ISSUES OF CLOTHING TO BRITISH ARMY PERSONNEL.

1. The attached Forms 600, in respect of issues of clothing to Army personnel, are forwarded for necessary action and the return of the blue copy, duly signed, to this unit in order to support the issue.
2. <sup>ARE</sup> Issues of this nature made from time to time and are becoming increasingly numerous. Every endeavour is made to afford assistance but it will be appreciate that stock holdings suffer considerably as no provision is made for issues of this nature. Furthermore, it is not quite certain that such issues do not result in the individuals being in possession of kit in excess of the appropriate scale.
3. It is therefore requested that this Unit be notified whether stocks of clothing should be retained by the British Army Sections concerned for issue to personnel as and when required and also, whether it is laid down that requirements should be obtained direct from Army sources and not through the R.A.F.
4. For information, it is notified that issues are not made until it is ascertained from an officer that the individual is in vital need of the clothing.
5. Your comments at an early date will be appreciated.

Reference your 63SP/501/02 dated 28th April, 1945, the forms 600 enclosed by you are returned as we have no knowledge of the two Drivers named thereon. Would you please let us have further particulars.

The contents of your letter are noted and we fully concur with you as to the desirability of men being clothed, as far as possible, from their own unit store. We have, however, a certain number of cases of Drivers who are more or less continually on the move and who are unable to visit this in order to get fitted for their change of clothing. In these instances they are forced to rely upon the kind offices of neighbouring units. These cases we endeavour to keep to a minimum.

Please accept our thanks for your kind assistance in the past.
