencies forwarded with letter MMIA X 500/A dtd. 28th Dec. 1945 for use of "Folgore " Divisional net only two frequencies 4225-4355 are fit for stations model 11, owing to the fact that the wave length for a.m. type of station begin from 4200 Kcs.

For these reasons and considering that the actual net used at present for public safety and training purposes includes already two sections of a.m. type of stations and a third one is foreseen, we beg you to request MMIA assignment to "FOLGORE" Div. of at least other three frequencies on the wave length of station Model 11 and therefore between 4200 and 6000 Kcs.

(FILE 500/4 FOLIO 52 REFERS)

Subject: Code Sign Procedure

SC R/Sigs MUTA —
1 ELO
2 HEV
3 SAS
4 JLO

14 Dec 45.

Sig D

Reference CSO Sigs letter 311.23/73 dated 11 Dec 45 to MUTA only.

1. Responsibility for the issue of Army Code Sign Systems to Radio Control Groups will pass to the Army for distribution by February Column Sequence change.

2. The following Control Groups will be served by Army Code Sign Distrib.

Army Code Sign Distrib & Control Group No.	Column Sequence Change 1 Dec 45	Column Sequence Change 1 Jan 46
Control Group 6, Italy	22	26
Control Group 4, MTO	25	29
Control Group 5, MTO	23	26
Control Group 8, MTO	25	29

3. Instructions covering the issue and Army column sequence change will be included in the covering letter to ASF in this action. It now has responsibility for this issue to MTOUSA.

4. The Army Code Sign Distrib & Control Gp No 22 Central Sequence Change 1 Dec 45 Control Gp 25

5. Notice of these plans is to be kept to a very few persons and no one is to discuss them except in official channels.

ALLIED FORCE HEADQUARTERS
Office of the Chief Signal Officer

RAD/GCS/egf
APO 512, U.S. Army
11 December 1945

311.23/134

SUBJECT: Wrls Comns - Italian Army.

TO : Chief Signal Officer, No.2 District, CMF.
Signal Officer, Ground Forces Sub-Commission (MMIA),
Allied Commission, APO 394, U.S. Army.

Reference CSO 2 District 2551X of 4 December 1945 not to MMIA.

1. The existing channels for frequency allocation to the Italian Gruppi will be maintained and CSO 2 District remains responsible for allocation so long as the Gruppi remain in the 2 District territory. Alternative arrangements will be made if and when the Gruppi are moved.

2. Future issues of Army Code Sign Books, Sequence Charts and Row Registers will be made to MMIA for distribution to Italian formations. Sequence charts for January 1946 have already been issued through CSO 2 District, but the above channel of distribution will be followed commencing with February sequence charts.

For the Chief Signal Officer:

I.F. MEIKLEJOHN,
Lt. Col., R. Signals.
