1. The following observations are made on an indent for 'C' Officers' Mess, prepared by your office on 11 Aug 45 requesting rations for consumption on 14/15 Aug 45, which have been issued today.
2. The Remarks space on the indent shows " 8 Italian Civilians (Full Rations)"
3. Examination of the duplicate copy of the indent reveals that one ration only was indented for in respect of Italian Civilians; the original has obviously been altered to read eight.
4. It has been definitely established that this alteration was not made by any person of this Depot.
5. Would you please investigate this matter and inform me the result.
6. It is also noted that a similar alteration was made to your indent prepared 13 Aug 45 for rations for consumption 16/17 Aug 45.
