Subject: LIAP

Ref: 22A2/SEP

Distribution :- List "B" (British)

23 Aug. '45.

1. The amount of detailed work consequent on the LIAP scheme which has to be dealt with by G-I (British) this HQ, is already great, but this has been materially increased in the past few days by the number of personal and telephone calls made to this Headquarters by units who are anxious to clear up their own particular LIAP problems.

2. Units are AGAIN requested to cut out personal and telephone calls in connection with LIAP to a minimum and then only in cases where the enquiries are so urgent as to warrant a more immediate reply than will be provided by letter.

3. It is again emphasised that requests for increased LIAP allotments, surrenders or staggering of vacancies must invar-iably be made by letter as otherwise it is quite impossible to keep an accurate check on these requests.

4. For information it is pointed out that allocations made in this HQ letter 22A2/AUG/SEP dated 20 Aug 45 are, unless otherwise stated, in respect of September LIAP.

5. It has been reported in certain units the provisions of GRO 625/45 are not being complied with as far as the manner of alloting vacancies is concerned.

The provision of this GRO must be strictly complied with and in no cases will ballots be held to decide who should proceed on LIAP.

SUBJECT: Issue of WD rations to Civilian Employees

TO : See disn on reverse

1. Will you please complete the enclosed form in respect of civilian employees to whom WD rations have been issued by you during May on the authority of this HQ. The completed form should be returned to G-4 British Section, Rome Area Allied Command, to arrive NOT LATER THAN 10 JUN 45. If the form is not received by this date, it will be assumed that the authority is no longer required and it will accordingly be cancelled.

2. AFHQ have directed that these authorities are to be kept under constant review, bearing in mind that the FS ration scale is not only far in excess of that to which Italians are accustomed, even under peacetime conditions, but it also exceeds that available at present to civilians in the United Kingdom. You are therefore requested to ensure that the issue of WD rations to civilians employed by you is reduced to the barest minimum essential for the efficient working of the unit. Any reduction possible in the authority at present held by you should be notified to this HQ immediately.

+ The figure of 8 Driver/Batmen does not include any civilians taken on against this Unit's WE by officers in out stations. The number and names of those thus employed is unobtainable.

---

2. I understand that the practice of employing civilians without prior reference to this Office is the rule rather than the exception. It will be appreciated that no financial responsibility can be accepted by the Camp if W/E is exceeded for this reason.

3. Also employed by MMIA are 3 Italians - the proprietor and family of Pensione Principe. These civilians are paid through AC Pay Rolls.

3. Apart from civilians there are approximately 15 Italian soldiers employed by the three messes paid by the Italian Army. Do these count against WE?

4. The object of this information is to draw attention to the apparently ill-balanced WE of Italian employees. There is ~~apparently~~ no safeguard to the amount of labour that can be employed under existing arrangements.

1. (a) Census Form 45 (APHQ Edn 2).

Units are required to complete C.F.45 (APHQ Edn 2) each month in respect of all items listed on the form, to which they are entitled. If a Unit has no holdings of any of the items listed and also no entitlement, the form will be rendered as a NIL return.

(b) It is emphasised that C.F.45 now being distributed is (APHQ Edition 2). Census Form Edition 1 will therefore NOT be used.

2. Census Form 45 C (Artillery and T.C.I.'s) and "A" and "B" Vehicle returns are unaffected and will continue to be rendered as Here-to-fore.

3. Full particulars of captured enemy equipment will be given as called for under instruction No.11 Census Form 45 viz.

Calibre (where applicable)
Make or type
Model
Country of origin

4. No alterations to the printed nomenclature on Census Form 45 may be made. If the nomenclature of a particular mark or make is not printed on the form, it will be entered under the heading of "other types". (Instruction No.9 Census Form 45).

2. Census Form 45 C (Artillery and F.C.I.'s) and "A" and "B" Vehicle returns are unaffected and will continue to be rendered as Here-to-fore.

3. Full particulars of captured enemy equipment will be given as called for under instruction N°.11 Census Form 45 viz.

Calibre (where applicable)
Make or type
Model
Country of origin

4. No alterations to the printed nomenclature on Census Form 45 may be made. If the nomenclature of a particular mark or make is not printed on the form, it will be entered under the heading of "other types". (Instruction N°.5 Census Form 45).

5. Enfield and Albion Pistols N°.2 Mk I or Mk Ix should be against item N°.1 Pistols Revolver 38 N°.2 Mk1or Mk Ix, Mk Ixx.

6. Equipment removed from A.F.V. and held on unit charge must also be included and a remark added to the effect that it is held as A.F.V. kit (Instruction N°.10 on Census Form 45).

7. (a) Units holding 6.M.P.3" Mortars will report holdings of mountings by marks in addition to the barrels.

(b) Some units are reporting holdings of:
Vickers .303 M.G. using Mk VII Ammn.
and " " " " " VIII Ammn.
as " " " VI
and " " " VII
Units appear to confuse the mark of ammn. with the mark of the M.M.G. and realise that Vickers Mk.VI and VII are Tank Weapons.

(c) Units are not reporting holdings of Bomb Throwers 2" by their particular marks.

Declassified E.O. 12356 Section 3.3/NND No. 783120

8. C.O's. of units are requested to pay stricter attention to Instructions Nos. 14 and 15 on Census Form 45 (AFHQ Edn 2).

VEHICLE RETURNS

9. Vehicle return in triplicate will be routed through this office with Census Form 45 and NOT sent direct by units to Q(AE) GHQ MEF and Q(AE) AFHQ CMF.

10. Commencing with the Census at 30 April 45 Units will use S.F. 28 for reporting all 'A' Vehicles in possession.

This form (S.F.28) will be despatched together with C.F.45 (AFHQ Edn 2) to units concerned.

It is important that units report all particulars of "A" Vehicles as called for on S.F. 28, but in the case of MAL holdings of 'A' Vehicles, an endorsement on the 'B' Veh. return will suffice.

11. Units must report on the monthly return all Vehicles in possession on the last day of month. This includes:-

(i) Vehs. held against War Establishment including types held in lieu of types authorised on W.E.

(ii) Vehs. held surplus to War Establishment.

(iii) Vehs. held on loan.

In the case of (ii) and (iii) above authority for retention must be quoted.

12. Units are requested to compare current vehicle returns with previous veh. returns for the purpose of ensuring that part X Orders have been published for all movements of Vehs. which have occurred during the month.

13. British equipment held by British employed ITALIAN UNITS must be included in the census of the parent unit.

CENSUS FORM 45, SF 28, AND VEHICLES RETURNS WILL ALL BE COMPLETED AS AT 31 MAY '45, AND MUST REACH THIS OFFICE BY 1st JUNE 1945, OR AS SOON THEREAFTER AS POSSIBLE.

14. The attention of units is drawn to the necessity of quoting their War Establishment reference on all monthly Vehicle returns.

Declassified E.O. 12356 Section 3.3/NND No. 785920

(iii) Vehs. held on loan.

In the case of (ii) and (iii) above authority for retention must be quoted.

12. Units are requested to compare current vehicle returns with previous veh. returns for the purpose of ensuring that part X Orders have been published for all movements of Vehs. which have occurred during the month.

13. British equipment held by British employed ITALIAN UNITS must be included in the census of the parent unit.

CENSUS FORM 45, SF 28, AND VEHICLES RETURNS WILL ALL BE COMPLETED AS AT 31 MAY '45, AND MUST REACH THIS OFFICE BY 1st JUNE 1945, OR AS SOON THEREAFTER AS POSSIBLE.

14. The attention of units is drawn to the necessity of quoting their War Establishment reference on all monthly Vehicle returns.

CENSUS OF WELFARE BROADCAST RECEIVERS.

15. This form is now incorporated in the new census form CF/45 (AFHQ Edn 2)

16. It has been reported that all holdings of Telegraph Printer Sets EE 97 item No.855 on C.F. 45 Edition 1 and 901 on C.F. 45 Edition 2 have not been reported by all units. Please ensure that this is correctly completed.

17. To ensure that all units are covered by this Census, distribution of blank forms is sometimes unavoidably, duplicated, and forms received by units from more than one ADOS or DADOS. It is important that units already submitting returns through H.Q's of companies, or Head Quarters of another area or formation, or who for any reason do not compile the blank forms circulated by this office, should bring these facts to the notice of this office AT ONCE Many Units are failing to carry out this essential action.
