1. In view of conversation held with the Asst. C of S. A.F.H.Q. during his recent visit to this HQ, an appreciable increase in the W.E. of M.M.I.A. is envisaged to cover the greater commitments of the future.

2. It is therefore considered absolutely essential that the clerical and administrative staff of this HQ is kept up to full W.E. strength, and that in this respect M.M.I.A. is not in the same position as some other Units and HQs whose commitments may be decreasing. 789

3. It is estimated that by 15th Sept.due to departures on Release and Python alone,the following replacements will be required:-

It has since been ascertained that the OR in question is in Age/Service Group 16, and is due for release in the very near future. In view of such and the fact that this HQ is handicapped in this capacity, it would be greatly appreciated if an early relief could be despatched to replace the a/m.

1. The present W/E of batmen and batmen/drivers - both British and Italian - is unsatisfactory.

This W/E and the bad distribution of the available personnel are causing numerous complaints from Officers;

The ratio of servants to Officers in the majority of cases in the Junior messes is 3 or 4 Officers to 1 Batman. This ratio is frequently increased to 5 to 1.

2. The reasons for this state of affairs are:-

(a) Splitting of Messes,
(b) Number of Italian batman/driver are under WE, 9 instead of 21. Only 2 of them are used in their correct role. Mess waiters, Handymen etc., make up the balance of 12.
(c) A slight tendancy for batmen to gravitate toward the senior mess.
(d) Bad WE. i.e. 8 Batmen, 24 Batman/Drivers and 21 Italian Btm/Dvrs.
(e) Officers making private arrangements regarding the disposal of their servants and ex-servants.

Some of the present batmen are not particularly suitable for the task of maintaining one Officer in an effective manner - and certainly not four Officers. Also the LIAP, Release, sickness or leave of a batman causes considerable domestic upheaval.

Suggested Remedies.

(1) A new WE with more batmen and drivers and less batman/Drivers.
(2) A change of some of the present personnel through CCS. - This is long overdue.
(3) A ruling laid down as to who is in charge of the allocation of personnel, and also that a driver/batman be used as a driver/batman, and not as driver only.
(4) A ways and means committee set up to settle inter-mess difficulties. Suggested members to include:- Lt. Col. Penrose, Maj. Medlen, Capt. Cary and Capt. Weems.

Under present arrangements many Officers are very dissatisfied with their mess-service, and the Camp Commandant is unable to help matters until action is taken by higher authority.

SUBJECT:- AF W 3009.

1. In view of the new form of AF W 3009 now submitted by ATS units it has been decided that Military units employing ATS personnel will not in future account for such personnel.

2. Therefore, in future, ATS personnel will not be included on AFs W 3009 submitted by Military units.

3. Where ATS personnel are held in lieu of male personnel deficiency should be shown in Parts 'A' & 'D' with a note in the "Remarks" Col, stating ? ATS personnel held in lieu.

4. It is stressed that ATS personnel held over and above the approved WE may only be held in lieu of male personnel and that it is the responsibility of the O's C of ATS units and Military formations or units to ensure that both male and ATS personnel are not held against the same establishment.
